

Marketing Research Proposal Topics

Marketing Research Carl McDaniel, Jr., Roger Gates. 2018-01-31 In *Marketing Research*, 11th Edition, authors Carl McDaniel & Roger Gates share their industry experience to teach students how to make critical business decisions through the study of market research. Designed for marketing research courses, the authors' practical, applications-based approach features Real Data, Real People, and Real Research, to prepare students to conduct and use market research for future careers in business. *Marketing Research*, 11th Edition features new trends, features and cases through thought, with updated chapters featuring new examples of companies and research firms, from Ilycaffè, the famous Italian coffee brand, Twitter, ESPN, Ford and General Motors. Co-author Roger Gates, President of DSS Research, infuses the text with a practitioner perspective, helping students learn how to use marketing research through a practical presentation of theory and practice.

Marketing Research: Tools and Techniques Nigel Bradley. 2013-03-07 Balancing theoretical and practical elements of marketing research and showing students how to implement research themselves, this book covers the traditional principles and skills involved in marketing research, such as primary and secondary research, sampling, analysis, reporting and presentation.

MARKETING RESEARCH RICHA ARORA, NITIN R. MAHANKALE. 2012-10-16 Intended primarily as a text for undergraduate and postgraduate students of Management, this compact yet comprehensive book discusses the multidimensional aspects of Marketing Research in an accessible manner. The book begins with an overview of marketing research, the type and scope of, and stages in marketing research, organization of marketing research in India, and research plan — its need, functions and types. Then it goes on to give a clear analysis of research design and its classification, descriptive and experimental research, as well as uses, methods and techniques in qualitative research. Besides, the book gives detailed description on marketing research process and attitude measurement, sampling methods and sample size determination, methods and techniques of data collection and data processing analysis. Finally, the book dwells on various statistical techniques, statistical packages, report writing, and different applications of marketing research in specific areas. Besides students, professionals engaged in marketing research would find the book very valuable. **DISTINGUISHING FEATURES** Provides in-depth analysis of identifying, gathering, analyzing and interpreting primary and secondary data. Gives many examples, which are interspersed throughout the book, to illustrate the concepts discussed. Provides caselets for a better understanding of the topics covered.

Marketing Research Alvin C. Burns, Ronald F. Bush. 2003 Now ranked the #1 selling Marketing Research book, this edition returns with an abundance of new and updated exercises, coverage, and features. Most notable is a special emphasis on online marketing research. Nearly every chapter includes coverage on how the Internet and new technologies are impacting research methods, for better and for worse. A book cannot succeed on new features and topics alone. With every new edition, reviewers complement these authors for an approach that is innovative yet approachable and reliable. Exercises and cases have been checked for accuracy, and the authors also recruited a Blue Ribbon Panel of marketing research professionals. The Panel explores today's increasingly digital research environment from a practitioner's point of view. Chapter topics include the marketing research process and industry, determining research objectives, research design, measurement, data collection and analysis, interpreting associations among variables, predictive analysis, and preparing and presenting the research report. For an understanding and appreciation of how marketing research works in practice.

Essentials of Marketing Research William Dillon. 1992-11-01

Advanced Marketing Research Richard Bagozzi. 1994-07-19 *Advanced Marketing Research* is a companion volume to Richard Bagozzi's *Principles of Marketing Research*. It is intended for students on advanced marketing research courses at the graduate and postgraduate levels and on executive

programs. Each chapter begins with a historical development of the topical area before moving on to advanced issues and coverage of latest developments. To aid students learning, questions and exercises are included throughout.

The Marketing Research Project Manual Glen R. Jarboe.1991

Official Gazette Philippines.2007

Introducing Marketing Research Paul Baines,Bal Chansarkar.2002-05-22 The primary purpose of marketing research is to gather information which will allow your company or organisation to make better, more informed decisions. Many textbooks have been published on marketing research but most are very quantitative and are also too detailed for students taking a one-semester course, they do not focus on important qualitative issues such as depth interviews and focus groups - Baines and Chansarkar redress this imbalance. Written as an introduction to marketing research for students taking a one-semester module *Introducing Market Research* includes chapters on business to business marketing research and Internet marketing research. The authors adopt a practical focus and include numerous practical examples as well as coursework assignments.

