Lorsqu'il lui propose la protection de sa meute, Harley hésite, tiraillée entre ses sentiments pour lui et la crainte de perdre son indépendance. History of the Surrealist Movement Gérard Durozoi.2002 Tracing the movement from its origins in the 1920s to its decline in the 1950s and 1960s, Durozoi tells the history of Surrealism through

its activities, publications, and reviews, demonstrating its close ties to some of the most explosive political, as well as creative, debates of the twentieth century. Unlike other histories, which focus mainly on the pre-World War II years of the movement in Paris, Durozoi covers both a wider chronological and geographic range, treating in detail the postwar years and Surrealism's colonization of Latin America, the United States, Japan, Czechoslovakia, Belgium, Italy, and North Africa. Drawing on documentary and visual evidence--including 1,000 photos, many of them in color--he illuminates all the intellectual and artistic aspects of the movement, from literature and philosophy to painting, photography, and film. All the Surrealist stars and their most important works are here--Aragon, Borges, Breton, Buñuel, Cocteau, Crevel, Dalí, Desnos, Ernst, Man Ray, Soupault, and many more--for all of whom Durozoi has provided brief biographical notes in addition to featuring them in the main text.

The Papers of Thomas Jefferson, Retirement Series, Volume 2
Thomas Jefferson.2018-06-05 The definitive edition of Thomas
Jefferson's papers from the end of his presidency until his death
continues with Volume Two, which covers the period from 16
November 1809 to 11 August 1810. Both incoming and outgoing
letters are included, totaling 518 documents printed in full.
General themes include Jefferson's financial troubles, which
eventually led him to loan himself a large sum of money he was
managing for Tadeusz Kosciuszko; his preparations to face a
lawsuit stemming from his decision as president to remove
Edward Livingston from a valuable property in New Orleans;
other legal complications involving his landholdings and the
settlement of estates he had inherited long before; his plans to
breed merino sheep and share them gratis with his fellow
Virginians; and his ongoing interest in the Republican party's
success. Highlights include a long list of books on agriculture that
Jefferson probably compiled to guide the Library of Congress in
its purchases; descriptions of inventions by Robert Fulton and
more obscure figures such as the New Orleans engineer Godefroi
Du Jareau; Jefferson's draft letter criticizing the Quakers as

unpatriotic, much of which he later deleted; the letter in which he ordered a set of silver tumblers that have become known as the Jefferson Cups; and an important treatise on taxation by the distinguished French political economist Pierre Samuel Du Pont de Nemours, published here for the first time.

Lafayette in the Age of the American Revolution—Selected Letters and Papers, 1776-1790 Le Marquis de

Lafayette. 2019-05-15 The third volume of this widely acclaimed series continues the story of Lafayette's role in the military, diplomatic, and political aspects of the French-American alliance as seen through the letters of Lafayette and his correspondents on both sides of the Atlantic. Among the recipients of Lafayette's letters are George Washington, the Comte de Vergennes, Samuel Adams, the Comte de Rochambeau, the Baron van Steuben, Benjamin Franklin, Alexander Hamilton, Nathanael Greene, and Thomas Jefferson. At times, Lafayette appears to be as proud, ambitious, and headstrong as his detractors have claimed. More often, he emerges as a mature and judicious leader, one who carried great weight as a principal architect of French-American cooperation. The letters also show his ability to understand American attitudes toward military and civil authority, and they indicate his realistic comprehension of strategy, tactics, and logistics. The volume is divided into five parts, each of which is introduced by a headnote summarizing Lafayette's main activities and the broader context of revolutionary events of the period. It makes clear the tensions and disharmonies between the allies that developed during the months of military inaction and fiscal difficulties, and gives us a rare look at the human side of the military effort at its highest levels.

Routledge Revivals: The Letters and Private Papers of William Makepeace Thackeray, Volume I (1994) Edgar F. Harden.2017-03-16 First published in 1994, these two volumes are intended as a supplement to the four-volume edition edited by Gordon N. Ray in 1945-46. In writing to his broad range of correspondents, Thackeray produced a varied body of letters that will help readers to better understand his nineteenth-century society as well as his professional and private life — especially his relationships with women. These volumes contain 1713 letters: 1464 to and from Thackeray that were not included in the earlier volumes, and 249 with texts that have been edited from newly available manuscripts, and that thereby replace texts that were printed in Ray from incomplete sources.

Dictionary of Louisiana French Albert Valdman, Kevin J.

Rottet. 2009 The Dictionary of Louisiana French (DLF) provides the richest inventory of French vocabulary in Louisiana and reflects precisely the speech of the period from 1930 to the present. This dictionary describes the current usage of French-speaking peoples in the five broad regions of South Louisiana: the coastal marshes, the banks of the Mississippi River, the central area, the north, and the western prairie. Data were collected during interviews from at least five persons in each of twenty-four areas in these regions. In addition to the data collected from fieldwork, the dictionary contains material compiled from existing lexical inventories, from texts published after 1930, and from archival recordings. The new authoritative resource, the DLF not only contains the largest number of words and expressions but also provides the most complete information available for each entry. Entries include the word in the conventional French spelling, the pronunciation (including attested variants), the part of speech classification, the English equivalent, and the word's use in common phrases. The DLF features a wealth of illustrative examples derived from fieldwork and textual sources and identification of the parish where the entry was collected or the source from which it was compiled. An English-to-Louisiana French index enables readers to find out how particular notions would be expressed in la Louisiane .
