From Scratch Tembi Locke.2020-02-04 Now a limited Netflix series starring Zoe Saldana! This Reese Witherspoon Book Club Pick and New York Times bestseller is “a captivating story of love lost and found” (Kirkus Reviews) set in the lush Sicilian countryside, where one woman discovers the healing powers of food, family, and unexpected grace in her darkest hours. It was love at first sight when actress Tembi met professional chef, Saro, on a street in Florence. There was just one problem: Saro’s traditional Sicilian family did not approve of his marrying a black American woman. However, the couple, heartbroken but undeterred, forged on. They built a happy life in Los Angeles, with fulfilling careers, deep friendships, and the love of their lives: a baby girl they adopted at birth. Eventually, they reconciled with Saro’s family just as he faced a formidable cancer that would consume all their dreams. *From Scratch* chronicles three summers Tembi spends in Sicily with her daughter, Zoela, as she begins to piece together a life without her husband in his tiny hometown hamlet of farmers. Where once Tembi was estranged from Saro’s family, now she finds solace and nourishment—literally and spiritually—at her mother-in-law’s table. In the Sicilian countryside, she discovers the healing gifts of simple fresh food, the embrace of a close knit community, and timeless traditions and wisdom that light a path forward. All along the way she reflects on her and Saro’s romance—an incredible love story that leaps off the pages. In Sicily, it is said that every story begins with a marriage or a death—in Tembi Locke’s case, it is both. “Locke’s raw and heartfelt memoir will uplift readers suffering from the loss of their own loved ones” (Publishers Weekly), but her story is also about love, finding a home, and chasing flavor as an act of remembrance. *From Scratch* is for anyone who has dared to reach for big love, fought for what mattered most, and those who needed a powerful reminder that life is...delicious.

Moods of Future Joys Alastair Humphreys,Sir Ranulph Fiennes.2007-11-01 An updated edition including new color photographs and a new afterword looking back at the journeyAlastair Humphreys' around-the-world journey of 46,000 miles was an old-fashioned adventure: long, lonely, low-budget, and spontaneous. Cycling across five continents and sailing over the oceans, his ride took four years to complete, on a tiny budget of hoarded student loans. Here is the story of the first remarkable stage of the expedition. Just two weeks into the ride the September 11th attacks changed everything. All Humphreys' plans went out the window and, instead of riding towards Australia, he suddenly found himself pedaling through the Middle East and Africa and on toward Cape Town. This book recounts an epic journey that succeeded through Humphreys' trust in the kindness of strangers, at a time where the interactions of our global community are more confused and troubled than ever.

With the End in Mind Kathryn Mannix.2018-01-16 For readers of Atul Gawande and Paul Kalanithi, a palliative care doctor's breathtaking stories from 30 years spent caring for the dying. Modern medical technology is allowing us to live longer and fuller lives than ever before. And for the most part, that is good news. But with changes in the way we understand medicine come changes in the way we understand death. Once a familiar, peaceful, and gentle -- if sorrowful -- transition, death has come to be something from which we shield our eyes, as we prefer to fight desperately

against it rather than accept its inevitability. Dr. Kathryn Mannix has studied and practiced palliative care for thirty years. In *With the End in Mind*, she shares beautifully crafted stories from a lifetime of caring for the dying, and makes a compelling case for the therapeutic power of approaching death not with trepidation, but with openness, clarity, and understanding. Weaving the details of her own experiences as a caregiver through stories of her patients, their families, and their distinctive lives, Dr. Mannix reacquaints us with the universal, but deeply personal, process of dying. With insightful meditations on life, death, and the space between them, *With the End in Mind* describes the possibility of meeting death gently, with forethought and preparation, and shows the unexpected beauty, dignity, and profound humanity of life coming to an end.

There Are Other Rivers Alastair Humphreys.2011-11-28 Alastair Humphreys walked across India, from the Coromandel Coast to the Malabar Coast, following the course of a holy river. Walking alone and spending the nights sleeping under the stars, in the homes of welcoming strangers or in small towns and villages, he experienced the dusty enchantment of ordinary, real India on the smallest of budgets. *There Are Other Rivers* tells the story of the walk through an account of a single day as well as reflecting on the allure of difficult journeys and the eternal appeal of the open road. Alastair Humphreys is a National Geographic 'Adventurer of the Year'. Nature's Silent Message Scott Stillman.2020-03-20 The Earth is trying to teach us to live better. To lead richer, happier lives. Will we continue down the limited path of the mechanical mind? Or will we tune into ultimate intelligence? The same intelligence that allows blood to flow through our veins, bees to pollinate flowers, birds to fly south, salmon to spawn, whales to migrate, caterpillars to become butterflies, the Earth to rotate, the moon to orbit, and the rest of nature to function perfectly of its own accord? We have access to nature's silent message-if we take the time to listen. In this spellbinding collection, Stillman guides us from the lush forests of the North Cascades, through the sandstone slot canyons of Utah, and into the border country of extreme southern Arizona. In this classroom, we learn not from books, nor words, nor lectures. Wilderness is the school of life, where we learn not from that which thinks-but that which knows. Nature's Silent Message suggests the existence of something far greater than what we see on the surface. It's about breaking through old patterns so that new ones may emerge. The message is simple and pure, but when you try to define it, it vanishes into thin air. And in that vanishing, you find it again. Like a beautiful butterfly that can never be caught. Try and catch her and she'll drive you mad, eluding you forever. But learn to fly with her, and all the wonders of the world will be shown, and all the answers to your questions be known. Get it now.

