The Magical Play of Illusion Trijang Rinpoche.2018-10-02 The Dalai Lama's teacher's autobiography offers glimpses into the young Dalai Lama's spiritual upbringing and his escape from Tibet. Trijang Rinpoche was born to an aristocratic Tibetan family in 1901 and quickly recognized as the reincarnation of a very important high lama. Eventually appointed a mentor to the young Fourteenth Dalai Lama, Trijang became one of his most trusted confidants. His status gave him a front-row seat to many of the momentous historical events that befell Tibet. Rinpoche observes the workings of Tibetan high society and politics with an unvarnished frankness, including inside details of encounters between the Dalai Lama and Mao Tse Tung, Jawarlal Nehru, Pope John Paul II, and Indira Gandhi. Most widely known as a yogi with deep and profound, lifelong religious training, Trijang was also a statesman, a preserver of culture, a poet, writer, and artist. His autobiography is a beautifully written tour-de-force account of Tibetan life in the twentieth century, including intimate details about the upbringing of the Dalai Lama.

Discipline and Debate Michael Lempert.2012-04-30 Before countless audiences across the globe, the Dalai Lama has tried to refashion Tibetan Buddhism into a modern religion compatible with empirical science and founded on principles of nonviolence and universal compassion, but how exactly has this project affected monastic education in exile? This pathbreaking study traces the career of the modern liberal subject in the Tibetan diaspora in India. Focusing on monastic debate and disciplinary practices such as reprimand and corporal punishment, Michael Lempert shows how violence makes monks into educated, moral persons but in ways that trouble Tibetans who aspire to liberal ideals like individual autonomy and natural rights. Based on ethnographic and linguistic fieldwork at monasteries in India, and with close attention to the way monks interact, Lempert details the craft of liberal mimicry. He shows how efforts to act out liberal ideals--partially, fitfully, and sometimes with acute ambivalence--are part of a broader drama of eliciting sympathy from spectators in the West and enlisting their aid in Tibet's struggle with China.--Publisher's description.

The Monastery Rules Berthe Jansen.2018-10-23 A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program. Visit www.luminosoa.org to learn more. The Monastery Rules discusses the position of the monasteries in pre-1950s Tibetan Buddhist societies and how that position was informed by the far-reaching relationship of monastic Buddhism with Tibetan society, economy, law, and culture. Jansen focuses her study on monastic guidelines, or bca' yig. The first study of its kind to examine the genre in detail, the book contains an exploration of its parallels in other Buddhist cultures, its connection to the Vinaya, and its value as socio-historical source-material. The guidelines are witness to certain socio-economic changes, while also containing rules that aim to change the monastery in order to preserve it. Jansen argues that the monastic institutions' influence on society was maintained not merely due to prevailing power-relations, but also because of certain deep-rooted Buddhist beliefs.

A History of Modern Tibet, Volume 4 Melvyn C. Goldstein.2019-10-22 It is not possible to understand contemporary politics between China and the Dalai Lama without understanding what happened in the 1950s, especially the events that occurred in 1957-59. The fourth volume of Melvyn

C. Goldstein's History of Modern Tibet series, *In the Eye of the Storm*, provides new perspectives on Sino-Tibetan history during the period leading to the Tibetan Uprising of 1959. The volume also reassesses issues that have been widely misunderstood as well as stereotypes and misrepresentations in the popular realm and in academic literature (such as in Mao's policies on Tibet). Volume 4 draws on important new Chinese government documents, published and unpublished memoirs, new biographies, and a large corpus of in-depth, specially collected political interviews to reexamine the events that produced the March 10th uprising and the demise of Tibet's famous Buddhist civilization. The result is a heavily documented analysis that presents a nuanced and balanced account of the principal players and their policies during the critical final two years of Sino-Tibetan relations under the Seventeen-Point Agreement of 1951.

