1636: The China Venture Eric Flint, Iver P. Cooper.2019-09-03 The Ring of Fire Series Continues! The United States of Europe finds itself embroiled in international intrigue, as the up-timers attempt to establish an embassy in Ming Dynasty era China. The newly formed United States of Europe, created by an alliance between the time-displaced Americans from the town of Grantville and the Swedish king Gustavus Adolphus, decides to send an embassy to the Chinese empire. One of the main purposes of the embassy is to establish trade in order to gain access to critical resources. The mission is a gamble—some might say, a long shot. The Ming dynasty is on the verge of collapse and China's rulers are suspicious of foreigners. The mission experiences one setback after another, but presses on. And they gain an important ally along the way: Zheng Zhilong, a former pirate now an admiral for the Ming navy and the head of an extremely wealthy Fujian province trading family. He knows through his Jesuit missionary connections that according to Grantville's history books, the Ming dynasty is in danger, from famines, bandit armies and barbarian invaders. And he is determined that, one way or another, he and his family will survive and even prosper. The embassy is joined as well by a young scholar, who helps them make inroads into China's complex and often dangerous society. Can the up-timers and their friends persuade the imperial dynasty and its mandarins to establish trade and diplomatic relations with the USE? They have one great asset: their knowledge may be the key to saving China from decades of mass suffering and civil war. At the publisher's request, this title is sold without DRM (Digital Rights Management). About 1636: Seas of Fortune by Iver Cooper: . . . expand[s] the Ring of Fire universe into new or previously limited geography and culture. 'Stretching Out' includes seven excellent entries mostly in South America and the Caribbean built on real events but with a nice Grantville twist. 'Rising Sun' contains five terrific tales ... also built on real events enhanced by historical speculation but with a nice Grantville twist.—Alternate Worlds About 1635: A Parcel of Rogues: The 20th volume in this popular, fast-paced alternative history series follows close on the heels of the events in The Baltic War, picking up with the protagonists in London, including sharpshooter Julie Sims. This time the 20th-century transplants are determined to prevent the rise of Oliver Cromwell and even have the support of King Charles.—Library Journal About 1634: The Galileo Affair: A rich, complex alternate history with great characters and vivid action. A great read and an excellent book.—David Drake Gripping . . . depicted with power!—Publishers Weekly About Eric Flint's Ring of Fire series: "This alternate history series is . . . a landmark..."—Booklist "[Eric] Flint's 1632 universe seems to be inspiring a whole

new crop of gifted alternate historians.”—Booklist “. . . reads like a technothriller set in the age of the Medicis . . .”—Publishers Weekly

The Making of a Southern Democracy Tom Eamon.2014-01-01 The story of modern politics in North Carolina is very much one of American democracy, with all its grand ambitions, limitations, and pitfalls. So argues Tom Eamon in his probing narrative of the state's political path since the 1940s. He charts the state's political transformation into a modern democratic society to show that this change was more than an evolution--it was a revolution, one that largely came about through political means, driven by strong movements and individuals working for change. By tracking the turbulence of politics throughout the period, from racial tensions to student demonstrations to fierce rivalries in the higher education arena, Eamon explores how conflict helped build a better society even as the state continued to lag in many areas. This rich account opens to readers the unforgettable people and hard-fought elections that have shaped North Carolina's competitive personality and have led to the state's emergence as a major player in twenty-first-century American politics.

Larry Semon, Daredevil Comedian of the Silent Screen Claudia Sassen.2015-10-20 Prior to his premature death from tuberculosis in 1928, Larry Semon was one of the most popular comics on the silent screen. For a time he rivaled comedy legends Charlie Chaplin, Harold Lloyd and Buster Keaton for fame and fortune. The son of magician Professor Zera the Great, Semon participated in many of his father's early performances. A

talented youth, he worked as an illustrator and cartoonist before going into motion pictures with the Vitagraph Company. He soon became a Hollywood legend, responsible for his own stories, gags, acting and direction. The result of 30 years of research, this long overdue biography recognizes one of Hollywood's most overlooked auteurs. The author draws on numerous articles and contacts with Semon's family and friends, and screens many films previously believed to be lost.

