*French Ecocriticism* Daniel A. Finch-Race, Stephanie Posthumus. 2017 This book expounds fruitful ways of analysing matters of ecology, environments, nature, and the non-human world in a broad spectrum of material in French. Scholars from Canada, France, Great Britain, Spain, and the United States examine the work of writers and thinkers including Michel de Montaigne, Victor Hugo, Émile Zola, Arthur Rimbaud, Marguerite Yourcenar, Gilbert Simondon, Michel Serres, Michel Houellebecq, and Éric Chevillard. The diverse approaches in the volume signal a common desire to bring together form and content, politics and aesthetics, theory and practice, under the aegis of the environmental humanities.

**The Chinese Written Character as a Medium for Poetry** Ernest Fenollosa, Ezra Pound, Jonathan Stalling, Lucas Klein. 2009-08-25 First published in 1919 by Ezra Pound, Ernest Fenollosa's essay on the Chinese written language has become one of the most often quoted statements in the history of American poetics. As edited by Pound, it presents a powerful conception of language that continues to shape our poetic and stylistic preferences: the idea that poems consist primarily of images; the idea that the sentence form with active verb mirrors relations of natural force. But previous editions of the essay represent Pound's understanding—it is fair to say, his appropriation—of the text. Fenollosa's manuscripts, in the Beinecke Library of Yale University, allow us to see this essay in a

different light, as a document of early, sustained cultural interchange between North America and East Asia. Pound's editing of the essay obscured two important features, here restored to view: Fenollosa's encounter with Tendai Buddhism and Buddhist ontology, and his concern with the dimension of sound in Chinese poetry. This book is the definitive critical edition of Fenollosa's important work. After a substantial Introduction, the text as edited by Pound is presented, together with his notes and plates. At the heart of the edition is the first full publication of the essay as Fenollosa wrote it, accompanied by the many diagrams, characters, and notes Fenollosa (and Pound) scrawled on the verso pages. Pound's deletions, insertions, and alterations to Fenollosa's sometimes ornate prose are meticulously captured, enabling readers to follow the quasi-dialogue between Fenollosa and his posthumous editor. Earlier drafts and related talks reveal the development of Fenollosa's ideas about culture, poetry, and translation. Copious multilingual annotation is an important feature of the edition. This masterfully edited book will be an essential resource for scholars and poets and a starting point for a renewed discussion of the multiple sources of American modernist poetry.

**Concepts of Nature** Hans Ulrich Vogel, Günter Dux. 2010-08-13 A collective masterpiece that illuminates premodern Chinese ways of thinking about Nature by comparing them with Europe's, thus also reshaping our understanding of the corresponding Western concepts, and using the frequent partial similarities in the context of overall contrasts to define the differences that have been historically critical.

**The Beothuk Saga** Bernard Assiniwi. 2002-01-16 This astounding novel fully deserves to be called a saga. It begins a thousand years ago in the time of the Vikings in Newfoundland. It is crammed with

incidents of war and peace, with fights to the death and long nights of lovemaking, and with accounts of the rise of local clan chiefs and the silent fall of great distant empires. Out of the mists of the past it sweeps forward eight hundred years, to the lonely death of the last of the Beothuk. The Beothuk, of course, were the original native people of Newfoundland, and thus the first North American natives encountered by European sailors. Noticing the red ochre they used as protection against mosquitoes, the sailors called them Red-skins, a name that was to affect an entire continent. As a people, they were never understood. Until now. By adding his novelist's imagination to his knowledge as an anthropologist and a historian, Bernard Assiniwi has written a convincing account of the Beothuk people through the ages. To do so he has given us a mirror image of the history rendered by Europeans. For example, we know from the Norse Sagas that four slaves escaped from the Viking settlement at L'Anse aux Meadows. What happened to them? Bernard Assiniwi supplies a plausible answer, just as he perhaps solves the mystery of the Portuguese ships that sailed west in 1501 to catch more Beothuk, and disappeared from the paper records forever. The story of the Beothuk people is told in three parts. The Initiate tells of Anin, who made a voyage by canoe around the entire island a thousand years ago, encountering the strange Vikings with their cutting sticks and their hair the colour of dried grass. His encounters with whales, bears, raiding Inuit and other dangers, and his survival skills on this epic journey make for fascinating reading, as does his eventual return to his home where, with the help of his strong and active wives, he becomes a legendary chief, the father of his people.

