Poetics Project Tony Oursler, Mike Kelley. 1999-10-01 In the late 1970s, while students at Cal Arts, Tony Oursler and Mike Kelley formed a band called first, polka Dot and the Spots, and finally, The Poetics. This little-known musical aggregation was preceded perhaps only by The Weirdos (an early LA punk band with members from Cal Arts) as one of the first New Wave Art Rock bands of that period. Inspired by Laurie Anderson's class at Cal Arts, Kelley and Oursler's band was experimenting with ways to integrate visual arts with music. This limited edition package documents the brief life of The Poetics.

Anti-Stepbrother Tijan. 2019-11-10 He told me to settle. He asked what was wrong with me. He called me an easy target. That was within minutes when I first met Caden Banks. I labeled him an *sshole, but he was more than that. Arrogant. Smug. Alpha. He was also to-die-for gorgeous, and my stepbrother's fraternity brother. Okay, yes I was a little naive, a tad bit socially awkward, and the smallest amount of stalker-ish, but if Caden Banks thought he could tell me what to do, he had another thing coming. I came to college with daydreams about being with my stepbrother, but what if I fell for the anti-stepbrother instead? *Stand-alone novel

Jealousy Alain Robbe-Grillet. 2017-09-28 In his most famous and perhaps most typical work, Robbe-Grillet explores his principal preoccupation: the meaning of reality. The novel is set on a tropical banana plantation, and the action is seen through the eyes of a narrator who never appears in person, never speaks and never acts. He is a point of observation, his personality only to be guessed at, watching every movement of the other characters' actions as they flash like moving pictures across the distorting screen of a jealous mind. The result is one of the most important and influential books of our time, a completely integrated masterpiece that has already become a classic.

Paper Tiger Olivier Rolin. 2007-01-01 Their generation was anything but lost, at least in the beginning. Filled with fiery ambition and idealistic to a fault, they found their voice in the Paris of 1968 and were intent on exposing the powers of repression and the demons of Western capitalism (and what, really, was the difference?) by any means. But the acts of violence misfired, the principles of Marxism and Maoism became emptied of meaning, and the casualties mounted. The protagonist Martin is now middle-aged; his group, 'The Cause,' is disbanded; his best friend has committed suicide; and he finds he must try to explain to the man's daughter who they were, what they thought they were doing, and what happened. Paper Tiger takes place during one night that this unlikely couple spends driving around Paris as they revisit a somewhat distant past. This odyssey is adroitly evoked by Rolin's long, fluid sentences as they reflect the car's route past the sundry signs of the past and advertisements of the present dotting the Paris beltway. This prize-winning novel by one of France's most acclaimed writers tells, through Martin, the elegiac story of a whole generation's coming of age.

Music in Cinema Michel Chion. 2021-10-12 Michel Chion is renowned for his explorations of the significance of frequently overlooked elements of cinema, particularly the role of sound. In this inventive and inviting book, Chion considers how cinema has deployed music. He shows how music and film not only complement but also transform each other. The first section of the book examines film music in historical perspective, and the second section addresses the theoretical implications of the crossover between art forms. Chion discusses a vast variety of films across eras, genres, and continents, embracing all the different genres of music that filmmakers have used to tell their stories. Beginning with live accompaniment of silent films in early movie houses, the book analyzes Al Jolson's performance in *The Jazz Singer*, the zither in *The Third Man*, Godard's patchwork sound editing, the synthesizer welcoming the flying saucer in *Close Encounters of the Third Kind*, and the Kinshasa orchestra in *Félicité*, among many more. Chion considers both original scores and incorporation of preexisting works, including the use and reuse of particular composers across cinematic traditions, the introduction of popular music such as jazz and rock, and directors' attraction to atonal and dissonant music as well as *musique concrète*, of which he is a composer. Wide-ranging and original, *Music in Cinema* offers a welcoming overview for students and general readers as well as refreshingly new and valuable perspectives for film scholars.

Merchants of Culture John B. Thompson.2021-04-14 These are turbulent times in the world of book publishing. For nearly five centuries the methods and practices of book publishing remained largely unchanged, but at the dawn of the twenty-first century the industry finds itself faced with perhaps the greatest challenges since Gutenberg. A combination of economic pressures and technological change is forcing publishers to alter their practices and think hard about the future of the books in the digital age. In this book - the first major study of trade publishing for more than 30 years - Thompson situates the current challenges facing the industry in an historical context, analysing the transformation of trade publishing in the United States and Britain since the 1960s. He gives a detailed account of how the world of trade publishing really works, dissecting the roles of publishers, agents and booksellers and showing how their practices are shaped by a field that has a distinctive structure and dynamic. This new paperback edition has been thoroughly revised and updated to take account of the most recent developments, including the dramatic increase in ebook sales and its implications for the publishing industry and its future.