Marketing Research Bonita Kolb.2017-10-23 An introductory textbook that provides students with the essential information needed to plan and perform marketing research for the first time. The Second Edition presents a balanced mix of qualitative and quantitative methods, reflecting contemporary trends. This includes a new chapter on Netnography and new and increased coverage of the digital aspects of marketing research and the impact of social media and the online environment. The book includes exercises and activities within the chapters that can be used in class. Along with a collection of new international case studies, including: Europe - Renault (France), Miele (Germany) & Online grocery markets in France and Germany. Africa - The Robben Island Museum in Cape Town, South Africa, Vergenoegd Wine Estate in South Africa, text message surveying in Kenya Australia - Campos Coffee Asia - Uber and social media usage in India; Cinemas and confectionary markets in China; Coffee culture in South Korea The book is complemented by chapter specific lecturer PowerPoint slides. Suitable reading for students who are new to marketing research.

Research Methods for Sport Studies Chris Gratton,Ian Jones.2004 This comprehensive and accessible textbook offers a complete grounding in both qualitative and quantitative research methods for the sports studies student. The book offers the reader a step-by-step guide to the research process, from designing a research project, to collecting and analysing data, to reporting the research, all of which is richly illustrated with sport-related case-studies and examples. The book covers key topics such as: - conceptual Models - qualitative research methods - choosing an appropriate research design - undertaking a literature review - the key research methods such as questionnaires, interviews, content analysis and ethnographic studies. - analysing data, including an introduction to SPSS, as well as guides to descriptive and inferential statistics - writing a research report - the internet as a research tool A much needed book with no competitor titles, this should be essential reading for all undergraduates in sports studies.

Fundamentals of Marketing Research Scott M. Smith,Gerald S. Albaum.2005 *Fundamentals of Marketing Research* covers the fundamentals of research, including all the basic elements of method, techniques and analysis. The presentation is from primarily a pragmatic and user-oriented perspective which aids the student to evaluate the research presented to them. It explores cutting-edge technologies and new horizons while assuring students have a thorough grasp of research fundamentals. It contains a wealth of modern methods and techniques not found in competing texts; provides numerous illustrative cases at the end of each section; integrates international marketing research throughout instead of placing it in a separate chapter; has a full chapter devoted to the essential topic of online research.

Designing the Marketing Research Project Robert W. Joselyn.1977

Marketing Research Carl McDaniel, Jr.,Roger Gates.2020-11-10 *Marketing Research: Using Analytics to Develop Market Insights* teaches students how to use market research to inform critical business decisions. Offering a practitioner's perspective, this fully-updated edition covers both

marketing research theory and practice to provide students with a comprehensive understanding of the subject. A unique applications-based approach—grounded in the authors' 50 years' combined experience in the marketing research industry—features real data, real people, and real research to prepare students for designing, conducting, analyzing, and integrating marketing research in their future business careers. Already a standard text in marketing research courses, the twelfth edition contains thoroughly revised content that reflects the latest trends, practices, and research in the field. Numerous examples of companies and research firms, such as Twitter, ESPN, Ford, and General Motors, are featured throughout the text to illustrate how marketing research is gathered and used in the real world. Detailed yet accessible chapters examine topics including marketing intelligence, problem definition and exploratory research, big data and data analytics, online and social media marketing research, questionnaire design, statistical testing, and managing marketing research studies and teams.

Proceedings of the 1994 Academy of Marketing Science (AMS) Annual Conference Elizabeth J. Wilson, William C. Black. 2015-01-21 This volume includes the full proceedings from the 1994 Academy of Marketing Science (AMS) Annual Conference held in Nashville, Tennessee. The research and presentations offered in this volume cover many aspects of marketing science including marketing strategy, consumer behavior, international marketing, marketing education, among others. Founded in 1971, the Academy of Marketing Science is an international organization dedicated to promoting timely explorations of phenomena related to the science of marketing in theory, research, and practice. Among its services to members and the community at large, the Academy offers conferences, congresses and symposia that attract delegates from around the world. Presentations from these events are published in this Proceedings series, which offers a comprehensive archive of volumes reflecting the evolution of the field. Volumes deliver cutting-edge research and insights, complimenting the Academy's flagship journals, *Journal of the Academy of Marketing Science (JAMS)* and *AMS Review*. Volumes are edited by leading scholars and practitioners across a wide range of subject areas in marketing science.

