Tom Duncan hold NOTHING BACK in this mind blowing account of both our careers as Correctional Officers... We've both seen things & dealt with things that you're not going to believe and WE TELL IT ALL... Life as a Jailer is a TRUE factual account of the daily on goings inside the walls like: Murders, Escapes, Fights (assaults where Officers have had fingers bitten off and Inmates have been stabbed/shanked, ) Cell Fires, Rapes & so many other mind blowing stories... But it's not all bad, there are many funny stories too and (if you can believe) GREAT times. Looking back we are thankful for those days because it's the good times that got us through the bad days...

**The Use of Force by Detention Officers** Marie L. Griffin.2001 After conducting a survey of all detention officers in Maricopa County, Arizona, the author concludes that five variables within the work environment-authority, fear of victimization, institutional operations, quality of supervision, and role ambiguity-have a significant direct and/or indirect effect on an officer's willingness to use force. The findings suggest that an officer's perception of interactions and/or relationships with inmates and supervisory personnel are more influential in the use of force than the officer's perceptions of the larger organization, or his/her individual personality.

**The Correctional Officer Inside Prisons** Steven Herberts. 1998 Six-five is a general warning to all inmates that an officer has just entered the area, so beware. Concealed behind tons of concrete, bricks and steel lies a truly bizarre world. A world neither known or understood by most people. This world is called prison. Unlike the police, whose duties and responsibilities are widely understood by the community which they protect, the correction officer is seldom thought of. Both professions share many of the same problems, though the police are forever in the public eye keeping their community well-informed of the services they provide. However, the same is not true in regards to the duties performed by a correction officer, who, for many years has dealt with poor public relations, unfair media coverage and the 'out of sight, out of mind' feeling from the public. But enclosed within the thick walls of the prison the job is no less dangerous, as the same risks to personal safety are taken. This insightful book traces prison life through the eyes of the correction officers -- the unsung heroes of the criminal justice system.
