Valiant or Virtuous? Suzanne McCarthy. 2019-06-27 This book explores a systematic bias in translating the Bible and in interpreting its teachings, which suggests that men are inherently suited to be leaders in the home, church, and community, while it is God's plan for women to submit to men's leadership. This erroneous understanding of the Bible has been promoted by certain influential evangelical Christian leaders in order to push back the growing influence of feminist attitudes, the expansion of women's leadership roles, and the increase in egalitarian relationships among evangelicals in English-speaking North America. Written in a down-to-earth, engaging way, this book will appeal to young women searching the Bible for guidance on women's roles in relationships and in the church. It highlights the dynamic roles played by women in the narratives of Old and New Testament and in the work of Bible translation. Built on a solid framework of biblical and linguistic scholarship, this book will also be of interest to Bible scholars and to anyone seeking a deeper understanding of what the Bible actually says in its original languages.

The Legacy of Biblical Womanhood Susan Hunt, Barbara Thompson. 2003-03-06 Many Christian women are floundering—they are confused about what it means to be a Christian woman. Churches aren't sounding a clear call to biblical womanhood, much less teaching what it is. On top of that, precious few resources exist to help disciple women in the biblical image of womanhood. In this book Susan Hunt and Barbara Thompson call women to pass on a legacy of biblical womanhood to the next generation. Part One gives a defense of biblical womanhood, urging women to follow God's design. Part Two applies the principles of biblical womanhood to

the stages of a woman's life. This includes a chapter about what it means to have a pilgrim's perspective through the final season of life on earth. Part Three appeals to churches to equip women to live out and to leave the legacy of biblical womanhood and includes practical guidance for ministering to women. When combined with Crossway's *Spiritual Mothering, By Design*, and *The True Woman*, this book will breathe new life into women's ministries in the church.

Hunters, Predators and Prey Frédéric Laugrand, Jarich Oosten†. 2014-10-01 Inuit hunting traditions are rich in perceptions, practices and stories relating to animals and human beings. The authors examine key figures such as the raven, an animal that has a central place in Inuit culture as a creator and a trickster, and qupirruit, a category consisting of insects and other small life forms. After these non-social and inedible animals, they discuss the dog, the companion of the hunter, and the fellow hunter, the bear, considered to resemble a human being. A discussion of the renewal of whale hunting accompanies the chapters about animals considered 'prey par excellence': the caribou, the seals and the whale, symbol of the whole. By giving precedence to Inuit categories such as 'inua' (owner) and 'tarniq' (shade) over European concepts such as 'spirit' and 'soul', the book compares and contrasts human beings and animals to provide a better understanding of human-animal relationships in a hunting society.

Life-Giving Leadership Leader's Guide Karen Hodge, Susan Hunt. 2018-09

Authoring A Discipline Maureen Daly Goggin. 2000-05-01 *Authoring a Discipline* traces the post-World War II emergence of rhetoric and composition as a discipline within departments of English in institutions of higher education in the United States. Goggin brings to light both the evolution of this discipline and many of the key individuals involved in its development. Drawing on archival and oral evidence, this history offers a comprehensive and systematic investigation of scholarly journals, the editors who directed them, and the authors who contributed to them, demonstrating the influence that publications and participants have had in the emergence of rhetoric and composition as an independent field of study. Goggin considers the complex struggles in which scholars and teachers engaged to stake ground and to construct a professional and disciplinary identity. She identifies major debates and controversies that ignited as the discipline emerged and analyzes how the editors and contributors to the major scholarly journals helped to shape, and in turn were shaped by, the field of rhetoric and composition. She also coins a new term--disciplinographer--to describe those who write the field through authoring and authorizing work, thus creating the social and political contexts in which the discipline emerged. The research presented here demonstrates clearly how disciplines are social products, born of political struggles for both intellectual and material spaces.

Notebooks, English Virtuosi, and Early Modern Science Richard Yeo. 2014-03-01 In *Notebooks, English Virtuosi, and Early Modern Science*, Richard Yeo interprets a relatively unexplored set of primary archival sources: the notes and notebooks of some of the leading figures of the Scientific Revolution. Notebooks were important to several key members of the Royal Society of London, including Robert Boyle, John Evelyn, Robert Hooke, John Locke, and others, who drew on Renaissance humanist techniques of excerpting from texts to build storehouses of proverbs, maxims, quotations, and other material in personal notebooks, or commonplace books. Yeo shows that these men appreciated the value of their own notes both as powerful tools for personal recollection, and, following Francis Bacon, as a system of precise record keeping from which they could retrieve large quantities of detailed information for collaboration. The virtuosi of the seventeenth century were also able to reach beyond Bacon and the humanists, drawing inspiration from the ancient Hippocratic medical tradition and its emphasis on the gradual accumulation of information over time. By reflecting on the interaction of memory, notebooks, and other records, Yeo argues, the English virtuosi shaped an ethos of long-term empirical scientific inquiry.

Possum Cops, Poachers and the Counterfeit Game Warden Susan Lindsley. 2016-07-28 The afternoon shotgun pellets plummeted the leaves around her on her own hunting grounds. Susan Lindsley did not run and hide. She took off after the poacher. Only one of many she pursued. He did not come back. Neither did any others of those she caught and jailed. Even Susan herself could not try to outrun the law. When she accidentally killed a doe out of season, she called the local possum copy on herself. And the word began to circulate in her community: If you poach on Susan Lindsley and survive, you will go to jail. She went from I don't want to hunt to an avid deer hunter, an expert tracker, a teacher for her friends, and a ferocious activist for game management. She writes as she lived those years: With a heart for animals, an enthusiasm for the outdoors and a love of painting pictures with words.

A Grouse Hunter's Almanac delves into the mind of a hunter, exploring the Northwoods with an eye for more than just game. Notable and quotable. Parman stakes out original territory and provides a vivid snapshot of the Northwoods.—John Motoviloff, author of Wisconsin Wildfoods: 100 Recipes for Badger State Bounties Extremely rich and detailed.
