India V. S. Naipaul. 2011-03-22 A New York Times Notable Book Nobel laureate V. S. Naipaul's impassioned and prescient travelogue of his journeys through his ancestral homeland, with a new preface by the author. Arising out of Naipaul's lifelong obsession and passion for a country that is at once his and totally alien, *India: A Million Mutinies Now* relates the stories of many of the people he met traveling there more than fifty years ago. He explores how they have been steered by the innumerable frictions present in Indian society—the contradictions and compromises of religious faith, the whim and chaos of random political forces. This book represents Naipaul's last word on his homeland, complementing his two other India travelogues, *An Area of Darkness* and *India: A Wounded Civilization*.

Catherine's War Julia Billet. 2020-01-21 "A shining story of a young girl who struggles to come of age and find her place in a world fraught with danger." —Susan Campbell Bartoletti, Newbery Honor-winning author of *Hitler Youth* * Winner of the Youth Prize at the Angoulême International Comics Festival (voted by readers) * Winner of the Artémisia Prize for Historical Fiction * Winner of the Andersen Premio Prize * A magnificent narrative inspired by a true survival story that asks universal questions about a young girl's coming of age story, her identity, her passions, and her first loves. At the Sèvres Children's Home outside Paris, Rachel Cohen has discovered her passion—photography. Although she hasn't heard from her parents in months, she loves the people at her school, adores capturing what she sees in pictures, and tries not to worry too much about Hitler's war. But as France buckles under the Nazi regime, danger closes in, and Rachel must change her name and go into hiding. As Catherine Colin, Rachel Cohen is faced with leaving the Sèvres Home—and the friends she made there—behind. But with her beautiful camera, Catherine possesses an object with the power to remember. For the rest of the war, Catherine bears witness to

her own journey, and to the countless heroes whose courage and generosity saved the lives of many, including her own. Based on the author's mother's own experiences as a hidden child in France during World War II, Catherine's War is one of the most accessible historical graphic novels featuring a powerful girl since Persepolis by Marjane Satrapi—perfect for fans of Markus Zusak's The Book Thief, Anne Frank, or Helen Keller. Includes a map and photographs of the real Catherine and her wartime experiences, as well as an interview with author Julia Billet. "Many of the settings are beautifully detailed, and the characters undeniably expressive. Catherine's ability to find beauty in the world makes for a forward-looking read." —Booklist *(starred review)* "This story will make readers want to join the Resistance. Characters are drawn so vividly that, long afterward, readers will remember their names." —Kirkus An Indie Next List Pick! *A Junior Library Guild selection* The First Total War David Avrom Bell.2007 The author maintains that modern attitudes toward total war were conceived during the Napoleonic era; and argues that all the elements of total war were evident including conscription, unconditional surrender, disregard for basic rules of war, mobilization of civilians, and guerrilla warfare.

The Effectiveness of Environmental Law Sandrine Maljean-Dubois (juriste)).2017 This book is the third volume in the European Environmental Law Forum (EELF) book series. The EELF is a non-profit initiative of environmental law scholars and practitioners from across Europe aiming to support intellectual exchange on the development and implementation of international, European and national environmental law in Europe. One of the activities of the EELF is an annual conference. This book is comprised of fifteen contributions presented at the Third EELF Conference in Aix-en-Provence, hosted by the Central European Research Infrastructure Consortium, at Aix-Marseille University, September 2015. The central topic of the book is the effectiveness of environmental law. The impressive development in environmental law has not always been matched by corresponding improvements in environmental quality. The threats to our environment and, by extension, to our health have never been so numerous or serious. But paradoxically, the effectiveness of environmental law has been a long-neglected issue. This book offers a fruitful and stimulating dialogue between practitioners and academics, from varied countries and varied fields, combining empirical and theoretical approaches. The contributions go from classical-but still necessary-tools (control, criminal, administrative, civil sanctions, liability rules, strengthening of the regulatory structure, and the role of judges), to more innovative ones (public participation, effectiveness of instrument mixes, collaborative governance, hybrid governance, and private environmental enforcement). (Series: European Environmental Law Forum, Vol. 3) Subject: Environmental Law, European Law]

