Sustainable Building with Earth Horst Schroeder.2015-09-28 This book provides an insightful overview of the current state of earth building. The author approaches the subject from the perspective of the building material's life cycle, featuring in-depth explanations of the cycle's individual steps: extraction and classification of construction soil; production of earth building materials and earthen structures; planning, construction and renovation of earth buildings; and demolition and recycling of earthen structures. This unique resource provides examples of sophisticated earth building projects and illustrates the diverse applications of earth as a building material. Compared to conventional mineral building materials, earth possesses particularly positive ecological qualities such as its energy balance and recyclability. Stefan Soell has tasted success with Volcanic Girls, Alpenglühn, and Urban Girls; a lot of green is designed to contrast with the skin tone and hair color of his wonderfully natural-looking models. Waldlust refreshingly portrays the subject of lust in the woods (and on the mountain). As the still largely unknown sexy foresters and Alpine maidens boldly and provocatively pose for the camera, nearby mountain boys are forced to ignore their milking stools.

Hendrik Petrus Berlage Hendrik Petrus Berlage.1996-01-01 Hendrik Petrus Berlage, the Dutch architect and architectural philosopher, created a series of buildings and a body of writings from 1886 to 1909 that were among the first efforts to probe the problems and possibilities of modernism. Although his Amsterdam Stock Exchange, with its rational mastery of materials and space, has long been celebrated for its seminal influence on the architecture of the 20th century, Berlage's writings are highlighted here. Bringing together Berlage's most important texts, among them Thoughts on Style in Architecture, Architecture's Place in Modern Aesthetics, and Art and Society, this volume presents a chapter in the history of European modernism. In his introduction, Iain Boyd Whyte demonstrates that the substantial contribution of Berlage's designs to modern architecture cannot be fully appreciated without an understanding of the aesthetic principles first laid out in his writings.

**Reindeer Nomads Meet the Market** Florian Stammler.2005 Refuting essentialist notions of Nenets culture, the author explores the dialogue between reindeer nomads and the surrounding world and shows how global processes and concepts such as culture, property, and market are expressed in local practices. He demonstrates how reindeer nomads move freely between subsistence and commodity production; state-owned and private reindeer; animism, communism, and market relations; and territorial defence and cooperative knowledge of the land. This study makes an original and significant contribution to wider debates about nomadic pastoralism and to anthropological studies of trade, barter, property, and territoriality.--GoogleBooks

Madonna Nudes Plus M. Schreiber.2017-03-24 - The ultimate Madonna book before she became a pop icon- Updated from the 1979 edition to include recently-discovered and never-before published photos of a then-unknown MadonnaMartin H. M. Schreiber rose to international prominence when his shots of a nude, pre-fame Madonna appeared in the September 1985 issue of Playboy magazine. While he is proud of the shots, Schreiber regrets not having had the chance to do a one-on-one shoot with Madonna. I was taking pictures from behind my students, it wasn't as if I had a private session and could get her to do what I wanted her to do. It was February 1979 when a quiet, shy young woman walked into Martin's studio to serve as a model for his photography class. The 'dancer', as she modestly described herself, was Madonna Ciccone. She arrived in New York in 1978 having bought a one-way ticket from Michigan, with only \$35 in her pocket. Life modeling for art classes was a way of making a living. Little did Martin know at the time that this more or less chance encounter would lead to one of the most memorable photo shoots of all time. After the huge success of Martin H.M.

Schreiber's Madonna Nudes in the 1990s the new edition Madonna Nudes + features many recently discovered and never published photos of Madonna besides a selection of the best images published in Madonna Nudes 1979 edition.