Doing Research Projects in Marketing, Management and Consumer Research Chris Hackley. 2003-09-02 As interpretive research perspectives become increasingly influential in the social sciences, so it becomes increasingly important for experienced researchers to familiarize themselves with the philosophical perspectives, data gathering techniques and analytical methods derived from interpretive research. Examining these interpretive traditions, this informative book illustrates how they can be applied to research projects for first-time researchers in the fields of management, marketing and consumer research. Topics covered include: choosing the topic gathering qualitative data for interpretation themes and concepts of interpretive research semiotics, marketing and consumer research. In offering practical examples drawn from existing studies and suggesting new topics for consideration, this book brings together major themes of interpretive research within a valuable practical guide. Suitable both for first time researchers and those with more experience, this is an ideal guide for anyone undertaking research in this area of study.

Essentials of Marketing Research William R. Dillon. 1993

MARKETING RESEARCH Dr. Subhash Jagannath Jadhav, Dr. Shastri Jayant Haripant, Prof. Pramod Gorakhnath Jadhav. 2023-11-01 Buy Marketing Research e-Book for Mba 2nd Semester in English language specially designed for SPPU (Savitribai Phule Pune University ,Maharashtra) By Thakur publication.

Exploring Marketing Research William G. Zikmund. 1997 This comprehensive, practical, and extremely student-friendly market leader offers the most up-to-date coverage of the current marketing research issues available. Intended primarily for undergraduates, this best-seller emphasizes such important issues as total quality management and global marketing research, integrating both topics throughout the text. This comprehensive, practical, and extremely student-friendly market leader offers the most up-to-date coverage of the current marketing research issues available. Intended primarily for undergraduates, this best-seller emphasizes such important issues

as total quality management and global marketing research, integrating both topics throughout the text.

Marketing Research Riccardo Benzo, Marwa G. Mohsen, Chahid Fourali. 2017-11-27 Marketing Research outlines the key principles and skills involved at each step of the marketing research process, providing readers with targeted, practical solutions to a range of issues and equipping them with the tools they need to overcome the common pitfalls of designing research projects. The chapters are arranged into core sections which progress systematically through the marketing research process, starting with designing and setting up research, to undertaking qualitative and quantitative research, and finally, summarizing and reporting research. To aid students in their research project, each chapter features a collection of learning features, such as: Case studies and international real-world examples Ethics boxes - Highlighting ethical implications in research projects Advanced boxes - Signaling more challenging topics students can return to after they have mastered the basics Activity boxes - Encouraging students to understand how what they have learned applies to their own experiences The book is complemented by a range of online resources, including PowerPoint slides, multiple choice questions, free online exercise links, and discussion guides for Case Study & Additional Reading sections. Suitable reading for students who are undertaking a marketing research project.

Essentials of Marketing Research Joseph F. Hair. 2013 Essentials of Marketing Research concisely delivers an up-to-date review of a broad variety of marketing research topics. It takes an application-oriented approach, providing students with the tools and skills necessary to solve business problems and exploit business opportunities. The authors' years of experience in real-world marketing research is evident throughout, from their thorough treatment of qualitative research (given short shrift in many other books) to their knowledgeable coverage of sample size rules-of-thumb, conducting a background literature review, and the importance of new market research tools and techniques. Essentials of Marketing Research gives students a strong command of market research principles, while being short enough to use alongside cases or projects.--Publisher's website.

Marketing Research in a Marketing Environment William R. Dillon, Thomas J. Madden, Neil H. Firtle. 1994

Researching Customer Satisfaction and Loyalty Paul Szwarc. 2005-07-03 Customer satisfaction and loyalty has been one of the largest areas of market research for the past twenty years, and interest in it continues to increase. Organizations today invest heavily in programmes designed to retain customers as they recognize the importance of having loyal, committed customers to sustain and increase company profits. Researching Customer Satisfaction and Loyalty is a vital guide to this expanding area. It examines how to research customer satisfaction from both a client and a supplier perspective, and how to get the best results from that research. The breadth of detail is exhaustive and topics covered include: the development of customer satisfaction and loyalty, management theories about it, qualitative and quantitative research, and how market research projects get commissioned. The book also looks at the factors that both supplier and client need to consider when preparing a research brief and proposal, how interest in this area is changing and what the future holds for research into customer satisfaction.

