IELTS Target 5.0: Preparation for IELTS General Training - Leading to IELTS Academic (2013 Edition) Chris Gough.2014-01-03 IELTS Target 5.0: Preparation for IELTS General Training - Leading to IELTS Academic IELTS Target 5.0 is aimed at students wishing to prepare for the IELTS exam while studying at pre-intermediate level. The main focus of preparation is IELTS General Training, as this is more appropriate for this level of student. Additional bridging material is incorporated later in the course for those students wishing to continue with IELTS Academic. The IELTS General Training section consists of three five-unit sections that take the student from a strong elementary to intermediate level. The earlier units

focus on basic skills and basic language, including sentence structure and spelling. The IELTS Academic section consists of five units that prepare students for the academic content of reading passages and the more challenging writing tasks. By the end of the course, students will be working with text and language that is close to that found in the exam. Exam tips are provided throughout the course to familiarize students with the various exam tasks and to provide advice on how to obtain the highest score possible. The Teacher's Book includes:

- Comprehensive teaching notes on all exercises to help teachers prepare effective lessons
- Complete answer keys to all exercises
- Full tapescripts of listening exercises

Each General Training unit consists of five modules:

1. Speaking and Vocabulary: This prepares students for the type of interaction they can expect with the examiner. The vocabulary selected is that most frequently encountered during the Speaking test.
2. Listening: This module is in two sections. The first section engages students in a topic and pre-teaches key vocabulary, before focusing on a key skill or particular IELTS exam technique. The second section practises the skill.
3. Reading: As with the Listening Module.
4. Writing: This deals with both parts of the Writing test, each unit focusing on a different writing skill or technique. There is a focus on guided writing, with model compositions and reports for all tasks.
5. Consolidation and Exam Practice: The first part revises the speaking focus and vocabulary in the first module. The second part practises listening, reading or writing skills under exam-type conditions.

Each Academic unit consists of Reading and Writing Modules only. The course also includes end-of-section review material and mock tests. See accompanying combined Course Book and Workbook and Interactive Course Book CD-ROM.

IELTS General Training Language Focus for Writing Ielts Preparation Course.2019-11-07 IELTS General Training measures English language proficiency in a practical, everyday context. It is appropriate for those planning to study in high school or a vocational training program. People migrating to Australia, Canada, New Zealand and the UK must take the IELTS General Training test. (Source: ieltsessentials.com). If you're here reading this book, it means you're taking your first step in your immigration plan: to prove your language ability. You should be proud of yourself. When IELTS test takers have been asked: Which is the most difficult skill out of the four skills in an IELTS General Training test? Most of them answered: Writing. You see, writing is hard. Even native speakers make mistakes in punctuation, spelling, and grammar. They do it all the time. Next time, pay attention when you read emails, Facebook posts, Instagram posts or even magazines, you will realize that not any native speakers are able to write correctly. It happens because not all of them reach the same level of literacy. Many professionals rarely write in their day-to-day life. Remember, native speakers have to take IELTS for immigration purposes, too! Keep that thought in mind, you have an equal opportunity to get a band 7 or above in an IELTS test. With a strong desire to succeed, a detailed learning strategy and well-prepared course from our books, you will get the score you deserve. This book focuses on the language you need for success in IELTS Writing Task 2. It covers five sections: 1. Improving your range - Grammar and Vocabulary 2. Improving your accuracy - Grammar and Vocabulary 3. Using an academic style 4. Writing cohesively and coherently 5. Expressing your ideas effectively
