Cold-Case Christianity J. Warner Wallace.2013-01-01 Written by an L. A. County homicide detective and former atheist, Cold-Case Christianity examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a "cold case": it makes a claim about an event from the distant past for which there is little forensic evidence. In Cold-Case Christianity, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the claims of Christianity. A unique apologetic that speaks to readers' intense interest in detective stories, Cold-Case Christianity inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

A God Who Hates Wafa Sultan.2011-04-26 From the front page of The New York Times to YouTube, Dr. Wafa Sultan has become a force radical Islam has to reckon with. For the first time, she tells her story and what she learned, first-hand, about radical Islam in *A God Who Hates*, a passionate memoir by an outspoken Arabic woman that is also a cautionary tale for the West. She grew up in Syria in a culture ruled by a god who hates women. How can such a culture be anything but barbarous?, Sultan asks. It can't, she concludes because any culture that hates its women can't love anything else. She believes that the god who hates is waging a battle between modernity and barbarism, not a battle between religions. She also knows that it's a battle radical Islam will lose. Condemned by some and praised by others for speaking out, Sultan wants everyone to understand the danger posed by *A God Who Hates*.

The Evolution Of Gods : The Scientific Origin Of Divinity And Religion Ajay Kansal.2012-04-23 Did gods create mankind, or did mankind create gods? Why, when and how did mankind begin to worship gods? Religious scriptures the world over claim that one or the other god made man, but science has not yet identified any supernatural power that created and governed human beings. Was it man who came up with the idea of gods to help him cope with his own fears? Could it be that ancient people attributed natural phenomena-unfathomable and frightening to them-to the working of invisible gods? What kind of sufferings or bewilderments made people bow before unseen powers or gods as we call them? When were these gods created? Who invented morals and methods of worship? Who wrote the ancient scriptures such as the Bible and the Vedas? Most crucially, have gods and the scriptures shaped our responses to the world around us? *The Evolution of Gods* seeks to answer these questions, and explains scientifically how, when and why religions and gods came into being. Ajay Kansal marshals anthropological and historical facts about the development of religions in a simple and straightforward manner to assert that it was mankind that created gods, and not the other way around.

Newer Paths in Muslim-Christian Understanding Ron George.2007-10 This book tries to outline (most inadequately) the conclusion that God is not limited by man's ways and wants all men to come to know the truth - Christ himself. A man can be a Messianic Jew, a Hindu Sadhu - as was Sadhu Sundar Singh - or a Messianic Muslim. So often our faith is culture bound; we have often interpreted the Bible from a cultural perspective and not seen the God who relates to all men. He does not want a Western form of Christianity to be imposed upon others. In Genesis 2 v 18-20 we have the cultural mandate that man was to rule over the earth and create his own society. Most Muslim converts go back into Islam, not because of a failure to be enamored by Christ but because of a loss of their identity and unacceptance by the Christian community. Few understand the forces that are at play within all of us. Ron George has been involved in missions in the Islamic world for over 44 years. He has written widely on the subject, traveled to over 30 lands and met with Muslim leaders to try to understand their points of view. His views come out of a serious study of the Islamic peoples and the Qur'an, a love for those peoples and an appreciation of their roots. He takes what well-known missiologists present and brings them to their logical conclusion in evaluating Muslim-Christian understandings. He feels that only the eyes of love can fully appreciate the task of communicating Christ to Islamic peoples, building upon what they have and not destroying what God has already started. He sees that in trying to understand others leads to better understanding our own faith. This is a book about new beginnings in understanding Muslims and adds to that process.

The Plain Truth about God 101 Allan W. Janssen.2006-07 Allan W. Janssen has published: *The Plain truth About God-101* (what the church doesn't want you to know). *God-101* presents a fascinating insight into how the original cult teachings of Jesus were altered by Greek philosophy, Pagan beliefs and Pauline thought to become the sayings of The Christ and the basis of our modern Bible. *God-101* gives an analysis of how the priesthood has corrupted Christianity and the other major religions. It shows how Dogma has led to the polarization of different sects within the same religion, (Catholic/Protestant - Shiite/Sunni) and how religious strife affects society as a whole, including the upcoming world - wide clash between Christianity and Islam! The book can be reviewed at <http://www.God-101.com> or <http://groups.msn.com/God-101>