Marketing Research Bonita Kolb. 2008-04-18 Essential to any student of the discipline, this textbook offers a comprehensive, applied approach to understanding and designing market research. Balancing the fundamental quantitative methodologies and theoretical structures with practical applications of qualitative techniques, this book is ideal for the novice researcher, and for those more familiar with the discipline. With an emphasis on both critical thinking and hands-on application, the textbook contains: several real life case studies; useful learning features such as key terms, definitions and discussion topics, and is supported by a companion website.

Marketing Research for Non-profit, Community and Creative Organizations Bonita M. Kolb. 2008 This book will have two purposes. First, the book will educate readers on how research can be used to help their organization more effectively reach its goals. Second, it will educate the

reader on how to conduct different methods of research and use the findings to improve their product, find customers and develop effective promotion.

Marketing Research Bruce Wrenn, Robert E. Stevens, David L. Loudon. 2007 This textbook takes students through each stage of designing and conducting marketing research and interpreting the resulting data. Topics include (for example) sample size, the interviewing relationship, hypothesis testing, and report formats. The second edition features a new section on using Internet surveys. The CD-ROM is an SPSS 11.0 data disk containing a variety of practice cases.

Marketing Research Daniel Nunan, Naresh K. Malhotra, David F. Birks. 2020 Working as a marketing researcher remains an intellectually stimulating, creative and rewarding career. Marketing research is a huge and growing industry at the forefront of innovation in many sectors of the economy. However, few industries can have been presented with as many challenges and opportunities as those faced by marketing research due to the growing amounts of data generated by modern technology. Founded upon the enormously successful US edition, and building upon the previous five European editions, the sixth edition of this book seeks to maintain its position as the leading marketing research text, focused on the key challenges facing marketing research in a European context. As with previous editions, this aims to be comprehensive, authoritative and applied. As a result, the book covers all the topics in previous editions while including updates that reflect the changes and challenges that have impacted the marketing research sector since the fifth edition was published. This includes the ever shifting impact of new technologies, the growth of 'insight' and the shifting role of research ethics, for example, through considering the impact of GDPR. This edition has been significantly updated, with new content, updated cases studies and a major focus on the issues and methods generated by new technologies--

The Practice of Market Research eBook Yvonne McGivern. 2013-05-20 The Practice of Market Research offers a comprehensive and understandable account of the techniques and practical tasks involved in setting up and running marketing or social research projects. Linked to the professional body MRS (the Market Research Society) and with plenty of real-life examples from big-name companies such as McDonalds and Levis as well as governments and charities, the author's depth of insight and experience of the real world of market research is evident throughout this book. The book offers: A well-rounded overview of market research Strong coverage of both qualitative and quantitative aspects of market research, including research design, sampling, qualitative data analysis and research ethics Valuable insight into the day-to-day tasks of a researcher Guidance and examples on everything from writing a proposal and creating a project timetable to preparing a report and giving a presentation This book is an ideal companion to any student's market research course or research project and an indispensable guidebook with a long shelf-life for market research practitioners and people in the industry.

Designs, Methods and Practices for Research of Project Management Ms Beverly Pasion. 2015-04-28 In Designs, Methods and Practices for Research of Project Management, Beverly Pasion has brought together original chapters from a veritable who's who of project management research including authors such as Harvey Maylor, Christophe Bredillet, Derek Walker, Miles Shepherd, Janice Thomas, Naomi Brookes and Darren Dalcher. The collection looks at research strategy, management, methodology, techniques as well as emerging topics such as social network analysis. The 38 chapters offer an international perspective with examples from a wide range of project management applications; engineering, construction, mega-projects, high-risk environments and social transformation.

Leading Edge Marketing Research Robert J. Kaden, Gerald Linda, Melvin Prince. 2011-11-09 This book explores new and leading edge marketing research approaches as successfully practiced by visionaries of academia and the research industry. Ideal as either a supplementary text for students or as a guidebook for practitioners, this book showcases the excitement of a field where discoveries abound and researchers are valued for solving weighty problems and minimizing risks. The authors offer rich new tools to measure and analyze consumer attitudes, combined with existing databases, online bulletin boards, social media, neuroscience, radio frequency identification (RFID) tags,

behavioral economics, and more. The reader will profit from the numerous contemporary case studies that demonstrate the key role of marketing research in corporate decision-making.

