The Last Missionary Bob Walters.2020-10-21 The Last Missionary is a bicycle adventure story set in remote districts in eastern Democratic Republic of the Congo. Bob Walters travels with a team of Congolese colleagues discovering the state of the villages run over by the Pan-African war that devastated the region's people through the terror of rape and the killing of millions. Along the way, Bob offers the reader a number of short tutorials and reflections on missiology, the study of mission systems. He ponders patronage and cargo cults, and asks the question, "Is Jesus the answer?" But this is not an answer book, it is a book in search of better questions. The Last Missionary is a challenge to both evangelicals and progressives in the church, missionaries and mission volunteers, and even non-religious aid workers.

Glimpses of Heaven Roela Victoria Rivera.2013-05 A diaconal minister, author, and creative artist, Roela Victoria Rivera became legally blind in 2004, two years after she had severe illness that left her in a coma for three days and led her to a near-death experience (NDE) which allowed her to see the glory and beauty of heaven. While undergoing eight eye surgeries over a period of eight years, she felt her faith and trust fading away for awhile. However, her deep faith in GOD and fervent prayers have strengthened her belief that GOD has never left her side and is leading her each day with new meaningful plan and purpose for her life. GOD has blessed Roela to see glimpses of heaven at three points in her life: when she was ten years old, at age eighteen, and in mid-life which guided her with wisdom and strength, courage and creative power to write this inspirational book with divine guidance from GOD, holy light from Jesus, and inspiration from the Holy Spirit. She will help you see glimpses of heaven in many different ways in everyday life. She also wishes to share her creative artworks and the great Lessons of Life she learned from her heavenly visions and from the Scripture. She continues her ministry for GOD's glory through her GraceNotes Creative Ministry and inspirational items she designs to share GOD's Words of love and grace. Roela's physical and spiritual journey is an inspiration to everyone who reads about it in this book. We hope you find it so.

Christian Preaching and Worship in Multicultural Contexts Eunjoo Mary Kim.2017-07-27 Can Christian preaching and worship in multicultural contexts be more faithful to the Christian gospel and more meaningful and memorable to worshipers? In this book, Eunjoo Mary Kim explores this theological and liturgical concern and proposes a paradigm shift from monocultural to multicultural worship. This volume will help preachers and worship leaders, as well as homiletics and liturgics scholars, seek theological and biblical wisdom for the practice of Christian preaching and worship in multicultural contexts. Kim also provides homiletical and liturgical insights into this practice. By integrating this paradigm shift, ministers and worshipers can participate in a life worthy of living together in our multicultural world.

Unleashing the Word Adam Hamilton.2011-12-01 Imagine announcing a new series of sermons and seeing worship attendance increase by 1,000 people on the first Sunday of the new series. Or consider a pastor developing sermon plans two to three years out. What kind of pastor sits in a bar with a notepad just looking for ideas for sermons? Or has as his aim to preach the best prepared, best researched sermons his congregation has ever heard? All of these and more explain part of the reason the United Methodist Church of the Resurrection has grown from four people to over 10,000 in just thirteen years. In *Unleashing the Word*, Adam Hamilton helps pastors and church leaders consider the purpose, planning, and execution of excellent preaching. He offers detailed descriptions of the sermon planning, writing and preaching process behind one of the fastest growing churches in the United States. He includes numerous personal anecdotes and enough sermon ideas to keep the average pastor busy for years. Finally, after you have read how sermons are planned and prepared at the Church of the Resurrection you can watch the included DVD which features four full-length sermons and other resources to help you apply what you've read in the book. If you only buy one book on preaching this year, this is the book you must buy

