Until Tomorrow Comes Adelaide Forrest.2021-02-19 Rafael I came for war. I left with an obsession. With one look, Isa captivated me. She consumed me, drawing me into her world without ever knowing the dangers of mine. I intend to make her mine, no matter what lies I need to tell to manipulate her into falling in love with El Diablo. It should be simple enough, but secrets lurk in the depths of her multicolored eyes, and I'll do anything to understand what broke her before I had the chance. Because she's mine to break. Isa Rafael Ibarra tore through my life like a raging inferno. Consuming every part of me he touches, he promises to show me passion and the real Ibiza. Though our tryst can never be anything but temporary, I never want to leave the man who makes me wish things were different. But there's a nightmare hiding within his multicolored gaze, a phantom rattling at the cages who wants to devour me, to take me and claim me as his. He's temptation, pushing me toward sin with his wicked touch. But the sins of the flesh are different from the sins of the mind, and as much as I hate his secrets...I will never tell him my own. *Until Tomorrow Comes* is the first book in the Beauty in Lies series and ends on a cliffhanger. Red Sea Citizens Jonathan Miran.2009 In the late 19th century, the port of Massawa, in Eritrea on the Red Sea, was a thriving, vibrant, multiethnic commercial hub. *Red Sea Citizens* tells the story of how Massawa rose to prominence as one of Northeast Africa's most important shipping centers. Jonathan Miran reconstructs the social, material, religious, and cultural history of this mercantile community in a period of sweeping change. He shows how Massawa and its citizens benefited from migrations across the Indian Ocean, the Arabian peninsula, Egypt, and the African interior. Miran also notes the changes that took place in Massawa as traders did business and eventually settled. By revealing the dynamic processes at play, this book provides insight into the development of the Horn of Africa that extends beyond borders and boundaries, nations and nationalism.

Exploring the Dynamics of Multilingualism Anne-Claude Berthoud, François Grin, Georges Lüdi.2013-12-17 This book addresses the meanings and implications of multilingualism and its uses in a context of rapid changes, in Europe and around the world. All types of organisations, including the political institutions of the European Union, universities and private-sector companies must rise to the many challenges posed by operating in a multilingual environment. This requires them, in particular, to make the best use of speakers' very diverse linguistic repertoires. The contributions in this volume, which stem from the DYLAN research project financed by the European Commission as part of its Sixth Framework Programme, examine at close range how these repertoires develop, how they change and how actors adapt skilfully the use of their repertoires to different objectives and conditions. These different strategies are also examined in terms of their capacity to ensure efficient and fair communication in a multilingual Europe. Careful observation of actors' multilingual practices reveals finely tuned communicational strategies drawing on a wide range of different languages, including national languages, minority languages and *lingue franche*. Understanding these practices, their meaning and their implications, helps to show in what way and under what conditions they are not merely a response to a problem, but an asset for political institutions, universities and business.

When she's taken by our enemy to use for his vengeance. Even knowing she can never be mine, I'll stop at nothing to see her safe. The Irina I rescue isn't the same feisty woman they stole. Her soul is broken. Her heart is hollow like mine, because of the things she's seen. She needs me in a way I've never known. And I will destroy the man who shattered what's mine. *Scarred Regrets* is a full-length standalone romance, but the series presents a better reading experience when following the suggested order. The Past Ahead Gilbert Gatore.2012 *The Past Ahead* is the story of the destinies of two people after their experiences of the genocide in Rwanda. Isaro is orphaned, exiled, and now returned to her native country. Niko is a character in a novel that Isaro writes to help her understand her country's recent horrific past. Isaro's quest to recover the memory of the life she has lost is haunted by her nightmare imaginings, whose horror is given expression through Niko, a mute social outcast. When an army intent on massacre reaches his village, the once gentle young man is forced to become a killer. After the fighting ends, Niko retreats to a cave that he shares with a family of gorillas to try to escape the burden of his guilt. In his solitude, he is plagued with painful memories that will not leave him. As Isaro writes Niko's story, she succumbs to the sadness of death, violence, and the dreadful reminders of her terrible past. Stunning and powerfully written, Gatore's novel lays bare the unfathomable human cost of this international tragedy.