The Monastery and the Microscope Wendy Hasenkamp,Janna R. White.2017-09-19 An illuminating record of dialogues between the Dalai Lama and some of today's most prominent scientists, philosophers, and contemplatives In 2013, during a historic six-day meeting at a Tibetan monastery in southern India, the Dalai Lama gathered with leading scientists, philosophers, and monks for in-depth discussions on the nature of reality, consciousness, and the human mind. This eye-opening book presents a record of those spirited and wide-ranging dialogues, featuring contributions from prominent scholars like Richard Davidson, Matthieu Ricard, Tania Singer, and Arthur Zajonc as they address such questions as: Does nature have a nature? Do you need a brain to be conscious? Can we change our minds and brains through meditation? Throughout, the contributors explore the exciting and sometimes surprising commonalities between Western scientific and Tibetan Buddhist methods of perceiving, investigating, and knowing. Part history, part state-of-the-field, part inspiration for the future, this book rigorously and accessibly explores what these two investigative traditions can teach each other, and what that can tell us about ourselves and the world.

Tibet Michael Buckley.2012 Exploring ethnic Tibet independently is a challenge. With the 'land of snows' having some of the wildest and roughest road routes in high Asia, motoring, mountain-biking and trekking options are all given due attention in this new edition. High quality, numerous maps set this guide apart from other guides on Tibet and the trekking section has been expanded to include more on the main treks, including Everest Base Camp, Genden to Samye, Namtso trek and Kailiash region treks. Particular attention has been paid to the Amdo and Kham regions, not usually covered

in guidebooks. Political and cultural issues make Tibet a sensitive destination for Westerners, so Michael Buckley's authoritative advice includes guidelines on cultural etiquette, local customs, and travelling with minimum impact on the culture and environment. The chapter on language includes a section covering Tibetan script.

One Hundred Thousand Moons Tsepon Wangchuk Deden Shakabpa.2010 A sustained argument for Tibetan independence, this volume also serves as an introduction to many aspects of Tibetan culture, society, and especially religion with a compendium of biographies of the most significant religious and political figures.

The Heart of Tibet Dalai Lama XIV Bstan-'dzin-rgya-mtsho.2007 This book offers a collection of magnificent photographs depicting Tibet -- its breathtaking landscape, the grandeur and sanctity of its monasteries, and the lives of the people engaged in different economic activities -- interwoven with lucidly written short explanatory texts on Buddhist ideals and the Tibetans treading on the path of Buddhism. The book consists of two sections -- the first a collection of the teachings of His Holiness the fourteenth Dalai Lama which reflects on the happiness of the human mind and the spiritual uplift of mankind. The second elaborates on the way of life in Tibet, throwing light on economic and social aspects, particularly the part played by religion.

Calabria: The Other Italy Karen Haid.2015-01-07 Once the hub of the Mediterranean, Calabria now dangles, largely ignored, at the bottom of the Italian boot, struggling for survival, acceptance and a place in modern Italy and the world. Little-known even to Italians outside the nefarious activities of its 'Ndrangheta mafia organization, Calabria allures with its simplicity and rewards with an underlying complexity, as in savoring an artisanal cheese, appreciating an ancient Greek masterwork or interpreting a particularly expressive phrase in the local dialect. *Calabria: The Other Italy* paints a compelling picture of contemporary Calabria and Southern Italy, weaving observation, personal anecdote, salient historical information and social commentary into a nonfiction narrative that combines travelogue with an exploration of everyday life and culture. At times humorous, at others poignant, this engaging work portrays the joys and challenges of the other Italy.

Love and Liberation Sarah H. Jacoby.2014-10-14 *Love and Liberation* reads the autobiographical and biographical writings of one of the few Tibetan Buddhist women to record the story of her life. Sera Khandro Künzang Dekyong Chönyi Wangmo (also called Dewé Dorjé, 1892-1940) was

extraordinary not only for achieving religious mastery as a Tibetan Buddhist visionary and guru to many lamas, monastics, and laity in the Golok region of eastern Tibet, but also for her candor. This book listens to Sera Khandro's conversations with land deities, dakinis, bodhisattvas, lamas, and fellow religious community members whose voices interweave with her own to narrate what is a story of both love between Sera Khandro and her guru, Drimé Özer, and spiritual liberation. Sarah H. Jacoby's analysis focuses on the status of the female body in Sera Khandro's texts, the virtue of celibacy versus the expediency of sexuality for religious purposes, and the difference between profane lust and sacred love between male and female tantric partners. Her findings add new dimensions to our understanding of Tibetan Buddhist consort practices, complicating standard scriptural presentations of male subject and female aide. Sera Khandro depicts herself and Drimé Özer as inseparable embodiments of insight and method that together form the Vajrayana Buddhist vision of complete buddhahood. By advancing this complementary sacred partnership, Sera Khandro carved a place for herself as a female virtuoso in the male-dominated sphere of early twentieth-century Tibetan religion.

