**The Order of Things** Michel Foucault.2005-08-18 When one defines order as a sorting of priorities, it becomes beautifully clear as to what Foucault is doing here. With virtuoso showmanship, he weaves an intensely complex history of thought. He dips into literature, art, economics and even biology in *The Order of Things*, possibly one of the most significant, yet most overlooked, works of the twentieth century. Eclipsed by his later work on power and discourse, nonetheless it was *The Order of Things* that established Foucault's reputation as an intellectual giant. Pirouetting around the outer edge of language, Foucault unsettles the surface of literary writing. In describing the limitations of our usual taxonomies, he opens the door onto a whole new system of thought, one ripe with what he calls exotic charm. Intellectual pyrotechnics from the master of critical thinking, this book is crucial reading for those who wish to gain insight into that odd beast called Postmodernism, and a must for any fan of Foucault.

Harris,Giovanni Ruffini.2021-10-01 This volume approaches the history of the great city of Alexandria from a variety of directions: its demography, the interaction between Greek and Egyptian and between Jews and Greeks, the nature of its civil institutions and social relations, and its religious, and intellectual history.

*Illuminations* Walter Benjamin.1968-10-23 Essays and reflections from one of the twentieth century's most original cultural critics, with an introduction by Hannah Arendt. Walter Benjamin was an icon of criticism, renowned for his insight on art, literature, and philosophy. This volume includes his views on Kafka, with whom he felt a close personal affinity; his studies on Baudelaire and Proust; and his essays on Leskov and Brecht's epic theater. *Illuminations* also includes his penetrating study "The Work of Art in the Age of Mechanical Reproduction," an enlightening discussion of translation as a literary mode; and his theses on the philosophy of history. Hannah Arendt selected the essays for this volume and introduces them with a classic essay about Benjamin's life in a dark historical era. Leon Wieseltier's preface explores Benjamin's continued relevance for our times. Walter Benjamin (1892-1940) was a German-Jewish Marxist literary critic, essayist, translator, and philosopher. He was at times associated with the Frankfurt School of critical theory and was also greatly inspired by the Marxism of Bertolt Brecht and Jewish mysticism as presented by Gershom

Scholem.

**Against Expression** Craig Dworkin, Kenneth Goldsmith.2011-01-17 Charles Bernstein has described conceptual poetry pregnant with thought. *Against Expression*, the premier anthology of conceptual writing, presents work that is by turns thoughtful, funny, provocative, and disturbing. Editors Craig Dworkin and Kenneth Goldsmith chart the trajectory of the conceptual aesthetic from early precursors such as Samuel Beckett and Marcel Duchamp through major avant-garde groups of the past century, including Dada, Oulipo, Fluxus, and language poetry, to name just a few. The works of more than a hundred writers from Aasprong to Zykov demonstrate a remarkable variety of new ways of thinking about the nature of texts, information, and art, using found, appropriated, and randomly generated texts to explore the possibilities of non-expressive language. --Book Jacket.

**Historical journey in a linguistic archipelago** Émilie Aussant, Jean-Michel Fortis.2020-12-14 This volume offers a selection of papers presented during the 14th International Conference on the History of the Language Sciences (ICHoLS XIV, Paris, 2017). Part I brings together studies dealing with descriptive concepts. First examined is the notion of "accidens" in Latin grammar and its Greek counterparts. Other papers address questions with a strong echo in today's linguistics: localism and its revival in recent semantics and syntax, the origin of the term "polysemy" and its adoption through Bréal, and the difficulties attending the description of prefabs, idioms and other "fixed expressions". This first part also includes studies dealing with representations of linguistic phenomena, whether these concern the treatment of local varieties (so-called patois) in French research, or the import and epistemological function of spatial representations in descriptions of linguistic time. Or again, now taking the word "representation" literally, the visual display of grammatical relations, in the form of the first syntactic diagrams. Part II presents case studies which involve wider concerns, of a social nature: the "from below" approach to the history of Chinese Pidgin English underlines the social roles of speakers and the diversity of speech situations, while the scrutiny of Lhomond's Latin and French textbooks demonstrates the interplay of pedagogical practice, cross-linguistic comparison and descriptive innovation. An overview of early descriptions of Central Australian languages reveals a whole spectrum of humanist to positivist and antihumanist stances during the colonial age. An overarching framework is also at play in the anthropological perspective championed by Meillet, whose socially and culturally oriented semantics is shown to live on in Benveniste. The volume ends with a paper on Trần Đức Thảo, whose work is an original synthesis between phenomenology and Marxist semiology, wielded against the "idealistic" doctrine of Saussure.