City Slicker's Guide to Country Living Becky Condon.2017-07-01 Neighbors: Persons living in proximity to other persons. Everyone has neighbors. Neighbors-From-Hell: Neighbors who are not nice. Have you ever had Neighbors-From-Hell? Neighbors are an obvious arrangement in cities or towns. Good or bad, tidy or messy, quiet or noisy, nice or mean; there are all types. City slickers moving to the country invoke the image of space and solitude, but there will still be neighbors. The space between domiciles might be larger, but a bad, messy, or noisome neighbor can still exist. Even with a country home's space and larger area, there can still be neighbors that won't contain themselves to their own area. Once upon a time there was a young family who had a dream of owning land and operating a farm. They became land owners and cattle ranchers, building their very own dream house on their very own patch of paradise. They worked hard to assimilate to this new lifestyle in a new neighborhood. It was everything they'd hoped for, and they were so happy. Then they got neighbors. They got Neighbors-From-Hell. These bad neighbors were pushy, arrogant, and mean. Their bad attitudes, slovenly habits, and meanness aside, the neighbors would not contain themselves to their own area. They encroached. They took what was not theirs. They forced themselves into the space and lives of our heroes. These neighbors meant to build their house on their property next door to our little family. The neighbors' property had some unfortunate attributes, however, and it became clear that their property wasn't very conducive to building a home. Astonishingly, these neighbors insisted on utilizing portions of property they didn't own to construct their project. There were other solutions to the construction dilemmas these neighbors faced, but these answers would have been costly. They wanted to use our little family's land for free. They wanted to steal the property and property rights of our little family. These Neighbors-From-Hell came on over bringing their messes and problems with them, and embroiled our little family in a battle for their rights and their very lives. When our heroes stood firm on their property rights, these awful neighbors tried it anyway. When the young couple complained, the neighbors lied. When the family sought the help of the authorities, they found out the difficulties of fighting city hall when the local power came to the aid and assistance of their county crony, even in the face of proven and documented lies. The common refrain used as their excuse for lies and deceit was, Y'all aren't from around here, are you? This bigotry and clannish attitude was brought to full force against our little family, whose only desire was to be left alone on their own land. When the neighbors couldn't steal the part of the land they were after, they tried to take everything. Using their friends in county authority and the local judiciary, they brought the fight of our young heroes' lives. Does the young family survive? Can they win against the local establishment and seemingly insurmountable odds? What do you do when your neighbors are the Neighbors-From-Hell? What do you do when the Neighbors-From-Hell have friends in high places? What do you do when they threaten your home, your livelihood, and your family? Everyone knows fighting city hall can be a pointless fight, rarely won. But what do you do when city hall brings the fight to you? Sometimes you have to stand and fight.

Blue Blood Art Chansky.2007-04-01 Blue Blood is a thrilling chronicle of the Duke-Carolina rivalry as it has evolved over the last fifty years. With unparalleled insider access, veteran journalist and author Art Chansky details the colorful, revered, and respected rivalry--for the first time ever. It's not about me versus Dean, or me against Roy or Dean against Vic Bubas. For Duke and UNC players and fans, the competition is not about winning a prize, trophy or title--it's about bragging rights and raw pride. The Duke-Carolina rivalry has fostered more than thirty former players from the two schools playing or coaching in the NBA; it has enchanted a nation of spectators to watch games between the archrivals--garnering some of the highest regular-season TV ratings in history. Blue Blood celebrates the history of this rivalry, the traditions, the heritage, and, most importantly--spectacular basketball.

The Clodbuster Nine Anne R. Keene.2018-04-06 In 1943, while the New York Yankees and St. Louis Cardinals were winning pennants and meeting in that year's World Series, Ted Williams, Johnny Pesky, and Johnny Sain practiced on a skinned-out college field in the heart of North Carolina. They and other past and future stars formed one of the greatest baseball teams of all time. They were among a cadre of fighter-pilot cadets who wore the Clodbuster Nine baseball jersey at an elite Navy training school at the University of North Carolina at Chapel Hill. As a child, Anne Keene's father, Jim Raugh, suited up as the team batboy and mascot. He got to know his baseball heroes personally, watching players hit the road on cramped, tin-can buses, dazzling factory workers, kids, and service members at dozens of games, including a war-bond exhibition with Babe Ruth at Yankee Stadium. Jimmy followed his baseball dreams as a college All-American but was crushed later in life by a failed major-league bid with the Detroit Tigers. He would have carried this story to his grave had Anne not discovered his scrapbook from a Navy school that shaped America's greatest heroes including George H. W. Bush, Gerald Ford, John Glenn, and Paul Bear Bryant. With the help of rare images and insights from World War II baseball veterans such as Dr. Bobby Brown and Eddie Robinson, the story of this remarkable team is brought to life for the first time in *The Clodbuster Nine: The Untold Story of Ted Williams and the Baseball Team That Helped Win World War II*.

Custom Maid Knowledge for New World Disorder Peter G. de Krassel.2008-05-19 Political commentator Peter de Krassel contends that globalization was a 19th Century model of economics that was based on scarcity and actually died in the last decade of the 20th Century when the whole World was in surplus. In this fast paced geopolitical journey across America, China, the Middle East and beyond, de Krassel looks at the history of the major empires of the last 150 years (including that of the USA), their achievements, shortcomings and religious failures that all lead to globalization. Learning from the past he posits interlocalism as the successor to globalization. This latest book in his Custom Maid series offers a completely revolutionary new approach to contemplating our future and is must read material for anyone with an interest in understanding the political and economic situation now and wanting to see how the future might look.

Light Blue Reign Art Chansky.2009-10-27 The 09'-10' NCAA college basketball season marks the 100th anniversary of North Carolina basketball. The Tar Heels have earned top-five rankings in preseason polls four of the last five years, twice at #1. But they weren't always seen as a power - house team. Their strength has been decades in the making. *Light Blue Reign* documents the building of a program, a behind-the-scenes, far-reaching, wide-angle perspective on one of the most formidable college basketball teams in the country. Art Chansky, a sportswriter who has covered basketball on Tobacco Road for more than 30 years, uses first-hand accounts from interviews with people who were present during the fifty-year dynasty to construct an intimate, detailed narrative of what it was like to play and work for the three Hall of Fame coaches who defined this era of success.