The Politics of Backwardness in Hungary, 1825-1945 Andrew C. Janos.2012-01-20 Why did Hungary, a country that shared much of the religious and institutional heritage of western Europe, fail to replicate the social and political experiences of the latter in the nineteenth and early twenties centuries? The answer, the author argues, lies not with cultural idiosyncracies or historical accident, but with the internal dynamics of the modern world system that stimulated aspirations not easily realizable within the confines of backward economics in peripheral national states. The author develops his theme by examining a century of Hungarian economic, social, and political history. During the period under consideration, the country witnessed attempts to transplant liberal institutions from the West, the corruption of these institutions into a neo-corporatist bureaucratic state, and finally, the rise of diverse Left and Right radical movements as much in protest against this institutional corruption as against the prevailing global division of labor and economic inequality. Pointing to significant analogies between the Hungarian past and the plight of the countries of the Third World today, this work should be of interest not only to the specialist on East European politics, but also to students of development, dependency, and center-periphery relations in the contemporary world.

Sociology in Hungary Victor Karády,Péter Tibor Nagy.2019-07-29 This book is the first English-language study of the social, intellectual and institutional history of sociology and the social sciences in Hungary. Starting with the emergence of the discipline in the early 20th century, Karady and Nagy chart its development throughout various transformations of Hungarian society: from the liberal Dual Monarchy, through the respective Christian and Stalinist regimes, and culminating in the modern scholarly field today. Drawing on large-scale prosopographical materials, the authors use empirically-based socio-historical analysis to measure the impact of successive and radical regime changes on the country's intellectual life. This will be an important and original point of reference for scholars and students of historical sociology, and Eastern European intellectual history.

Total Jazz Blutch.2018-02-14 Blutch riffs on two quintessentially American art forms in this collection of jazz-themed comics. In this freewheeling collection of short stories and vignettes, the famed French cartoonist examines not only the music, but the nature of the jazz sub-culture. The grumpy festival goer, the curmudgeonly collector, and many other fan "types" are the targets of his unerring gimlet eye. Drawn in a range of styles as improvisational as Coltrane and Mingus — everything from loose linework to tight pen and ink to gestural pencils — Blutch captures the excitement of live performance, the lovelorn, and the Great Jazz Detective, who is out but not down.

Old Families of Louisiana Stanley Clisby Arthur,George Campbell Huchet de Kernion.2009-06 Originally published in 1931, *Old Families of Louisiana* was compiled in response to a demand for a comprehensive series of genealogical records of the foundation families of the state--families whose ancestors settled with Bienville in New Orleans at the time the famous old city was laid out in the crescent bend of the Mississippi River. This book also answers the call for information on those who came to Louisiana when the golden lilies of France, the castellated banner of Spain, the Union Jack of Great Britain, or the flag of fifteen stars and fifteen stripes waved over the land.During the compilation of the original data it became apparent that the present book would be greatly augmented in interest and value by the addition of genealogical records of other prominent foundation families besides the French and Spanish. For this reason, information was included on the English, Scottish, and Irish lineages whose representatives now form an integral part of the present-day population of Louisiana.In the seventy years since its first publication, *Old Families of Louisiana* has exceeded the original scope intended. In order to set a limit to its range, it was agreed that only those families settling in Louisiana before and up to the time of the beginning of the American domination in 1803 should be included. *Old Families of Louisiana* traces the genealogy of such traditional Louisiana families as Fortier, Claiborne, Kenner, Percy, Wiltz, Chalmette, Landry, Derbigny, Butler, St. Martin, and Wilkinson.

The Butchery Bastien Vives.2021-08-24 *The Butchery* is composed of the little moments that make and break a relationship: lively dancing, silent strolls hand in hand, stilted phone calls, tearful pillow talk. At turns tender, agonizing, and darkly humorous, *The Butchery* is painfully relatable to anyone who has loved and lost.

Disguised as a beautiful young boy, Alix is more than befriended by the handsome and mysterious King Richard, even becoming his favorite

page. Their relationship sets tongues wagging and places Alix in considerable danger as the battle for Jerusalem unfolds. "Richly rewarding, superbly written...
