Greg Noll Drew Kampion. 2007 One of the greatest surfers of all time, Greg Noll has built a considerable reputation as master of surfboard making, or shaping. Today, collectors and surfers alike prize his unique brand of board. Recently featured in the award-winning documentary feature, *Riding Giants*, Da Bull, in his iconic black-and-white striped trunks, was emblematic of big surf and fearless commitment. In addition to being a pioneer of big-wave surfing, surf movies, and surf magazines, by the mid-1960s, Noll was one of the largest surfboard manufacturers in the world. Now living in Crescent City, California, Noll still shapes twelve boards a year out of old-growth salvage woods-replicas of Duke Kahanamoku's olo and other exotica for collectors. *The Art of the Surfboard* combines the art of building extraordinary surfboards with fascinating surfing history and photography. It's a must-have for surfers and surfing history buffs of any age. *The Art of the Surfboard* includes: A biographical introduction to Greg Noll A concise history of the evolution of surfboards and construction techniques from ancient Hawaii to the modern era Descriptive step-by-step photo sequences with explanatory text on building balsa, foam, and classic wooden surfboards A chronological gallery of Greg Noll surfboards, vintage 1950 to 2005, featuring photographs, action shots, commentary from surfers and shapers, and from Greg himself on the boards and their eras Portraits of several important Greg Noll surfboard collectors and their collections, with accompanying bios and information on the boards A guide to the various Greg Noll surfboard labels and the years each was used Illustrated throughout with action surf shots taken by some of surfing's master photographers

Surf Science Tony Butt. 2014-03-25 Have you ever wondered where surfing waves come from, what makes every wave different, why some peel perfectly and others just close out; why, some days, the waves come in sets and other days they don't, and how the tides, the wind and the shape of the sea floor affect the waves for surfing? If you have, this book is for you. Now in its third edition, Surf Science is the first book to talk in depth about the science of waves from a surfer's point of view. It fills the gap between surfing books and waves textbooks, and will help you learn how to predict surf. Surf Science is also a useful introduction to oceanography and the science of waves. You don't need a scientific background to read it – just curiosity and a fascination for waves.

Surf's Up Louise Southerden. 2009-01-21 CATCH THE WAVE Have you always thought surfing looks like so much fun but lacked the confidence to try it?
