Most free books on Google Play are new titles that the author has self-published via the platform, and some classics are conspicuous by their absence; there's no free edition of Shakespeare's complete works, for

example. The free Kindle books here can be borrowed for 14 days and then will be automatically returned to the owner at that time. LibriVox is a unique platform, where you can rather download free audiobooks. The audiobooks are read by volunteers from all over the world and are free to listen on your mobile device, iPods, computers and can be even burnt into a CD. The collections also include classic literature and books that are obsolete. 4eBooks has a huge collection of computer programming ebooks. Each downloadable ebook has a short review with a description. You can find over thousand of free ebooks in every computer programming field like .Net, Actionscript, Ajax, Apache and etc. As the name suggests, Open Library features a library with books from the Internet Archive and lists them in the open library. Being an open source project the library catalog is editable helping to create a web page for any book published till date. From here you can download books for free and even contribute or correct. The website gives you access to over 1 million free e-Books and the ability to search using subject, title and author. There are specific categories of books on the website that you can pick from, but only the Free category guarantees that you're looking at free books. They also have a Jr. Edition so you can find the latest free eBooks for your children and teens. There are thousands of ebooks available to download legally - either because their copyright has expired, or because their authors have chosen to release them without charge. The difficulty is tracking down exactly what you want in the correct format, and avoiding anything poorly written or formatted. We've searched through the masses of sites to bring you the very best places to download free, high-quality ebooks with the minimum of hassle. Open Library is a free Kindle book downloading and lending service that has well over 1 million eBook titles available. They seem to specialize in classic literature and you can search by keyword or browse by subjects, authors, and genre. It's disappointing that there's no convenient menu that lets you just browse freebies. Instead, you have to search for your preferred genre, plus the word 'free' (free science fiction, or free history, for example). It works well enough once you know about it, but it's not immediately obvious.
