The Pursuit of Art: Travels, Encounters and Revelations Martin Gayford.2019-10-29 One of our leading art critics and writers, Martin Gayford, recounts his travels and meetings with the world's greatest artists. In the course of a career thinking and writing about art, critic Martin Gayford has traveled all over the world both to see works of art and to meet artists. Gayford's journeys, often to fairly inaccessible places, involve frustrations and complications, but also serendipitous encounters and outcomes, which he makes as much a part of the story as the final destination. In chapters that are by turns humorous, intriguing, and stimulating, Gayford takes us to places as varied as Brancusi's Endless Column in Romania; prehistoric caves in France; the museum island of Naoshima in Japan; the Judd Foundation in Marfa, Texas; and an exhibition of Roni Horn's work in Iceland. Interwoven with these tales are journeys to meet artists—Henri Cartier-Bresson in Paris, Marina Abramovic' in Venice, Robert Rauschenberg in New York—and travels with artists, such as a trip to Beijing with Gilbert & George. These encounters not only provide fascinating insights into the way artists approach and think about their art, but reveal the importance of their personal environments. A perceptive, amusing, and knowledgeable companion, in *The Pursuit of Art* Gayford takes readers on a tour of art that is immensely entertaining, informative, and eminently readable.

Barkskins Annie Proulx.2016-11 "Magnificent." (Anthony Doerr, author of *All the Light We Cannot See*) From Annie Proulx, the Pulitzer Prize- and National Book Award-winning author of *The Shipping News* and "Brokeback Mountain" comes her masterwork: an epic, dazzling, violent, marvelously dramatic novel about the destruction of the world's forests. In the late seventeenth century, two penniless young Frenchmen, René Sel and Charles Duquet, arrive in Canada, then known as New France. Bound to a feudal lord, a seigneur, for three years in exchange for land, they become woodcutters—barkskins. Sel suffers extraordinary hardship, oppressed by the forest he is charged with clearing. He is forced to marry a Mi'kmaw woman, and their descendants live trapped between two hostile cultures. Duquet, crafty and ruthless, runs away from the seigneur, becomes a fur trader, then sets up a timber business. Proulx tells the stories of the descendants of Sel and Duquet over three hundred years—their travels across North America, to Europe, China and New Zealand under stunningly brutal conditions—the revenge of rivals, accidents, pestilence and cultural annihilation. Again and again, they seize what they can of a presumed infinite resource, leaving the modern-day characters face-to-face with possible ecological collapse. Proulx's inimitable genius is her creation of characters who are so vivid—in their greed, lust, vengefulness or their compassion and hope—that we follow them with fierce attention. Annie Proulx is one of the most formidable and compelling American writers, and *Barkskins* is her greatest novel, a superb marriage of history and imagination.

The Winter Soldier Daniel Mason.2018-09-11 The epic story of war and medicine from the award-

winning author of *North Woods* and *The Piano Tuner* is a dream of a novel...part mystery, part war story, part romance (Anthony Doerr, author of *All the Light We Cannot See*). Vienna, 1914. Lucius is a twenty-two-year-old medical student when World War I explodes across Europe. Enraptured by romantic tales of battlefield surgery, he enlists, expecting a position at a well-organized field hospital. But when he arrives, at a commandeered church tucked away high in a remote valley of the Carpathian Mountains, he finds a freezing outpost ravaged by typhus. The other doctors have fled, and only a single, mysterious nurse named Sister Margarete remains. But Lucius has never lifted a surgeon's scalpel. And as the war rages across the winter landscape, he finds himself falling in love with the woman from whom he must learn a brutal, makeshift medicine. Then one day, an unconscious soldier is brought in from the snow, his uniform stuffed with strange drawings. He seems beyond rescue, until Lucius makes a fateful decision that will change the lives of doctor, patient, and nurse forever. From the gilded ballrooms of Imperial Vienna to the frozen forests of the Eastern Front; from hardscrabble operating rooms to battlefields thundering with Cossack cavalry, *The Winter Soldier* is the story of war and medicine, of family, of finding love in the sweeping tides of history, and finally, of the mistakes we make, and the precious opportunities to atone. *The Winter Soldier* brims with improbable narrative pleasures...These pages crackle with excitement... A spectacular success. —Anthony Marra, *New York Times Book Review*

The Heart of the Leopard Children Wilfried N'Sondé.2016-07-11 A nameless young man lives in the housing projects outside of Paris. When he was a child, his parents moved with him from the Congo to France, hoping in vain to escape poverty and violence. His best friend, Drissa, is in a psychiatric hospital and now Mireille, his girlfriend, the woman with whom he has shared his childhood and hopes, has left him to reconnect with her Jewish roots in Israel. During a night out to drown the pain of his heartache, there is a fight with a policeman, the policeman dies, and the young man is arrested and taken to jail. Between police beatings and abrupt interrogations, his memory becomes his sole ally to escape from the exiguous space in which he is confined. Half-conscious and delirious, he reflects on his journey from the land of his ancestors to his life in the projects with Drissa and Mireille. In *The Heart of the Leopard Children*, N'Sondé explores the themes of love and pain, belonging and uprooting, desire and fear—all with an implacable and irresistible accuracy. Wilfried N'Sondé's first novel awakens the reader with an urban symphony of desire and lost love, attuned to the violence that accompanies the struggle for social ascension and a sense of belonging, and the paralyzing sentiment of betrayal that inhabits a young man caught between traditions and cultures. Awarded the Prix des Cinq Continents de la Francophonie and the Prix Senghor for the originality of his work, the author captures the sounds, rhythms and pleas of a young man who pulls on the alarm from his prison cell to warn against the multiple barriers of confinement that risk the future of certain sectors of French youth today.