Lilavai Kouhala.2021-01-05 The Prakrit romance *Lailāvaāi*, an early ninth-century poem attributed to Kouhala and set in modern-day coastal Andhra Pradesh, is the most celebrated work in the genre. Complexly narrated in the alternating voices of its heroines and heroes and featuring a cast of semi-divine and magical beings, it centers on three young women: *Lailāvaāi*, princess of Sinhala (today's Sri Lanka); her cousin Mahanumai, princess of the mythical city Alaka; and Kuvalaavali, Mahanumai's adopted sister. Following a prophecy that *Lailāvaāi*'s husband will rule the earth, the princess happens upon a portrait of King Hala of Pratihthana and immediately falls in love. While journeying to meet him, she hears her cousins' tales of their lost loves, and then vows not to marry until they are reunited. To win *Lailāvaāi*'s hand, King Hala journeys to the underworld, faces monsters, and overcomes armies. *Lailāvaāi* explores themes of karma and female desire, notably privileging women as storytellers. A new edition of the Prakrit text, presented in the Devanagari script, accompanies a new English prose translation--

The Southern Marches of Imperial Ethiopia Lecturer in Social Anthropology Wendy James, Dr, PhD.1986 This international collection of essays offers a unique approach to the understanding of imperial Ethiopia, out of which the present state was created by the 1974 revolution. After the 1880s, Abyssinia, under Menilek II, expanded its ancient heartland to incorporate vast new territories to the south. Here, for the first time, these regions are treated as an integral part of the empire. The book opens with an interpretation of nineteenth-century Abyssinia as an African political economy, rather than as a variant on European feudalism, and with an account of the north's impact on peoples of the new south. Case studies from the southern regions follow four by historians and four by anthropologists, each examining aspects of the relationship between imperial rule and local society. In revealing the region's diversity and the relationship of the periphery to the centre, the volume illuminates some of the problems faced by post-revolutionary Ethiopia.

Country of Cold Kevin Patterson.2011-01-28 A Vintage Tales Book. Graduating from high school in a small Canadian town, you are immediately faced with two stark choices: leave or stay. Country of Cold follows the stories of a disparate group of Dunsmuir, Manitoba's class of 1980, most of whom leave, imagining that life happens elsewhere. They flee to the freedom of the big cities of the world and the far corners of Canada, but many end up feeling rootless and alone, whether as a physician in an Arctic Inuit community, a temporary boyfriend in Paris, or a student in the McGill Ghetto. The characters attempt to unravel the impossible puzzles of adulthood -- searching for answers by hurtling over falls in a barrel, building a boat to escape a teen-daughter-gone-bad, or embarking on an unlikely affair with a two-bit wrestler. Kevin Patterson won international accolades for his wonderfully observed and moving memoir, *The Water in Between*. This fiction debut confirms him as a major new literary talent.

Tara Arctic Grant Redvers.2010-08 Tara Arctic is about the expedition Grant Redvers led aboard Tara, formerly Sir Peter Blake's Seamaster, which drifted, frozen solid in pack ice, in the Arctic for 18 months during 2006-08. The expedition was a significant part of Damocles, the leading project for the European Union within the fourth International Polar Year. Damocles aimed to observe, understand, and quantify the Arctic climate changes to assist global warming decision-making. Grant Redvers was leader during the whole expedition. There was a changing complement of 22 scientists and seamen on board during the 18 months. As the Tara expedition was a French initiative, there were 15 Frenchmen as well as three Russians and one crew member from Estonia, Norway and the USA. An article in the prestigious magazine, *Nature*, discussing the expedition, said:on 28 May 2007, the ship came closer to the geographic North Pole than any ship ever before. At a latitude of 88 degrees and 32 minutes north, the Tara was just 160 kilometres away from the pole. That was not the only remarkable aspect about this expedition

The Rejection of Consequentialism Samuel Scheffler.1994-08-11 In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are

always permitted, but not always required, to produce the best outcomes.

Hate: A Romance Tristan Garcia.2010-10-26 In a controversial first novel that took the French literary world by storm and won the Prix de Flore, Tristan Garcia uses sex, friendships, and love affairs to show what happens to people when political ideals—Marxism, gay rights, sexual liberation, nationalism—come to an end. As Elizabeth Levallois, a cultural journalist, looks back on this decade and on the ravages of the AIDS epidemic in Paris, a drama unfolds—one in which love turns to hate and fidelity turns to betrayal, in both affairs of the heart and politics. With great verve and ingenuity, Garcia lays claim to an era that promised freedom as never before, and he paints an indelible, sharp, but sympathetic portrait of intellectuals lost in the age of MTV.
