The Hooktionary Brenda K.B. Anderson.2023-06-13 Create bold, modern and fun tapestry crochet designs with this unique crochet stitch dictionary! One of the most important tools in any crocheter's toolbox is a stitch dictionary - an essential reference packed with possibilities. The Hooktionary is the first and only crochet stitch dictionary to feature tapestry crochet motifs. And it has personality to boot! From unicorns and bumblebees to bold, graphic designs, the 150 motifs this book includes are perfect for the modern maker. Plus, five 'choose your own adventure' projects allow you to mix and match motifs into one-of-a-kind designs that reflect your own tastes. Inspired by Andrea Rangel's *Alterknit Stitch Dictionary*, Brenda K.B. Anderson has created a crochet counterpart so that crocheters can join in the fun too. Unlike other tapestry crochet pattern collections, which focus on single crochet stitches - creating slanted color patterns which do not create clean lines - Anderson has used her experience of which kinds of crochet stitches pair well with tapestry crochet to create beautiful, clear patterns, and wearable fabrics. Swatches are made in one of five different crochet stitch patterns: single crochet through the back loop, center (or split) single crochet, extended single crochet, center (or split) extended single crochet, and front post double crochet, with information about how the crochet stitch anatomy affects both the drape and feel of the fabric and also the look of the charted image, so that you can imagine how a chart would look in another stitch pattern. All the designs are crocheted in the round, so that you can keep the front of the work facing you, and for those projects that need an opening, a steek is made - a technique that has not been covered in any other crochet book! There is also comprehensive advice on choosing stitches and fixing mistakes.

Each stitch pattern is accompanied by easy-to-read instructions, stitch diagrams using international symbols, and a clear photo. If the reverse side of the fabric is interesting for a given pattern, both sides will be presented. A unique icon is used to mark these special patterns, making them easy to seek out for versatile scarves and blankets, which must look attractive on both sides. With these patterns that just beg to be stitched, you’ll be making hats, scarves, shawls and more for yourself, family, and friends. “Leapman’s experience paired with the readability of this book makes it a great addition to any crochet library.” —Jessica Carpender, editor, FaveCrafts.com
