The Girl Michelle Morgan.2018-05-08 With an in-depth look at the two most empowering years in the life of Marilyn Monroe, The Girl details how The Seven Year Itch created an icon and sent the star on an adventure of self-discovery and transformation from a controlled wife and contract player into a businesswoman and unlikely feminist whose power is still felt today. When Marilyn Monroe stepped over a subway grating as The Girl in The Seven Year Itch and let a gust of wind catch the skirt of her pleated white dress, an icon was born. Before that, the actress was mainly known for a nude calendar and one-dimensional, albeit memorable, characters on the screen. Though she again played a dumb blonde in this film and was making headlines by revealing her enviable anatomy, the star was now every bit in control of her image, and ready for a personal revolution. Emboldened by her winning fight to land the role of The Girl, the making of The Seven Year Itch and the eighteen months that followed was the period of greatest confidence, liberation, and career success that

Monroe lived in her tumultuous life. It was a time in which, among other things, she: Ended her marriage to Joe DiMaggio and later began a relationship with Arthur Miller; Legally changed her name to Marilyn Monroe, divorcing herself from the troubled past of Norma Jeane; Started her own production company; Studied in private lessons with Lee and Paula Strasberg of the Actors Studio and became a part of the acting revolution of the day The ripple effects her personal rebellion had on Hollywood, and in trailblazing the way for women that followed, will both surprise and inspire readers to see the Marilyn Monroe in an entirely new light.

She stands silently outside the home of the teenage boy she believes responsible. She watches . . .In a kitchen on the same square, a girl waits anxiously for her mum to come home. She knows exactly where she is, but she knows she cannot reach her. A few doors down, and a widow sits alone in her room. She has just delivered a bombshell to her family during dinner and her life is about to change forever. And

an aspiring theatre director has just moved in to a flat across the street. Her landlord is absent, but there are already things about him that don't quite add up . . . Welcome to Primrose Square.

At Mrs Lippincote's Elizabeth Taylor.1945 Mrs. Lippincote's house, with its mahogany furniture and yellowing photographs, stands as a reminder of all the certainties that have vanished with the advent of war. Temporarily, this is home for Julia, who has joined her husband Roddy at the behest of the RAF. Although she can accept the pomposities of service life, Julia's honesty and sense of humor prevent her from taking her role as seriously as her husband might wish; for Roddy, merely love cannot suffice--he needs homage as well as admiration. And Julia, while she may be a most unsatisfactory officer's wife, is certainly no hypocrite.

Making the Geologic Now Elizabeth Ellsworth, Jamie Kruse. 2012-12-01 *Making the Geologic Now* announces shifts in cultural sensibilities and practices. It offers early sightings of an increasingly widespread turn toward the geologic as source of explanation, motivation, and inspiration for creative responses to conditions of the present moment. In the spirit of a broadside, this edited collection circulates images and short essays from over 40 artists, designers, architects, scholars, and journalists who are actively exploring and creatively responding to the geologic depth of now. Contributors' ideas and works are drawn from architecture, design, contemporary philosophy and art. They are offered as test sites for what might become thinkable or possible if humans were to collectively take up the geologic as our instructive co-designer-as a partner in designing thoughts, objects, systems, and experiences. A new cultural sensibility is

emerging. As we struggle to understand and meet new material realities of earth and life on earth, it becomes increasingly obvious that the geologic is not just about rocks. We now cohabit with the geologic in unprecedented ways, in teeming assemblages of exchange and interaction among geologic materials and forces and the bio, cosmo, socio, political, legal, economic, strategic, and imaginary. As a reading and viewing experience, *Making the Geologic Now* is designed to move through culture, sounding an alert from the unfolding edge of the geologic turn that is now propagating through contemporary ideas and practices.

Exotic England Yasmin Alibhai-Brown. 2015-03-05 England may be a small country on a small island, but its inhabitants have always had a boundless curiosity about the world beyond their shoreline. From the nation's modern origins in the Renaissance, travellers have eagerly roamed the globe and been enticed by the diversity and richness of other civilizations. And while this appetite for adventure has often been tainted by aggression or exploitation, the English have also carried within them a capacity to soak up new experiences and ideas and to weave them into every aspect of life back home, from language and literature to customs and culture. Here we trace this golden thread of otherness through five centuries of English history to reveal how it has shaped the buildings, flavoured the food, powered the economy, and created a truly diverse society. Today, when England is no longer synonymous with Britain and the English ask themselves who they are, Yasmin Alibhai-Brown paints a sumptuous and illuminating portrait of who they have been and brings a fresh, invigorating perspective on what 'Englishness' really means.

