Targeted David Gideon.2013 This is a true story of a pathological, serial workplace bully and is written by a proud survivor. Names have been changed to protect the innocent. It is a horrific tale of terror, manifested by a malevolent mind bent on selfish ambition. It is a story of how the monster worked his way into the victim's confidence, learned his strengths and weaknesses, and even boasted to him what he was going to do before

implementing his evil plan. It is a legend of how kindness and compassion are crushed by the sinister whispering campaign and how the bosses and managers were too terrified to act for fear of retaliation upon themselves. It is textbook psychological torture, and it's a miracle that anyone could survive it. But it is also a book of hope, what you need to do, and of how to seek out help if you are confronted by such a bully. This is a book of reasoning and forgiveness. It is also to let us know that we are not alone. Such monsters do exist, and this is how to recognize them and thwart their insidious plots.
