*The Kolbrin Bible* Janice Manning.2006-05 The Kolbrin Bible is a 2-part, 11-book secular anthology. The first six books are called the Egyptian texts and were penned by Egyptian academicians following the Hebrew Exodus. The last five books are called the Celtic texts and were penned by Celtic priests following the death of Jesus. Several accounts describe an object in orbit around our sun sun called the Destroyer, which the Celtic authors call the Frightener. According to recently translated Sumerian texts, this object (also known as Nibiru or Planet X) is in a 3600-year orbit around our sun, and The Kolbrin Bible warns us of its imminent return and of yet another Biblical tribulation. -- Amazon.com.

**I Am the Word** Paul Selig.2010-06-24 The channeled Guides of I Am the Word provide a concise and immensely powerful program in self-awareness that can ease negative complexes and align your existence with its highest purpose. Humanity has lost itself. Both as individuals and as a world culture, we have forgotten our true nature. In I Am the Word, writer and medium Paul Selig has recorded an extraordinary program for self-realization, as dispensed through beings of higher intelligence, sometimes called Guides or Ascended Masters. These figures seek, as they have in the past, to assist men and women in discovering the higher, purposeful nature-or Christed Self-that lies dormant within us all. In a series of enticing, irresistibly practical dialogues, the Guides of I Am the Word identify the emotional boulders that displace our authentic selves and consume our potential. The Guides provide to-the-point psychological and existential insights, along with self-developing exercises and affirmations, which begin to strip away residues of fear, self-doubt, and self-suffocating habits.

Free Play Stephen Nachmanovitch.1991-05-01 Free Play is about the inner sources of spontaneous creation. It is about where art in the widest sense comes from. It is about why we create and what we learn when we do. It is about the flow of unhindered creative energy: the joy of making art in all its varied forms. Free Play is directed toward people in any field who want to contact, honor, and strengthen their own creative powers. It integrates material from a wide variety of sources among the arts, sciences, and spiritual traditions of humanity. Filled with unusual quotes, amusing and illuminating anecdotes, and original metaphors, it reveals how inspiration arises within us, how that inspiration may be blocked, derailed or obscured by certain unavoidable facts of life, and how finally it can be liberated - how we can be liberated - to speak or sing, write or paint, dance or play, with our own authentic voice. The whole enterprise of improvisation in life and art, of recovering free play and awakening creativity, is about being true to ourselves and our visions. It brings us into direct, active contact with boundless creative energies that we may not even know we had.

*Dancer* Colum McCann.2013-06-25 Novelist Colum McCann's *Dancer* is the erotically charged story of the Russian dancer Rudolf Nureyev as told through the cast of those who knew him. There is Anna Vasileva, Rudi's first ballet teacher, who rescues her protégé from the stunted life of his provincial town; Yulia, whose sexual and artistic ambitions are thwarted by her Soviet-sanctioned marriage; and Victor, the Venezuelan street hustler, who reveals the lurid underside of the gay celebrity set. Spanning four decades and many worlds, from the horrors of the Second World War to the wild abandon of New York in the eighties, *Dancer* is peopled by a large cast of characters, obscure and famous: doormen and shoemakers, nurses and translators, Margot Fonteyn, Eric Bruhn and John Lennon. And at the heart of the spectacle stands the artist himself, willful, lustful, and driven by a never-to-be-met need for perfection.

**Awakening to Love** Simon Herfet.2018-11-21 This book is about the reason for your being here in this life, in this body, in this 'now' moment. For the present time is one of a cataclysmic shift in consciousness never seen before in your history on this planet. This shift is one from a sleeping state of humanity's mass family consciousness, to one of great awakening to a higher consciousness of connection; to the one spirit which permeates and gives life to all creation in your universe. This is a time long prophesied, as this one shared higher consciousness awakens in you, towards the realisation of the beauty and clarity of who you all truly are. For who you are is pristine, perfect, consciousness. Never tainted by anything which you or your ancestors have ever said or done - including lifetimes long preceding this one in which you now find yourselves. This book is presented here as a call to each soul on the cusp of this awakening. To quite simply help to remind each person, that they are a magnificent, radiant soul of love. Connected to infinite wisdom. And that they are now returning to this remembering - long lost in the sands of time - to help humanity move forward as a wave of awakened beings. Sharing the one consciousness which once slumbered. But now - like a lion roars awake - to facilitate and create the

new world the creator has in store for Planet Earth.

