The New Testament: a Guide Donald Senior.2021-11 The New Testament is considered a sacred book for believing Christians. Why is that so? What is there about the New Testament that has made it a revered and normative text for Christians for two thousand years? That is the subject of *The New Testament: A Guide*. It introduces the reader in a clear and accessible manner to the contents, history, and purpose of the various components of the New Testament. And it also tracks the process that led the various books of the New Testament to be considered inspired and made an integral part of the Bible.

A Guide to the New Testament Arthur W. Wainwright.2015-03-10 This book has been prepared for use as a textbook for Methodist Local Preachers on Trial, but there are few readers at any stage of development or attainment who would not find its pages informative and helpful. A valuable introduction deals with various aspects of the New Testament, and the teaching of Jesus according to the Synoptic Gospels is the subject of a separate chapter. Thereafter, the author offers comments on selected New Testament passages. These comments--terse, pithy, shrewd, and factual--will be of the greatest help both to preachers and to all who desire to understand their Bible.
