Plum Gum and Other Chunk Poems Adele Tolley Wilson.2004-02-01 Plum Gum and Other Chunk Poems is an entertaining book of poetry written by a teacher for the purpose of building fluency in young readers. Kids love to read the poems because they are funny and written for a child's sense of humor. Teachers love the poems because each one is written to emphasize a specific phonics chunk. Parents love the poems because their children become better readers. Plum Gum and Other Chunk Poems is a must have book for every school library, every reading teacher, every parent who wants to help their child gain reading success, and every child who is discovering the joys of reading. The clever illustrations add to the enjoyment and make it the perfect book for young readers. **A Baker's Dozen** Doug Rawlings.2021-05-30 In the late 1970's and the early 1980's, we (Judy, Jen, Josh, and I) were enamored with the words of A.A. Milne, especially the collection of nursery rhymes entitled Now We Are Six. On many a night, these were the last words Jen and Josh heard as they fell to sleep and into dreams. I was also struck by the fact that Milne was a veteran of both world wars. Somehow he was able to pull himself away from the first world war to immerse himself into a child's world. And write his whimsical poems. He is the inspiration for these poems you'll find in this collection. When Judy and I moved up to central Maine, we were looking for educational alternatives for Jen and Josh. We were very fortunate to find Carol Scribner's Village School. Carol was superintendent, principal, bus driver, and teacher for a school where the arts were as important as math and science. There were maybe a dozen students enrolled at one time pursuing Carol's elementary school and middle school curricula. Everyone, including the parents, flourished under Carol's watchful eye. When Jen and Josh moved into the public schools, I wrote this poem for Carol: TO CAROL: MY CHILDREN'S TEACHER AND THE MOON COULD BE A WISE FISHERWOMAN HAULING HER JEWELLED NET THROUGH OUR SEAS AND YOU TOO COULD BE OF THE MOON HAVING PULLED YOUR TENDER WEB THROUGH MY SON AND DAUGHTER THESE PAST FIVE YEARS AND AS THE SEA FOLLOWING THE MOON FORMS THE SHORE SO HAVE YOU COME THROUGH THEM TO SHAPE ME Now decades later we are moving in and out of the worlds of our granddaughters, Xochitl and Iona. Their drawings and paintings adorn the pages of this collection, as they, while reading these poems, weave their way through the earlier lives of their mother and uncle. From one generation to the next the wonderful world of poetry builds bridges to carry us all through the years ahead. In that spirit, we have left the last baker's dozen of pages open for you, dear reader, to write in your own poems or to sketch in your own dreams. Enjoy! And then pass them on.....

Teaching Poetry in the Primary Classroom Gervase Phinn.2009-01-05 When asked by the school inspector what he thought of poetry, an eleven year old replied that it's all la-dida and daffodils, isn't it? In his primary school the boy had come across very little poetry apart from nursery rhymes, snatches of rhyming verse and a few comic pieces and nonsense poems. Poetry to him was something arcane, not really related to his own life. He had studied no powerful, challenging, contemplative, arresting, quirky poems and had written very few poems himself. His teacher admitted that he was no English specialist, had received few ideas at college on the teaching of poetry and didn't really know where to start. As children progress through the primary school they need to be exposed to a rich diet of poetry and encouraged to read, perform and write it themselves. Providing a varied and stimulating environment is essential if it is to flourish. In addition, children need specific guidance and ideas to start them off writing their own poems. This book, written by a former teacher and school inspector, and popular and widely published children's poet, offers an accessible, practical and structured programme for the teaching of this sometimes neglected aspect of the English curriculum.

They are ideal for use with children in a variety of settings from nurseries and schools to playgroups and mother and toddler groups. The poems and rhymes will help children to foster a love of rhythm and rhyme, which in turn will lay the foundations for understanding patterns in language, music and mathematics. Enjoying the fun of rhymes, hearing the sounds, fitting words to simple actions and experiencing pace, are important factors in creating a sense of beat and rhythm. The rhymes and poems are grouped by common themes used in early years settings in order to provide practitioners with quick and easy access to a suitable rhyme to go with their current topic. To give greater versatility, the rhymes are also linked and cross-referenced not only to other themes within the book, but also to other popular themes. The poems and action rhymes can be used and enjoyed on their own, or used as an informal and natural way to introduce new ideas and discussions. The teachers' notes provide suggestions on how the rhymes can be used to support learning across the early learning goals.
