It is the second edition of the course, which was originally published by Pearson Longman (Hong Kong: 2008).Students simulate being interns working for a fictional company called Widgets Inc. The course is designed to be compatible with a range of English proficiency levels (from CEFR A2 to C1), including mixed-level classes. It requires a class of 12 or more motivated adults who meet for between 22-45 hours (fifteen to thirty 90-minute periods). Stage 1 introduces the company and a cast of fictional characters who interact with the class via online streamed video. Stage 2 is an R&D stage in which students brainstorm product ideas. In Stage 3, they are given several product ideas proposed by a different team, and must select the best one to go into production. In Stage 4, they are given another team's selected product and must perform market research on it. Stage 6 is the conclusion, in which students prepare a resume and interview for a promotion within the company. Each stage is punctuated by a presentation and/or a writing task which is related to the stage's topic. Students are assessed via can-do statements built into the simulation as employee evaluations which include self, peer, and instructor assessments.