*Fall of the Argosi* Sebastien de Castell.2021-10-14 A brilliant story of adventure, wit and philosophy from the origins of the SPELLSLINGER series to enrapture devotees as well as newcomers alike. New to the ways of the Argosi, the tribe of wandering philosophers who seek to defeat evil by wit and guile, Ferius Parfax encounters a hideous plague - the Red Scream. Highly contagious, caught by the hearing of a deadly verse, it turns its victims into mindless monsters that destroy all human life they come into contact with. With the help of a deaf boy whom she has saved from two horrifying victims of the plague, she sets out to find the source of the Red Scream and overcome its terrifying power. Along the way she is joined by another Argosi, Rosie, who purports to be so much wiser and more adept than Ferius, but who turns out to have her own dark secrets. Peopled with extraordinary characters and gut-wrenching drama, Ferius's story teaches her hard lessons about the limits of the Argosi's ways. Readers will delight not just in this amazing masterclass in plot pacing and narrative drive, but in the seemingly bottomless well of wit, thought and wisdom that the story brings up and that has changed lives down the ages. It takes the reader on a journey like no other.

**Twelve Years a Slave** Solomon Northup.2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the

relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**Tyrant's Throne** Sebastien de Castell.2017-06-06 After years of struggle and sacrifice, Falcio val Mond, First Cantor of the Greatcoats, is on the brink of fulfilling his dead king's dream: Aline, the king's daughter, is about to take the throne and restore the rule of law once and for all. But for the Greatcoats, nothing is ever that simple. In the neighboring country of Avars, an enigmatic new warlord is uniting the barbarian armies that have long plagued Tristia's borders--and even worse, he is rumored to have a new ally: Trin, who's twice tried to kill Aline to claim the throne of Tristia for herself. With the armies of Avars at her back, led by a bloodthirsty warrior, she'll be unstoppable. Falcio, Kest, and Brasti race north to stop her, but in those cold and treacherous climes they discover something altogether different, and far more dangerous: a new player is planning to take the throne of Tristia, and with a sense of dread the three friends realize that the Greatcoats, for all their skill, may not be able to stop him. As the nobles of Tristia and even the Greatcoats themselves fight over who should rule, the Warlord of Avars threatens to invade. With so many powerful contenders vying for power, it will fall to Falcio to render the one verdict he cannot bring himself to utter, much less enforce. Should he help crown the young woman he vowed to put on the throne, or uphold the laws he swore to serve?

**Artificial Intelligence in Society** OECD.2019-06-11 The artificial intelligence (AI) landscape has evolved significantly from 1950 when Alan Turing first posed the question of whether machines can think. Today, AI is transforming societies and economies. It promises to generate productivity gains, improve well-being and help address global challenges, such as climate change, resource scarcity and health crises.

**Heritage Regimes and the State** Bendix, Regina,Eggert, Aditya,Peselmann, Arnika.2013-07-02 What happens when UNESCO heritage conventions are ratified by a state? How do UNESCO's global efforts interact with preexisting local, regional and state efforts to conserve or promote culture? What new institutions emerge to address the mandate? The contributors to this volume focus on the work of translation and interpretation that ensues once heritage conventions are ratified and implemented. With seventeen case studies from Europe, Africa, the Caribbean and China, the volume provides comparative evidence for the divergent heritage regimes generated in states that differ in history and political organization. The cases illustrate how UNESCO's aspiration to honor and celebrate cultural diversity diversifies itself. The very effort to adopt a global heritage regime forces myriad adaptations to particular state and interstate modalities of building and managing heritage.

**Social Housing in Europe** Kathleen Scanlon,Christine Whitehead,Melissa Fernández Arrigoitia.2014-09-29 All countries aim to improve housing conditions for their citizens but many have been forced by the financial crisis to reduce government expenditure. Social housing is at the crux of this tension. Policy-makers, practitioners and academics want to know how other systems work and are looking for something written in clear English, where there is a depth of understanding of the literature in other languages and direct contributions from country experts across the continent. Social Housing in Europe combines a comparative overview of European social housing written by scholars with in-depth chapters written by international housing experts. The countries covered include Austria, Denmark, England, France, Germany, Hungary, Ireland, The Netherlands and

Sweden, with a further chapter devoted to CEE countries other than Hungary. The book provides an up-to-date international comparison of social housing policy and practice. It offers an analysis of how the social housing system currently works in each country, supported by relevant statistics. It identifies European trends in the sector, and opportunities for innovation and improvement. These country-specific chapters are accompanied by topical thematic chapters dealing with subjects such as the role of social housing in urban regeneration, the privatisation of social housing, financing models, and the impact of European Union state aid regulations on the definitions and financing of social housing.

