**The History of the World in Comics** Jean-Baptiste de Panafieu.2021-07-13 Never has natural history been so fun! Scientific accuracy and humor combine to tell the entire history of Earth in a comic book format. A paleontologist and a storyteller take two children through the birth of our planet, the beginning of microbes, and through the heydays of protozoans, dinosaurs, and early mammals with unfailing enthusiasm. The art accurately portrays animal species and prehistoric landscapes, includes maps and infographics, but also adds humorous touches: a google-eyed prehistoric fish looking startled to be walking on land and the children popping out of a tree top to surprise a Brachiosaurus. The combined expertise of author Jean-Baptiste de Panafieu, a science writer and biologist, and illustrator Adriene Barman, the creator behind Creaturepedia and Plantopedia, makes for a science read you can trust. Fans of Maris Wicks's Human Body Theater and Nathan Hale will be pleased.

**Small Country** Gaël Faye.2018-06-05 Already an international sensation and prize-winning bestseller in France, an evocative coming-of-age story of a young boy, a lost childhood and a shattered homeland. SHORTLISTED FOR THE ALBERTINE PRIZE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY ESQUIRE • LONGLISTED FOR THE ANDREW CARNEGIE MEDAL FOR

EXCELLENCE IN FICTION • LONGLISTED FOR THE ASPEN WORDS LITERARY PRIZE Burundi, 1992. For ten-year-old Gabriel, life in his comfortable expatriate neighborhood of Bujumbura with his French father, Rwandan mother and little sister Ana, is something close to paradise. These are carefree days of laughter and adventure – sneaking Supermatch cigarettes and gorging on stolen mangoes – as he and his mischievous gang of friends transform their tiny cul-de-sac into their kingdom. But dark clouds are gathering over this small country, and soon their peaceful existence will shatter when Burundi, and neighboring Rwanda, are brutally hit by civil war and genocide. A novel of extraordinary power and beauty, *Small Country* describes an end of innocence as seen through the eyes of a child caught in the maelstrom of history. Shot through with shadows and light, tragedy and humor, it is a stirring tribute not only to a dark chapter in Africa’s past, but also to the bright days that preceded it.