**Between Blade and Bullet** Margaret Franz.2021-04-06 Mary Steinhauser is the only peace officer in the history of penal institutions in Canada to willingly offer up her life in the service of her country. It was during a 1975 prison escape attempt and 41-hour hostage-taking by three desperate inmates of the British Columbia Penitentiary in New Westminster, B.C. that Mary volunteered to be the principal hostage. For 41 hours, she was held as a human shield, protecting not only the inmates but the fourteen other hostages sequestered in a nearby vault. Her calmness, composure and bravery throughout the entire hostage-taking was noted by the negotiators and penitentiary staff alike. She was killed there. This is her story. This biography of Mary's life and tragic death is narrated by Margaret, her younger sister. From Mary's early childhood in rural B.C., it charts the evolution of a young nurse from social worker to symbol for those dedicated to prison reform. Mary's experiences are fascinating reading for any adult interested in local history, law enforcement, mental health awareness, and criminal justice. Her work as a psychiatric nurse in hospitals and institutions across Canada led to her introduction to prison life, which sparked her fierce determination to improve the inmate experience, prisoner justice, and prison reform. Sprinkled throughout with personal anecdotes and quotes from important people in Mary's life, Between Blade and Bullet is a compelling, deeply emotional, and thought-

provoking look into the life and death of one heroic woman. Searchingly honest, it examines how Canadian institutions closed down to protect themselves, and the consequences of justice for those left on the outside.

**Literary Translation, Reception, and Transfer** Norbert Bachleitner.2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena; they are based on similarities that are related to a form of 'travelling' and imitation or adaptation of entire texts, genres, forms or contents. Transfer comprises all sorts of 'travelling', with translation as a major instrument of transferring literature across linguistic and cultural barriers. Transfer aims at the process of communication, starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture. Reception lays its focus on the receiving culture, especially on criticism, reading, and interpretation. Translation, therefore, forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers. Moreover, translations are the prime instrument in the distribution of literature across linguistic and cultural borders; thus, they pave the way for gaining prestige in the world of literature. The thirty-eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna. They are ample proof that the field remains at the center of interest in Comparative Literature.

Naughty/Nice Kenneth Jones,Gerald Stockstill.2016-12-07 In this perfectly profane and wickedly funny Christmas revue, a flurry of children's letters to Santa are brought to life by four performers. You know these kids, or maybe you were one of them: the boy who dances to his own unique carol, the girl aching to mother a dolly, the brutally naughty brats who insist they're really nice, and the needy, greedy and profoundly selfish boys and girls who

misunderstand the true meaning of Christmas. Subversive and darkly comic, *Naughty/Nice* is an original holiday-themed musical revue for grown-ups that seeks to reveal the other side of Christmas.

*Beards and Texts* Sebastian Coxon. 2021-09-08 *Beards and Texts* explores the literary portrayal of beards in medieval German texts from the mid-twelfth to the early sixteenth centuries. It argues

that as the pre-eminent symbol for masculinity the beard played a distinctive role throughout the Middle Ages in literary discussions of such major themes as majesty and humanity. At the same time beards served as an important point of reference in didactic poetry concerned with wisdom, teaching and learning, and in comedic texts that were designed to make their audiences laugh, not least by submitting various figure-types to the indignity of having their beards manhandled. Four main chapters each offer a reading of a work or poetic tradition of particular significance (Pfaffe Konrad's Rolandslied; Wolfram von Eschenbach's Willehalm; 'Sangspruchdichtung'; Heinrich Wittenwiler's Ring), before examining cognate material of various kinds, including sources or later versions of the same story, manuscript variants and miniatures and further relevant beard-motifs from the same period. The book concludes by reviewing the portrayal of Jesus in vernacular German literature, which represents a special test-case in the literary history of beards. As the first study of its kind in medieval German studies, this investigation submits beard-motifs to sustained and detailed analysis in order to shed light both on medieval poetic techniques and the normative construction of masculinity in a wide range of literary genres.

Botticelli Past and Present Ana Debenedetti, Caroline

Elam. 2019-01-08 The recent exhibitions dedicated to Botticelli around the world show, more than ever, the significant and continued debate about the artist. Botticelli Past and Present engages with this debate. The book comprises four thematic parts, spanning four centuries of Botticelli's artistic fame and reception from the fifteenth century. Each part comprises a number of essays and includes a short introduction which positions them within the wider scholarly literature on Botticelli. The parts are organised chronologically beginning with discussion of the artist and his working practice in his own time, moving onto the progressive rediscovery of his work from the late eighteenth to the turn of the twentieth century, through to his

enduring impact on contemporary art and design. Expertly written by researchers and eminent art historians and richly illustrated throughout, the broad range of essays in this book make a valuable contribution to Botticelli studies.