Adventure and Society Simon Beames,Chris Mackie,Matthew Atencio.2018-12-28 This undergraduate textbook provides a broad overview of the ways in which 'adventurous practices' influence, and are influenced by, the world around them. The concept of adventure is one that is too often tackled within subject silos of philosophy, education, tourism, or leisure. While much of the analysis is strong, there is little cross-pollination between disciplines. Adventure & Society pulls together the threads of these discourses into one coherent treatment of the term 'adventure' and the role that it plays in human social life of the 21st century. It explores how these practices can be considered more deeply through theoretical discourses of capitalism, identity construction, technology and social media, risk-taking, personal development, equalities, and sustainability. As such, the book speaks to a broad audience of undergraduate and postgraduate students across diverse subject areas, and aims to be an accessible starting point for deeper inquiry.

Thunder & Sunshine Alastair Humphreys.2008-06 Summary: Arriving in Cape Town with Rita (his bike), Alastair was a long, long way from his home in Yorkshire. Walking the Great North Line Robert Twigger.2021-04 Robert Twigger, poet and travel author, was in search of a new way up England when he stumbled across the Great North Line. From Christchurch on the South Coast to Old Sarum to Stonehenge, to Avebury, to Notgrove barrow, to Meon Hill in the midlands, to Thor's Cave, to Arbor Low stone circle, to Mam Tor, to Ilkley in Yorkshire and its three stone circles and the Swastika Stone, to several forts and camps in Northumberland to Lindisfarne (plus about thirty more sites en route). A single dead straight line following 1 degree 50 West up Britain. No other north-south straight line goes through so many ancient sites of such significance. Was it just a suggestive coincidence or

were they built intentionally? Twigger walks the line, which takes him through Birmingham, Halifax and Consett as well as Salisbury Plain, the Peak district, and the Yorkshire moors. With a planning schedule that focused more on reading about shamanism and beat poetry than hardening his feet up, he sets off ever hopeful. He wild-camps along the way, living like a homeless bum, with a heart that starts stifled but ends up soaring with the beauty of life. He sleeps in a prehistoric cave, falls into a river, crosses a 'suicide viaduct' and gets told off by a farmer's wife for trespassing; but in this simple life he finds woven gold. He walks with others and he walks alone, ever alert to the incongruities of the edgelands he is journeying through.

Why Can't We Just Play? Pam Lobley.2016-04-05 Facing summer with her two boys, ages ten and seven, Pam Lobley was sifting through signups for swim team, rec camp, night camp, scout camp, and enrichment classes. Overwhelmed at the choices, she asked her sons what they wanted to do during summer: "Soccer? Zoo School? Little Prodigy's Art Club?" "Why can't we just play?" they asked. A summer with no scheduled activities at all . . . The thought was tempting, but was it possible? It would be like something out of the 1950s. Could they really have a summer like that? Juggling the expectations of her husband ("Are you going to wear garters?"), her son, Sam ("I'm bored!"), and her son, Jack ("Can I just stay in my pajamas?"), Pam sets out to give her kids an old-fashioned summer. During the shapeless days, she studies up on the myths and realities of the 1950s. With her trademark wit and candor, she reveals what we can learn from those long-ago families, why raising kids has changed so drastically, and most importantly, how to stop time once in a while and just play.

The Secret World of Weather: How to Read Signs in Every Cloud, Breeze, Hill, Street, Plant, Animal, and Dewdrop (Natural Navigation) Tristan Gooley.2023-02-28 Learn to "see" the forecast in the hidden weather signs all around you—from the New York Times–bestselling author of *How to Read a Tree* and *The Lost Art of Reading Nature's Signs* In *The Secret World of Weather*, bestselling author Tristan Gooley turns his gaze up to the sky, bringing his signature brand of close observation and eye-opening deduction to the fascinating world of weather. Every cloud, every change in temperature, every raindrop, every sunbeam, every breeze reveals something about our weather—if you know what to look for. Before you know it, you'll be able to forecast impending storms, sunny days, and everything in between, all without needing to consult your smartphone. But *The Secret World of Weather* goes far beyond mere weather prediction, changing the very way we think about weather itself. Weather is not something that blankets an area; rather, it changes constantly as you walk through woods or turn down a street. The weather is never identical on two sides of a tree—or even beneath it. Take, for example, Gooley's remarkable discovery that breezes accelerate beneath a tree. To Gooley, this is "weather," a tiny microclimate that explains why people sit beneath a tree to cool down—not only for the shade but, subconsciously, for cooler breeze. And so Gooley shows us not only what the weather will be like five days from now, but also what to expect about the weather around every corner. By carefully observing the subtle interplay of wind, cloud, fog, temperature, rain and many other phenomena, we not only form a deeper understanding of weather patterns, but also unlock secrets about our environment. Weather forms our landscape, and landscape forms our weather. Everything we see in the sky reflects where we are. When we learn to read weather's signs, Gooley shows us, the weather becomes our map, revealing to us how it has made our towns, cities, woods, and hills what they are. You'll never see your surroundings the same way again.

