Vegetables blended with walnuts and vibrant herbs, subtly spiced meat stews and home-baked pies like the irresistible cheese-filled khachapuri are served at generous tables all over the country. Georgia is also one of the world's oldest winemaking areas, with wines traditionally made in qvevri: large clay jars buried in the ground. Award-winning food writer and photographer Capalbo has traveled around Georgia collecting recipes and gathering stories from food and winemakers in this stunning but little-known country. The beautifully illustrated book is both a cookbook and a cultural guide to the personal, artisan-made foods and wines that make Georgia such a special place on the world's gastronomic map.

The Theory and Practice of Relational Coaching Simon Cavicchia, Maria Gilbert.2018-07-27 The 'relational turn' is a movement affecting a range of disciplines including neuroscience, psychoanalysis, psychotherapy, organisational consulting and,

more recently, coaching. Its primary focus is on the centrality of human relating in determining how individuals develop, make meaning and function individually and collectively. In *The Theory and Practice of Relational Coaching: Complexity, Paradox and Integration*, Simon Cavicchia and Maria Gilbert expand existing coaching theory and practice to focus on the implications of the relational turn for how coaches and clients think about the nature of identity, the self, change, learning, and individual and organisational development. Drawing on perspectives as varied as relational neuroscience, the relational foundations of personality development, psychoanalysis, psychotherapy, shame, vulnerability, complexity and systems ideas, the authors shed light on many of the paradoxes and challenges facing coaches and their clients in today's fast-paced, volatile and uncertain organisational environments. These include holding tensions such as the uniqueness of individual needs with the requirements of organisational contexts, managing multiple stakeholder expectations and networks and balancing linear approaches to change with adjusting to emerging and unpredictable events. Given the ever-increasing volatility, complexity and uncertainty that coaches and their clients face, *The Theory and Practice of Relational Coaching* guides the reader through a series of illuminating perspectives, examples and practical suggestions. These will enable coaches to integrate a more relational orientation in their work and extend their range and that of their clients for responding creatively to the challenges of modern organisational life. The book will appeal to coaches and coaching psychologists in practice and training, as well as counsellors and psychotherapists retraining as coaches.

Do Pause Robert Poynton. 2019-04-30 Machines are designed to run constantly; people aren't. Our coping mechanisms are meditation apps, weekend breaks and annual holidays, but things soon revert. To prosper, we need a more sustainable approach - an ability to pause. *Do Pause* looks at the importance of this

subtle yet powerful idea to communication, creativity, relationships - as well as our wellbeing and sanity. With practical tools to help you create new habits or make more significant lifestyle choices, you'll discover ways to: Reset and regenerate; Deepen your thinking and experiences; Take back control of your time; Reconnect with other people - and yourself. From taking a breath to taking a sabbatical, a pause can be many things. And the good news is, even just a small pause every now and again can make a real and lasting difference.

Nordic Magic Healing Yves Kodratoff.2003 Galdr is a song or howling by which a poem written in runes is made active. Anthropological texts will often describe a healing ritual where the healer has been seen to mutter some indistinct words over the patient. This book gives these 'mutterings' back their true meaning and importance. It will also explain their rational value by clearly stating the root causes of the sickness, and explore their religious meaning. The poetry and creativity of these chants combine to form a very effective healing technique, albeit a very difficult one. Many of you will be familiar with karate's 'scream that kills', that came to us from the East. We will explore the 'scream (or song) that heals' called galdr by the Norse. In this book, galdr will be explored in two ways: by looking at a new interpretation of the famous Finish epic, Kalevala; and by considering pagan charms from various parts of the world, including two unexpected sources, those from Lithuania (not yet published) and those from Hildegard von Bingen (a German Christian visionary of the early twelfth century, whose charms were not considered to be Pagan). The Kalevala teaches us the twelve steps for physical healing, and the nine steps for healing mental illness. Old charms are used as a model for building new ones.

