Own Your Self Kelly Brogan, M.D..2022-01-11 New York Times best-selling author presents a radical alternative to psychotropic meds: discerning the meaning in your symptoms and your struggle as a way to reclaim your health and your self. For years, we've been telling ourselves that our difficult feelings-sadness, rage, shame, intensity, worry-are somehow not okay. And, all too often, we've relied on the promise of pharmaceuticals to tamp them down. The fact is, though, that these feelings are a vital part of our experience. They are real. And those of us who feel them most strongly are the canaries in the coalmine-sensitive to things that are seriously wrong in the world today. In a book that's both provocative and promising, holistic psychiatrist Kelly Brogan, M.D., author of *A Mind of Your Own*, shows us that we don't have to medicate our mental, emotional, and physical pain away-that the best way out is through. She explodes the mistaken belief that our symptoms-from mood changes to irritability to fogginess and fatigue-are evidence that we are sick or broken. Then she charts a new path to get real, get well, and get free. The journey includes:

- Coming to a new appreciation of the meaning behind symptoms, and whether you are a canary in the coal mine
- Learning the 2 major risks of medication that most doctors are not trained to disclose
- Exploring the 5 reversible physical drivers of so-called mental illness
- Starting the process of radical physical healing with inclusive details of Dr. Brogan's history-making 30-day protocol
- Taking an emotional inventory of energy drains and toxic relationships
- Taking a deeper dive into the spiritual awakening and expansion that comes when you reclaim your real self from conventional medicine
- Identifying the most likely places you have given your power away
- Understanding what the science has to say about psychedelics as a tool for awakening
- Navigating health challenges with curiosity and the proper tools
- Guidance, support, and many Travel Tips shared from the trenches! Our experiences, Dr. Brogan argues, aren't problems or pathologies; they reflect what we need to accept, acknowledge, and transform in order to truly become who we are. *Own Your Self* is a journey of healing, and also something more: a journey of coming home to ourselves.

Drawing from scientific research and her own clinical experience, she shares strategies for cultivating vitality—the positive feeling of aliveness and energy that lies at the core of well-being and at the heart of a good day. You will discover how increased vitality boosts productivity, builds coping skills, and enhances your ability to manage negative emotions. These activities foster resilience by boosting emotional stamina and generating uplifts—the counterparts to daily irritations and annoyances. Whether it is having a good conversation, doing a favor for someone, going for a walk, or reading an interesting article and then calling a friend to talk about it, commonplace experiences and micromoments serve as the building blocks of everyday resilience. *Everyday Vitality* explains how to identify them in your life, develop them, and use them as a foundation on which to thrive. Whether you are twenty or eighty, *Everyday Vitality* will give you the tools you need to get the most out of each day and to live your life to the fullest.
