**An Apartment on Uranus** Paul B. Preciado. 2020-01-28 A

“dissident of the gender-sex binary system” reflects on gender transitioning and political and cultural transitions in technoscientific capitalism. Uranus, the frozen giant, is the coldest planet in the solar system as well as a deity in Greek mythology. It is also the inspiration for uranism, a concept coined by the writer Karl Heinrich Ulrich in 1864 to define the “third sex” and the rights of those who “love differently.” Following Ulrich, Paul B. Preciado dreams of an apartment on Uranus where he might live beyond existing power, gender and racial strictures invented by modernity. “My trans condition is a new form of uranism,” he writes. “I am not a man. I am not a woman. I am not heterosexual. I am not homosexual. I am not bisexual. I am a dissident of the gender-sex binary system. I am the multiplicity of the cosmos trapped in a binary political and epistemological system, shouting in front of you. I am a uranist confined inside the limits of technoscientific capitalism.” This book recounts Preciado's transformation from Beatriz into Paul B., but it is not only an account of gender transitioning. Preciado also considers political, cultural, and sexual transition, reflecting on issues that range from the rise of neo-fascism in Europe to the technological appropriation of the uterus, from the harassment of trans children to the role museums might play in the cultural revolution to come. *An Apartment on Uranus* is a bold, transgressive, and necessary book.

Local Histories/Global Designs Walter Mignolo.2000-02-06 This book is an extended argument on the coloniality of power by one of the most innovative scholars of Latin American studies. In a shrinking world where sharp dichotomies, such as East/West and developing/developed, blur and shift, Walter Mignolo points to the inadequacy of current practice in the social sciences and area studies. He introduces the crucial notion of colonial difference into study of the modern colonial world. He also traces the emergence of new forms of knowledge, which he calls border thinking. Further, he expands the horizons of those debates already under way in postcolonial studies of Asia and Africa by dwelling in the genealogy of thoughts of South/Central America, the Caribbean, and Latino/as in the United States. His concept of border gnosis, or what is known from the perspective of an empire's borderlands, counters the tendency of occidentalist perspectives to dominate, and thus limit, understanding. The book is divided into three parts: the first chapter deals with epistemology and postcoloniality; the next three chapters deal with the geopolitics of knowledge; the last three deal with the languages and cultures of scholarship. Here the author reintroduces the analysis of civilization from the perspective of globalization and argues that, rather than one civilizing process dominated by the West, the continually emerging subaltern voices break down the dichotomies characteristic of any cultural imperialism. By underscoring the fractures between globalization and mundializacion, Mignolo shows the locations of emerging border epistemologies, and of post-occidental reason. In a new preface that discusses *Local Histories/Global Designs* as a dialogue with Hegel's *Philosophy of History*, Mignolo connects his argument with the unfolding of history in the first decade of the twenty-first century.

Cipango Tomás Harris.2010 Chilean poet Tomas Harris's *Cipango* - written in the 1980s, first published in 1992, and considered by many to be the author's best work to date - employs the metaphor of a journey. The poems collectively allude to the voyage of Columbus, who believed that he'd reached the Far East (*Cipango*, or Japan), not the Americas. Building on that mistaken historical premise, *Cipango* comments on the oppressive legacy of colonialism in Latin America - manifested in twentieth-century Chile through the 1973 military coup by Augusto Pinochet and the brutal dictatorship there - and on the violence and degradation of contemporary urban society. The author's vision is of a decadent, apocalyptic world that nonetheless contains the possibility for regeneration. *Cipango* is characterized by strange and obsessive imagery-strips of mud, will-o'-the-wisps, vacant lots, blue rats - juxtapositions of contemporary and archaic diction and of incongruous settings that range over time and place; the use of an understated irony; and a dark, incantatory voice. The speakers in various poems address personages such as Columbus, Marco Polo, and the Great Khan, and refer to a breadth of sources including Columbus's diaries, Genet's *Our Lady of the Flowers*, Bram Stoker's *Dracula*, Nerval's *Aurelia*, the Holocaust, Billie Holiday, and the film *Goldfinger*. The book's content and formal elements combine to produce a work of almost epic scope, one with universal appeal. Tomas Harris's oeuvre, and in particular, *Cipango*, grows out of the Chilean poetic tradition - one that has produced such greats as Vicente Huibobro, Gabriela Mistral, Pablo Neruda, and Nicanor Parra, all of whose poetry has been published to greater or lesser degree in translation in the United States. Harris's poetry, on the other hand, while celebrated in his native Chile and throughout Latin America, has been

underrecognized in this country. This bilingual, en-face edition of *Cipango*, deftly translated by Daniel Shapiro, remedies that situation by bringing the lyricism and power of one of Chile's, and Latin America's, major poetic voices to a U.S. English-language readership. The copious end-notes following the poetry in the edition explain the book's numerous literary, historical, and other references. Given *Cipango*'s outstanding literary merit as well as the timeliness of its themes and the specific tradition it belongs to, it will be a valuable resource and source of pleasure for instructors and students of Latin American and comparative literatures as well as for poets, translators, and general readers in the United States. --Book Jacket.

