Nicotine Addiction C. Tracy Orleans,John D. Slade.1993 Despite persistent warnings from the medical profession about the health risks involved in cigarette smoking, millions of people continue to smoke cigarettes. With contributions from renowned experts, this ground-breaking work defines and explains nicotine addiction as a primary problem or disease, instead of as a habit or risk factor for other diseases. A comprehensive, clinical text on tobacco dependence, this book provides clinicians with essential information on how to diagnose and treat nicotine addicted patients. It also offers the medical, epidemiological and behavioral science backgrounds necessary for understanding the process and dynamics of tobacco dependence. Following the traditional format of medical texts, the book first covers etiology, pathogenesis and complications, then diagnosis and treatment, and finally public health and prevention. Part One presents an overview of the biological, psychological and social factors that contribute to nicotine dependence including such topics as a description of nicotine delivery systems, psychopharmacology, economics, natural history and epidemiology, mortality, morbidity, and environmental tobacco smoke exposure. The second part offers practical guidelines and tools for treating nicotine dependence and describes a stepped-care treatment model with brief interventions that can be easily integrated into routine medical practice. This section also covers the role of psychopharmacologic and formal treatment programs, the treatment of smokeless tobacco addiction, and treating nicotine dependence in pregnant women and in people with medical illnesses, other chemical dependencies, or psychiatric disorders. The last section focuses on worksite and community intervention programs and summarizes the research on smoking patterns and history in women, Blacks, Hispanics, youth, and older adults, and shows how intervention and prevention programs could be made more effective in these groups. Written by the nation's leading tobacco control researchers and clinicians, this important work contains new and critical information not previously available.

God, Technology, and the Christian Life Tony Reinke.2021-12-09 What Does God Think about Technology? From smartphones to self-driving cars to space travel, new technologies can inspire us. But the breakneck pace of change can also frighten us. So how do Christians walk by faith through the innovations of Silicon Valley? And how does God relate to our most powerful innovators? To build a biblical theology of technology, journalist and tech optimist Tony Reinke examines nine key texts from Scripture to show how the world's discoveries are divinely orchestrated. Ultimately, what we believe about God determines how we respond to

human invention. With the help of several theologians and inventors throughout history, Reinke dispels twelve common myths in the church and offers fourteen ethical convictions to help Christians live by faith in the age of big tech. Biblical, Informed Look at Technology: Written by the author of 12 Ways Your Phone Is Changing You and Competing Spectacles: Treasuring Christ in the Media Age Gathers Ideas from Industry Experts and Theologians: Interacts with Christian and non-Christian sources on technology and theology including John Calvin, Herman Bavinck, Wendell Berry, and Elon Musk Educational: Discusses the history and philosophy behind major technological innovations

I Love Jesus, But I Want to Die Sarah J. Robinson.2021-05-11 A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.” —Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

Withdrawal Symptoms William Walden.2005 Over the past fifty years William Walden's poems-collected here for the first time-have been widely published in the United States and England. In the tradition of Ogden Nash, Walden appeals to both literary and popular sensibilities. His poems elevate the humble and deflate the pompous, celebrate quotidian truths and debunk accepted ones. Incisive and humorous, Walden is a conversational and companionable poet, a wry observer who brings everyman's eyes and ears to the complexities of modern life and culture while offering a wink and a nod to the literati. A native of New York City, Walden was on the editorial staff of *The New Yorker* from 1942 to 1983. His verse has appeared in a wide variety of publications, including *Punch*, *The New Yorker*, *Atlantic Monthly*, *Saturday Evening Post*, *The New York Times*, *The Herald Tribune*, *The Wall Street Journal*, *Look*, *Poetry*, *Georgia Review*, and *Indiana Review*. In this debut collection Walden delights with a splendid repertoire of self-effacing thoughts, mordant reflections, and puckish jabs on a variety of topics: the conundrum of gender and relationships, the fruits and ravages of time, the vexations of travel, the ordeal of aging and death, the pretentiousness of art and literature, the joys of language and word play, and many other subjects weighty and whimsical.

The Literature of the United States of America Marshall Walker.1988-09-15 American literature over the last four hundred years has developed distinctive qualities and traditions, partly engendered by the land itself. The rich variety of literature flourished as the land was colonised and cultivated. In this new edition Marshall Walker has updated his wide-ranging study of American literature by giving greater attention to poets from Hart Crane and e.e.Cummings to John Ashbery and A.R.Ammons and to novelists from William Burroughs and Kurt Vonnegut to John Irving. More space is given to drama, from the later works of Tennessee Williams and Arthur Miller to the plays of Sam Shepard and David Mamet. The special concerns of Black, Jewish and Women writers are explored as this book demonstrates that American literary history can no longer be considered largely in terms of regional dominances.

Ephesians Stephen E. Fowl.2012-10-04 Even though it was written some two millennia ago, *Ephesians* still speaks to Christians today in themes quite familiar to the modern reader. In a context where the church had become overwhelmingly, if not exclusively, Gentile, the Christian community needed to be reminded of the priority of Israel and the astonishing work of reconciliation that God willed to accomplish in the life, death, and resurrection of Jesus Christ. Now available as a casebound, this volume in the highly acclaimed New Testament Library series reveals the great theological promises of *Ephesians* while discussing issues of context, authorship, and style.

Bahá'í Ethics in Light of Scripture: Virtues and divine commandments Udo Schaefer. 2007 There is a fundamental discrepancy between man as he is and man as he could be, if only he recognized his true being and purpose. Ethics is the discipline by which man can understand how he can pass from the first condition to the second. Udo Schaefer's Baha'i Ethics in Light of Scripture is an attempt to analyse the underlying structures and detect the interior architecture of the Baha'i moral system and is a step towards developing a Baha'i moral theology. Doctrinal Fundamentals, the first of two volumes, provides a historical overview of the Baha'i Faith, a systematic survey of its doctrines and an overview of the origin and derivation of moral values. It considers the metaphysical nature of human beings and human responsibilities, looks at reason and conscience, and explores liberty and its limits. Schaefer's second volume deals with concrete values - the virtues, divine commandments and principles of social ethics from a Baha'i perspective.
