**Sacred Music as Public Image for Holy Roman Emperor Ferdinand III** Andrew H. Weaver. 2012 Ferdinand III played a crucial role both in helping to end the Thirty Years' War and in re-establishing Habsburg sovereignty within his hereditary lands. Ferdinand's accomplishments came not through diplomacy or strong leadership but through a skillful manipulation of the arts. Drawing upon recent methodological approaches to the representation of other early modern monarchs as well as upon the theory of confessionalization, Andrew Weaver places the sacred vocal music composed by imperial musicians into the rich cultural, political, and religious contexts of mid-seventeenth-century Central Europe.

**The Sainly Politics of Catherine of Siena** F. Thomas Luongo. 2018-07-05 Saint Catherine of Siena (1347-1380) has become a defining figure in the history of medieval religion and one of the main exemplars of the feminine turn in late medieval religious culture. Despite a hagiographical tradition and historiography that has placed Catherine at a mystic remove from the politics of her day, Catherine's public authority was shaped by politics, both locally in Siena and broadly within late-fourteenth-century contests between the papacy and the Republic of Florence for hegemony in central Italy. In *The Sainly Politics of Catherine of Siena*, F. Thomas Luongo combines literary-critical readings of Catherine's letters—she was the author of one of the largest collections of medieval letters—with political and social analysis. Drawing on a wide range of archival sources, Luongo investigates how Catherine's spiritual authority and sanctity were linked with contemporary political and cultural developments. He shows how the political situation of the church in Italy and a culture that privileged female spirituality and prophetic speech facilitated Catherine's emergence into a public role. The Catherine who emerges from Luongo's well-written pages is a splendid example of what can result when a historian asks fresh questions about a familiar figure's life and brings new materials and methods to bear in formulating answers. *The Sainly Politics of Catherine of Siena* offers a woman more complex and interesting than the figure portrayed in most contemporary scholarship.

*After-Dinner Conversation* José Asunción Silva. 2010-01-01 Lost in a shipwreck in 1895, rewritten before the author's suicide in 1896, and not published until 1925, José Asunción Silva's *After-Dinner Conversation* (De sobremesa) is one of Latin America's finest fin de siècle novels and the first one to be translated into English. Perhaps the single best work for understanding turn-of-the-twentieth-century writing in South America, *After-Dinner Conversation* is also cited as the continent's first psychological novel and an outstanding example of modernista fiction and the Decadent sensibility. Semi-autobiographical and more important for style than plot, *After-Dinner Conversation* is the diary of a Decadent sensation-collector in exile in Paris who undertakes a quest to find his beloved Helen, a vision whom his fevered imagination sees as his salvation. Along the way, he struggles with irreconcilable urges and temptations that pull him in every direction while he endures an environment indifferent or hostile to spiritual and intellectual pursuits, as did the modernista writers themselves. Kelly Washbourne's excellent translation preserves Silva's lush prose and experimental style. In the introduction, one of the most wide-ranging in Silva criticism, Washbourne places the life and work of Silva in their literary and historical contexts, including an extended discussion of how *After-Dinner Conversation* fits within Spanish American modernismo and the Decadent movement. Washbourne's perceptive comments and notes also make the novel accessible to general readers, who will find the work surprisingly fresh more than a century after its composition.

Bernini at Saint Peter's - The Pilgrimage Irving Lavin. 2012-12-31 Bernini at Saint Peter's may be a unique case in history: a single artist in charge of a grandiose monument in a continuous state of creativity under constantly changing patrons and a variety of projects, for nearly six decades. This book argues that a continuous thread of thought may be discerned underlying and connecting the vicissitudes of this spectacular display. From first to last, Gianlorenzo Bernini conceived of Saint Peter's as a pilgrimage church, a kind of pilgrimage of human life, his own and of the believers who visited the basilica to worship and give testimony. Irving Lavin is professor emeritus in the School of Historical Studies at the Institute for Advanced Study in Princeton. He is one of the most distinguished and honoured art historians in the United States. Professor Lavin is best known for his series of fundamental publications on the Baroque artist Gianlorenzo Bernini (1598-1680). These include new discoveries and studies on the master's prodigious early life, his architecture and portraiture, his invention of caricature, his depictions of religious faith and political leadership, his work in the theatre, his attitude towards death and the role of the artist in the creation of a modern sense of social responsibility.

*The Fraternitas Saturni* Stephen E. Flowers.2018-06-19 The most in-depth work in English on the most influential secret magic group of 20th-century Germany, the Fraternitas Saturni, or Brotherhood of Saturn • Explores the history of the Order from its founding the late 1960s • Transcribes many rituals and practices in such detail that readers will be able to undertake their own experiential work • Examines the Order's teachings on cosmology, the Kabbalah, the Saturnian Sacraments, electrical magic, and sexual mysticism--the Yoga of the Dark Light • Includes biographies of prominent members, including founder Gregor A. Gregorius, Karl Spiesberger (Frater Eratus), and Albin Grau (Master Pacitius) The most influential magical group in Germany during the 20th century, the Fraternitas Saturni, or Brotherhood of Saturn, is still the most active and important magical society in Germany today. But from its formal beginnings in 1926 in Weimar Berlin until around 1970 it was almost totally secret. Most of what is known about the Order in the English-speaking world is fragmentary and focuses exclusively on the sensational sex-magic practices and Luciferian tendencies of this magical lodge. Presenting the most in-depth work in English on the Fraternitas Saturni, Stephen Flowers examines the history of the Order from the mid-1920s to the late 1960s when the Order was fundamentally reformed. He details their path of initiation, secret doctrines, ritual practices, and magical formulas and offers biographies of the Order's most prominent members, including founder Gregor A. Gregorius, Karl Spiesberger (Frater Eratus), Albin Grau (Master Pacitius), and Franz Saettler (Dr. Musallam). Exploring the Brotherhood's guiding principles, he shows that at the heart of Saturnian ideology is the idea of Saturn-Gnosis: the interplay of opposing forces in the universe leading to the realization of the individual self as a god-like entity. He examines the Order's teachings on cosmology, the Kabbalah, the Saturnian Sacraments, electrical magic, sexo-cosmology, sex-magic rites, and sexual mysticism--the Yoga of the Dark Light--and transcribes many of their actual rituals and practices, including the highly controversial Gradus Pentalphae, in such detail that readers will be able to undertake their own experiential work. Explaining the meanings of all 33 grades of the Order, the author also looks at the infamous Freemasonic Order of the Golden Centurium, the cult of Adonism, the links between Thelema and the Fraternitas Saturni, and the rare teachings of Master Pacitius (Albin Grau), the visual genius behind the film *Nosferatu*. He also includes rare reports by Aleister Crowley concerning his interaction with some of the forerunners to the Order and letters from the Order's founder, Gregor A. Gregorius, to the "Great Beast."