Imagination from Virginia Woolf to John Piper Alexandra

Harris.2010-11-01 Winner of the 2010 Guardian First Book

Award: a groundbreaking reassessment of English cultural life in the thirties and forties. In the 1930s and 1940s, while the battles for modern art and modern society were being fought in Paris and Spain, it seemed to some a betrayal that John Betjeman and John Piper were in love with a provincial world of old churches and tea shops. Alexandra Harris tells a different story: eclectically, passionately, wittily, urgently, English artists were exploring what it meant to be alive at that moment and in England. They showed that “the modern” need not be at war with the past:

constructivists and conservatives could work together, and even the Bauhaus émigré László Moholy-Nagy was beguiled into taking photos for Betjeman’s nostalgic *An Oxford University Chest*. A rich network of personal and cultural encounters was the backdrop for a modern English renaissance. This great imaginative project was shared by writers, painters, gardeners, architects, critics, and composers. Piper abandoned purist abstracts to make collages on the blustery coast; Virginia Woolf wrote in her last novel about a village pageant on a showery summer day. Evelyn Waugh, Elizabeth Bowen, and the Sitwells are also part of the story, along with Bill Brandt and Graham Sutherland, Eric Ravilious and Cecil Beaton.

Dreaming in Color Kaffe Fassett.2014-12-15 In this memoir, the renowned visual artist chronicles his life and career, as well as what is important to him and what inspires his art. Kaffe Fassett has led an extraordinary life and is a captivating storyteller with a vivid memory. Born in 1937, he spent much of his youth in Big Sur, California, where his parents bought a cabin from Orson Welles and transformed it into the world-famous Nepenthe restaurant, a gathering place for artists and bohemians. After attending a boarding school run by the disciples of Krishnamurti, an Indian guru, he studied painting at the School of the Museum of Fine Arts in Boston, then traveled to England, where he made his home. After an inspiring trip to Inverness, Scotland, Fassett began designing knitwear for Bill Gibb, and then the Missonis, Vogue magazine, and private clients like Lauren Bacall and Barbra Streisand, and, in the process, revolutionized the handknitting world with his explosive use of color. Further explorations led him to needlepoint, mosaics, rugmaking, tapestries, yarn and fabric design, costume and set design, and quilting. Now in his seventies, Fassett continues to produce new work and to travel worldwide to teach and lecture. In this

intimate autobiography, Fassett shares rich, detailed stories about his lifelong creative journey as well as hundreds of glorious photos taken along the way. Praise for *Dreaming in Color* “Lavishly illustrated with photographs from his life and work and dishing on everyone from Dustin Hoffman to Princess Margaret, *Dreaming in Color* describes a charmed life filled with creativity, big personalities, travels, and not a little serendipity.” —Vogue Knitting “A feast for the eyes.” —Shelf-Awareness “[Fassett] is a legend in the knitting world for his exquisitely colorful, highly patterned designs. . . . Blood Gil Anidjar.2014-05-06 Blood, in Gil Anidjar's argument, maps the singular history of Christianity. A category for historical analysis, blood can be seen through its literal and metaphorical uses as determining, sometimes even defining, Western culture, politics, and social practices and their wide-ranging incarnations in nationalism, capitalism, and law. Engaging with a variety of sources, Anidjar explores the presence and the absence, the making and unmaking of blood in philosophy and medicine, law and literature, and economic and political thought, from ancient Greece to medieval Spain, from the Bible to Shakespeare and Melville. The prevalence of blood in the social, juridical, and political organization of the modern West signals that we do not live in a secular age into which religion could return. Flowing across multiple boundaries, infusing them with violent precepts that we must address, blood undoes the presumed oppositions between religion and politics, economy and theology, and kinship and race. It demonstrates that what we think of as modern is in fact imbued with Christianity. Christianity, Blood fiercely argues, must be reconsidered beyond the boundaries of religion alone.

Coming up Roses Cath Kidston.2013-04-25 From a very early age Cath Kidston loved to play shop - whether she was selling the contents of her mother's store cupboard back to her or her aunt's vegetables to passers-by from a tray on the pavement. Almost half a century later Cath Kidston has become an internationally acclaimed household name and playing shop has become a serious game. From a small shop in West London, Cath has grown a simple idea into an iconic British brand with stores all over the UK and as far away as Japan and Thailand. Her story is that of an entrepreneur. The Modern House Jonathan Bell, Matt Gibberd, Albert Hill.2015 The modern House reflects upon the complicated relationship architecture has with the terms Modernist, Modernism and Modern specifically in relation to the potent concept of the home, reflecting in part the narrative of how some of the most important examples of Modern houses were commissioned and built in the UK. These special examples of British Modernism include such progressive experiments on communal urban living as London's Isokon Building, completed in 1934 by eminent architect Wells Coates, and Berthold Lubetkin's Highpoint, which is today considered one of the most prominent examples of the early International Style. Compared with these urban enormities are private houses, such as the Laslett House in Cambridge, 1958, by the architect Trevor Dannatt, or the Winter House, designed by John Winter as his own residence. Included are an extended introductory essay by acclaimed architectural journalist Jonathan Bell, former architecture editor for *Wallpaper** and contributing editor at *Blueprint*, and projects such as those designed by renowned architect Carl Turner, responsible for the low energy Slip House, a cantilevered sculptural abode of translucent glass,