[The Bird Who Swallowed a Star](#) Laurie Cohen. 2021-03-28 One night, a bird swallows a star, making him as bright as a diamond. Because of that, nobody wants him around. Except . . . an amazing traveler who crosses the vast desert. Discover how one little bird, who is excluded by all of his fellow

animals for being different, is able to find solace and friendship after shedding a few glittering tears. The text plays on repetition to help build confidence in emerging readers, and the wonder of what follows and the open ending encourage everyone to let their imaginations shine.

Writing the real Nina Parish, Emma Wagstaff. 2016 Since the 1960s, poetry in French has been understood in terms of two competing approaches: searching for 'presence' on the one hand, 'littéralité' - refiguring the everyday - on the other. Contemporary forms of both are found in this anthology, from the 'new lyricism' of Bonhomme and Maulpoix to the refracted politics of 'post-poetry' in Tarkos and Gleize. The dichotomy, however, quickly breaks down and many poets refuse to be categorised in this way: recent publications include the interdisciplinary and collaborative work of poets such as Alferi, Chaton, Game and Macher; the focus on formal constraint in Métail and Espitallier; Portugal's exploration of the impact of new technologies. *Writing the Real* features 18 key contemporary French-language poets alongside English translations by leading poets and translators.

**The Other Daughter** Lisa Gardner. 2004-09-28 Twenty years ago, Melanie Stokes was abandoned in a Boston hospital, then adopted by a wealthy young couple. Gifted with loving parents, a doting brother, and an indulgent uncle, Melanie has always considered herself lucky. Until the first cryptic, threatening note arrives: "You Get What You Deserve." Melanie has no memory of her life before the adoption. Now someone wants her to remember it all—even the darkest nightmare the Stokes family ever faced: the murder of their first daughter. As Melanie pursues every lead and chases every shadow in search of her real identity, two seemingly unrelated events from her past will come together in a dangerous explosion of truth. **BONUS:** This edition contains an excerpt from Lisa Gardner's *Love You More*.

**Inside Outside** Anne-Margot Ramstein, Matthias Arégui. 2019-04-09 From the creators of Before After comes another striking book of opposites, this time exploring the concepts of within and without with bright, bold graphics. Safe inside its shell, a baby bird prepares to brave the world. A spelunker descends into a wide and glittering cavern while fellow explorers cluster around a crack in the earth. Fire-red ants march busily around their anthill, oblivious of a hungry anteater waiting above. Smart and stylish, this oversize art book takes a unique approach to the concept of inside and outside, offering clever and unexpected examples that will delight readers and spark conversations about context and perspective. Inside Outside is sure to find a place in collections, on coffee tables, in classrooms, and anywhere curious minds can be found.

**Right Behind You** Lisa Gardner. 2017-01-31 THE #1 NEW YORK TIMES BESTSELLER! Another twisty bestselling thriller from Lisa Gardner featuring Pierce Quincy and Rainie Conner as they take on a case that hits far too close to home. Eight years ago, Sharlah May Nash's older brother beat their drunken father to death with a baseball bat in order to save both of their lives. Now thirteen years old, Sharlah has finally moved on. About to be adopted by retired FBI profiler Pierce Quincy and his partner, Rainie Conner, Sharlah loves one thing best about her new family: They are all experts on monsters. Then the call comes in. A double murder at a local gas station, followed by reports of an armed suspect shooting his way through the wilds of Oregon. As Quincy and Rainie race to assist, they are forced to confront mounting evidence: The shooter may very well be Sharlah's older brother, Telly Ray Nash, and it appears his killing spree has only just begun. As the clock winds down on a massive hunt for Telly, Quincy and Rainie must answer two critical questions: Why after eight years has this young man started killing again? And what does this mean for

Sharlah? Once upon a time, Sharlah's big brother saved her life. Now, she has two questions of her own: Is her brother a hero or a killer? And how much will it cost her new family before they learn the final, shattering truth? Because as Sharlah knows all too well, the biggest danger is the one standing right behind you.