Cycling Home from Siberia Rob Lilwall.2011-04-05 “ It is late October, and the temperature is already -40 degrees . . . My thoughts are filled with frozen rivers that may or may not hold my weight; empty, forgotten valleys haunted by emaciated ghosts; and packs of ravenous, merciless wolves.” Having left his job as a high-school geography teacher, Rob Lilwall arrived in Siberia equipped only with a bike and a healthy dose of fear. Cycling Home from Siberia recounts his epic three-and-a-half-year, 30,000-mile journey back to England via the foreboding jungles of Papua New Guinea, an Australian cyclone, and Afghanistan’s war-torn Hindu Kush. A gripping story of endurance and adventure, this is also a spiritual journey, providing poignant insight into life on the road in some of the world’s toughest corners.

Yearbook Seth Rogen. 2021-05-11 INSTANT #1 BESTSELLER FINALIST for the 2021 National Jewish Book Awards SHORTLISTED for the 2022 Rakuten Kobo Emerging Writer Prize A collection of funny personal essays from one of the writers of Superbad and Pineapple Express and one of the producers of The Disaster Artist, Neighbors, and The Boys. (All of these words have been added to help this book show up in people's searches using the wonders of algorithmic technology. Thanks for bearing with us!) Hi! I'm Seth! I was asked to describe my book, Yearbook, for the inside flap (which is a gross phrase) and for websites and shit like that, so... here it goes!!! Yearbook is a collection of true stories that I desperately hope are just funny at worst, and life-changingly amazing at best. (I understand that it's likely the former, which is a fancy "book" way of saying "the first one.") I talk about my grandparents, doing stand-up comedy as a teenager, bar mitzvahs, and Jewish summer camp, and tell way more stories about doing drugs than my mother would like. I also talk about some of my adventures in Los Angeles, and surely say things about other famous people that will create a wildly awkward conversation for me at a party one day. I hope you enjoy the book should you buy it, and if you don't enjoy it, I'm sorry. If you ever see me on the street and explain the situation, I'll do my best to make it up to you.

A Year in the Woods Torbjørn Ekelund.2021-10-12 From the acclaimed author of *In Praise of Paths* comes a humorous and modest Walden for modern times. As nature becomes ever more precious, we all want to spend more time appreciating it. But time is often hard to come by. And how do we appreciate nature without disruption? In this sensitively-written book, Torbjørn Ekelund, an acclaimed Norwegian nature writer, shares a creative and non-intrusive method for immersing oneself in nature. And the result is nothing short of transformative. Evoking Henry David Thoreau and the four-season structure of Walden, Ekelund writes about communing with nature by repeating a small, simple ritual and engaging in quiet reflection. At the start of the book, he hatches a plan: to leave the city after work one day per month, camp near the same tiny pond in the forest, and return to work the next day. He keeps this up for a year. His ritual is far from rigorous and it is never perfect. One evening, he grows so cold in his tent that he hikes out before daybreak. But as Ekelund inevitably greets the same trees and boulders each month, he appreciates the banality of their sameness alongside their quiet beauty. He wonders how long they have stood silently in this place—and reflects on his own short existence among them. *A Year in the Woods* asks us to reconsider our relationship with the natural world. Are we anxious wanderers or mindful observers? Do we honor the seasons or let them pass us by? At once beautifully written, accessible, and engaging, *A Year in the Woods* is the perfect book for anyone who longs for a deeper connection with their environment, but is realistic about time and ambition.

Education of a Wandering Man Louis L'Amour.2008-04-29 From his decision to leave school at fifteen to roam the world, to his recollections of life as a hobo on the Southern Pacific Railroad, as a cattle skinner in Texas, as a merchant seaman in Singapore and the West Indies, and as an itinerant bare-knuckled prizefighter across small-town America, here is Louis L'Amour's memoir of his lifelong love affair with learning—from books, from

yondering, and from some remarkable men and women—that shaped him as a storyteller and as a man. Like classic L'Amour fiction, *Education of a Wandering Man* mixes authentic frontier drama--such as the author's desperate efforts to survive a sudden two-day trek across the blazing Mojave desert--with true-life characters like Shanghai waterfront toughs, desert prospectors, and cowboys whom Louis L'Amour met while traveling the globe. At last, in his own words, this is a story of a one-of-a-kind life lived to the fullest . . . a life that inspired the books that will forever enable us to relive our glorious frontier heritage.