Himalayan Passages Andrew Quintman, Benjamin Bogin. 2014-08-12 Explore new research on the religious and cultural traditions of the Himalayan Buddhist world. Over decades, hundreds of American undergraduates spending a semester abroad have been introduced to Tibetan culture in India, Nepal, and China by Hubert Decler. A number went on to become prominent scholars in the field at institutions such as Yale, Berkeley, and Georgetown, and as a tribute to him they have put together this collection of cutting-edge research in Himalayan studies, bringing together contributions of this new generation with those of senior researchers in the field. This new research on the religion and culture of the Himalayan Buddhist world spans a broad range of subjects, periods, and approaches, and the diversity and strength of the contributions ensures Himalayan Passages be warmly welcomed by scholars, travelers, and Tibetan Buddhists alike. Highlights include: Donald S. Lopez, Jr. tells the story of Gendun Chopel's unusual visit to Sri Lanka in 1941. Leonard van der Kuijp examines the Bodhicittavivarana, an ancient work on the enlightened resolve

to free all beings. Kabir Mansingh Heimsath compares Western and Chinese curatorial approaches to Tibetan modern art. Alexander von Rospatt illuminates the fascinating history and artistic details of the famous Svayambhu stupa in Kathmandu. Sarah H. Jacoby translates the short autobiography of Sera Khandro, the celebrated female Tibetan mystic of a century ago. Additional contributors include Franz-Karl Ehrhard, Ernst Steinkellner, Jacob P. Dalton, Iain Sinclair, Anne Vergati, Punya Prasad Parajuli, and Dominique Townsend.

Sera Monastery José Cabezón, Penpa Dorjee. 2019-11-05 The definitive history of Sera Monastery, one of the great monastic universities of Tibet, from its founding to the present. Founded in 1419, Sera Monastery was one of the three densas, the great seats of learning of the Geluk school of Tibetan Buddhism. With over 9,000 monks in residence in 1959, it was the second largest monastery in the world. Throughout its history, Sera has produced some of Tibet's most important saints, scholars, and political leaders. The scholars José Cabezón and Penpa Dorjee begin Sera Monastery with the history of monasticism from the time of the Buddha through its early development in Tibet and then tell the 600-year story of Sera from its founding to the present. They recount how the monastery grew and evolved during the centuries, how it has fared under Chinese rule, and how it was transplanted in the Tibetan refugee camps of South India. We are introduced to some of Sera's most important lamas and hermits, as well as its curriculum, yearly calendar, the daily life of scholar monks, and the role Sera monks played in the political history of Tibet. Former Sera monks themselves, Cabezón and Dorjee demonstrate their firsthand knowledge of the monastery, its traditions, and daily life on every page. Scrupulously researched over decades, Sera Monastery is the most comprehensive history of a Tibetan monastery ever written in a Western language.

Protecting the Lives of Helpless Beings Geshe Thubten Soepa. 2016-09-26 Geshe Thubten Soepa offers a detailed explanation of what Shakyamuni Buddha said about eating meat as presented in the Buddhist sutras of the Hinayana and Mahayana vehicles including tantra. The explanation begins with an extensive look at the various sutras in which the Buddha discusses why Buddhists should not eat animals, includes a question and answer section addressing topics such as tantric practice questions and whether animal owners should neuter their animals and ends with a discussion of why eating meat or otherwise exploiting animals is completely contrary to the core Buddhist practice of compassion. His Holiness the 14th Dalai Lama, Tenzin Gyatso, read through Geshe Soepa's explanation from cover to cover and said It is well written. It would be nice if more equally useful texts were written for people to read. This is a must-read from Buddhists who wish to support their practice of and advocate for vegetarianism. The Essence of Tibetan Buddhism Lama Thubten Yeshe. 2012-06-14 The first teaching, The Three Principal Aspects of the Path, was given in France in 1982. The second teaching, an Introduction to Tantra, also in two parts, was given at Grizzly Lodge, California, in 1980. It comprises the first two lectures of a commentary on the Chenrezig yoga. Meditation is not on the level of the object but on that of the subject - you are the business of your meditation. Bodhicitta is very practical, I tell you. It's like medicine. The self-cherishing thought is like a nail or a sword in your heart; it always feels uncomfortable. With bodhicitta, from the moment you begin to open, you feel incredibly peaceful and you get tremendous pleasure and inexhaustible energy. Forget about enlightenment - as soon as you begin to open yourself to others, you gain tremendous pleasure and satisfaction. Working for others is very interesting; it's an infinite activity. Your life becomes continuously rich and interesting. Historically, Shakyamuni Buddha taught the four noble truths. To whose culture do the