Allah Is Not God and Muhammad Is the Messenger of Allah Ross W. Genger.2010-07 Islam presents an astonishing situation as it rejects all except those totally committing their will and mind to Allah, Muhammad, and the Qur'an, along with several other authority figures and traditions. The Bible accepts any and all who will come as humble sinners and seek the One God through the sacrifice of the Messiah of the Jews. This book is in total agreement with the Qur'an when the Qur'an says that most Jews and most Christians are evil, corrupt, and liars by the standards of right and wrong found in the Qur'an that is. The alternative is also true and again in agreement with the Qur'an. Muslims do not and may not adhere to the teachings of the Bible, which results in being lost by biblical teachings. The simple truth of the Qur'an is that Jews and Christians do not follow the Allah of the Qur'an, except a few who become Muslim. Also true is that the Muslims do not follow the God of the Bible, except a few who accept Jesus. God of the Bible is not Allah of the Qur'an, and Allah of the Qur'an is not God of the Bible, by name, by description, by personality, by judgment, or by love. The Qur'an has its greatest error when it says it is the completion and continuation of biblical revelation. This is fully accepted by Muslims because they have been taught that the Bible is corrupted, not the true one, and they do not read the Bible.

Fields of Grace Hannah Luce.2014-10-21 Airplane crash survivor Hannah Luce tells her story, not just of what happened in the plane that day and of her long road to recovery, but of how the crash changed everything she thought she knew about friendship, family, and faith--Dust jacket flap.

One God for All Dil R Banu.2014-05-29 In our times of strife and alienation, the author presents a fresh argument for harmony and togetherness. She has a deep understanding of the human mind through ages in which God eternally leaves His unifying marks. Gods Omnipresence binds our ageless humanity on one hand, and on the other, it directs us to His singular message of Unity. The author essentially focuses on the Unity of God, and articulates its dimensions from the vantage point of her Islamic conviction. In so doing, she places other religions vis-vis Islam and vice versa. In keeping with the spirit of Islam, she never indulges in the denigration of the other. She does encounter anti-Islamism that we see in vogue. Her style is unapologetic and straight to the point. She takes the antagonists to the task. But her tone, all throughout, is one of reconciliation. She seeks to make her audience understand her belief-system, i. e. Islam, and in turn, understand the misunderstanding of Islam by her audience. Her audience, obviously, is Western (if not exclusively), and as such, her arguments flourish in the Western context. She does leave room for the watchful non-Western Muslim and non-Muslim readers to get hold of that context. The book addressing timeless issues is quintessentially timely. Muhammad Mashreque has been a professor of English at Allen University, Columbia, SC. Besides, he works with such organizations as uniting adherents of the Faith (i. e. CAIR), and promoting ethnic-racial harmony (i.e. SPLC).

It's Really All About God Samir Selmanovic.2011-03-22 A fresh exploration of a redeeming, dynamic, and radically different way to hold one's religion Samir Selmanovic—who grew up in a culturally Muslim family in Croatia, converted to Christianity as a soldier in the then-Yugoslavian army, and went on to become a Christian pastor in Manhattan and in Southern California—looks at how our ongoing and sometimes violent power struggles over who owns God and what God wants for the world and its peoples are not serving God, humanity, or our planet. Shows how our religions have become self-serving, God-management systems, however Selmanovic contends—change is possible Offers a path for people of all faiths

and traditions for living together on our fragile earth Karen Armstrong said that the book is asking the right questions at the right time This is a personal story and a moving exploration of a new way of treasuring one's own religion while discovering God, goodness, and grace in others and in their traditions.

Man Created God ZBIGNIEW ALEXANDER.2016-04-20 Zbigniew Alexander believes that blind faith, aka religion, directly or indirectly drives much of the turmoil and strife in the world. He submits that the God of these faiths does not exist. He did not create us, but we did Him. In the author's view, a stable future for mankind demands that we deconstruct religion the world over, starting in our own USA, where religion plays far too big a role compared to any other developed nation and where democracy should be our ally. Professing atheism should be a basic human right like professing any other religion and should be recognized as such across the world. Also, for a democracy to work, every voter should vote. Mr. Alexander urges vigorous participation in the upcoming general elections, particularly in the primaries, and encourages the secular segment of society, atheists included, to come out, step up, vote and seek leadership roles. Mr. Alexander makes his case in an eloquent, entertaining read from start to finish, first by showing why he feels a personal God is preposterous and how we created Him. He goes on to show how world and national affairs are adversely affected by religion. All this while respecting the various cultures and their faiths. Even if you disagree with his conclusions you will find it hard not to at least see where he is coming from, and have an enjoyable, challenging and informative read to boot!

