Authorama is a very simple site to use. You can scroll down the list of alphabetically arranged authors on the front page, or check out the list of Latest Additions at the top. Updated every hour with fresh content, Centsless Books provides over 30 genres of free Kindle books to choose from, and the website couldn't be easier to use. If you have an internet connection, simply go to BookYards and download educational documents, eBooks, information and content that is freely available to all. The web page is

pretty simple where you can either publish books, download eBooks based on authors/categories or share links for free. You also have the option to donate, download the iBook app and visit the educational links. If you find a free book you really like and you'd like to download it to your mobile e-reader, Read Print provides links to Amazon, where the book can be downloaded. However, when downloading books from Amazon, you may have to pay for the book unless you're a member of Amazon Kindle Unlimited. Unlike Project Gutenberg, which gives all books equal billing, books on Amazon Cheap Reads are organized by rating to help the cream rise to the surface. However, five stars aren't necessarily a guarantee of quality; many books only have one or two reviews, and some authors are known to rope in friends and family to leave positive feedback. LEanPUB is definitely out of the league as it over here you can either choose to download a book for free or buy the same book at your own designated price. The eBooks

can be downloaded in different formats like, EPub, Mobi and PDF. The minimum price for the books is fixed at \$0 by the author and you can thereafter decide the value of the book. The site mostly features eBooks on programming languages such as, JavaScript, C#, PHP or Ruby, guidebooks and more, and hence is known among developers or tech geeks and is especially useful for those preparing for engineering. If you already know what you are looking for, search the database by author name, title, language, or subjects. You can also check out the top 100 list to see what other people have been downloading. You can browse the library by category (of which there are hundreds), by most popular (which means total download count), by latest (which means date of upload), or by random (which is a great way to find new material to read). Large photos of the Kindle books covers makes it especially easy to quickly scroll through and stop to read the descriptions of books that you're interested in.