Hitler Brendan Simms.2019-10-01 From a prize-winning historian, the definitive biography of Adolph Hitler Hitler offers a deeply learned and radically revisionist biography, arguing that the dictator's main strategic enemy, from the start of his political career in the 1920s, was not communism or the Soviet Union, but capitalism and the United States. Whereas most historians have argued that Hitler underestimated the American threat, Simms shows that Hitler embarked on a preemptive war with the United States precisely because he considered it such a potent adversary. The war against the Jews was driven both by his anxiety about combatting the supposed forces of international plutocracy and by a broader desire to maintain the domestic cohesion he thought necessary for survival on the international scene. A powerfully argued and utterly definitive account of a murderous tyrant we thought we understood, Hitler is essential reading for anyone seeking to understand the origins and outcomes of the Second World War.

Black Robe Brian Moore.2011-09-20 *Black Robe*, an account of the 17th-century encounter between the Huron and Iroquois the French called *Les Sauvages* and the French Jesuit missionaries the native people called *Blackrobes*, is Brian Moore's most striking book. No other novel has so well captured both the intense--and disastrous--strangeness of each culture to one another, and their equal strangeness to our own much later understanding.

Thoughts in the Meantime Amanda Evans.2009-11-24 *Thoughts in The Meantime* Last night I watched the sunrise while I cried, because in that moment surely a piece of me had died I watched as my childhood lost its sweet taste of innocence traveling into adulthood skipping all of the steps in between Leaving me with a heart that did not know on whom it should lean And, this morning I watched the sun set on my soul burning my insides until I had no choice but to let go as my adolescence left my body so that I could become whole Last night I quietly sat back in the distance and watched myself turn from a young lost girl of this world to a woman and child of God...

Archaeological Obsidian Studies M. Steven Shackley.2013-06-29 This volume is the third in the *Advances in Archaeological and Museum Science* series sponsored by the Society for Archaeological Sciences (SAS). The purpose of this series is to provide summaries of advances in various topics in archaeometry, archaeological science, environmental archaeology, preservation technology, and museum conservation. The SAS exists to encourage interdisciplinary collaboration between archaeologists and colleagues in the natural and physical sciences. SAS members are drawn from many disciplinary fields. However, they all share a common belief that physical science techniques and methods constitute an essential component of contemporary archaeological field and laboratory studies. The series editors wish to thank the reviewers of each of the chapters in this volume for their excellent comments and suggestions. We also wish to thank Chriss Jones for her invaluable assistance in the preparation of the texts for submission to the publisher. xi Preface As noted in the introductory chapter, this volume is the second major review of research progress in the study of archaeological obsidian. An earlier book, *Advances in Obsidian Glass Studies: Archaeological and Geochemical Perspectives*, appeared in 1976. A comparison of the treatment of topics reflected in this earlier work and that contained in this volume not only highlights important advances in the

quality and depth of research on archaeological obsidian over more than a quarter of a century but also illustrates more generally some characteristics of developments in the archaeological science field in general.

Fire Islands Eleanor Ford.2019-05-06 Steep verdant rice terraces, ancient rainforest and fire-breathing volcanoes create the landscape of the world's largest archipelago. Indonesia is a travellers' paradise, with cuisine as vibrant and thrilling as its scenery. For these are the original spice islands, whose fertile volcanic soil grows ingredients that once changed the flavour of food across the world. On today's noisy streets, chilli-spiked sambals are served with rich noodle broths, and salty peanut sauce sweetens chargrilled sate sticks. In homes, shared feasts of creamy coconut curries, stir-fries and spiced rice are fragrant with ginger, tamarind, lemongrass and lime. The air hangs with the tang of chilli and burnt sugar, citrus and spice. Eleanor Ford gives a personal, intimate portrait of a country and its cooking, the recipes exotic yet achievable, and the food brought to life by stunning photography.

Witness to Loss Jordan Stanger-Ross,Pamela Sugiman.2017-10-18 When the federal government uprooted and interned Japanese Canadians en masse in 1942, Kishizo Kimura saw his life upended along with tens of thousands of others. But his story is also unique: as a member of two controversial committees that oversaw the forced sale of the property of Japanese Canadians in Vancouver during the Second World War, Kimura participated in the dispossession of his own community. In *Witness to Loss* Kimura's previously unknown memoir - written in the last years of his life - is translated from Japanese to English and published for the first time. This remarkable document chronicles a history of racism in British Columbia, describes the activities of the committees on which Kimura served, and seeks to defend his actions. Diverse reflections of leading historians, sociologists, and a community activist and educator who lived through this history give context to the memoir, inviting readers to grapple with a rich and contentious past. More complex than just hero or villain, oppressor or victim, Kimura raises important questions about the meaning of resistance and collaboration and the constraints faced by an entire generation. Illuminating the difficult, even impossible, circumstances that confronted the victims of racist state action in the mid-twentieth century, *Witness to Loss* reminds us that the challenge of understanding is greater than that of judgment.

Salt and Civilization S.A.M. Adshead.2016-07-27 'Highly recommended as a thorough examination of the commodity history of salt'-The Geographical Journal. Salt has been called the primordial addiction. It has been an object of almost universal consumption since Neolithic times. This book sets out to place the particular histories of salt in a global perspective and write the history of a human commodity as a theme in world history. From pagan man, through classical Rome, Byzantium, early Islam, the Dark Ages, the Renaissance to the modern world, the production, distribution, consumption and taxation of salt are examined. The author shows how a history of salt cannot be separated from the histories of commerce, medicine, diet, cooking, taxation, invention and war. Although taken for granted today, salt has been of critical economic and cultural importance to countries and peoples throughout history; the instigator and catalyst to actions and events ranging from the first maritime expedition of Muslim forces to Columbus's discovery of America. After Salt and Civilization salt can not be taken for granted again.
