*Journalism* Joe Sacco.2012-06-19 A first for the world's greatest cartoon reporter, a collection of journalism, including articles on the American military in Iraq that have never been published in the United States Over the past decade, Joe Sacco, our moral draughtsman (Christopher Hitchens), has increasingly turned to short-form comics journalism to report from the sidelines of wars around the world. Collected here for the first time, Sacco's darkly funny, revealing reportage confirms his standing as one of the foremost war correspondents working today. In *The Unwanted*, Sacco chronicles the detention of Saharan refugees who have washed up on the shores of Malta; *Chechen War*, *Chechen Women* documents the trial without end of widows in the Caucasus; and *Kushinagar* goes deep into the lives of India's untouchables, who are hanging onto the planet by their fingernails. Other pieces take Sacco to the smuggling tunnels of Gaza; the trial of Milan Kovacevic, Bosnian warlord, in The Hague; and the darkest chapter in recent American history, Abu Ghraib. And on a mission with American troops—pieces never published in the United States—he confronts the misery and absurdity of the war in Iraq. Among Sacco's most mature, accomplished work, *Journalism* demonstrates the power of our premier cartoonist to chronicle human experience with a

force that often eludes other media.

**German Army Uniforms of World War II** Stephen Bull.2021-02-04 In the years after World War I, the defeated and much-reduced German Army developed new clothing and personal equipment that drew upon the lessons learned in the trenches. In place of the wide variety of uniforms and insignia that had been worn by the Imperial German Army, a standardized approach was followed, culminating in the uniform items introduced in the 1930s as the Nazi Party came to shape every aspect of German national life. The outbreak of war in 1939 prompted further adaptations and simplifications of uniforms and insignia, while the increasing use of camouflaged items and the accelerated pace of weapons development led to the appearance of new clothing and personal equipment. Medals and awards increased in number as the war went on, with grades being added for existing awards and new decorations introduced to reflect battlefield feats. Specialists such as mountain troops, tank crews and combat engineers were issued distinctive uniform items and kit, while the ever-expanding variety of fronts on which the German Army fought - from the North African desert to the Russian steppe - prompted the rapid development of clothing and equipment for different climates and conditions. In addition, severe shortages of raw materials and the demands of clothing and equipping an army that numbered in the millions forced the simplification of many items and the increasing use of substitute materials in their manufacture. In this fully illustrated book noted authority Dr Stephen Bull examines the German Army's wide range of uniforms, personal equipment, weapons, medals and awards, and offers a comprehensive guide to the transformation that the German Army soldier underwent in the period from September 1939 to May 1945.

The creation of the Hebrew state is proving to be not exactly a peaceful affair, starting with the Egyptian bombs that are regularly falling on Tel-Aviv. All that Israel has to fight the lethal enemy 'Spitfires' are some old 'Mezek', flown by Jewish volunteers from all over the world, but also mercenaries from rather more sinister backgrounds. Bjorn is one of those mercenaries. He's come to risk his life for several million dollars, a fact that galls his brothers-in-arms, who are fighting not for cash but for their ideals!