Pentecostals in America Arlene Sánchez Walsh.2018-06-26 Pentecostalism is one of the most significant modern movements in global Christianity today. A mixture of ecstatic expression and earnest piety, metaphysical nuance and embodied spirituality, it is far more than the stereotype of a supernatural sideshow. In this presumably secular era, Pentecostalism continues to grow, adapting to a diverse religious marketplace and becoming more racially and ethnically diverse. Originally an American phenomenon, it is now a globe-spanning religion. In this book, Arlene M. Sánchez Walsh provides a thematic overview of Pentecostalism in America, covering Pentecostal faith and practices, gender and sexuality, race and ethnicity, trends and offshoots, and the future of American Pentecostalism. She also considers Pentecostalism's spiritual lineages, examining colorful leaders, ordinary adherents, and prominent outliers, as well as its deep roots in American popular culture. She examines Pentecostalism as a narrative performance, aiming to explain what Pentecostalism is through the experiences and stories of its adherents. Sánchez Walsh treats this Christian movement with the critical eye it has often lacked, and places it in context within the larger narrative of American religious history. An indispensable introduction to Pentecostalism, rich with insights for experienced readers, *Pentecostals in America* is an essential study of a vibrant religious movement.

A Million and One Gods Page duBois.2014-06-16 As *A Million and One Gods* shows, polytheism is considered a scandalous presence in societies oriented to Jewish, Christian, and Muslim beliefs. Yet it persists, even in the West, perhaps because polytheism corresponds to unconscious needs and deeply held values of tolerance, diversity, and equality that are central to civilized societies.

The Truth About Gods Gary Wheatley.2012-10-31 The majority of the world's population believes there is a God. Some people believe in many gods while others believe in only one God. There is also a growing number of people who believe God does not exist or is just a figment of the human imagination. What is the truth? Who is right? The author of this book has relentlessly searched for the truth. For people who want to know the truth this book will reveal it to them. In the modern educational system we are teaching many or most children there is a God or gods, but if God does not exist, then we are misleading children all around the world. In the meantime, the Earth is continually becoming a more endangered planet and our ability as a species to face the truth about the existence of God may be the difference between us destroying this planet's environment or protecting it for future generations. It often takes courage to face the truth but honesty is a great virtue which should be encouraged and treasured by us all.

Discovery of God Rafiq Zakaria.2000 This Volume Presents A Historical Not A Religions Survey; It Analyses The Place Of God In Every Major Religion Cutting Across Religious Precepts And Practices And Brings Out The Continual Discovery Of The Only One Who Has Endured.

Is God a Christian R. Kirby Godsey.2016-03 And while Christianity is continuing to grow at a modest rate, other religions are growing at a faster pace. Some scholars predict that Islam will overtake Christianity as the world's largest religion by the middle of the twenty-first century. Predictions aside, religions are competing for the world stage, and in the competition, Christians seem certain that God is on their side. Christians often think and behave as though God is a Christian. This book is written to ask if that assumption is true and to foster a more open conversation about other world religions. The world has grown too small and the stakes for mankind have grown too high for any of us to engage our faith as if our understanding of God represents the only way God's presence may be known in the world. We need, more than ever before, to develop creative communities of conversation. Conversation does not begin with talking. It begins with listening. Like Quakers of old, we need to gather in humility and honesty to face the meanness and evil that religion itself has sometimes heaped upon mankind. Godsey asserts that We should open ourselves to new spectrums of light that may emanate from faiths foreign to our own. Our high calling is to commit ourselves to building a better pathway for creating understanding and mutual respect among people of faith throughout the world. Book jacket.

Why We Believe in God(s) J. Anderson Thomson,Clare Aukofer.2014-07-01 In this groundbreaking volume, J. Anderson Thomson, Jr., MD, with Clare Aukofer, offers a succinct yet comprehensive study of how and why the human mind generates religious belief. Dr. Thomson, a highly respected practicing psychiatrist with credentials in forensic psychiatry and evolutionary psychology, methodically investigates the components and causes of religious belief in the same way any scientist would investigate the movement of astronomical bodies or the evolution of life over time—that is, as a purely natural phenomenon. Providing compelling evidence from psychology, the cognitive neurosciences, and related fields, he, with Ms. Aukofer, presents an easily accessible and exceptionally convincing case that god(s) were created by man—not vice versa. With this slim volume, Dr. Thomson establishes himself as a must-read thinker and leading voice on the primacy of reason and science over superstition and religion.