**Book of Haikus** Jack Kerouac.2013-04-01 Highlighting a lesser-known aspect of one of America's most influential authors, this new collection displays Jack Kerouac's interest in and mastery of haiku. Experimenting with this compact poetic genre throughout his career, Kerouac often included haiku in novels, correspondence, notebooks, journals, sketchbooks, and recordings. In this collection, Kerouac scholar Regina Weinreich supplements an incomplete draft of a haiku manuscript found in Kerouac's archives with a generous selection of Kerouac's other haiku, from both published and unpublished sources. With more than 500 poems, this is a must-have volume for Kerouac enthusiasts everywhere.

*The Armenian Gospel of the Infancy* .2008-07-03 The various versions of the Infancy Gospels illustrate how stories about the Virgin and Child lend themselves to be told and retold - much like the stories in the canonical Gospels. This first translation of the full text of the Armenian Gospel of the Infancy, itself derived from a sixth-century Syriac text that no longer exists, provides two variants of the famous narrative and several recensions or ancient editions. Stories about Jesus, many of them unique to this gospel, are included to show how he exercised his sovereign and divine will even as a child. This edition also contains three early Armenian versions of the Protevangelium of James, which with other ancient sources dependent on it (like the Infancy Gospel of Thomas and the Gospel of Pseudo-Matthew) constitute the basic tradition in the formation of the later Infancy Gospels. These writings are our earliest sources about the parents of the Virgin Mary (Joachim and

Anne) and her miraculous birth. They also form the basis for the dogma of her Immaculate Conception and perpetual virginity after the birth of Jesus, and lay the ground for certain of the Marian feasts celebrated since the fourth century. Terian's engaging introduction and annotation of the texts place this rare document clearly in its cultural and historical context and provide extensive references to the surrounding textual tradition. These extraordinary stories will appeal to all with an interest in the early church.

**The Life of the Ant** Maurice Maeterlinck.2001 A unique and really detailed work on ants and their contribution to nature - chapters include warfare, pastoral ants, the mushroom growers, the secrets of the formicary, the nest, communication and orientation, agricultural ants, and more. Here are the essential features of the life of the ants, a life incontestably superior to that of the bees, which is precarious in the extreme. In his unique studies of the social insects: the bee, the termite (or white ant) and the ant, Maurice Maeterlinck conveys not only accurate pictures of his subjects, but a rather remarkable development of his own philosophy.

**Dishing the Dirt** M. C. Beaton.2015-09-15 *Dishing the Dirt* continues the tradition in M. C. Beaton's beloved Agatha Raisin mystery series—now a hit show on Acorn TV and public television. When therapist Jill Davent moved to the village of Carsely, Agatha Raisin was not a fan. Not only was this therapist romancing Agatha's ex-husband but she dug up details of Agatha's not-too-glamorous origins. Jill also counsels a woman, Gwen Simple, that Agatha firmly believes assisted her son in some grisly murders, although there is no proof. Not one to keep her feelings to herself, Agatha tells

anyone that would listen that Jill is a charlatan and better off dead. Agatha could only sigh with relief when the therapist took an office in Mircester. When Agatha learns that Jill had hired a private detective to investigate her background, she barges into Jill's office and gives her a piece of her mind, yelling I could kill you! So when Jill is found strangled to death in her office two days later, Agatha becomes the prime suspect. But Agatha, along with her team of private detectives, is determined to prove her innocence and find the real culprit. This time Agatha must use her skills to save her own skin. With Dishing the Dirt, MC Beaton proves that once you meet Agatha Raisin, you'll keep coming back.(New York Journal of Books)

