Looking For Trouble M T McGuire.2014-07-12 The Pan of Hamgee doesn't believe in miracles but if he's going to save K'Barth it looks as if he might need one. He's not quite as alone as he thought. The punters from The Parrot and Screwdriver are right behind him and he has rescued three of his friends from the Grongolian Security Forces, who are now of course, three of the nation's most wanted, which doesn't make life easy. He even has something of a plan for once. It involves making peace with the Resistance, trying to resurrect the Underground movement, and toppling Lord Vernon. Now, The Pan just needs to keep his head down and maintain a low profile. He must be brave and clever and stay in control. That's going to be a first. But the hardest part will be staying alive long enough to put his plan into action. Written in British English with a little light swearing. Suggested cinema rating: PG This book is the final part of a a completed science fiction series which is best enjoyed when read in sequence.

INTERVIEW WITH THE AUTHOR Q - So, tell us about the K'Barthan Series. What made you write it? What makes it special? A - I wanted to write the books I wanted to read that hadn't been written. This is still why I write. I also wanted it to reflect the books I love, Terry Pratchett's discworld, Douglas Adams, Jasper Fforde, Tom Holt, Robert Rankin ... Also stuff like Heide Goody's Clovenhoof series, The Stainless Steel Rat series and strains of Harry Potter. The hero, The Pan of Hamgee, had to be normal; someone who is aware of the risks he is taking and human - ie scared - for whom bravery costs. In Ruth, the heroine, I wanted to create someone pragmatic, sensible and grounded. She's not going to lose a shoe and fall over, so the hero has to go back and help her, and they both get caught by the monster. She's a strong female protagonist who is a bit more of a hero than The Pan, frankly - to start with at any rate. I think he catches her up as the story unfolds. Q - Do our readers have to read the K'Barthan Series in order? A - Yes otherwise the character development - and some of the technology - will make less sense. That said, the series of K'Barthan Extras I'm currently writing to go with it can be read any time. The rest of the books go in this order: - Unlucky Dip, K'Barthan Series: Prequel - Few Are Chosen, K'Barthan Series: Part 1 - The Wrong Stuff, K'Barthan Series: Part 2 - One Man: No Plan, K'Barthan Series: Part 3 - Looking For Trouble, K'Barthan Series: Part 4 Q - Will the scary bits frighten me? Hopefully not. Basically, if you have read the Harry Potter series and weren't freaked out by the scary bits in that, you should be fine with the K'Barthan Series. Q - What will readers enjoy most about The K'Barthan Series? A - Hopefully, the same things as I do: the laughs, the romance - where it appears - the fast pace and the action - especially the flying car chases - and I hope they will like its deeper side. Q - What is your favourite kind of Book? Would The K'Barthan Series fit on the list? A - Oh yes. As I mentioned earlier, I love humorous novels although a lot of my influences come from TV. There was this evening slot in the UK, after homework but before supper, when they showed old stuff on BBC2; original StarTrek, Get Smart, Hogan's Heroes, The Man from U.N.C.L.E. The persuaders, the Avengers, the Saint, Randal and Hopkirk Deceased, Space 1999. Then there's Blake's Seven and Dr Who, and Red Dwarf, of course. I loved all that. Q - Do you have a target reader? A - Officially it's young adults and teenagers but it's turning out to be age 10 and up. Sure, now that it's complete the series is certainly proving popular with teens and young adults and I had my nephew in mind when I wrote them, who was a teenager at the time. However, I firmly believe that all the best books should hold a universal appeal, so I also wrote it for me. Thus far - if the people who contact me are anything to go by - it appeals to a certain type of person across the board. The oldest fan of the series I know of is in his 90s and the youngest is 10. Basically, if you like British comedy and humour you will probably enjoy the K'Barthan Series. If you enjoyed the Narnia books and the Harry Potter books you will probably like it. You might even like it if you enjoy historical novels like The Children of the New Forest, or Moonfleet.

Tell Me the Truth, Doctor Richard Besser.2013-04-23 Hey, Doc--Got a Minute? No matter where Dr. Richard Besser goes, a day doesn't go by without someone stopping him to ask that question. Often, that person is one of the millions who have come to rely on the vital information he shares on Good Morning America, World News with Diane Sawyer, and Nightline. Now, in response to thousands of inquiries from viewers, Dr. Besser has written his first book -- a comprehensive health guide that will both inform and surprise as he deciphers fact from fiction for nearly seventy confusing medical questions, including: Should I take a daily aspirin to prevent a heart attack, stroke, or cancer? If my doctors order a lot of tests, does that mean they're more thorough? Do I need thirty minutes of exercise a day to stay healthy? Recognizing the astonishing amount of misinformation that many important health decisions are based upon, Dr. Besser's commitment to delivering the truth is critical. He isn't afraid to challenge the status

quo -- or the interests within the health care industry -- to provide the knowledge you need to take control of your health. Eager to help you make the choices that are right for YOU, he organizes his easy-to-understand answers into six lifestyle categories, including diet and nutrition; exercise and fitness; vitamins, supplements, and medicines; beating illness and injury; and navigating the perplexing world of health care, as well as a chapter dedicated to the questions you wished you asked before your doctor walks out the door. Throughout the book, Dr. Besser smashes myths while translating invaluable information into problem-solving advice you can use, including a Dr. B's Bottom Line at the end of each topic. As accessible as it is empowering, Dr. Besser's Tell Me the Truth, Doctor is a necessary addition to every home, office, and dorm room. Besser . . . ably analyzes popular myths (the Freshman Fifteen), considers pros and cons (HRT and statins), and mostly takes unequivocal stands on the issues. . . . Quite often, his comments and suggestions surprise . . . Particularly helpful are his guidelines for avoiding the harmful effects of health care and hospitalization. -- Publishers Weekly
