Andrew Chesnut.2017-09-06 R. Andrew Chesnut offers a fascinating portrayal of Santa Muerte, a skeleton saint whose cult has attracted millions of devotees over the past decade. Although condemned by mainstream churches, this folk saint's supernatural powers appeal to millions of Latin Americans and immigrants in the U.S. Devotees believe the Bony Lady (as she is affectionately called) to be the fastest and most effective miracle worker, and as such, her statuettes and paraphernalia now outsell those of the Virgin of Guadalupe and Saint Jude, two other giants of Mexican religiosity. In particular, Chesnut shows Santa Muerte has become the patron saint of drug traffickers, playing an important role as protector of peddlers of crystal meth and marijuana; DEA agents and Mexican police often find her altars in the safe houses of drug smugglers. Yet Saint Death plays other important roles: she is a supernatural healer, love doctor, money-maker, lawyer, and angel of death. She has become without doubt one of the most popular and powerful saints on

both the Mexican and American religious landscapes.

Preserving Ukraine's Independence, Resisting Russian Aggression Atlantic Council, Ivo H. Daalder, Michèle A. Flournoy, John Herbst, Jan Lodall, Steven Pifer, Brookings Institution, James Stavridis, Chicago Council on Global Affairs, Strobe Talbott, Charles Wald, Atlantic Council of the United States. 2015-02-02 The report is informed by and summarizes discussions in January with senior NATO officials in Brussels and senior Ukrainian civilian and military officials in Kyiv and at the Ukrainian 'anti-terror operation' headquarters in Kramatorsk, in eastern Ukraine. The focus of this assistance should be on enhancing Ukraine's defensive capabilities, including by providing counter-battery radars to pinpoint the origin of long-range rocket and artillery strikes, unmanned aerial vehicles (UAVs), electronic counter-measures for use against opposing UAVs, secure communications capabilities, armored Humvees and medical support equipment. In addition, it should include lethal defensive capabilities, especially light anti-armor missiles. The report's authors collectively urge the Obama administration and NATO member governments to move rapidly and implement the aforementioned recommendations. They write, President Putin may hope to achieve glory through restoring, through intimidation and force, Russian dominion over its neighbors. But a peaceful world requires opposing this through decisive action.

Education for the 21st Century - Impact of ICT and Digital Resources Deepak Kumar, Joe Turner. 2006-10-11 It is a pleasure to offer you this book containing papers about ICT and education from the World Computer Congress 2006 (WCC 2006), held in Santiago, Chile and sponsored by the International Federation for Information Processing (IFIP). A lot of people worked very hard to make this event happen and to produce this book. The programme committee with IFIP members from around the world issued a call for papers inspiring almost 80 people to submit papers, posters, demonstrations, and workshops to the IFIP TC3 (Technical Committee on Education) sub-conference of WCC 2006. The submitted papers were reviewed by a large group of referees to select the papers to be presented at the conference. What is really amazing is that all these people freely contributed their time and effort to do all this work. The TC3 sub-conference of WCC 2006 has two themes: Informatics Curricula, TEaching Methods and best practice (ICTEM II), and Teaching and Learning with ICT: Theory, Policy and Practice. These themes represent many of the broad range of interests of the Working Groups of IFIP TC3. Two kinds of papers are included in this book: full papers and short papers. Full papers are standard papers that are appropriate for an international conference on ICT and informatics education. Of the 64 full paper submissions, 28 (44%) were accepted. A short paper represents work in progress, opinion, a proposal, work with untested results, or an experience report.

Wherever he looks, the sky is only eyes. Whatever news he has, it is of the sea.