**The Great New Wilderness Debate** J. Baird Callicott,Michael P. Nelson.1998 The Great New Wilderness Debate is an expansive, wide-ranging collection that addresses the pivotal environmental issues of the modern era. This eclectic volume on the varied constructions of “wilderness” reveals the recent controversies that surround those conceptions, and the gulf between those who argue for wilderness preservation and those who argue for wise use. J. Baird Callicott and Michael P. Nelson have selected thirty-nine essays that provide historical context, range broadly across the issues, and set forth the positions of the debate. Beginning with such well-known authors as Ralph Waldo Emerson, Henry David Thoreau, John Muir, and Aldo Leopold, the collection moves forward to the contemporary debate and presents seminal works by a number of the most distinguished scholars in environmental history and environmental philosophy. The Great New Wilderness Debate also

includes essays by conservation biologists, cultural geographers, environmental activists, and contemporary writers on the environment.

**L'étrange silence des abeilles** Vincent Tardieu.2015 Imaginez à quoi ressemblerait un matin dans un monde sans abeilles. Ce n'est pas seulement le miel qui disparaîtrait de votre table. Plus de confiture de groseille, d'abricot ou de marmelade d'orange. Plus de jus d'orange ou de pomme. Plus de café ni de chocolat. Il vous resterait le thé... Au rythme où les populations d'abeilles déclinent, ce cauchemar risque-t-il de devenir réalité ? Durant deux ans, Vincent Tardieu a sillonné la France et les Etats-Unis, rencontré des dizaines de chercheurs et d'apiculteurs, compilé près de deux cents publications scientifiques. Il présente ici les résultats d'une enquête exceptionnelle, où l'on découvre que de multiples raisons se conjuguent pour causer le déclin des abeilles : pesticides, parasites, virus, apiculture intensive, appauvrissement des ressources alimentaires pour l'insecte, mauvaise gestion de l'espace rural... Il est urgent de comprendre et, surtout, d'agir. Ce livre comporte un épilogue qui fait le point des toutes dernières découvertes.

*Averno* Louise Glück.2014-07-08 Averno is a small crater lake in southern , regarded by the ancient Romans as the entrance to the underworld. That place gives its name to Louise Glück's eleventh collection: in a landscape turned irretrievably to winter, it is the only source of heat and light, a gate or passageway that invites traffic between worlds while at the same time opposing their reconciliation. Averno is an extended lamentation, its long, restless poems no less spellbinding for being without plot or hope, no less ravishing for being savage, grief-stricken. What Averno provides is not a map to a point of arrival or departure, but a diagram of where we are, the harrowing, enduring presence. Averno is a 2006 National Book Award Finalist for Poetry.

**The Environment in French and Francophone Literature and Film** Jeff Persels.2012 Volume 39 of FLS French Literature Series features ten articles on the topic of the environment in French and Francophone Literature and Film. Contributors engage with the work of such authors, filmmakers and cartoonists as Michel Serres, Luc Ferry, Patrice Nganang, Marie Darrieussecq, Yann-Arthus Bertrand and Plantu, and such topics as human zoos, eco-colonialism, queer theory, and the environmental catastrophes of WWI and, globally, of human civilization as recorded in the recent eco-documentary, HOME. Wide-ranging, provocative and topical these articles both broaden and deepen the efficacy of ecocriticism as a tool for enriching our understanding of the field beyond the English and American “nature writing” at the theory’s core.

Climate change Collectif.2020-11-26 The mobilisation centred on the 2015 Paris Climate Conference (COP 21) is an opportunity to highlight the vulnerability of environments and populations in the South in the face of climate warming. Some tropical regions are already suffering from its effects, with heat waves in the Sahel, disturbances to monsoon systems, the melting of the Andean glaciers, threats to biodiversity, a rise in sea level and other features. Research conducted by IRD and its partners provides key knowledge for better understanding of the complexity of these phenomena. This book is a synthesis in three parts: observing and understanding climate change, analysing its main impacts on environments and setting societies and national public policies at the heart of the climate challenge. Focused on the capacity for resilience of populations and ecosystems in the face of trends in the climate, the book explores solutions that reconcile mitigation and adaptation in response to climate change, conservation of the environment and a reduction of inequalities. The work is both well documented and explanatory, reviewing operations and the results of research that is firmly involved and interdisciplinary, closely associating partners in the North and the South.

