**Death Waits in the Dark** Mark Edward Langley.2020-08-04 It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the

identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

**Principles of European Tort Law** European Group on Tort Law.2009-09-02 The European Group on Tort Law presents the results of its extensive research project, the Principles of European Tort Law. They were drafted on the basis of several comparative studies on the most fundamental questions of tortious liability and the law of damages. The Principles are not a mere restatement of the common core of tort law in Europe, but rather a proposal for a comprehensive system of tortious liability for the future, though necessarily linked to existing regimes. They are meant to stimulate discussion both among academics and practitioners and could serve as guidelines for national legislatures, thereby fostering gradual harmonization. The text of the Principles, which is offered in English and several other languages, is accompanied by commentaries on the various parts elaborating their intended meaning and interplay.

**Women in the Holocaust** Zoë Waxman.2017-01-26 Despite some pioneering work by scholars, historians still find it hard to listen to the voices of women in the Holocaust. Learning more about the women who both survived and did not survive the Nazi genocide — through the testimony of the women themselves — not only increases our understanding of this terrible period in history, but makes us rethink our relationship to the gendered nature of knowledge itself. *Women in the Holocaust* is about the ways in which socially- and culturally-constructed gender roles were placed under extreme pressure; yet also about the fact that gender continued to operate as an important arbiter of experience. Indeed, paradoxically enough, the extreme conditions of the Holocaust — even of the death camps — may have reinforced the importance of gender. Whilst Jewish men and women were both sentenced to death, gender nevertheless operated as a crucial signifier for survival. Pregnant women as well as women accompanied by young children or those deemed incapable of hard labour were sent straight to the gas chambers. The very qualities which made them women were manipulated and exploited by the Nazis as a source of dehumanization. Moreover, women were less likely to survive the camps even if they were not selected for death. Gender in the Holocaust therefore became a matter of life and death.

Bored and lonely, she can't resist exploring the house's maze, or making an impulsive wish for a fantasy-book adventure with herself as the heroine. What she gets instead is a real adventure: a trip back in time to 1860 and the race-haunted world of her family's Louisiana sugar plantation. Here, President Lincoln's Emancipation Proclamation is still two years in the future and passage of the Thirteenth Amendment is almost four years away. And here, Sophie is mistaken, by her own ancestors, for a slave.

A Star Is Bored Byron Lane.2020-07-28 A Star is Bored is an absolute knockout. Riotously funny and wickedly tender. — Taylor Jenkins Reid, New York Times bestselling author of Daisy Jones and the Six Wildly funny and irreverent... Lane's writing lifts the novel far above its gossamer Hollywood setting, suffusing [the novel] with a complex sensitivity. - The New York Times Book Review A

hilariously heartfelt novel influenced in part by the author's time assisting Carrie Fisher. People Magazine Best Book of Summer 2020 - Named a Must-Read Summer book by Town & Country - Named One of the 14 Best Books of Summer 2020 by Harper's Bazaar - One of Library Journal's 2020 Titles to Watch - One of the 30 Best Beach Reads According to Parade Magazine She needs an assistant. He needs a hero. Charlie Besson is tense and sweating as he prepares for a wild job interview. His car is idling, like his life, outside the Hollywood mansion of Kathi Kannon, star of stage and screen and People magazine's Worst Dressed list. She's an actress in need of assistance, and he's adrift and in need of a lifeline. Kathi is an icon, bestselling author, and award-winning movie star, most known for her role as Priestess Talara in a blockbuster sci-fi film. She's also known in another role: Outrageous Hollywood royalty. Admittedly so. Famously so. Chaotically so, as Charlie quickly discovers. Charlie gets the job, and his three-year odyssey is filled with late-night shopping sprees, last-minute trips to see the aurora borealis, and an initiation to that most sacred of Hollywood tribes: the personal assistant. But Kathi becomes much more than a boss, and as their friendship grows Charlie must make a choice. Will he always be on the sidelines of life, assisting the great forces that be, or can he step into his own life's leading role? Laugh-out-loud funny, and searingly poignant, Byron Lane's A Star is Bored is a novel that, like the star at its center, is enchanting and joyous, heartbreaking and hopeful.

**Children in Street Situations** Riccardo Lucchini,Daniel Stoecklin.2019-11-05 This book provides new insights on the lives of children in street situations by providing analyses from a qualitative perspective on the sociology of childhood. It proposes some insightful perspectives on the current

discussion about the rights of children in street situations. It includes a unique selection of texts, which were initially published in French, written by the authors of this volume, on the lives of children in street situations in Latin America and China, that are now available to an English readership. It challenges obstacles, linked to macrosocial issues such as inequalities, images of the child, the separation of public/private spheres, urban dynamics and structural adjustments, as well as to microsocial dimensions such as identity, motivation, and activities that are constitutive of street situations. The book discusses the situations experienced by children, highlighting children's reflexivity and strategies as social factors, and shedding new light on the debate "agency within structure".