*The Book of Mastery* Paul Selig.2016-01-05 The first book in channeler Paul Selig's widely anticipated Mastery Trilogy leads you into an unprecedented journey of self-development, at once building your personal excellence and your ability to improve life for others. The channeled literature of Paul Selig -- who receives clairaudient dictation from unseen intellects called the Guides -- has quickly become the most important and celebrated expression of channeling since *A Course In Miracles* rose to prominence in the 1970s. Selig's three previous books -- *I Am the Word*, *The Book of Love and Creation*, and *The Book of Knowing and Worth* -- have won a growing following around the world for their depth, intimacy, and psychological insight. Now, Selig embarks upon an extraordinary new trilogy on the "Teachings of Mastery" with his inaugural volume: *The Book of Mastery*. *The Book of Mastery* provides a deeply practical prescription for heightening your abilities, aptitudes, and sense of personal excellence. The Guides' teachings go much further, however, instructing you how to improve life for others and, ultimately, for global humanity. As the Guides themselves put it: "We will tell you this: No one who reads these books will be left unchanged. They will be like molecular systems that reinvigorate and realign and reclaim the reader to themselves in their worth, in their identity and, beyond that, in their physical realm. Underline physical realm if you like. Because the physical realm that we teach in is about to go back to the stone ages unless you all get it together."

**The Kingdom** Paul Selig.2021-08-17 The third book in the transformational *Beyond the Known* series, *The Kingdom* is a stunning and powerful conclusion to the trilogy. Paul Selig's profound gift is to channel the unfiltered wisdom of The Guides—higher beings who exist beyond the borders of traditional human understanding—and share it with the world. *The Kingdom* is a transcription of Paul's channeled messages, direct from the Guides in their complete and unedited form. With beautiful language and profound wisdom, The Guides share an awe-inspiring glimpse into an understanding apart from and above our own. The first two books of the *Beyond the Known* series urged readers to step beyond their own understanding and enter into the transformational work this knowledge demands. This process of growth and transformation finds its ultimate completion and fulfillment in *The Kingdom* as readers are invited to dwell in a world transformed by a new understanding.

**Amusing Ourselves to Death** Neil Postman.2005-12-27 What happens when media and politics become forms of entertainment? As our world begins to look more and more like Orwell's 1984, Neil's Postman's essential guide to the modern media is more relevant than ever. It's unlikely that Trump has ever read *Amusing Ourselves to Death*, but his ascent would not have surprised Postman." -CNN Originally published in 1985, Neil Postman's groundbreaking polemic about the corrosive effects of television on our politics and public discourse has been hailed as a twenty-first-century book published in the twentieth century. Now, with television joined by more sophisticated electronic media—from the Internet to cell phones to DVDs—it has taken on even greater significance. *Amusing Ourselves to Death* is a prophetic look at what happens when politics, journalism, education, and even religion become subject to the demands of entertainment. It is also a blueprint for regaining control of our media, so that they can serve our highest goals. "A brilliant, powerful, and important book. This is an indictment that Postman has laid down and, so far as I can see, an irrefutable one." -Jonathan Yardley, *The Washington Post Book World*

Masters of Doom David Kushner.2003-04-24 Masters of Doom is the amazing true story of the Lennon and McCartney of video games: John Carmack and John Romero. Together, they ruled big business. They transformed popular culture. And they provoked a national controversy. More than anything, they lived a unique and rollicking American Dream, escaping the broken homes of their youth to co-create the most notoriously successful game franchises in history—Doom and Quake—until the games they made tore them apart. Americans spend more money on video games than on movie tickets. Masters of Doom is the first book to chronicle this industry’s greatest story, written by one of the medium’s leading observers. David Kushner takes readers inside the rags-to-riches adventure of two rebellious entrepreneurs who came of age to shape a generation. The vivid portrait reveals why their games are so violent and why their immersion in their brilliantly designed fantasy worlds offered them solace. And it shows how they channeled their fury and imagination into products that are a formative influence on our culture, from MTV to the Internet to Columbine. This is