The Extinction Club Robert Twigger.2002-07-23 From Robert Twigger, the internationally acclaimed author of *Angry White Pyjamas* and *Big Snake*, comes *The Extinction Club*, the brilliant,

peculiar, and complex tale of the Milu. For one thousand years, the Milu, an exotic species of deer with the neck of a camel, the horns of a stag, the feet of a cow, and the tail of a donkey, existed only in the Chinese emperor's private park in Beijing. But in the second half of the nineteenth century a Basque missionary, P re David, became the first Westerner ever to see a Milu. Transfixed by the strange beast, he risked his life to obtain a specimen, then embalmed it and sent it to Paris in a diplomatic bag. The preserved remains caused quite a stir across Europe, and zoologists clamored to get hold of a live animal. Within a very short time, every major nation in Europe possessed a Milu. But most failed to thrive and died quickly in their new surroundings, and due to war -- most notably the Boxer Rebellion -- they became extinct in their native habitat as well. Yet the exotic deer were able to survive in one place -- Bedfordshire, England -- due to the nurturing of a devoted caretaker, the 11th Duke of Bedford, who kept a herd at Woburn Abbey. This labor and persistence paid off nearly a century later in 1986, when a part of the British herd was returned to China. And to this day the very rich hunt the Milu -- for a steep price -- in wild game reserves throughout the world, but most notably in Texas. In his fascinating tale of nature, civilization, and history, Robert Twigger poignantly recounts the story of this strange and rare animal while providing a riveting meditation on a number of human obsessions -- evolution, truth-telling, extinction, myth-making, and survival.

Guided by his roommates, Fat Frank and Chris, he sets out to cleanse his body and mind. Not knowing his fist from his elbow, the author is drawn into the world of Japanese martial arts, joining the Tokyo Riot Police on their yearlong, brutally demanding course of budo training, where any ascetic motivation soon comes up against bloodstained white pyjamas and fractured collarbones. Azerbaijan - Culture Smart! Nikki Kazimova.2011-04-01 For Westerners, the modern state of Azerbaijan may be hard to pinpoint. This small, oil-rich country in the southern Caucasus, on the southwestern shore of the Caspian Sea, only made its way on to the contemporary world map after the dissolution of the Soviet Union in 1991. As the world shrinks and competition for precious resources intensifies, the direction this strategically and economically important country takes will affect us all. The historically tolerant and pluralist Azeri people have an ancient history and a rich culture. Azerbaijan lay on the route of the Great Silk Road, the trade network that connected China with Europe, and its people have lived through centuries of conquests by different imperial powers. It was also situated in the heart of the Great Game, the struggle for control of Central Asia played out between Russia and the West at the turn on the nineteenth century, which seems to be going through a modern remake. Azerbaijan has been called "the quintessential borderland, many times over: between Europe and Asia, Islam and Christianity, Russia and the Middle East, Turks and Iranians, Shi'a and Sunni Islam." Azerbaijan was briefly independent after the First World War, when it was the first Muslim state to adopt progressive Western values. A democratic republic with full women's suffrage, it boasted the first women's high school, the first opera, and the first female opera composer, as well as the first ballet in the Muslim world. There followed seventy years of Soviet rule. After a bitter war in 1991-94, areas of Azerbaijan were occupied by neighboring Armenia, and the country has absorbed a huge number of refugees. At the same time, it is experiencing a new oil boom and the economy is growing. Among the people, there is a growing sense of national identity. Culture Smart! Azerbaijan looks at the many facets of this identity and explains the complex

workings of Azerbaijani society. It will equip you with vital information and advice about the customs, practices, and sensibilities of a society poised on the brink of change.

The Jews of Azerbaijan Rabbi Israel Barouk.2017-12-17

Azerbaijan, a 95% majority-Muslim country, has been home to Jewish communities for over 2,000 years. Throughout that time, and perhaps most impressively in the geopolitical climate of today, Azerbaijan has stood out as a beacon of interreligious harmony and respect. It is a place where Jewish history is like no other - a place where Mountainous Jews have always called their home and speak a unique language unheard in the rest of the world. Azerbaijan is a Muslim country where a Jewish woman is one of the Supreme Court justices and a Jewish man is a prominent leader in parliament. It has the largest all-Jewish town outside of Israel, a few hours drive from the capital city of Baku. It has a history unlike any other nation in the world, of protecting and empowering Jews within the country, and that remains true today. The story of Jewish life in Azerbaijan serves as a remarkable model giving us a glimpse into what is possible for the rest of the world, when it comes to something as important as religion, freedom, and the value of every life. Rabbi Israel Barouk completed his Rabbinical degree and Dayanas, as a Judge of the Jewish Court, at Yeshivat Or Elchonon. Originally from Jerusalem, New York City and Paris and currently based in Los Angeles, Rabbi Barouk works with leaders and communities across the globe to study, understand and engage with how positive multiculturalism serves as a powerful mechanism toward peace.