Worship and Christian Identity E. Byron Anderson.2017-04-21 *Worship and Christian Identity* argues that sacramental and liturgical practices are the central means by which a church shapes the faith, character, and consciousness of its members. Consequently, for any church to set aside such practices as outdated or irrelevant is to set aside the means by which the church nurtures and sustains its theological identity. From this perspective, Anderson explores the following questions: What is the relationship between worship and belief? What is the relationship between corporate worship and the formation of Christian persons and communities? What is the relationship between worship and our knowledge of ourselves, our world, and God? How might our attention to the reform and renewal of worship and sacramental practice provide a framework for theological, evangelical, and sacramental renewal? Questions of sacramental practice, inclusive or transformative language, and the renewal of congregational hymnody have been largely displaced by marketing questions and conflicts between traditional and "contemporary" worship. The hour of worship is subdivided now into increasingly specialized "target audiences" of singles, seekers, boomers, and "X-ers" with worship carefully packaged as "traditional" or "contemporary." What at various points has been understood as a "means of grace" is now seen primarily as a "means of numerical growth." Missing in the conflict between "traditional" and "contemporary" worship is significant discussion of what is at stake for the identity of Christian persons and communities in the shape and practice of worship. Perhaps more surprising, discussion of the theological shape and practice of worship also has been absent in discussions concerning theological standards. These absences suggest that for many in the church today, worship is a means for expressing a community's belief but has little to do with the shape and character of that belief. The assumption that worship is only or primarily a pragmatic means for expressing a community's belief stands in sharp contrast to the Christian tradition. This assumption also contrasts with the insights provided by recent work in ritual studies, psychology, and faith development. *Worship and Christian Identity* is an important book for faculty and students in seminary and graduate programs in liturgical studies and religious education, particularly those interested in the relationships between liturgical studies and practical theology, ritual studies and liturgical theology, as well as the role of worship in Christian formation. Chapters are "Making Claims About Worship," "Worship as Ritual Knowledge," "Worship as Ritual Practice," "Trinitarian Grammar and the Christian Self," "Trinitarian Grammar and Liturgical Practice," and "A Vision of Christian Life."

Locating Atonement Zondervan.2015-11-10 A Close Look at Atonement's Place in Contemporary Systematic Theology. In light of renewed interest in the doctrine of atonement—during which a range of atonement models have gained momentum among different traditions—it's important to map these models to the broader context of theological thought on this aspect of Christ's work and to show how no single approach has the complete picture. The proceedings of the third annual Los Angeles Theology Conference seek to identify the place of the doctrine of atonement in systematic theology. *Locating Atonement* stays away from discussion of theories of atonement, typologies of those theories, and contests among various theories. Instead, its focus is on the question: What else is there to do in atonement theology besides rehashing types and theories? The twelve diverse essays in this collection include discussions on: Atonement and the concept of punishment. Atonement and ascension. Atonement and human suffering. Atonement and covenant. Each of the essays collected in this volume engage with Scripture as well as with others in the field—theologians both past and present, from different confessions—in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future.

Wounded for Us David Hogsett.2005-10 By focusing on the sacrifice Jesus made on our behalf -- and powerfully linking it to our lives today -- this comprehensive resource offers a compelling approach to observing Lent that truly prepares worshipers to experience Easter's new hope, new possibilities, and new life. Based on the ancient tradition of the five wounds of Christ, *Wounded For Us* identifies places where we find ourselves hurting, then connects them to one of the wounds Jesus suffered and explores how Christ's resurrection offers reconciliation and healing. *Wounded For Us* draws an imaginative analogy between Jesus' wounds and these areas in our lives where we are wounded: * Head (crown of thorns) -- our thoughts * Side (piercing) -- our spirit and emotions * Back (scourging) -- our hopes and dreams * Hands (nails) -- our relationships * Feet (nails) -- our actions With sermon and worship material for Ash Wednesday, the Sundays in Lent, Palm Sunday, Maundy Thursday, Good Friday, and Easter Sunday, *Wounded For Us* provides a complete package with everything needed for developing meaningful, thematically unified services throughout the Lenten season. Each sermon suggests an action plan that applies the cure of the gospel to our wounds, and reproducible outlines that help the congregation focus on the main themes are also included. C. David Hogsett served several congregations in the North Indiana conference of the United Methodist Church during nearly four decades of active ministry. Hogsett holds degrees from Purdue University (B.S. in math), Southern Methodist University's Perkins School of Theology (B.D., S.T.M.), and McCormick Theological Seminary (D.Min.).

Longing for Spring Elaine A Heath,Scott T Kisker.2011-05-26 Delving into the widespread, contemporary longing for a more serious and communal experience of Christianity, this book provides important theoretical underpinnings and casts a vision for a new monasticism within the Wesleyan tradition. Elaine Heath and Scott Kisker call for the planting of neo-monastic churches

which embody the Wesleyan vision of holiness in postmodern contexts. This book also points toward some vital shifts that are necessary in theological education in order to equip pastors to lead such communities. *Longing for Spring* helps Wesleyans of all stripes understand the theory and praxis necessary for planting neo-monastic communities as a new model of the church that is particularly important in the postmodern context. The authors write in an engaging, conversational style that is conversant with postmodern culture, yet thoroughly informed by critical research. Heath and Kisker boldly challenge the imagination of the church, both within and beyond Wesleyan traditions, to consider the possibility of revitalizing the church through the new monasticism.