Divine Audacity Linda Martella-Whitsette.2015-02-01 Experience Oneness with the Divine and Light Up the World On the publication of her first book, Larry Dossey, MD, author of *Prayer Is Good Medicine*, wrote: "Martella-Whitsett is a wise guide. Her new book makes the audacious claim that each of us can be "the light of the world" Jesus instructed his followers to be. Martella-Whitsett offers a path for living a deep and authentic life outside of the strictures of traditional religious categories. A refreshing approach, in essence, on how to be spiritual without being religious. We need to jettison the idea of a God who is out there and above us. God is not a super-human who gives and takes, punishes and rewards. God does not require human suffering and repentance. We truly find God when we go inside to connect with divine light, realize our oneness with God and others, and let our light shine in the world. Martella-Whittset looks at what "divine light" is and how it is both audacious and normal to claim it for ourselves. Next she introduces us to 12 spiritual powers we can all develop and learn to use on a daily basis: faith, understanding, will, imagination, zeal power, love, wisdom, strength, order, release, and life itself. When we consciously shine our spiritual powers on ourselves, not only are our lives improved,

but all of humanity can be enriched and transformed. Let your light shine!

Take Back the Word - A Queer Reading of the Bible Robert E. Goss, Mona West. 2000-11-15 Perhaps the most revolutionary contribution of Take Back the Word is its presentation of resistant practices of reading the Bible that challenge oppressive applications of Scripture to clobber queer folk. If lesbians, gay men, bisexuals, transgender, non-gender-conforming, and questioning people are to take back the word of Scripture for themselves, they must take it back in a new way. Essays examine queer strategies for reading, queer ethical models from the Hebrew Scriptures, and queer good news stories from the Christian Scriptures.

God Is Not a Christian, Nor a Jew, Muslim, Hindu... Carlton Pearson. 2010-03-30 The author of The Gospel of Inclusion continues to rouse organized religion as he raises controversial issues and provides enlightening answers to the deepest questions about God and faith. What is God? Where is God? Who is the one true God? Questions such as these have driven a thousand human struggles, through war, terrorism, and oppression. Humanity has responded by branching off into multiple religions, including Christianity, Judaism, Islam—each one pitted against the other. But it doesn't have to be that way. In God Is Not a Christian, nor a Jew, Muslim, Hindu . . . , the provocative and acclaimed Bishop Carlton Pearson follows up on his celebrated first book, The Gospel of Inclusion, to tackle these questions and many more, exploring new ideas about God and faith and putting forth the stunning assertion that God belongs to no particular religion but is an ever-loving presence available to all. For these beliefs, Bishop Pearson lost his thriving Pentecostal ministry but was catapulted instead into a greater pulpit. His readership has grown through appearances on national television and an extensive speaking schedule. With the world in the midst of a holy war, there is no better time for the wisdom of Bishop Pearson to reach a global audience. Bishop Pearson's many loyal fans, along with new readers, will surely welcome this provocative and eye-opening exploration of a deeper faith, one that goes far beyond any fundamentalist way of thinking, be it Christian, Jewish, Muslim, Hindu, etc. Simply put, Bishop Pearson dares to tell the truth so many others are too afraid to face.

Manifestations of Masculine Magnificence Teresa N. Washington. 2014-02-25 Manifestations of Masculine Magnificence: Divinity in Africana Life, Lyrics, and Literature is a remarkable study and the first of its kind. Teresa N. Washington eschews popular culture's pimp myths and thug sagas and traces the Africana man's power, creativity, and consciousness to his inherent divinity. Manifestations of Masculine Magnificence takes the reader to the source of power with an analysis of African Divinities and divine technologies. Washington explores the permanence and proliferation of African Gods from oppressive plantations to the empowering proclamations of such leaders as W. D. Fard, Marcus Garvey, Father Divine, and Allah, the Father. Washington analyzes the summonses to and from the Gods that resonate in the music of such artists as Erykah Badu, The RZA, Sun Ra, X Clan, and Rakim. Using literary analysis as a prism to display the diversity of Africana divinity, Washington reveals the literature of such writers as August Wilson, Walter Mosley, Toni Morrison, Ngugi wa Thiong'o, and Ishmael Reed to be three-way mirrors that eternally reflect and project the Gods, their myriad powers, and their weighty responsibilities. Manifestations of Masculine Magnificence will prove indispensable to independent scholars as well as scholars of Comparative Literature, Hip Hop Studies, Gender Studies, Africana Studies, Literary Criticism, and Religious Studies.

