A Topology of Everyday Constellations Georges Teyssot.2013-02-22 The threshold as both boundary and bridge: investigations of spaces, public and private, local and global. Today, spaces no longer represent a bourgeois haven; nor are they the sites of a classical harmony between work and leisure, private and public, the local and the global. The house is not merely a home but a position for negotiations with multiple spheres—the technological as well as the physical and the psychological. In *A Topology of Everyday Constellations*, Georges Teyssot considers the intrusion of the public sphere into private space, and the blurring of notions of interior, privacy, and intimacy in our societies. He proposes that we rethink design in terms of a new definition of the practices of everyday life. Teyssot considers the door, the window, the mirror, and the screen as thresholds or interstitial spaces that divide the world in two: the outside and the inside. Thresholds, he suggests, work both as markers of boundaries and as bridges to the exterior. The stark choice between boundary and bridge creates a middle space, an in-between that holds the possibility of exchanges and encounters. If the threshold no longer separates public from private, and if we can no longer think of the house as a bastion of privacy, Teyssot asks, does the body still inhabit the house—or does the house, evolving into a series of microdevices, inhabit the body?

**Hollywood Genres: Formulas, Filmmaking, and The Studio System** Thomas Schatz.1981-02 The central thesis of this book is that a genre approach provides the most effective means for understanding, analyzing and appreciating the Hollywood cinema. Taking into account not only the formal and aesthetic aspects of feature filmmaking, but various other cultural aspects as well, the genre approach treats movie production as a dynamic process of exchange between the film industry and its audience. This process, embodied by the Hollywood studio system, has been sustained primarily through genres, those popular narrative formulas like the Western, musical and gangster film, which have dominated the screen arts throughout this century.

*All the Rage* Andrea Miller,Editors of the Shambhala Sun.2014-10-07 Anger. For all of us, it's a familiar feeling—jaw clenching, face flushing, hands shaking. We feel it for rational and irrational reasons, on a personal and on a global level. If we know how to handle our anger skillfully, it is an effective tool for helping us recognize that a situation needs to change and for providing the energy to create that change. Yet more often anger is destructive—and in its grip we hurt ourselves and those around us. In recent years scientists have discovered that mindfulness practice can reduce stress, improve mood, and enhance our sense of well-being. It also offers us a way of dealing with strong emotions, like anger. This anthology offers a Buddhist perspective on how we can better work with anger and ultimately transform it into compassion, with insight and practices from a variety of contributors, including Thich Nhat Hanh, Sharon Salzberg, Sylvia Boorstein, Carolyn Gimian, Tara Bennett-Goleman, Pat Enkyo O'Hara, Jules Shuzen Harris, Christina Feldman, Mark Epstein, Ezra Bayda, Judith Toy, Noah Levine, Judy Lief, Norman Fischer, Jack Kornfield, Stan Goldberg, Yongey Mingyur Rinpoche, Dzigar Kongtrül, and many others.

But when a hurricane forms off the coast of North Carolina's Outer Banks and heads right toward their island, Sophie realizes nature is one thing she can't control. After she gets separated from her family during the evacuation, Sophie finds herself trapped on the island with the last person she'd have chosen—the reckless and wild Finn Sanders, who broke her heart freshman year. As they struggle to find safety, Sophie learns that Finn has suffered his own heartbreak; but instead of playing it safe, Finn's become the kind of guy who goes surfing in the eye of the hurricane.
