It collects information from two sources: central banks and leading commercial banks in each surveyed country. It builds on the previous work measuring financial access through information from regulators, from banks, and also from users' perspectives in household surveys.

Thanks, Obama David Litt.2017-09-19 "Litt is a funny and skillful storyteller... While the first half of the book is enjoyable, the second half is masterly, rising to a crescendo that is as rousing as, well, a particularly inspiring campaign speech." — New York Times Book Review "Graceful, instructive, wry speechwriter memoirs like Litt's are the exception rather than the norm. . . . Thanks, Obama will join the ranks of lasting works about the texture of political life, and of coming-of-age accounts by staffers who grow up personally and politically at the same time." — The Atlantic "His time [in the White House] was as 'hopey changey' as advertised—with a little bit of absurdity and humor added into the mix." — Elle, Best of the Month "Serve[s] as a more devastating indictment of the current administration than a campaign-style book ever could . . . limber, funny and illuminating." — New Republic "Highly entertaining . . . much more than a scrapbook of Beltway gossip and Obama idolatry." — Pacific Standard "Irresistibly charming . . . Litt minted his star converting world affairs into jokes. The translation of satire back to sincerity is trickier to pull off, and lands with its own undeniable grace." — Slate "Litt is a skilled storyteller with a keen sense of humor and unique experiences and insight to draw upon." — Bustle "Litt also offers both humor and optimism, two things many of us sorely need these days." — Bustle, Best of the Month "What Litt understands and what Thanks, Obama makes clear may very soon be forgotten: The finest presidential speeches can heal the nation." — Paste Magazine "A thoughtful and funny account of life as a minnow surrounded by Washington's self-important whales . . . ranks with other classics from former White House speechwriters, such as Peggy Noonan's What I Saw at the Revolution." — USA Today, \*\*\* 1/2 "Funny and unexpectedly moving . . . a powerful reminder that true fulfillment can come from wielding even the smallest bit of influence on behalf of those who have none." — Washington Monthly "A fast, funny ride through the halls of power." — Kirkus "Veering between tragedy and comedy, between self-doubt and hubris, Litt vividly recreates a period during which he saw his words sometimes become the words of a nation." — Publishers Weekly "By turns moving and hilarious, David Litt's

rollicking account of his journey from campaign field grunt to presidential speechwriter is an irresistible read.” — David Axelrod, former Senior Advisor to Barack Obama and author of *Believer: My Forty Years in Politics* “David Litt has done the impossible: written a smart, insightful, and funny White House memoir you don’t have to be a political junkie to love. Even better, he takes us back to a saner more compassionate time when our president liked to read.” — Judd Apatow “Terrific—part first-hand story about being inspired by a cultural icon, part how-to manual for getting involved in politics and making change. Thanks, Obama is a hysterical, pithy, and heartfelt trip down memory lane. And boy, do we need it.” — Keegan-Michael Key “David Litt is brilliant. I’ve gotten to witness firsthand some of the work he did for President Obama at past White House Correspondents Dinners and it’s always intelligent, razor sharp and hilarious.” — Billy Eichner “An outstanding, hilarious, and precise memoir . . . I laughed again and again. This is an excellent account of what it felt like to work for the Second to Last President of The United States.” — John Mulaney, co-creator and star of *Oh, Hello* “Don’t be fooled by the self-deprecating narrator, this portrait of a young speechwriter is filled with wit, wisdom, and a loving touch. David’s labors remind of us a not-so-distant past when words mattered. If I was a simpleton and a book critic, I’d say thumbs up.” — Matt Walsh, HBO’s *Veep* “David Litt is a natural storyteller and an absolute joy.” — Tig Notaro, author of *I’m Just a Person* “Thanks, Obama is a wonderful book for the same reasons David Litt’s speeches for the White House were wonderful: it’s well-written, it’s funny, it tells us exactly what we’re curious about, and. . . it reminds us that a great president galvanizes not only his staff but his country.” — Anne Fadiman, author of *Ex Libris* “Funny and warm, David Litt knows how to make people laugh regardless of their political affiliation.” — Mike Birbiglia, author of *Sleepwalk With Me: And Other Painfully True Stories* “A magnificent memoir on the Obama presidency. You’ll walk away with another kind of hope that’s needed now more than ever: the belief that a government can actually do some good.” — Adam Grant, author of *Originals* and coauthor of *Option B* “A talented (and very funny) speechwriter, David will make you laugh. He’ll make you miss Obama more than you do already. Most of all, he’ll renew your faith in the politics of hope.” — Stephanie Cutter, former deputy campaign manager for Barack Obama