**Black Ladies** Uwe Ommer, Calixthe Beyala. 1995-01

Santa Teresa Dr. Martina Bengert, Iris Roebling-Grau. 2019-07-15

Even prior to her widely observed 500th anniversary, Teresa of Ávila (1515-1582) was already considered one of the most important authors of occidental mysticism. This volume gathers together contributions from a multitude of disciplines to explore the writings and reception of the Spanish author and saint. Previously disregarded lines of tradition are explored for a new understanding of her oeuvre, which is examined here with special regard to the potential to affect its readers. Teresa proves to not only be an accomplished, but also a very literary writer. Santa Teresa proves to be a figure of cultural memory, and the diffusion of her thinking is traced up to the present, whereby a recurrent focus is put on the phenomenon of ecstasy. Part of the widespread resonance of her work is the image of the iconic saint whose emergence as an international phenomenon is presented here for the first time. The volume is closed by an interview with Marina Abramovi answering four questions about Teresa.

The Managed Heart Arlie Russell Hochschild. 2012-03-31

In private life, we try to induce or suppress love, envy, and anger through deep acting or emotion work, just as we manage our outer expressions of feeling through surface acting. In trying to bridge a gap between what we feel and what we ought to feel, we take guidance from feeling rules about what is owing to others in a given situation. Based on our private mutual understandings of feeling rules, we make a gift exchange of acts of emotion management. We bow to each other not simply from the waist, but from the heart. But what occurs when emotion work, feeling rules, and the gift of exchange are introduced into the public world of work? In search of the answer, Arlie Russell Hochschild

closely examines two groups of public-contact workers: flight attendants and bill collectors. The flight attendant's job is to deliver a service and create further demand for it, to enhance the status of the customer and be nicer than natural. The bill collector's job is to collect on the service, and if necessary, to deflate the status of the customer by being nastier than natural. Between these extremes, roughly one-third of American men and one-half of American women hold jobs that call for substantial emotional labor. In many of these jobs, they are trained to accept feeling rules and techniques of emotion management that serve the company's commercial purpose. Just as we have seldom recognized or understood emotional labor, we have not appreciated its cost to those who do it for a living. Like a physical laborer who becomes estranged from what he or she makes, an emotional laborer, such as a flight attendant, can become estranged not only from her own expressions of feeling (her smile is not her smile), but also from what she actually feels (her managed friendliness). This estrangement, though a valuable defense against stress, is also an important occupational hazard, because it is through our feelings that we are connected with those around us. On the basis of this book, Hochschild was featured in *Key Sociological Thinkers*, edited by Rob Stones. This book was also the winner of the Charles Cooley Award in 1983, awarded by the American Sociological Association and received an honorable mention for the C. Wright Mills Award.

**Novel Translations** Bethany Wiggin. 2011-06-15 Many early novels were cosmopolitan books, read from London to Leipzig and beyond, available in nearly simultaneous translations into French, English, German, and other European languages. In *Novel Translations*, Bethany Wiggin charts just one of the paths by which newness—in its avatars as fashion, novelties, and the novel—entered the European world in the decades around 1700. As readers across Europe snapped up novels, they domesticated the genre. Across borders, the novel lent readers everywhere a

suggestion of sophistication, a familiarity with circumstances beyond their local ken. Into the eighteenth century, the modern German novel was not German at all; rather, it was French, as suggested by Germans' usage of the French word *Roman* to describe a wide variety of genres: pastoral romances, war and travel chronicles, heroic narratives, and courtly fictions. Carried in large part on the coattails of the Huguenot diaspora, these romans, nouvelles, amours secrets, histoires galantes, and histoires scandaleuses shaped German literary culture to a previously unrecognized extent. Wiggin contends that this French chapter in the German novel's history began to draw to a close only in the 1720s, more than sixty years after the word first migrated into German. Only gradually did the *Roman* go native; it remained laden with the baggage from its French origins even into the nineteenth century.