four noble truths belong? The essence of religion has nothing to do with any one particular country's culture. Compassion, love, reality - to whose culture do they belong? The people of any country, any nation, can implement the three principal aspects of the path, the four noble truths or the eightfold path. There's no contradiction at all. This book is made possible by kind supporters of the Archive who, like you, appreciate how we make these teachings available in so many ways, including in our website for instant reading, listening or downloading, and as printed and electronic books. Our website offers immediate access to thousands of pages of teachings and hundreds of audio recordings by some of the greatest lamas of our time. Like a Waking Dream Lhundub Sopa.2012-11-24 Among the generation of elder Tibetan lamas who brought Tibetan Buddhism west in the latter half of the twentieth century, perhaps none has had a greater impact on the academic study of Buddhism than Geshe Lhundub Sopa. He has striven to preserve Tibetan religious culture through tireless work as a professor and religious figure, establishing a functioning Buddhist monastery in the West, organizing the Dalai Lama's visits to the U.S., and offering countless teachings across the country. But prior to his thirty-year career in the first ever academic Buddhist studies program in the United States - a position in which he oversaw the training of many among the seminal generation of American Buddhist studies scholars - Geshe Sopa was the son of peasant farmers, a novice monk in a rural monastery, a virtuoso scholar-monk at one of the prestigious central monasteries in Lhasa, and a survivor of the Tibetan uprising and perilous flight into exile in 1959. In *Like a Waking Dream*, Geshe Sopa frankly and observantly reflects on how his life in Tibet - a monastic life of yogic simplicity - shaped and prepared him for the unexpected. His is a tale of an exemplary life dedicated to learning, spiritual cultivation, and the service of others from one of the greatest living masters of Tibetan Buddhism.

A Buddhist Pilgrim at the Shrines of Tibet Gombozhab T Tsybikov.2017-02-13 Tsybikov's book has both the vividness of a traveller's eyewitness account and the informed detachment of a scholar. It is a unique and invaluable snapshot of religious practices and the everyday life in Tibet before Chinese inroads during the twentieth century effaced that way of life.

Dreams and Truths from the Ocean of Mind Pema Lodoe.2019-12-17 A Tibetan lama tells his life story, from childhood with nomadic parents to his entrance into a monastic community, participation in Buddhist retreats, recognition as a reincarnated lama, meeting with the present Fourteenth Dalai Lama of Tibet, and study and training in the Dzogchen tradition of Buddhism for service as a teacher to the world--based for the last ten years in California. Sogan Rinpoche's account of his life evokes the beauty of the Tibetan land and people and their unique Dharma culture. It also bears witness to the destruction and oppression of Tibetan culture by the communist colonialism of the government of the People's Republic of China, while inspiring us with the survival in extremity of Buddhist ethics and education. He describes his beloved Golok homeland in the northeast Tibetan region of Amdo, now carved up into Chinese provinces. He vividly evokes the wisdom and kindness of his parents and grandmother, and of his extraordinary teachers who survived harsh treatment in the Chinese gulags. His unflinching description of the harsh cruelty of the Chinese invaders of Tibet forces us to confront

the reality of senseless, amoral actions of people driven by delusive convictions and emotions, while his ability to still appreciate the humanness of Tibet's enemies reflects the generous and tolerant Tibetan spirit. Finally, his detailed and sensitive sharing of his remarkable process of inner development allows us to witness how human beings can stretch themselves to encompass truly challenging teachings and practices and emerge with open eyes and open heart, while maintaining humility and positive intentions. His memoir is aptly titled *Dreams and Truths*, as the dreamlike quality of his many trials and sorrows as well as moments of joy is apparent from his most youthful encounters with death and suffering. He thus exemplifies for us the Buddhist vision of how realistically to remain in this world as a compassionate positive participant without being of this world as caught up in the desperate and futile struggle to live selfishly and unrealistically focused on one's own little agenda rather than on the vast need of all one's fellow beings. The truths that he shares are the deep, experiential Buddha teachings, especially the exquisite, expansive wisdom view and compassionate practice and ethic of the Nyingma Dzogchen tradition, in its rigorously nonsectarian form. His adventures show us how one can meet even mundane challenges all the more effectively by actually renouncing selfish concerns. Without showing off, he honestly and poetically shows us how we can take advantage of darkest adversity and turn it into golden opportunity. In his life and work he honors his noble teachers, including his kindest patron, the Fourteenth Dalai Lama of Tibet.