Marketing Paul Baines,Chris Fill,Sara Rosengren.2017 Do you want to know how a quintessentially British brand expands into the Chinese market, how organizations incorporate social media into their communication campaigns, or how a department store can channel its business online? What can you learn from these practices and how could it influence your career, whether in marketing or not? Marketing, 4th edition, will provide the skills vital to successfully engaging with marketing across all areas of society, from dealing with skeptical consumers, moving a business online, and deciding which pricing strategy to adopt, through to the ethical implications of marketing to children, and being aware of how to use social networking sites to a business advantage. In this edition, a broader range of integrated examples and market insights within each chapter demonstrate the relevance of theory to the practice, featuring companies such as Porsche, Facebook, and L'Oreal. The diversity of marketing on a global scale is showcased by examples that include advertising in the Middle East, Soberana marketing in Panama, and LEGO's expansion into emerging markets. Theory into practice boxes relate these examples back the theoretical frameworks, models, and concepts outlined in the chapter, giving a fully integrated overview of not just what marketing theory looks like in practice, but how it can be used to promote a company's success. Video interviews with those in the industry offer a truly unique insight into the fascinating world of a marketing practitioner. For the fourth edition, the authors speak to a range of companies, from Withers Worldwide to Aston Martin, the City of London Police to Spotify, asking marketing professionals to talk you through how they dealt with a marketing problem facing their company. Review and discussion questions conclude each chapter, prompting readers to examine the themes discussed in more detail and encouraging them to engage critically with the theory. Links to seminal papers throughout each chapter also present the opportunity to take learning further. Employing their widely-praised writing style, the authors continue to encourage you to look beyond the classical marketing perspectives by contrasting these with the more modern services and societal schools of thought, while new author, Sara Rosengren, provides a fresh European perspective to the subject. The fourth edition of the best-selling Marketing, will pique your curiosity with a fascinating, contemporary, and motivational insight into this dynamic subject. The book is accompanied by an Online Resource Centre that features: For everyone: Practitioner Insight videos Library of video links Worksheets For students: Author Audio Podcasts Multiple choice questions Flashcard glossaries Employability guidance and marketing careers insights Internet activities Research insights Web links For lecturers: VLE content PowerPoint Slides Test bank Essay Questions Tutorial Activities Marketing Resource Bank Pointers on Answering Discussion questions Figures and Tables from the book Transcripts to accompany the practitioner insight videos.

Commerce Business Daily .1998-10

The Marketing Research Guide Robert E Stevens,David L Loudon,Morris E Ruddick,Bruce Wrenn,Philip K Sherwood.2012-10-12 Get the tools you need for effective market research—including Internet surveys! The Marketing Research Guide: Second Edition is the newest edition of the Haworth marketing research classic that now includes Internet sources of data, Internet surveys, and an added advanced statistical analysis chapter. Step-by-step instructions take practitioners through the entire marketing research process. Worksheets, sample proposals, questionnaires, and a copy of a final report foster complete understanding of the tools and techniques of marketing research. The Marketing Research Guide: Second Edition contains the accessible writing, comprehensive coverage of major topics, and helpful supplementary materials that made this book the sought-after classic in 1997 that was chosen for Choice Magazine's 34th annual Outstanding Academic Books (OAB) list. Marketing professionals now have an updated, essential guide through the complete marketing research process for the twenty-first century. Techniques and concepts are clearly explained and illustrative of the role marketing information plays in decision-making. Descriptions of the major forecasting, sampling, and analysis techniques are designed for optimum understanding without the reader needing to possess advanced

mathematical expertise. Appendices include sample questionnaires and a sample marketing research report. The Marketing Research Guide: Second Edition provides practical information on: Internet sources of data and Internet surveys advanced statistical analysis decision-making information, planning, and forecasting test marketing developing valid and reliable measurement instruments data-collecting methods designing a questionnaire determining sampling frame and selecting sampling method data-summary methods and research reports mail survey design and mailing procedures full product testing techniques and procedures The Marketing Research Guide: Second Edition is an essential reference for anyone who needs to review or find illustrative marketing research procedures and techniques. Managers will find this source invaluable as they negotiate, evaluate, and use marketing research as part of the decision-making process.

