parents, students, and teachers of SPK searching for a practice book in English to prepare themselves better for the exam. Why is this book better? Aside from the language used, this book pays attention to the correct grammar, a problem that can still be seen in other similar practice book. This will help students to easily understand the lessons. Besides, each lesson is explained in detail with examples and practices. This book also provides a pre-test to help students determining their weaknesses and post-test to check student's understanding and to see how they progress compared to the pre-test.