**The Writing Public** Elizabeth Andrews Bond.2021-03-15 Inspired by the reading and writing habits of citizens leading up to the French Revolution, *The Writing Public* is a compelling addition to the long-running debate about the link between the Enlightenment and the political struggle that followed. Elizabeth Andrews Bond scoured France's local newspapers spanning the two decades prior to the Revolution as well as its first three years, shining a light on the letters to the editor. A form of early social media, these letters constituted a lively and ongoing conversation among readers. Bond takes us beyond the glamorous salons of the intelligentsia into the everyday worlds of the craftsmen, clergy, farmers, and women who composed these letters. As a result, we get a fascinating glimpse into who participated in public discourse, what they most wanted to discuss, and how they shaped a climate of opinion. *The Writing Public* offers a novel examination of how French citizens used the information press to form norms of civic discourse and shape the experience of revolution. The result is a nuanced analysis of knowledge production during the Enlightenment. Thanks to generous funding from The Ohio State University Libraries and its participation in TOME (Toward an Open Monograph Ecosystem), the ebook editions of this book are available as Open Access (OA) volumes, available on the Cornell University Press website and other Open Access repositories.

**Performances of Peace: Utrecht 1713** .2015-10-05 The Peace of Utrecht (1713), which brought an end to the War of the Spanish Succession, was a milestone in global history. *Performances of Peace* aims to rethink the significance of the Peace of Utrecht by exploring the nexus between culture and politics. For too long, cultural and political historians have studied early modern international relations in isolation. By studying the political as well as the cultural aspects of this peace (and its concomitant paradoxes) from a broader perspective, this volume aims to shed new light on the relation between diplomacy and performative culture in the public sphere. Contributors are: Samia Al-Shayban, Lucien Bély, Renger E. de Bruin, Suzan van Dijk, Heinz Duchhardt, Julie Ferguson, Linda Frey, Marsha Frey, Willem Frijhoff, Henriette Goldwyn, Cornelis van der Haven, Clare Jackson, Lotte Jensen, Phil McCluskey, Jane O. Newman, Aaron Alejandro Olivas, David Onnekink. This book is available in Open Access.

**Wings for Our Courage** Stephanie H Jed.2011-06 On January 6, 1537, Lorenzino de' Medici murdered Alessandro de' Medici, the duke of Florence. This episode is significant in literature and drama, in Florentine history, and in the history of republican thought, because Lorenzino, a classical scholar, fashioned himself after Brutus as a republican tyrant-slayer. *Wings for Our Courage* offers an epistemological critique of this republican politics, its invisible oppressions, and its power by reorganizing the meaning of Lorenzino's assassination around issues of gender, the body, and political subjectivity. Stephanie H. Jed brings into brilliant conversation figures including the Venetian nun and political theorist Archangela Tarabotti, the French feminist writer Hortense Allart, and others in a study that closely examines the material bases—manuscripts, letters, books, archives, and bodies—of writing as generators of social relations that organize and conserve knowledge in particular political arrangements. In her highly original study Jed reorganizes republicanism in history, providing a new theoretical framework for understanding the work of the scholar and

the social structures of archives, libraries, and erudition in which she is inscribed.

Futures for the Mediterranean Basin Michel Grenon, Michel Batisse.1989 This book, sponsored by the UN Environmental Programme and carried out by the Blue Plan Regional Activity Centre, reports on the Mediterranean's economic and environmental prospects over the next forty years. The study uses scenarios to explore the implications of particular types of change and choices of action, considering the environmental impact of various economic sectors--agriculture, industry, energy, tourism, and transportation--as well as the threat posed by urbanization and development of coastal zones. Featuring a wide range of statistical material presented in tables and maps, this work is unique in making comparisons between so many different countries on a range of ecological and economic variables.

**The Secular Enlightenment** Margaret Jacob.2021-04-20 Provides a panoramic account of the radical ways that life began to change for ordinary people in the age of Locke, Voltaire, and Rousseau. In this book, familiar Enlightenment figures share places with voices that have remained largely unheard until now, from freethinkers and freemasons to French materialists, anticlerical Catholics, pantheists, pornographers, readers, and travelers. Jacob reveals how this newly secular outlook was not a wholesale rejection of Christianity but rather a new mental space in which to encounter the world on its own terms. She takes readers from London and Amsterdam to Berlin, Vienna, Turin, and Naples, drawing on rare archival materials to show how ideas central to the emergence of secular democracy touched all facets of daily life. Jacob demonstrates how secular values and pursuits took hold of eighteenth-century Europe, spilled into the American colonies, and left their lasting imprint on the Western world for generations to come. --Adapted from publisher description.

**Expulsion and Diaspora Formation** John Victor Tolan.2015 The eleven essays brought together in this volume explore the relations between expulsion, diaspora, and exile between Late Antiquity and the seventeenth century. The essays range from Hellenistic Egypt to seventeenth-century Hungary and involve expulsion and migration of Jews, Muslims and Protestants. The common goal of these essays is to shed light on a certain number of issues: first, to try to understand the dynamics of expulsion, in particular its social and political causes; second, to examine how expelled communities integrate (or not) into their new host societies; and finally, to understand how the experiences of expulsion and exile are made into founding myths that establish (or attempt to establish) group identities.

