Parsifal Kontainer Alexander Kluge, Tristan Marquardt. 2020-03 Two modern renaissance men pay homage to the medieval tale of Parsifal From Wolfram von Eschenbach's epic of chivalry to Richard

Wagner's opera, from the knight as fool to the fool as savior, the story of Parsifal has struck deep chords with artists over the centuries. In this collaboration, Georg Baselitz's studies for a 2018 production of Parsifal at the Munich State Opera (2018) are paired with Alexander Kluge's responses to Baselitz's drawings, through stories in which he filters out individual elements from Eschenbach's epic, such as Parsifal's native wit or the figure of the Knight of the Cheerful Countenance. The result is an ongoing communication conducted over long periods of time: aspects of the Middle Ages can be found in the present. The volume concludes with Tristan Marquardt's text Excerpts from a Parsifal Lexicon, which shows how far our contemporary language has diverged from Eschenbach's in terms of meaning and sound.

Uncharted Colette Baron-Reid. 2016 In *Uncharted*, internationally acclaimed intuitive counselor and spiritual cartographer Colette Baron Reid, whose best-selling books include *The Map and Messages from Spirit*, shows us that in the new normal of uncertainty, we can overcome the challenge of feeling disoriented, scared, and helpless and chart a path to new possibilities. It's in the places unfamiliar to us--the uncharted places--where magic lies. Here we can claim our innate power to give birth to an extraordinary life and become who we are called to become. Colette explains, When we're lost, we all want a map--but maps can only tell us where we've been. All of us, personally and collectively, are headed somewhere new, to a future that has not yet been imagined, and we're creating it as we go. With her trademark compassionate candor and reassuring humor, as well as input from a wise, loving consciousness who call themselves Fred, Colette guides us on a journey of co-creation through five interconnected realms--the Realms of Spirit, Mind, Light, and Energy, Form. Whatever we wish to experience and manifest, if we start in the realm of Form, trying to fix our lives and think our way out of our problems, we end up living inauthentically and feeling disappointed. But if we orient ourselves in the Realm of Spirit first, a magical process of transformation begins within, from which we can manifest a new reality far better than we might ever have imagined. Following this path, we get to experience what we came to create in the Realm of Form, and watch as our fear gives way to a deep sense of purpose and enthusiasm for participating in the co-creative process. Throughout *Uncharted* are fresh and exciting exercises drawn from Colette's trademarked energy psychology process, IN-Vizion

A Slap in the Face Abbas Khider.2022-03-22 Now in paperback, the touching, timely story of an Iraqi refugee in Germany. In our era of mass migration, much of it driven by war and its aftermath, *A Slap in the Face* could not be more timely. It tells the story of Karim, an Iraqi refugee living in Germany whose right to asylum has been revoked in the wake of Saddam Hussein's defeat. But Hussein wasn't the only reason Karim left, and as Abbas Khider unfolds his story, we learn both the secret struggles he faced in his homeland and the battles with prejudice, distrust, poverty, and bureaucracy he has to endure in his attempts to make a new life in Germany. As he erupts in frustration at his caseworker, and finally forces her to listen to his story, we get an account of a contemporary life upended by politics and violence, told with a warmth and humor that, while surprising us, does nothing to lessen the outrages Karim describes.

The German Empire, 1871-1918 Hans-Ulrich Wehler.1985-03 In the wake of the Fischer Controversy on the origins of World War I there emerged in West Germany a younger generation of historians who took a critical 'revisionist' view of the Bismarckian Empire and began to analyze the political development of the Hohenzollern monarchy against the background of the country's social and economic power structures. Professor Wehler became one of the most prominent exponents of this approach and his structural analysis of the 'Kaiserreich' created a considerable stir when it was first published. It has since, with its incisive and rigorous analysis, become a classic in the field.
