New Developments in Diagnosing, Assessing, and Treating ADHD Gopalan, Rejani Thudalikunnil.2020-08-14 It seems as though each day more children are diagnosed with attention-deficit/hyperactivity disorder (ADHD). ADHD causes challenges not only for the patient but also for their parents, siblings, teachers, and other significant people in their lives. They have an increased vulnerability to addiction and crime. Controversially, stimulants are the primary choice for treatment of ADHD in medical management, and the side effects of this long-term pharmacological management has raised many questions. Psychosocial management including parent training, behavior therapy, and educational inputs are also major components of treatment and should not be ignored. Thus, it is vital to explore the latest best practices for the diagnosis, assessment, and management of ADHD. *New Developments in Diagnosing, Assessing, and Treating ADHD* is a collection of research on innovations in the management of ADHD. While highlighting topics including adolescent care, neurological disorders, and mental health, this book is ideally designed for academicians, clinicians (especially psychiatrists, clinical psychologists, and pediatricians), social workers, psychiatric nurses, rehabilitation centers, researchers, and students interested in the handling of this disorder and the long-term effects and social risk factors associated with treatment.

Ambani and Ambani Tarun Engineer. The presented volume deals with the dazzling rise of Dhirubhai able to create unprecedented waves of success in the world of business. Dhirubhai Ambani tops that distinguished list. He dared to dream; and he realized it through imagination, a unique business style and dare. Welcome to the latest biography of Dhirubhai by Tarun Engineer; he- has also included the life and times of Mukesh and Anil in a finely created text. A good background alone cannot catapult a man to the success platform. Don't try to change things; rather, change yourself. Dhirubhai created a business empire because he believed in himself as well as he changed himself according to the demands of markets. Thus spoke Dhirubhai, If thinking is different from those of all others, if it is fastest and foremost and the objective is to constantly improve, then no one can defeat you! The volume also describes the initial stages of a bitter business war between Anil and Mukesh, the two sons of Dhirubhai. Mukesh and Anil have the same objectives, thinking and modus operandi. However, their feud has become bitter by the day. This volume gives a brief description of the same. In this volume, the two sons of Kokilaben have been described as brave warriors. They are siblings nevertheless! Mukesh has become one of the richest persons by amassing a wealth of over Rs. 87,000 crore. By 2012 AD, he would be the industrialist with maximum cash capital in the world. Anil is not far behind. He has earned Rs. 56,384 crore till date.

His capital is to the tune of US\$ 85 billion. Welcome the new kings of global business, in this very volume! After all, they are the sons of a legend!
