Georgia's Kitchen Jenny Nelson.2010-08-03 At thirty-three, talented chef Georgia Gray has everything a woman could want—the top job at one of Manhattan’s best restaurants; a posse of smart and savvy gal pals who never let her down; and a platinum-set, cushion-cut diamond engagement ring courtesy of Glenn, the handsome entertainment lawyer who Georgia’s overbearing mother can’t wait for her to marry. The table is set for the ambitious bride-to-be until a scathing restaurant review destroys her reputation. To add salt to her wounds, Glenn suddenly calls off the wedding. Brokenhearted, Georgia escapes to the Italian countryside, where she sharpens her skills at a trattoria run by a world-class chef who seems to have it all—a devoted lover, a magnificent villa, and most important, a kitchen of her own. Georgia quells her longings with Italy’s delectable offerings: fine wine, luscious cheeses, cerulean blue skies, and irresistible Gianni—an expert in the vineyard and the bedroom. So when Gianni tempts Georgia to stay in Italy with an offer no sane top chef could refuse, why can’t she say yes? An appetite for something larger than love weighs heavy on Georgia’s heart—the desire to run her very own restaurant. But with a ruined career in New York and no business partner in sight, she must stir up more than just the courage to chase after her dreams if she is to find her way home.

Consumer Behavior over the Life Course George P. Moschis.2019-01-31 This book examines consumer behavior using the “life course” paradigm, a multidisciplinary framework for studying people's lives, structural contexts, and social change. It contributes to marketing research by providing new insights into the study of consumer behavior and illustrating how to apply the life course paradigm’s concepts and theoretical perspectives to study consumer topics in an innovative way. Although a growing number of marketing researchers, either implicitly or explicitly, subscribe to life course perspectives for studying a variety of consumer behaviors, their efforts have been limited due to a lack of theories and methods that would help them study consumers over the lifecycle. When studying consumers over their lifespan, researchers examine differences in the consumer behaviors of various age groups (e.g., children, baby boomers, elderly, etc.) or family life stages (e.g., bachelors, full nesters, empty nesters, etc.), inferring that consumer behavior changes over time or linking consumption behaviors to previous experiences and future expectations. Such efforts, however, have yet to benefit from an interdisciplinary research approach. This book fills this gap in consumer research by informing readers about the differences between some of the most commonly used models for studying consumers over their lifespan and the life course paradigm, and providing implications for research, public policy, and marketing practice. Presenting applications of the life course approach in such research topics as decision making, maladaptive behaviors (e.g., compulsive buying, binge eating), consumer well-being, and cognitive decline, this book is beneficial for students, scholars, professors, practitioners, and policy makers in consumer behavior, consumer research, consumer psychology, and marketing research.

Post-Agreement Northern Irish Literature Birte Heidemann.2016-06-23 This book uncovers a new genre of 'post-Agreement literature', consisting of a body of texts - fiction, poetry and drama - by Northern Irish writers who grew up during the Troubles but published their work in the aftermath of the Good Friday Agreement. In an attempt to demarcate the literary-aesthetic parameters of the genre, the book proposes a selective revision of postcolonial theories on 'liminality' through a subset of concepts such as 'negative liminality', 'liminal suspension' and 'liminal permanence.' These conceptual interventions, as the readings demonstrate, help articulate how the Agreement's rhetorical negation of the sectarian past and its aggressive neoliberal campaign towards a 'progressive' future breed new forms of violence that produce liminally suspended subject positions.

Gypsy in Auschwitz Otto Rosenberg.2022-08-04 Otto Rosenberg is 9 and living in Berlin, poor but happy, when his family are first detained. All around them, Sinti and Roma families are being torn from their homes by Nazis, leaving behind schools, jobs, friends, and businesses to live in forced encampments outside the city. One by one, families are broken up, adults and children disappear or are 'sent East'. Otto arrives in Auschwitz aged 16 and is later transferred to Buchenwald and Bergen-Belsen. He works, scrounges food whenever he can, witnesses and suffers horrific violence and is driven close to death by illness more than once. Unbelievably, he also joins an armed revolt of prisoners who, facing the SS and certain death, refuse to back down. Somehow, through luck, sheer human will to live, or both, he survives. The stories of Sinti and Roma suffering in Nazi Germany are all too often lost or untold. In this haunting account, Otto shares his story with a remarkable simplicity. Deeply moving, *A Gypsy in Auschwitz* is the incredible story of how a young Sinti boy miraculously survived the unimaginable darkness of the Holocaust.