*Sepharad* Antonio Muñoz Molina.2008-08-04 An “amazing” novel about the diaspora of Sephardic Jews amid the tumult of twentieth century history (The Washington Post Book World). From one of Spain’s most celebrated writers, this extraordinary blend of fiction, history, and memoir tells the story of the Sephardic diaspora through seventeen interlinked chapters. “If Balzac wrote *The Human Comedy*, [Antonio] Muñoz Molina has written the adventure of exile, solitude, and memory,” Arturo Pérez-Reverte observed of this “masterpiece” that shifts seamlessly from the past to the present along the escape routes employed by Sephardic Jews across countries and continents as they fled Hitler’s Holocaust and Stalin’s purges in the mid-twentieth century (The New York Review of Books). In a remarkable display of narrative dexterity, Muñoz Molina fashions a “rich and complex story” out of the experiences of people both real and imagined: Eugenia Ginzburg and Greta Buber-Neumann, one on a train to the gulag, the other heading toward a Nazi concentration camp; a shoemaker and a nun who become lovers

in a small Spanish town; and Primo Levi, bound for Auschwitz (Milwaukee Journal-Sentinel). From the well-known to the virtually unknown, all of Muñoz Molina's characters are voices of separation, nostalgia, love, and endless waiting. "Stories that vibrate beneath the burden of history, that lift with the breath of human life." —Los Angeles Times Book Review "A magnificent novel about the iniquity and horror of fanaticism, and especially the human being's indestructible spirit." —Mario Vargas Llosa "Moving and often astonishing." —The New York Times

**Mirrors** Eduardo Galeano.2009-05-26 Throughout his career, Eduardo Galeano has turned our understanding of history and reality on its head. Isabelle Allende said his works invade the reader's mind, to persuade him or her to surrender to the charm of his writing and power of his idealism. Mirrors, Galeano's most ambitious project since Memory of Fire, is an unofficial history of the world seen through history's unseen, unheard, and forgotten.

As Galeano notes: Official history has it that Vasco Núde Balboa was the first man to see, from a summit in Panama, the two oceans at once. Were the people who lived there blind?? Recalling the lives of artists, writers, gods, and visionaries, from the Garden of Eden to twenty-first-century New York, of the black slaves who built the White House and the women erased by men's fears, and told in hundreds of kaleidoscopic vignettes, *Mirrors* is a magic mosaic of our humanity.

today to Western Europe) and, at another level, the bloodfued. -- page xvii.

**The Rise of Euroskepticism** Luis Martín-Estudillo.2018-03-26  
Electronic open access edition funded by the National Endowment for the Humanities. Covering from 1915 to the present, this book deals with the role that artists and intellectuals have played regarding projects of European integration. Consciously or not, they partake of a tradition of Euroskepticism. Because Euroskepticism is often associated with the discourse of political elites, its literary and artistic expressions have gone largely unnoticed. This book addresses that gap. Taking Spain as a case study, author Luis Martín-Estudillo analyzes its conflict over its own Europeanness or exceptionalism, as well as the European view of Spain. He ranges from canonical writers like Unamuno, Ortega y Gasset, and Zambrano to new media artists like Valeriano López, Carlos Spottorno, and Santiago Sierra. Martín-Estudillo provides a new context for the current refugee crisis, the North-South divide among EU countries, and the generalized disaffection toward the project of European integration. The eclipsed critical tradition he discusses contributes to a deeper understanding of the notion of Europe and its institutional embodiments. It gives resonance to the intellectual and cultural history of Europe's peripheries and re-evaluates Euroskeptic contributions as one of the few hopes left to imagine ways to renew the promise of a union of the European nations.

**Revolutionary Wealth** Alvin Toffler,Heidi Toffler.2007-06-12  
Since the mid-1960s, Alvin and Heidi Toffler have predicted the far-reaching impact of emerging technological, economic, and social developments on our businesses, governments, families, and daily lives. In REVOLUTIONARY WEALTH, they once again demonstrate their unparalleled ability to illuminate current trends

and anticipate what they mean for the future. REVOLUTIONARY WEALTH focuses on how wealth will be created—and who will get it—in the twenty-first century. As the knowledge-based economy (a reality the Tofflers predicted forty years ago) continues to replace the industrial-based economy, they argue, money is no longer the sole determinate of wealth. The Tofflers explain that we are becoming a nation of “prosumers,” consuming what we ourselves produce, and argue that we have all taken on “third jobs”—work we unwittingly do without pay for some of the biggest corporations in the country. Using fascinating examples from our daily lives, they illustrate how our everyday activities—from parenting and volunteering to blogging, painting our houses, and improving our diets—contribute to a non-monetary economy that is largely hidden from economists. Writing with the same insight and clarity that made their earlier books bestsellers, the Tofflers present fresh, groundbreaking new ways of thinking about wealth.