**It's Even Worse Than You Think** David Cay Johnston. 2018-01-16 New York Times Bestseller The Trump administration is remaking the government. *It's Even Worse Than You Think: What the Trump Administration Is Doing to America* tells us exactly how it is making America worse again. Bestselling author and longtime Trump observer David Cay Johnston shines a light on the political termites who have infested our government under the Trump Administration, destroying it from within and compromising our jobs, safety, finances, and more. No journalist knows Donald Trump better than David Cay Johnston, who has been following him since 1988. *It's Even Worse Than You Think: What the Trump Administration Is Doing to America* goes inside the administration to show how the federal agencies that touch the lives of all Americans are being undermined. Here is just some of what you will learn: The Wall. Mexican President Enrique Peña Nieto told President Trump that Mexico will never pay for the border wall. So, Trump is proposing putting a tariff on Mexican imports. But a tariff will simply raise the price of Mexican goods in the US, meaning American consumers will end up paying for the wall—if it ever gets built. Climate Change. Welcome to the new EPA, run by Scott Pruitt, a lawyer who has spent much of his career trying to destroy the agency he now heads. Secrecy reigns at the new EPA because Pruitt meets with industry executives to find out which clean air and clean water provisions they most want to roll back, and keeps staffers in the dark to make sure these pro-pollution plans don’t leak prematurely. Stocking the Swamp. Contrary to his promise to “drain the swamp” in Washington, DC, Trump has filled his cabinet with millionaires and billionaires, from Treasury Secretary Steven Mnuchin, a Goldman Sachs and hedge fund veteran who made much of his fortune foreclosing on homeowners to billionaire heiress Education Secretary Betsy DeVos, who has already put the interests of bankers ahead of debt-burdened students and their families. The Kleptocracy. Under Donald Trump conflict of interest is passé. When Trump isn’t in Washington, he stays at one of his properties, where the taxpayers pick up the tab for staffers, Secret Service, and so on, all at full price. And back in Washington,

everyone now knows that the Trump International Hotel is the only place to stay if you want to do business with the administration. Meanwhile sons Donald Jr. and Eric run an eyes-wide-open blind trust of Trump holdings to avoid the appearance of conflict of interest—but not the reality.

**World Development Report 2020** World Bank.2019-11-19 Global value chains (GVCs) powered the surge of international trade after 1990 and now account for almost half of all trade. This shift enabled an unprecedented economic convergence: poor countries grew rapidly and began to catch up with richer countries. Since the 2008 global financial crisis, however, the growth of trade has been sluggish and the expansion of GVCs has stalled. Meanwhile, serious threats have emerged to the model of trade-led growth. New technologies could draw production closer to the consumer and reduce the demand for labor. And trade conflicts among large countries could lead to a retrenchment or a segmentation of GVCs. World Development Report 2020: Trading for Development in the Age of Global Value Chains examines whether there is still a path to development through GVCs and trade. It concludes that technological change is, at this stage, more a boon than a curse. GVCs can continue to boost growth, create better jobs, and reduce poverty provided that developing countries implement deeper reforms to promote GVC participation; industrial countries pursue open, predictable policies; and all countries revive multilateral cooperation.

Manual on Fiscal Transparency International Monetary Fund. Fiscal Affairs Department.2001 In preparing the Manual, a number of points have been taken into account. First, the Code is being implemented on a voluntary basis. To promote an appreciation of the rationale for the Code, and an understanding of its fiscal transparency requirements, the Manual sets out in detail the principles and practices included in the Code. However, because of the complexity of fiscal management systems, the Manual does not provide comprehensive directions on how all the good practices are to be put in place. Instead, it contains numerous references and website addresses that can assist with the practical implementation of the Code. Second, fiscal transparency is only one aspect of good fiscal management, and care is needed to distinguish fiscal transparency from two other key aspects, namely the efficiency of fiscal policy, and the soundness of public finances. Third, diversity of institutional backgrounds and capacity constraints to improving fiscal management are clearly recognized. For this reason, the Code is not a best practice standard. Rather, it is a set of good practices that can be implemented by most countries over the medium to longer term.

**The Economics of Climate Change in Southeast Asia** Asian Development Bank.2009 This report provides a review of the economics of climate change in the Southeast Asia, with a particular focus on Indonesia, Philippines, Singapore, Thailand, and Viet Nam. It confirms that the region is highly vulnerable to climate change and demonstrates that a wide range of adaptation measures are already being applied. The report also shows that the region has a great potential to contribute to greenhouse gas emission reduction, and that the costs to the region and globally of taking no early action against climate change could be very high. The basic policy message is that efforts must be made to apply all feasible and economically viable adaptation and mitigation measures as key elements of a sustainable development strategy for Southeast Asia. It also argues that the current global economic crisis offers Southeast Asia an opportunity to start a transition towards a climate-resilient and low-carbon economy by introducing green stimulus programs that can simultaneously shore up economies, create jobs, reduce poverty, lower carbon emissions, and prepare for the worst effects of climate change.

*Judicial Review and the National Political Process* Jesse H. Choper. 2013-05-16 As constitutional scholar John Nowak noted when the book was first released, Professor Choper's *Judicial Review and the National Political Process* is mandatory reading for anyone seriously attempting to study our constitutional system of government. It is an important assessment of the democratic process and the theoretical and practical role of the Supreme Court. That view is no less true today, as borne out by the countless citations to this landmark work over the decades, including scores in the last few years alone. It is simply part of the foundational canon of constitutional law and political theory, an essential part of the library of scholars, students, and educated readers interested in considering the hard choices inherent in what the courts should decide and how they should decide them.
