Hitler 1889-1936 hoogmoed Ian Kershaw.2013-01-16

Magistrale Hitlerbiografie Het beste standaardwerk over een van de hoofdrolspelers van de twintigste eeuw. Hoe kon een zo onbeduidende persoonlijkheid het Duitse volk zo volkomen in zijn greep krijgen? Ian Kershaw onderzoekt in dit eerste deel van zijn Hitlerbiografie Hitlers persoonlijke achtergronden en weet daarbij hardnekkige mythen te ontmaskeren. Hitler kreeg de macht door nationale en internationale tegenspelers in de schoot geworpen en de door de Eerste Wereldoorlog getraumatiseerde Duitse samenleving klampte zich aan Hitler vast als 'redder des vaderlands'. 'Ian Kershaw heeft met zijn synthese van al het Hitleronderzoek een boek geschreven waar niemand omheen kan.' de Volkskrant 'Een synthese en verwerking van veel recent onderzoek, een nieuwe interpretatie van Hitlers leven en werken.' NRC Handelsblad Ian Kershaw (1943) is hoogleraar moderne geschiedenis aan de universiteit van Sheffield en geldt als een van 's werelds meest prominente onderzoekers van nazi-Duitsland.

Middlebrow Literature and the Making of German-Jewish Identity

Jonathan M. Hess.2010-03-12 For generations of German-speaking Jews, the works of Goethe and Schiller epitomized the world of European high culture, a realm that Jews actively

participated in as both readers and consumers. Yet from the 1830s on, Jews writing in German also produced a vast corpus of popular fiction that was explicitly Jewish in content, audience, and function. *Middlebrow Literature and the Making of German-Jewish Identity* offers the first comprehensive investigation in English of this literature, which sought to navigate between tradition and modernity, between Jewish history and the German present, and between the fading walls of the ghetto and the promise of a new identity as members of a German bourgeoisie. This study examines the ways in which popular fiction assumed an unprecedented role in shaping Jewish identity during this period. It locates in nineteenth-century Germany a defining moment of the modern Jewish experience and the beginnings of a tradition of Jewish belles lettres that is in many ways still with us today.

Constructing a German Diaspora Stefan Manz.2014-06-05 This book takes on a global perspective to unravel the complex relationship between Imperial Germany and its diaspora. Around 1900, German-speakers living abroad were tied into global power-political aspirations. They were represented as outposts of a Greater German Empire whose ethnic links had to be preserved for their own and the fatherland's benefits. Did these ideas fall on fertile ground abroad? In the light of extreme social, political, and religious heterogeneity, diaspora construction did not redeem the all-encompassing fantasies of its engineers. But it certainly was at work, as nationalism went global in many German ethnic communities. Three thematic areas are taken as examples to illustrate the emergence of globally operating organizations and communication flows: Politics and the navy issue, Protestantism, and German schools abroad as bulwarks of language preservation. The public negotiation of these issues is explored for localities as diverse as Shanghai, Cape Town, Blumenau in

Brazil, Melbourne, Glasgow, the Upper Midwest in the United States, and the Volga Basin in Russia. The mobilisation of ethno-national diasporas is also a feature of modern-day globalization. The theoretical ramifications analysed in the book are as poignant today as they were for the nineteenth century.

Romantic Prose Fiction Gerald Gillespie,Manfred

Engel,Bernard Dieterle.2008-02-14 In this volume a team of three dozen international experts presents a fresh picture of literary prose fiction in the Romantic age seen from cross-cultural and interdisciplinary perspectives. The work treats the appearance of major themes in characteristically Romantic versions, the power of Romantic discourse to reshape imaginative writing, and a series of crucial reactions to the impact of Romanticism on cultural life down to the present, both in Europe and in the New World. Through its combination of chapters on thematic, generic, and discursive features, Romantic Prose Fiction achieves a unique theoretical stance, by considering the opinions of primary Romantics and their successors not as guiding “truths” by which to define the permanent “meaning” of Romanticism, but as data of cultural history that shed important light on an evolving civilization.SPECIAL OFFER: 30% discount for a complete set order (5 vols.).The Romanticism series in the Comparative History of Literatures in European Languages is the result of a

remarkable international collaboration. The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived, yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World, but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism. A glance at the index of each volume quickly reveals the extraordinary richness of the series' total contents. Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of "irony" as one of the major impulses in the Romantic philosophical and artistic revolution, and by combining cross-cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams. Romantic Drama traces creative innovations that deeply altered the understanding of genre at large, fed popular imagination through vehicles like the opera, and laid the foundations for a modernist theater of the absurd. Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments. Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse, including Romanticism's own self-commentary in theoretical statements on the arts, society, life, the sciences, and more. Nor are the discursive dimensions of imaginative literature neglected in the closing volume, Romantic Prose Fiction, where the basic Romantic themes and story types (the romance, novel, novella, short story, and other narrative forms) are considered throughout Europe and the New World. This enormous realm is seen not just in terms of Romantic theorizing, but in the light of the impact of Romantic ideas and narration on later generations. As an aid to readers, the introduction to Romantic Prose Fiction explains the

relationships among the volumes in the series and carries a listing of their tables of contents in an appendix. No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the "Old" and "New" Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries, a heritage still very close to our age.

Berlin - The Symphony Continues Carol Anne Costabile-

Heming, Rachel J. Halverson, Kristie A. Foell.2013-02-18 The sudden fall of the Berlin Wall is one of the defining images of the late twentieth century. The subsequent unification of Germany and the decision to return Berlin to its status as capital has made the constant changes within the city a matter of public interest. It also offered Berlin the opportunity to create a new image for itself, one that can serve as a counterbalance to the politically charged recent history of Berlin as the capital of Nazi Germany and former East Berlin as the capital of the German Democratic Republic. Poised between capitalist Western Europe and the former communist powers in Eastern Europe, Berlin occupies a fascinating geopolitical space. This anthology presents a unique

Proceedings of the Third International Kant Congress L.W.

Beck.2012-12-06 The Third International Kant Congress met at the University of Rochester from March 30 through April 4, 1970.

Over two hundred students of Kant's philosophy from Europe, Africa, and North and South America attended. The Congress was organized by a Committee consisting of Gottfried Martin of the University of Bonn and myself as co-chairmen, and the following members: Professors Ingeborg Heidemann (Bonn), Gerhard Funke (Mainz), Edmond Ortigues (Rennes), Stephan Korner (Bristol), W.H. Walsh (Edinburgh), George A. Schrader, Jr. (Yale), and John R. Silber (University of Texas). Generous financial support for the Congress was provided by Mr. Kilian J. Schmitt of Rochester. One hundred and eight papers were presented in six plenary and twenty two concurrent sessions. Chairmen of programs, in addition to members of the Committee, were: Professors John E. Atwell, Douglas P. Dryer, A.R.C. Duncan, Stanley G. French, Klaus Hartmann, Robert L. Holmes, Peter Jones, George L. Kline, Peter Krausser, Robert G. Miller, John D. McFarland, Fritz-Joachim von Rintelen, Charles M. Sherover, Ernst Konrad Specht, Dietrich Schulz, Giorgio Tonelli, Robert

Role Model and Countermodel Carsten Schapkow.2015-12-09

This book uses the parameters of role model and countermodel to analyze the perception of Iberian-Jewish history and culture in German-Jewish remembrance culture during the era of emancipation. It speaks to the significance of intercultural mediation as key to the German-Jewish experience through the lens of this "Golden Age" in Jewish history.