*Manuel Puig and the Spider Woman* Suzanne Jill

Levine.2022-08-23 Manuel Puig & The Spider Woman tells the life story of the innovative and flamboyant novelist and playwright himself. Suzanne Jill Levine, his principal English translator, draws upon years of friendship as well as copious research and interviews in her remarkable book, the first biography of the inimitable writer. Manuel Puig (1932-1990), Argentinian author of *Kiss of the Spider Woman* and pioneer of high camp, stands alone in the pantheon of contemporary Latin American literature. Strongly influenced by Hollywood films of the thirties and forties, his many-layered novels and plays integrate serious fiction and popular culture, mixing political and sexual themes with B-movie scenarios. When his first two novels were published in the late 1960s, they delighted the public but were dismissed as frivolous by the leftist intellectuals of the Boom; his third novel was banned by the Peronist government for irreverence. His influence was already felt, though—even by writers who had dismissed him and

by the time the film version of *Kiss of the Spider Woman* became a worldwide hit, he was a renowned literary figure. Puig's way of life was as unconventional as his fiction: he spoke of himself in the female form in Spanish, renamed his friends for his favorite movie stars, referred to his young male devotees as daughters, and, as a perennial expatriate, lived (often with his mother) everywhere from Rome to Rio de Janeiro.

*Narrating the Past* David K. Herzberger.1995-05-24 The relationship between fiction and historiography in Francoist Spain (1939-1975) is a contentious one. The intricacies of this relationship, in which fiction works to subvert the regime's authority to write the past, are the focus of David K. Herzberger's book. The narrative and rhetorical strategies of historical discourse figure in both the fiction and historiography of postwar Spain. Herzberger analyzes these strategies, identifying the structures and vocabularies they use to frame the past and endow it with particular meanings. He shows how Francoist historians sought to affirm the historical necessity of Franco by linking the regime to a heroic and Christian past, while several types of postwar fiction—such as social realism, the novel of memory, and postmodern novels—created a voice of opposition to this practice. Focusing on the concept of writing history that these opposing strategies convey, Herzberger discloses the layering of truth and meaning that lies at the heart of postwar Spanish narrative from the early 1940s to the fall of Franco. His study clearly reveals how the novel in postwar Spain became a crucial form of dissent from the past as it was conceived and used by the State. Making a decisive intervention in the debate about the ways in which narration determines both the meaning and truth of history and fiction, *Narrating the Past* will be of special interest to students and scholars of the politics, history, and literature of twentieth-

century Spain.

**The Mule** Juan Eslava Galan.2008-02-26 Critically acclaimed throughout Spain, and now available for the first time in English, this tender, satirical novel vividly captures the intrinsic absurdity of war—and the joys of true friendship in a place where it is difficult to distinguish man from beast. Juan Castro Pérez is a simple muleteer caught in the brutal Spanish Civil War. Never far from his closest companion—a stray mule named Valentina whom he is determined to keep for himself after the war—Juan engages in the low-brow drinking escapades, long shots at love, and an otherwise droning existence shared by his compatriots. As he lies, cheats, and steals to protect Valentina during his improbable odyssey home, Juan unwittingly “fights” for both sides—and becomes a reluctant and unlikely hero of the people, exploited by opportunistic journalists desperately trying to convince the Spanish public that the war is under control, when it is anything but.... Pedagogy And The Politics Of Hope Henry Giroux.2018-02-20 Henry A. Giroux is one of the most respected and well-known critical education scholars, social critics, and astute observers of popular culture in the modern world. For those who follow his considerably influential work in critical pedagogy and social criticism, this first-ever collection of his classic writings, augmented by a new essay, is a must-have volume that reveals his evolution as a scholar. In it, he takes on three major considerations central to pedagogy and schooling. The first section offers Giroux's most widely read theoretical critiques on the culture of positivism and technocratic rationality. He contends that by emphasizing the logic of science and rationality rather than taking a holistic worldview, these approaches fail to take account of connections among social, political, and historical forces or to consider the importance of such connections for the process of schooling. In the second section, Giroux expands the theoretical framework for conceptualizing and implementing his

version of critical pedagogy. His theory of border pedagogy advocates a democratic public philosophy that embraces the notion of difference as part of a common struggle to extend the quality of public life. For Giroux, a student must function as a border-crosser, as a person moving in and out of physical, cultural, and social borders. He uses the popular medium of Hollywood film to show students how they might understand their own position as partly constructed within a dominant Eurocentric tradition and how power and authority relate to the wider society as well as to the classroom. In the last section, Giroux explores a number of contemporary traditions and issues, including modernism, postmodernism, and feminism, and discusses the matter of cultural difference in the classroom. Finally, in an essay written especially for this volume, Giroux analyzes the assault on education and teachers as public intellectuals that began in the Reagan-Bush era and continues today. Henry A.