**Terra 2008** Leslie Rainer,Angelyn Bass Rivera,David Gandreau.2011-06-14 Earthen architecture constitutes one of the most diverse forms of cultural heritage and one of the most challenging to preserve. It dates from all periods and is found on all continents but is particularly prevalent in Africa, where it has been a building tradition for centuries. Sites range from ancestral cities in Mali to the palaces of Abomey in Benin, from monuments and mosques in Iran and Buddhist temples on the Silk Road to Spanish missions in California. This volume's sixty-four papers address such themes as earthen architecture in Mali, the conservation of living sites, local knowledge systems and intangible aspects, seismic and other natural forces, the conservation and management of archaeological sites, research advances, and training.

**The Patient Griselda Myth** Madeline Rüegg.2019-06-04 From the 14th until the 19th century the last novella of Boccaccio's Decameron, also known as the Griselda story, has been translated and adapted countless times in many European languages. This story's success can be explained by considering it a myth and analysing how this myth engages with contemporary discourses, such as the definition of the ideal wife, the querelle des femmes, the socio-political consequences of social exogamy, and tyranny.

Play of Shadows Sebastien de Castell.2024-03-28 Swordplay, magic, intrigue and friendships stronger than iron: the first volume in the new swashbuckling fantasy series set in the universe of THE GREATCOATS. Damelas Chademantaigne picked a poor night to flee a judicial duel. He has precious little hope of escaping the wrath of the Vixen, the most feared duellist in the entire city, until he stumbles through the stage doors of the magnificent Operato Belleza and tricks his way into the company of actors. An archaic law provides a temporary respite from his troubles - until one night a ghostly voice in his head causes Damelas to fumble his lines, inadvertently blurting out a dreadful truth: the city's most legendary hero may actually be a traitor and a brutal murderer. With only the help of his boisterous and lusty friend Bereto, a beautiful assassin whose target may well be Damelas himself, and a company of misfit actors who'd just as soon see him dead, this failed grandson of two Greatcoats must somehow find within himself the courage to dig up long-buried truths before a ruthless band of bravos known as the Iron Orchids come for his head. Oh, and there's still that matter of the Vixen waiting to duel him . . . Readers love Play of Shadows! *Literary Translation, Reception, and Transfer* Norbert Bachleitner.2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena; they are based on similarities that are related to a form of 'travelling' and imitation or adaptation of entire texts, genres, forms or contents. Transfer comprises all sorts of 'travelling', with translation as a major instrument of transferring literature across linguistic and cultural barriers. Transfer aims at the process of communication, starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture. Reception lays its focus on the receiving culture, especially on criticism, reading, and interpretation. Translation, therefore, forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers. Moreover, translations are the prime instrument in the distribution of literature across linguistic and cultural borders; thus, they pave the way for gaining prestige in the world of literature. The thirty-eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna. They are ample proof that the field remains at the center of interest in Comparative Literature.

Updated every hour with fresh content, Centsless Books provides over 30 genres of free Kindle books to choose from, and the website couldn't be easier to use. Besides being able to read most types of ebook files, you can also use this app to get free Kindle books from the Amazon store. Unlike the other sites on this list, Centsless Books is a curator-aggregator of Kindle books available on Amazon. Its mission is to make it easy for you to stay on top of all the free ebooks available from the online retailer. LEanPub is definitely out of the league as it over here you can either choose to download a book for free or buy the same book at your own designated price. The eBooks can be downloaded in different

formats like, EPub, Mobi and PDF. The minimum price for the books is fixed at \$0 by the author and you can thereafter decide the value of the book. The site mostly features eBooks on programming languages such as, JavaScript, C#, PHP or Ruby, guidebooks and more, and hence is known among developers or tech geeks and is especially useful for those preparing for engineering. Books Pics is a cool site that allows you to download fresh books and magazines for free. Even though it has a premium version for faster and unlimited download speeds, the free version does pretty well too. It features a wide variety of books and magazines every day for your daily fodder, so get to it now! If you are a student who needs books related to their subjects or a traveller who loves to read on the go, BookBoon is just what you want. It provides you access to free eBooks in PDF format. ManyBooks is another free eBook website that scours the Internet to find the greatest and latest in free Kindle books. Currently, there are over 50,000 free eBooks here. Use the download link to download the file to your computer. If the book opens in your web browser instead of saves to your computer, right-click the download link instead, and choose to save the file. You can search Google Books for any book or topic. In this case, let's go with "Alice in Wonderland" since it's a well-known book, and there's probably a free eBook or two for this title. The original work is in the public domain, so most of the variations are just with formatting and the number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.