Contradictions of Consumption Tim Edwards. 2000 A critical introduction to the field that manages to be both considered and argumentative, and stands out distinctly from the more 'culturalist' alternatives available . . . it should provide a strong text for undergraduate courses. Don Slater, Goldsmiths College, University of London \* How has consumer society developed? \* What are the social divisions, politics and policies associated with consumption? \* How do consumer practices have social significance? This lively and accessible text shows how consumption is increasingly important in dominating our individual lives and indeed the entire development and direction of contemporary society, nationally and internationally. Consumption is inherently contradictory in its nature and meaning. The most rapturous form of shopping, for example clothes purchasing on unlimited plastic in a shopping mall, may turn into the most tortuous as the shopper tires, the clothes don't fit, and the car park is cramped. Tim Edwards argues that the practice of consumption

itself and consumer society more widely is often socially divisive and iniquitous, and examines the extent to which consumer power is real or illusory. He provides a thorough analysis and critique of the theories, practices and politics of consumer society. In particular, this book addresses the social divisions of consumption through topics such as fashion, advertising and marketing, as well as more classical and contemporary theories of consumer society. It will appeal to a wide range of students in sociology, cultural studies, social policy and the politics of identity.

**Mountain Emergency Medicine** Hermann Brugger, Ken Zafren, Luigi Festi, Peter Paal, Giacomo Strapazzon. 2021-03-15T00:00:00+01:00 Mountain emergency medicine has seen exponential development due to the ever increasing number of people who hike or trek as well as practice extreme sports. Emergency physicians and nurses need to be equipped with the necessary training to be able to manage “on the field” accidents and sicknesses as well as their own physical security. Theoretical knowledge is generally of high level but practical expertise is dangerously lacking in many operators. Furthermore, treatment modalities on the field have not been completely codified and are not supported by internationally-accepted guidelines. This book is the first to offer a complete and thorough approach to this field of Emergency Medicine based on the latest research findings.

**Monster Gets a Job** Ellen Blance, Ann Cook. 1977-01-01

*Matters of Testimony* Nicholas Chare, Dominic Williams. 2015-12-01 In 1944, members of the Sonderkommando—the “special squads,” composed almost exclusively of Jewish prisoners, who ensured the smooth operation of the gas chambers and had firsthand knowledge of the extermination process—buried on the grounds of Auschwitz-Birkenau a series of remarkable

eyewitness accounts of Nazi genocide. This careful and penetrating study examines anew these "Scrolls of Auschwitz," which were gradually recovered, in damaged and fragmentary form, in the years following the camp's liberation. It painstakingly reconstructs their historical context and textual content, revealing complex literary works that resist narrow moral judgment and engage difficult questions about the limits of testimony.

My Devotion Julia Kerninon.2020-08-27 Winner of the 2018 Fénéon Literary Prize A subtle, captivating, and insightful exploration of the mysterious connections between love, submission, and creation. Helen and Franck, both born into high-ranking diplomatic families, meet in Rome as high-school students and immediately detect in each other the wounded child hidden beneath their gilded social status. Their relationship becomes a dangerous, explosive mix of love and friendship. Immediately after Helen's graduation, they leave their past and family behind to move in together in her apartment in Amsterdam. While Helen immerses herself in her studies and embarks on a promising academic career, Frank, after a few difficult years, makes a spectacular debut on the Dutch Art scene with his first paintings. Helen remains faithfully by his side during his rise to fame, overseeing the domestic details of his life in apparent total self-abnegation. Are introverted Helen and flamboyant Franck who they really appear to be? Are they victims or monsters? Kerninon's English language debut, full of masterfully orchestrated twists and turns, leaves simple distinctions behind and progresses on to far more intriguing terrain.

*America's New Democracy* Morris Fiorina,Professor Morris P Fiorina,Paul Peterson,D. Stephen Voss.2002-12 The Update of this brief, highly affordable Penguin Academic Series book includes discussions about September 11th, the war on terrorism, and the midterm elections. *America's New Democracy* is part of Longman's highly popular Penguin Academic Series, which, in the tradition of

Penguin Publishers, offers accessibly written, elegantly designed, and highly affordable trade-format books by pre-eminent scholars. Carried by a strong narrative voice and brimming with student-relevant examples, America's New Democracy provides a focused treatment of American government, one that challenges the view that government seldom listens to regular citizens. Like its parent text, The New American Democracy by Fiorina and Peterson, this book illustrates popular influence across the political system in defense of a central theme--that elections matter more in America's system than they have in the past or than they do in most democracies. The book will generate excitement as readers realize that, in a political market where votes are the main currency, both power and responsibility ultimately rest on their shoulders. This Election Update is the first edition of America's New Democracy with new discussion with the least amount of disruption to instructors. Since the page numbers don't change, instructors do not have to change their syllabi to use this Update. The currency of the book will help engage students in the text material and the discussions of September 11th will help to answer their questions about the ways in which the attacks have affected our lives and our political system.

**Memory and Forgetting in the Post-Holocaust Era** Alejandro Baer,Natan Sznajder.2016-11-25 To forget after Auschwitz is considered barbaric. Baer and Sznajder question this assumption not only in regard to the Holocaust but to other political crimes as well. The duties of memory surrounding the Holocaust have spread around the globe and interacted with other narratives of victimization that demand equal treatment. Are there crimes that must be forgotten and others that should be remembered? In this book the authors examine the effects of a globalized Holocaust culture on the ways in which individuals and groups understand the moral and political significance of their respective histories of extreme political violence. Do such transnational memories facilitate or hamper the task of coming to terms with and overcoming divisive pasts? Taking Argentina, Spain and a number of sites in post-communist Europe as test cases, this book illustrates the transformation from a nationally oriented ethics to a trans-national one. The authors look at media,

scholarly discourse, NGOs dealing with human rights and memory, museums and memorial sites, and examine how a new generation of memory activists revisits the past to construct a new future. Baer and Sznajder follow these attempts to manoeuvre between the duties of remembrance and the benefits of forgetting. This, the authors argue, is the ethics of Never Again.