The Air He Breathes Brittainy Cherry.2024 Elizabeth is still reeling from the death of her husband that took place a year prior. She and her young daughter, Emma, took a year to stay with Elizabeth's mother. When the time has come, Elizabeth and Emma choose to return to their hometown of Meadows Creek, Wisconsin. On the drive back into town, Elizabeth accidentally hits a dog, and the owner grumpily dashes into the street and demands Elizabeth takes him and the dog to the vet. Tristan is the owner of the dog. He's cold and distant, but Elizabeth connects to him in some odd way, even if they didn't have the best first meetings. It is later discovered that Tristan Cole is Elizabeth's new neighbor, and he is tagged as the town's grumpy jerk who is closed-off to everyone around him, outside of Mr. Henson, Tristan's odd and quirky boss who owns the shop Needful Things. While Tristan tries his best to keep his distance from Elizabeth, their paths keep crossing in the small town. The townspeople warn Elizabeth to keep her distance from Tristan, as he's a bad seed, but she cannot help but feel drawn to his darkness. During one of their crossings, Tristan snaps at Elizabeth, telling her that he doesn't want to get to know her, or be her friend, even though she keeps insisting on that happening. He ends up kissing her, which throws them both for a loop, and after said kiss, he accidentally makes her fall down the hill they are standing on, making her get scrapped up and injured. During their next crossing, Tristan finds Elizabeth wandering drunk in the wooded area behind their homes, and he helps her to his house after realizing she's too wasted to be outside alone. They have a heart-to-heart and learn about one another's losses. It is after that connection that they come up with the bad idea to use one another to feel again. They began having a fling, using sex to feel connected to another, to make believe that their loved ones are still around, yet it goes sideways once Elizabeth's grief becomes too loud. It is at that point that Tristan decides that being friends with Elizabeth would be the right option instead of using sex to forget. While the two are building their friendship, and are falling more and more for one another, the best friend of Elizabeth's late husband, Tanner, makes it known that he has feelings for her. Elizabeth explains to Tanner that she cares for him, but not in that way. After Tanner takes the rejection, he is livid to find out that she is seeing the town's jerk, Tristan. Tanner threatens Tristan, and tries to trigger him from time to time, to make him snap in front of Elizabeth. After none of Tanner's tricks works, he goes the extra mile by notifying Elizabeth that it was her late husband who was in the car accident with Tristan's late wife and his son, which led to their deaths. Elizabeth doesn't handle this news well but keeps it to herself because she knows it will destroy Tristan. That was when Tanner took the news and revealed it to Tristan, making Tristan harshly end things with Elizabeth. He leaves town and goes to see his parents, where he falls apart. It is then in those conversations that he learns the night of the accident, after Elizabeth loss her husband, she found Tristan's mom in the lobby of the hospital alone. Elizabeth comforted her, and then went and sat with Tristan's wife so she wouldn't be alone while Tristan's mom went to check on his son. The story concludes with Elizabeth learning that Tanner was the one who messed with her late husband's car, which in turn caused the accident. She learns how obsessed he had been with Elizabeth for years. Tanner caused the accident in order to get Elizabeth's husband out of the picture, so he could be the man in her life. Once Tristan connected those dots, he returned to town to protect Elizabeth and Emma from the craziness that was Tanner. After making sure everyone was safe, Tristan confesses his love for Elizabeth, who loves him fully back, and they begin to build a new life together, while still honoring their loved ones from the past. The Air He Breathes is a story of hope, of compassion, and the true meaning of love--

The Republic of Letters Marc Fumaroli.2018-09-18 A provocative exploration of intellectual exchange across four centuries of European history by the author of *When the World Spoke French* In this fascinating study, preeminent historian Marc Fumaroli reveals how an imagined republic of ideas and interchange fostered the Italian Renaissance, the Enlightenment, and the French Revolution. He follows exchanges among Petrarch, Erasmus, Descartes, Montaigne, and others from the fifteenth through the eighteenth centuries, through revolutions in culture and society. Via revealing portraits and analysis, Fumaroli traces intellectual currents engaged with the core question of how to live a moral life--and argues that these men of letters provide an example of the exchange of knowledge and ideas that is worthy of emulation in our own time. Combining scholarship, wit, and reverence, this thought-provoking volume represents the culmination of a lifetime of scholarship.

Why Africa is Poor Greg Mills.2012-10-01 Economic growth does not demand a secret formula. Good development examples now abound in East Asia and further afield in others parts of Asia, and in Central America. But why then has Africa failed to realise its potential in half a century of independence? *Why Africa is Poor* demonstrates that Africa is poor not because the world has denied the continent the market and financial

means to compete: far from it. It has not been because of aid per se. Nor is African poverty solely a consequence of poor infrastructure or trade access, or because the necessary development and technical expertise is unavailable internationally. Why then has the continent lagged behind other developing areas when its people work hard and the continent is blessed with abundant natural resources? Stomping across the continent and the developing world in search of the answer, Greg Mills controversially shows that the main reason why Africa's people are poor is because their leaders have made this choice.