No god but God: The Origins and Evolution of Islam Reza Aslan. 2012-08-14 Engaging, accessible, and thought-provoking, No god but God is a persuasive, elegantly written, and accessible introduction for young readers to a faith that for much of the West remains shrouded in ignorance and fear. Adapted for young readers from No god but God: The Origins, Evolution, and Future of Islam, this exploration of Islam by Reza Aslan, internationally acclaimed scholar of comparative religion, delves into the rituals and traditions of a religion that is largely misunderstood by the West. It covers the religion's origins—the revelation of Muhammad as Prophet and the subsequent uprising against him, and the emergence of his successors—as well as Islam's complex history. No god but God is sure to stimulate discussion and encourage understanding of the Islamic faith and the people who follow it. Praise for No god But God: The Origins, Evolution, and Future of Islam of Islam “This welcome addition to Islamic studies provides a valuable context for reflection about the origins of issues facing Muslims and their neighbors today.”—Publishers Weekly “An introduction to Islam as evocative as it is provocative.”—Kirkus Reviews “Wise and passionate book.”—New York Times Financial Times Best Book of the Year

A Blend of Three Religions Raymond Essang. 2012-08-01 The Islamists are not worshipping the same God with the Christians. How Lucifer dreamt of displacing Jehovah God and Jesus and Jesus ordered Michael to expel him from heaven. The result was War . Lucifer suffered a defeat from the arms of Michael and crashed landed on earth with his demons. How he continues pitched battles of war of aggression against Gods people - through Islamist religion on earth. How Lucifer first destroyed Gods work, starting from Adam and Eve; made them to disobey God by masquerading as a serpent. When Jesus came to earth, he tried to deceive Him. How Jesus used the words of God to get him round and he scrambled. How Ishmael was not the Father of the Arab people. History of Allah, how the Jinn called Lucifer masqueraded as Angel Gabriel to deceive and brainwash Mohammed at the cave of Hira. He demonized, squeezed, scared and made him suffer from convulsion and assisted him to write Koran. With such sayings; as God has no Son, that Christ did not die on the Cross and did not resurrect. That he, Lucifer the masqueraded Angel Gabriel is Islamic holy spirit . How his characters were unable to blend with that of the real Angel Gabriel. By their fruits we know who they are. You will also read about the deceit and brainwash of Lucifer to Mohammed since Mohammed did not have any connection with Jehovahs Holy Spirit. Why Mohammed tied Islam to Christianity and Judaism. Why he refused to operate Islam independently like Hinduism or Buddhism. How Allah denied Prophet Mohammed prophetic, miraculous and healing power as a prophet and instead endowed him with sex power and women. How Mohammed ascended into heaven in trance on board Buraq. How he saw all the prophets of Jehovah in Allahs heaven and failed to see Ishmael.

Reasonable Faith William Lane Craig. 2008 This updated edition by one of the world's leading apologists presents a systematic, positive case for Christianity that reflects the latest work in the contemporary hard sciences and humanities. Brilliant and accessible.

The Gospel of Inclusion Carlton Pearson. 2009-03-10 Fourth-generation fundamentalist Carlton Pearson, a Christian megastar and host, takes a courageous and controversial stand on religion that proposes a hell-less Christianity and a gospel of inclusion that calls for an end to local and worldwide conflicts and divisions along religious lines. The Gospel of Inclusion explores the exclusionary doctrines in mainstream religion and concludes that according to the evidence of the Bible and irrefutable logic, they cannot be true. Bishop Pearson argues that the controlling dogmas of religion are the source of much of the world's ills and that we should turn our backs on proselytizing and holy wars and focus on the real good news: that we are all bound for glory, everybody is saved, and if we believe God loves all mankind, then we have no choice but to have the same attitude ourselves. The Gospel of Inclusion also tells the story of a powerful religious figure who watched everything he had crumble due to a scandal. Why? He didn't steal money nor did he have inappropriate sexual relationships. Following a revelation from God, he began to preach that a loving God would not condemn most of the human race to hell because they are not Christian. He preaches that God belongs to no religion. The Gospel of Inclusion is the journey of one man's quest to preach a new truth.