**Bruno Bauer and Karl Marx** Z. Rosen.2012-12-06 The present work is aimed at filling a hiatus in the literature dealing with the Young Hegelians and the early thought of Karl Marx. Despite the prevalent view in the past few decades that Bruno Bauer played an important part in the radical activity of Hegel's young disciples in the eighteen forties in Germany, no comprehensive work has so far been published on the relations between Bauer and Marx. In 1927 Ernst Bar nikol promised to write a monograph on the subject, but he never did. For the purpose of this study I perused material in numerous library collections and I would like to express my gratitude to the staff of the following institutions: Tel Aviv University Library, the Library and Archive of the International Institute of Social History in Amsterdam, the Heidelberg University Library, the Library of Gottingen University, the Tiibingen University Library, Frankfurt University Library, the State Library at Marburg, the Manuscript Department of the State Archives in Berlin.

**The Landscape of Lexicography** Alina Villalva,Geoffrey

Williams.2019-08-01 This book consists of a series of papers that look at three different aspects of the landscape as seen in dictionaries from across Europe. Multilingual diachronic case studies into lexicographical descriptions of flora, landscape features and colours concentrate on three supposedly simple words: daisies (*Bellis perennis* L.), hills and the colour red. The work is part of the ongoing LandLex initiative, originally developed as part of the COST ENeL - European Network for e-Lexicography - action. The group brings together researchers in lexicography and lexicology from across Europe and is dedicated to studying multilingual and diachronic issues in language. It aims to valorise the wealth of European language diversity as found in dictionaries by developing and testing new digital annotation tools and a historical morphological dictionary prototype. Funded by the Horizon 2020 Framework Programme of the European Union

**Elysium Girls** Stefan Soell.2017 Like virtually no other photographer, Stefan Soell is a master at capturing extremely explicit erotic images in an astonishingly imaginative and aesthetic way. Often accompanied by a touch of humor and a wink of the eye, his models switch between innocence and excitement, physical attraction and cool distance. This is precisely

what pleases men, and fills the pages of his latest book, with a powerful sexual charge. Where on earth does Soell get these girls? In addition to some of his favorite models, the new volume contains some mainly new and sensationally pretty creatures (25 in all). In the classical mythology of the ancient Greeks, Elysium was a paradise, located between this world and the one to come. While browsing through the book, you do not need to be a Greek hero to get a kick out of these daughters of Elysium.

*Through the Language Glass* Guy Deutscher. 2010-08-31 A masterpiece of linguistics scholarship, at once erudite and entertaining, confronts the thorny question of how—and whether—culture shapes language and language, culture. Linguistics has long shied away from claiming any link between a language and the culture of its speakers: too much simplistic (even bigoted) chatter about the romance of Italian and the goose-stepping orderliness of German has made serious thinkers wary of the entire subject. But now, acclaimed linguist Guy Deutscher has dared to reopen the issue. Can culture influence language—and vice versa? Can different languages lead their speakers to different thoughts? Could our experience of the world depend on whether our language has a word for blue?

Challenging the consensus that the fundamentals of language are hard-wired in our genes and thus universal, Deutscher argues that the answer to all these questions is—yes. In thrilling fashion, he takes us from Homer to Darwin, from Yale to the Amazon, from how to name the rainbow to why Russian water—a she—becomes a he once you dip a tea bag into her, demonstrating that language does in fact reflect culture in ways that are anything but trivial. Audacious, delightful, and field-changing, *Through the Language Glass* is a classic of intellectual discovery.

**Modern Urban Girls** Stefan Soell. 2012 No more romance, said the renowned erotic photographer Stefan Soell, after enjoying great success with his two lavish photographic volumes entitled *Alpenglow* and *Volcanic Girls*. A completely new, modern style of

portraying the nude was required, and Stefan has once more succeeded convincingly. He searched for the right type of woman to match his vision for three long years, finally settling on something between the young, successful, cool businesswoman and glamorous movie star. Oozing beauty, of course, fantastically built, with a confident, cheeky appearance, and unashamedly flaunting their sex appeal. Soell has discovered more than 16 completely new, never-seen-before faces, and managed to fit all their glorious nudity into the unprecedented environment of finest, ultra-modern, minimalist architecture. The contrast between the wonderful, warm skin tones, sensual body shapes and the cool, modern architecture could not be greater, and the very unusual combination of hot eroticism and cool design increases the attraction of this volume of photos immensely.