Sera Sheila Rock.2005-11-23 Tibet was once home to thousands of thriving Buddhist monasteries. But in 1959, following a Tibetan uprising against China's long occupation, nearly all were destroyed by the Chinese military, the practice of Buddhism was outlawed, and the Dalai Lama was forced into exile. In March of that year, Chinese tanks bombarded the 540-year-old Sera Jey Monastery in Lhasa, Tibet, killing hundreds of monks and destroying ancient texts and invaluable artifacts that had been collected over centuries. Thousands of survivors fled over perilous mountain passes to neighboring India, many with only thin robes and light footwear to shield them from the harsh winter conditions of the Himalayas. The Sera Jey Monastery, reestablished near Mysore, India, now houses 5,000 Buddhist monks living in exile-including many who escaped the attack on the Tibetan monastery in 1959, and many more who have never known their ancestral homeland. Providing an intimate glimpse of this rarely seen world, *Sera: The Way of the Tibetan Monk* evokes the subtle moods and rhythms of this Buddhist community that has steadfastly carried on the legacy of the

original Sera Jey. More than 100 duotone photographs capture daily rituals and sacred ceremonies, serious moments and playful gestures, compassionate faces and expressions of inspired serenity. Moving and unforgettable, Sheila Rock's portraits celebrate the tranquility, simple joys, and unadorned beauty of the ascetic life, offering a powerful testament to the strength and resilience of a persecuted people. A percentage of the royalties from this book go to the Sera Jhe Health Care Committee in aid of various humanitarian projects

Touching Tibet Niema Ash, The Dalai Lama. 2011-04-15 STRONGAn affectionate travelogue that conveys not only impressions of everyday life and descriptions of unique Tibetan customs and traditions but brings us Tibetan history, politics, and religion from a fresh, unstudied perspective. Despite the determined efforts of the Dalai Lama to publicize the Tibetan cause, for many the people, culture, history, and traditions of this country remain mysterious. Niema Ash was one of the first Westerners to enter the country when its borders were briefly opened, and in this highly absorbing and personal account, she relates with wit, compassion, and sensitivity her encounters with people whose humor, spirituality, and sheer enthusiasm for life have carried them through years of oppression and suffering. This journey into a forbidden kingdom gives a fresh insight into the real heart of Tibet.

Beyond the Robe Bobby Sager. 2013-06-25 Twelve years ago, the Sager Family Foundation, the Library of Tibetan Works and Archives, and the Dalai Lama's private office began a groundbreaking program called Science for Monks to teach Western science to Tibetan monks and nuns. Recently, Tenzin Gyatso, His Holiness the 14th Dalai Lama announced a decision by the leaders of the monasteries to make the study of Western science part of the core curriculum required of all monastic scholars in the Gelug tradition. *Beyond the Robe* tells the story of the decade long development of the Science for Monks program and what it reveals about the larger role Tibetan Buddhist monks and nuns can play in their monasteries, in their communities, and in the world at large. *Beyond the Robe* is a collection of essays from the monks and scientists containing the first insights that have come out of this historic effort. *Beyond the Robe* follows the monks' study of science, but it is not a science book. The real story here is what the study of science has revealed about who these remarkable men and woman really are and the much bigger role that they seem so suited to fill. I hope that *Beyond the Robe* helps you to feel closer to the monks and nuns and to better understand their immense potential to provide leadership in their world and further insight into ours. Instead of simply admiring them from afar, let's all get close enough to really listen.