Being Both Susan Katz Miller. 2013-10-22 A book on the growing number of interfaith families raising children in two religions Susan Katz Miller

grew up with a Jewish father and Christian mother, and was raised Jewish. Now in an interfaith marriage herself, she is a leader in the growing movement of families electing to raise children in both religions, rather than in one religion or the other (or without religion). Miller draws on original surveys and interviews with parents, students, teachers, and clergy, as well as on her own journey, in chronicling this grassroots movement. *Being Both* is a book for couples and families considering this pathway, and for the clergy and extended family who want to support them. Miller offers inspiration and reassurance for parents exploring the unique benefits and challenges of dual-faith education, and she rebuts many of the common myths about raising children with two faiths. *Being Both* heralds a new America of inevitable racial, ethnic, and religious intermarriage, and asks couples who choose both religions to celebrate this decision.

Abraham's God John W. Dickerson.2019-11-06 Abraham's God is the incredible story of the origin of Judaism, Christianity, and Islam, and how they came to the shared faith in the God of Abraham, the God of over half the people in the world. To understand the culture and conflicts of half of the world, you must first understand the beliefs of Judaism, Christianity, and Islam. *Abraham's God* is not a book of religion for the religious, but for anyone attempting to understand the deep divides and violent conflicts between Jews, Christians, and Muslims. Judaism, Christianity, and Islam share the same fundamentals of faith in the same God, yet for most of history they have been violently divided. *Abraham's God* explores this divide as it follows the journey of the Jews as they develop their faith, then Christians as they built on the foundations of Judaism, and the beginnings of Islam as Muhammad brought Abraham's God to the Arabs. The story begins long before Abraham and ends in the ninth century, when Christianity and Islam had firmly established themselves as the religions that would dominate the world into our twenty-first century. In the thousand years before Islam, *Abraham's God* tells the story of how Judaism and Christianity evolved and morphed in ways not taught in synagogues and churches. It tells how ideas of other ancient religions assimilated into Judaism, and then how Christians divided in their beliefs fought for centuries until Roman emperors imposed by law the theology of Christianity today. Not all Christians accepted the rulings of the emperors, and Islam was Muhammad's attempt to unify the mystifying divides. *Abraham's God* is essential to understanding the division that remains today between Jews, Christians, and Muslims.

God Is Not Great Christopher Hitchens.2008-11-19 Christopher Hitchens, described in the London Observer as "one of the most prolific, as well as brilliant, journalists of our time" takes on his biggest subject yet—the increasingly dangerous role of religion in the world. In the tradition of Bertrand Russell's *Why I Am Not a Christian* and Sam Harris's recent bestseller, *The End Of Faith*, Christopher Hitchens makes the ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason, in which hell is replaced by the Hubble Telescope's awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix.

A History of God Karen Armstrong.2011-08-10 Why does God exist? How have the three dominant monotheistic religions—Judaism, Christianity, and Islam—shaped and altered the conception of God? How have these religions influenced each other? In this stunningly intelligent book, Karen Armstrong, one of Britain's foremost commentators on religious affairs, traces the history of how men and women have perceived and experienced God, from the time of Abraham to the present. The epic story begins with the Jews' gradual transformation of pagan idol worship in Babylon into true monotheism—a concept previously unknown in the world. Christianity and Islam both rose on the foundation of this revolutionary idea, but these religions refashioned 'the One God' to suit the social and political needs of their followers. From classical philosophy and medieval mysticism to the Reformation, Karen Armstrong performs the near miracle of distilling the intellectual history of monotheism into one superbly readable volume, destined to take its place as a classic. Praise for *History of God* "An admirable and impressive work of synthesis that will give insight and satisfaction to thousands of lay readers."—The Washington Post Book World "A brilliantly lucid, spendidly readable book. [Karen] Armstrong has a dazzling ability: she can take a long and complex subject and reduce it to the fundamentals, without oversimplifying."—The Sunday Times (London) "Absorbing . . . A lode of learning."—Time "The most fascinating and learned study of the biggest wild goose chase in history—the quest for God. Karen Armstrong is a genius."—A.N. Wilson, author of *Jesus: A Life*
