

Shakespeare The Complete Works G B Harrison

Introducing Shakespeare George Bagshawe Harrison.1954

A Reader in the Language of Shakespearean Drama Vivian Salmon,Edwina Burness.1987-01-01 In recent years the language of Shakespearean drama has been described in a number of publications intended mainly for the undergraduate student or general reader, but the studies in academic journals to which they refer are not always easily accessible even though they are of great interest to the general reader and essential for the specialist. The purpose of this collection is therefore to bring together some of the most valuable of these studies which, in discussing various aspects of the language of the early 17th century as exemplified in Shakespearean drama, provide the reader with deeper insights into the meaning of Shakespearean text, often by reference to the social, literary and linguistic context of the time.

The Publishers Weekly .1972

Shakespeare at Work, 1592-1603 G.B. Harrison.2014-08-21 Shakespeare against the background of his times, his world of the theatre and his dramatic development through the last years of Elizabeth's reign. Originally published in 1933 and republished in 1958, this great work is an imagining, in plain narrative, of the life of Shakespeare backed with evidence of the history of the stage. Whatever wider significances modern critics distill from Shakespeare's plays, it remains an elementary fact that he wrote plays to interest and entertain his contemporaries and this book takes a look at the immediate interests of his audience and how his work responded to them.

The Tragedy of Hamlet, Prince of Denmark William Shakespeare.1961

Introducing Shakespeare George B. Harrison.1991 This work provides the background to Shakespeare's plays. The author shows how Shakespeare came to occupy his current position at the pinnacle of English literature, how little we know of his life and how recent scholarship has made immense strides in illuminating his works.

This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Shakespeare Films Peter E.S. Babiak.2016-05-12 This study reexamines the recognized canon of films based on Shakespeare's plays, and argues that it should be broadened by breaking with two unnecessary standards: the characterization of the director as auteur of a play's screen adaptation, and the convention of excluding films with contemporary language or modern or alternative settings or which use the play as a subtext. The emphasis is shifted from the director's contribution to the film's social, cultural and historical contexts. The work of the auteurs is reevaluated within present-day contexts, preserving the established canon while proposing new criteria for inclusion.

The Narrative Poems William Shakespeare.1999-09-01 I feel that I have spent half my career with one or another Pelican Shakespeare in my back pocket. Convenience, however, is the least important aspect of the new Pelican Shakespeare series. Here is an elegant and clear text for either the study or the rehearsal room, notes where you need them and the distinguished scholarship of the general editors, Stephen Orgel and A. R. Braunmuller who understand that these are plays for performance as well as great texts for contemplation. (Patrick Stewart) The distinguished Pelican Shakespeare series, which has sold more than four million copies, is now completely revised and repackaged. Each volume features: * Authoritative, reliable texts * High quality introductions and notes * New, more readable trade trim size * An essay on the theatrical world of Shakespeare and essays on Shakespeare's life and the selection of texts

Essays on Shakespeare Hema Dahiya.2019-01-10 This volume highlights new aspects of several of Shakespeare's plays, such as the role of women and the lower classes in the Roman tragedies, holding up a mirror to the powers that be. It also emphasizes the role of the early Shakespeare teachers at the first Indian College of Western Education. Even as it offers new perspectives on famous tragedies like Hamlet, Coriolanus, Julius Caesar, and Antony and Cleopatra, the book also includes chapters on topics like Shakespeare's celebrated tree and Cleopatra's enigmatic personality. As such, it will serve to be highly rewarding for Shakespeare specialists and enormously stimulating for students.

The Works of William Shakespeare William Shakespeare.1906

Hearing the Measures George Thaddeus Wright.2001 An eminent scholar's guide to hearing poets' work When we listen to the words of a poet in the theater, or read them silently on the page, what is it that we hear? How do such crafty writers as Shakespeare or Donne, Wyatt or Yeats, Wordsworth or Lowell arrange their rhythms to make their poetry more expressive? A gathering of perceptive essays written over twenty-five years, this book by a distinguished scholar and poet helps us hear the measures poets use to conjure up strangeness, urgency, distance, surprise, the immediacy of speech, or the sounding of silence.

Translation and Rewriting in the Age of Post-Translation Studies Edwin Gentzler.2016-11-03 In Translation and Rewriting in the Age of Post-Translation Studies, Edwin Gentzler argues that rewritings of literary works have taken translation to a new level: literary texts no longer simply originate, but rather circulate, moving internationally and intersemiotically into new media and forms. Drawing on traditional translations, post-translation rewritings and other forms of creative adaptation, he examines the different translational cultures from which literary works emerge, and the translational elements within them. In this revealing study, four concise chapters give detailed analyses of the following classic works and their rewritings: A Midsummer Night's Dream in Germany Postcolonial Faust Proust for Everyday Readers Hamlet in China. With examples from a variety of genres including music, film, ballet, comics, and video games, this book will be of special interest for all students and scholars of translation studies and contemporary literature.