—Bobby Sager Bobby Sager has been not only a most generous and dedicated benefactor of the Science for Monks program since it was launched 12 years ago, but also he is a direct witness to its flourishing. His testimony and insight are key to an in-depth understanding of this unique encounter between two major traditions of knowledge, Buddhist contemplative science and modern Western science. His account provides a welcome encouragement to this wonderful meeting of minds and hearts at the service of humanity. —Matthieu Ricard *Beyond the Robe* has many fascinating dimensions and makes a critical contribution to Tibet, to Buddhism, and to our world today. The space it opens is the world of the Tibetan Buddhist monastic universities, still thriving in Indian exile. Within that world, we encounter, in beautiful and thought provoking ways, the living tradition of Buddhist monastics, their realms of study, debate, prayer, and meditation, and their living intellectual and experiential encounter with the modern worldview, with its discoveries, technologies, and anxieties. —Robert Thurman

A History of Modern Tibet, Volume 3 Melvyn C. Goldstein.2013-12-07 It is not possible to fully understand contemporary politics between China and the Dalai Lama without understanding what happened in the 1950's. The third volume in Melvyn Goldstein's History of Modern Tibet series, *The Calm before the Storm*, examines the critical years of 1955 through 1957. During this period, the Preparatory Committee for a Tibet Autonomous Region was inaugurated in Lhasa, and a major Tibetan uprising occurred in Sichuan Province. Jenkhentsisum, a Tibetan anti-communist émigré group, emerged as an important player with secret links to Indian Intelligence, the Dalai Lama's Lord Chamberlain, the United States, and Taiwan. And in Tibet, Fan Ming, the acting head of the CCP's office in Lhasa, launched the Great Expansion, which recruited many thousands of Han Cadres to Lhasa in preparation for beginning democratic reforms, only to be stopped decisively by Mao Zedong's Great Contraction which sent them back to China and ended talk of reforms in Tibet for the foreseeable future. In Volume III, Goldstein draws on never-before seen Chinese government documents, published and unpublished memoirs and diaries, and invaluable in-depth interviews with important Chinese and Tibetan participants (including the Dalai Lama) to offer a new level of insight into the events and principal players of the time. Goldstein corrects factual errors and misleading stereotypes in the history, and uncovers heretofore unknown information on the period to reveal in depth a nuanced portrait of Sino-Tibetan relations that goes far beyond anything previously imagined.

A Monastery on the Move Uranchimeg Tsultemin.2020-12-31 In 1639, while the Géluk School of the Fifth Dalai Lama and Qing emperors vied for supreme authority in Inner Asia, Zanabazar (1635–1723), a young descendent of Chinggis Khaan, was proclaimed the new Jebtsundampa ruler of the Khalkha Mongols. Over the next three centuries, the ger (yurt) erected to commemorate this event would become the mobile monastery Ikh Khüree, the political seat of the Jebtsundampas and a major center of Mongolian Buddhism. When the monastery and its surrounding structures were destroyed in the 1930s, they were rebuilt and renamed Ulaanbaatar, the modern-day capital of Mongolia. Based on little-known works of Mongolian Buddhist art and architecture, *A Monastery on the Move* presents the intricate and colorful history of Ikh Khüree and of Zanabazar, himself an eminent artist. Author Uranchimeg Tsultemin makes the case for a multifaceted understanding of Mongol agency during the Géluk's political ascendancy and the Qing appropriation of the Mongol concept of dual rulership (shashin tör) as the nominal "Buddhist Government." In rich conversation with heretofore unpublished textual, archaeological, and archival sources (including ritualized oral histories), Uranchimeg argues that the Qing emperors' "Buddhist Government" was distinctly different from the Mongol vision of sovereignty, which held Zanabazar and his succeeding Jebtsundampa reincarnates to be Mongolia's rightful rulers. This vision culminated in their independence from the Qing and the establishment of the Jebtsundampa's theocratic government in 1911. A ground-breaking work, *A Monastery on the Move* provides a fascinating, in-depth analysis and interpretation of Mongolian Buddhist art and its role in shaping borders and shifting powers in Inner Asia.

Sera Sheila Rock, Sera Jeh Monastery (Karnataka, India), Robert Thurman. 2003 The Sera Jey Monastery, reestablished near Mysore, India, houses 5,000 Buddhist monks living in exile -- including survivors of the destruction of the Tibetan monastery in 1959. Sheila Rock's moving portraits are a celebration of the everyday simplicity and subtle beauty of the ascetic life. More than a hundred duotone photographs document the compassionate expressions, emotional openness, and aura of serenity inspired by lives of renunciation and seclusion.