Marketing Research David A. Aaker, V. Kumar, George S. Day, Meredith Lawley, David W. Stewart. 2007-05-21 Marketing Research: The Second Pacific Rim edition reflects contemporary developments and examples in Marketing Research. The text maintains the strengths of the original Aaker, Kumar and Day text, and is presented in an engaging and accessible style. A visual map evolves throughout the text, guiding students through the entire marketing research process step by step. The text retains a clear focus on marketing research as a tool for helping organisations achieve their goals, and uses the macro-micro approach of reviewing the entire research process before considering each component part in detail. The focus is on understanding and conducting market research as the basis for making sound business decisions.

Small Business Guide to Federal R&D Funding Opportunities .1986

The Essentials of Marketing Research Lawrence S. Silver, Robert E. Stevens, Bruce Wrenn, David L. Loudon. 2013 Identifying and assessing the ways in which changes in the marketing mix affect consumer behavior is key to a successful marketing strategy. This book guides the student in designing, conducting and interpreting marketing research. This comprehensive textbook covers the full range of topics, including: Secondary research and data mining ; Internet marketing research ; Qualitative and exploratory research ; Statistical analysis and Marketing research ethics. With learning objectives at the beginning of each chapter, a host of cases and a comprehensive companion website, this book offers a range of tools to help students develop and test their research and analytical skills.

Marketing Research That Pays Off William Winston, Larry Percy. 2014-05-01 From Oreos, Jell-O, raisins, and milk to amusement parks, retail centers, ATMs, and mutual funds, the case studies presented in Marketing Research That Pays Off offer you insight into how actual companies have used market research to successfully solve marketing problems. Editor Larry Percy has collected a series of cases from consumer, service, and industrial marketing executives that provides a problem/solution look at how to address major marketing issues with marketing research. The studies presented cover such topics as communications issues, new product introduction, brand equity, brand positioning, and sales analysis. Because they represent successful applications of marketing research to challenging questions, these cases offer a number of specific lessons. Throughout, Marketing Research That Pays Off shows you how to: use the right sample for reliable data reduce the time needed for traditionally multi-phased research avoid the pitfalls of short-term effects in tracking data deal with multinational research use attitude measures to help interpret sales data involve marketing management to ensure acceptance of results make effective use of small budgets The format of each chapter allows the authors to pose a question or present a particular marketing problem and then take you step-by-step through the solution. Actual problems solved include how to improve upon a successful campaign, revitalize a failing retail center, avoid misunderstanding in conducting multinational research, use scanner data to help understand the package goods market, avoid being misled by short-term effects in tracking data, learn what aspects of a package attract attention and what they communicate, and how to effectively reach both children and their parents with one message--all on a small budget. It is the unique problem/solution approach to marketing research that makes Marketing Research That Pays Off especially valuable to all marketing research professionals and beginner- to mid-level marketing managers. In addition, the

book's easy-to-read presentation of case studies makes it approachable and useful as a companion text for classes in marketing and marketing research.

Marketing Research Jan Wiid, Colin Diggines. 2009 Written for introductory marketing classes, this text explains what information is needed to plan and implement a successful marketing campaign and how to find that data. Including details on finding such relevant facts as the size of a potential market, the shopping and buying habits of consumers in that market, and the competitive and environmental factors that may affect a campaign, this primer will guide readers to become savvy marketing managers.

Qualitative Research in Marketing and Management Chris Hackley. 2019-12-09 This is a practical and accessible, yet sophisticated introduction to interpretive methods for doing qualitative research projects and dissertations. Bringing together concepts of qualitative research from ethnography, phenomenology, critical discourse analysis, semiotics, literary analysis, postmodernism and poststructuralism this textbook offers an accessible and comprehensive introduction to the subject. Utilising a uniquely pragmatic approach, it bridges the gap between advanced, specialised books on research traditions with more general introductory business research books. This new edition has been fully updated to include new examples, explorations of the field, and an improved pedagogy with better exposition of key issues and concepts, as well as more schematics and diagrams to aid understanding. The first half of the book considers the practicalities of research and writing a research project, including the craft of academic writing, the critical literature review, the role of the independent research project as part of university courses, suggested projected structures, standards of academic scholarship, and the main techniques for gathering qualitative data. The book's second half deals with abstract concepts and advanced theory by looking at key theoretical traditions that guide the interpretation of qualitative data. It is perfect for advanced undergraduate and postgraduate students of marketing, management, consumer behaviour and research methods. It will also be useful as a primer for practitioners in qualitative research.