*Miss Iceland* Auður Ava Ólafsdóttir.2020-06-16 “Will appeal to readers of Elena Ferrante and Margaret Atwood . . . the unusual setting offers an interesting twist on the portrait of an artist as a young woman.” —Bookpage In 1960s Iceland, Hekla dreams of being a writer. In a nation of poets, where each household proudly displays leatherbound volumes of the Sagas, and there are more writers per capita than anywhere else in the world, there is only one problem: she is a woman. After packing her few belongings, including James Joyces’s *Ulysses* and a Remington typewriter, Hekla

heads for Reykjavik with a manuscript buried in her bags. She moves in with her friend Jon, a gay man who longs to work in the theatre, but can only find dangerous, backbreaking work on fishing trawlers. Hekla's opportunities are equally limited: marriage and babies, or her job as a waitress, in which harassment from customers is part of the daily grind. The two friends feel completely out of place in a small and conservative world. And yet that world is changing: JFK is shot. Hemlines are rising. In Iceland, another volcano erupts and Hekla meets a poet who brings to light harsh realities about her art—as she realizes she must escape to find freedom abroad, whatever the cost. Miss Iceland, a winner of two international book awards, comes from the acclaimed author of *Hotel Silence*, which received the Icelandic Literary Prize. “Only a great book can make you feel you’re really there, a thousand miles and a generation away. I loved it.” —Kit de Waal, author of *My Name is Leon* “[A] winning tale of friendship and self-fulfillment.” —Publishers Weekly, starred review [The Politics of Protection](#) Elizabeth G. Ferris.2011-05-01 For the past decade, humanitarian actors have increasingly sought not only to assist people affected by conflicts and natural disasters, but also to protect them. At the same time, protection of civilians has become central to UN peacekeeping operations, and the UN General Assembly has endorsed the principle that the international community has the responsibility to protect people when their governments cannot or will not do so. Elizabeth Ferris explores the evolution of the international community's understandings of protection, with a particular emphasis on the humanitarian community. Protection is a noble word, with positive connotations, but what does it actually mean in practice? Does providing assistance to vulnerable people protect them, for example? Does monitoring the number of rapes protect women? Does increased engagement in protection activities by humanitarian agencies jeopardize the cornerstone humanitarian principles of neutrality and impartiality? In *The Politics of*

Protection, Ferris examines inconsistent ways in which protection is defined and applied. For example, why do certain groups receive international protection while other equally needy groups do not? Her case studies, ranging from Iraq to Katrina, illustrate the challenges—and limitations—of protecting vulnerable populations from the ravages of war and natural disasters. Ferris argues that the protection paradigms currently in use are inadequate to meet the challenges of the future, such as climate change, protracted displacement, and the changing nature of warfare.

[The Ecology of Attention](#) Yves Citton.2017-01-09 Information overload, the shallows, weapons of mass distraction, the googlization of minds: countless commentators condemn the flood of images

and information that dooms us to a pathological attention deficit. In this new book, cultural theorist Yves Citton goes against the tide of these standard laments to offer a new perspective on the problem of attention in the digital age. Phrases like paying attention and investing ones attention attest to our mistaken belief that attention can be conceptualized in narrow economic terms. We are constantly drawn towards attempts to quantify and commodify attention, even down to counting the number of 'likes' a picture receives on Facebook or a video on YouTube. By contrast, Citton argues that we should conceptualize attention as a kind of ecology and examine how the many different environments to which we are exposed - from advertising to literature, search engines to performance art - condition our attention in different ways. In a world where the demands on our attention are ever-increasing, this timely and original book will be of great interest to students and scholars in media and communications and in literary and cultural studies, and to anyone concerned about the long-term consequences of the profusion of images as well as digital content in the age of the internet.

At its heart is seven-year-old Tiffany Murano, who arrives with her parents at this fictional French colonial outpost.