**Nudes** Lee Friedlander. 1991 The Nude lies at the centre of Western art. From the beginning of photography it has attracted photographers, many of whom have imitated the forms and postures portrayed by painters. There are a few moments when a photographer has abandoned derivative styles and allowed the viewer to see the body in completely new manner. This occurred in America in the work of Edward Weston and in Britain in the work of Bill Brandt. It now occurs in the photographs of Lee Friedlander. Over the last fifteen years, Friedlander has been working with a number of models to create his own way of seeing and photographing the female nude. Little of this work has ever appeared. The photographs are both highly intimate and coolly detached. The frequently surprising perspectives are balanced by the mundane backdrops of ordinary life, the real domestic interiors of the models. His book is published on the occasion of an exhibition at The Museum of Modern Art, New York, and confirms Friedlander's stature as one of the greatest photographers of his generation. He appears to have taken a primary theme of Western art and re-invented it.

**"The Star" for Beginners** Francesco Paolo Ciglia. 2021-10-18 In

The Star of Redemption, written at the end and after World War I and published in 1921, Franz Rosenzweig presented an epoch-making Jewish-inspired philosophy of religion. In three steps, each with three chapters or books, Rosenzweig unfolds in it his view of God, the world, and man, their interrelationship, and their contribution and role in the redemption of the world. In this introduction, young and old Rosenzweig scholars take readers by the hand chapter by chapter, book by book. They lead safely through Rosenzweig's argumentation, making sometimes difficult lines of thought comprehensible and plausible. The chapter introductions open up reliable access for interested readers and new perspectives for connoisseurs.

*Landscape Perspectives* Marc Antrop, Veerle Van

Eetvelde. 2017-12-19 Climb a mountain and experience the landscape. Try to grasp its holistic nature. Do not climb alone, but with others and share your experience. Be sure the ways of seeing the landscape will be very different. We experience the landscape with all senses as a complex, dynamic and hierarchically structured whole. The landscape is tangible out there and simultaneously a mental reality. Several perspectives are obvious because of language, culture and background. Many disciplines developed to study the landscape focussing on specific interest groups and applications. Gradually the holistic way of seeing became lost. This book explores the different perspectives on the landscape in relation to its holistic nature. We start from its multiple linguistic meanings and a comprehensive overview of the development of landscape research from its geographical origins to the wide variety of today's specialised disciplines and interest groups. Understanding the different perspectives on the landscapes and bringing them together is essential in transdisciplinary approaches where the landscape is the integrating concept.

Atlantic Sirens Stefan Soell. 2018-09 You do not have to be a Ulysses, tied to the mast of your ship in order to fall victim to the beauty of these Sirens. German photographer Stefan Soell takes us on a photographic excursion to Portugal's southern Atlantic coast, together with eight models of exceptionally striking and distinctive looks. These Sirens are portrayed frolicking in the foaming surf, and playing in the winds and sands of this wild coastline, and this enhances their natural eroticism. Stefan Soell is a master at capturing their joyful but provocative and enticing play. The photographs for this book were taken over a period of five years, during long stays in the far South Western area of Portugal. The lonely, undeveloped Costa Vicentina in the west, the Cabo de São Vicente in the east, and the rugged cliffs of the

Algarve are one of the last sections of natural coastline in Europe. Stefan Soell chose the late autumn of October and November as the season best suited to these photo sessions. In these months, the sun is already very low and gives off a warm, soft light. The models spent a long time in the area, which enabled Stefan Soell to take pictures in the best possible weather and lighting conditions. For the optimal interaction of sun, cloud and tide, the ideal window of opportunity was often only very short. Due to the strong fluctuations in the tides, some locations could only be reached on a few days in a month. Stefan Soell used a Canon EOS 1DX MKII, with 24-70 mm and 70-200 mm lenses, and a Sony Alpha 6300 with a Zeiss 16-70 mm lens. Usually, the locations could only be reached on foot, which can take a long time, so having light, portable equipment was important, as it enabled longer coastal expeditions to succeed, and allowed maximum flexibility when taking pictures. All photos were taken exclusively with natural light, without additional brighteners or reflectors. German photographer Stefan Soell began to take photos at the age of 15, and soon landscape and portrait photography had become his favourite subjects. In addition to his astonishing talent at choosing the ideal background and selecting key details, he also has the rare knack of capturing ideal lighting conditions.