a story of friendship and betrayal, commerce and artistry—a powerful and compassionate account of what it’s like to be young, driven, and wildly creative. “To my taste, the greatest American myth of cosmogenesis features the maladjusted, antisocial, genius teenage boy who, in the insular laboratory of his own bedroom, invents the universe from scratch. *Masters of Doom* is a particularly inspired rendition. Dave Kushner chronicles the saga of video game virtuosi Carmack and Romero with terrific brio. This is a page-turning, mythopoeic cyber-soap opera about two glamorous geek geniuses—and it should be read while scarfing down pepperoni pizza and swilling Diet Coke, with *Queens of the Stone Age* cranked up all the way.”—Mark Leyner, author of *I Smell Esther Williams*

**A Return to Love** Marianne Williamson.2009-10-13 The phenomenal #1 bestseller - preorder Marianne Williamson’s latest, picking up where *A Return to Love* left off: *The Mystic Jesus* This mega-bestselling spiritual guide has become a classic. Williamson reveals how we each can become a miracle worker by accepting God and by the expression of love in our daily lives. Whether psychic pain is in the area of relationships, career, or health, she shows us how love is a potent force, the key to inner peace, and how by practicing love we can make our own lives more fulfilling while creating a more peaceful and loving world for our children.

*Kingdom of Characters* Jing Tsu.2022-01-18 What does it take to reinvent a language? After a meteoric rise, China today is one of the world’s most powerful nations. Just a century ago, it was a crumbling empire with literacy reserved for the elite few, as the world underwent a massive technological transformation that threatened to leave them behind. In *Kingdom of Characters*, Jing Tsu argues that China’s most daunting challenge was a linguistic one: the century-long fight to make the formidable Chinese language accessible to the modern world of global trade and digital technology. *Kingdom of Characters* follows the bold innovators who reinvented the Chinese language, among them an exiled reformer who risked a death sentence to advocate for Mandarin as a national language, a Chinese-Muslim poet who laid the groundwork for Chairman Mao's phonetic writing system, and a computer engineer who devised input codes for Chinese characters on the lid of a teacup from the floor of a jail cell. Without their advances, China might never have become the dominating force we know today. With larger-than-life characters and an unexpected perspective on the major events of China’s tumultuous twentieth century, Tsu reveals how language is both a technology to be perfected and a subtle, yet potent, power to be exercised and expanded.

with God energies in any meaningful way, and so the path to heaven on earth through blissful sexual union eludes you to a great extent.ÿ The sexual energies of the ego are leading you to a dark and dangerous precipice, and we wish to call you back ? back to love and the loving, kind, fulfilling, and glorifying expressions of spiritual love, your true salvation.ÿ We are here to teach the way to divine bliss, and we know you are scared ? scared to lie naked caressing your lover with rapt attention and honor. We know you are scared to kiss and kiss and connect, to feel such deep connection and pleasure that the ego starts to get very nervous, sensing the threat to the well-guarded and limited access to your heart that it deems to be safe. We have never seen more hurt and lonely people anywhere than on this planet at the moment. You are all in such a state that we have come from far and wide, from different times and places, to teach you how to relieve the deep suffering you are in. And indeed, it is in the bedroom, in your relationship to yourself, your lover, and God, that these hurts began.ÿ You cannot lead a passionless day and have a passion-filled night; it will not happen. The book answers in simple and humorous language the question 'Who are we?', as well as other important questions, such as: Who is God / The Creation, The Creators, and The Created? How was life and humanity on Earth created? Why are we here and what is the purpose of humanity in the universe? What is destiny, fate, and soul? What is heaven and hell, and is there life after

death? What are the basic rules of the universe? Many basic, essential insights are presented in the book, such as: There never was and never will be a single truth. You are all visitors for a brief moment on Earth. Nothing was nor ever will be yours forever, other than your freedom of choice. Even your soul is not yours. You cannot die.
