Achieving the Texas Higher Education Vision .2000 The Texas higher education system faces severe challenges in responding to the twin demands placed on it by economic growth and by the increasing problems of access to higher education that many Texans experience. This report presents the results of analyses of how well the higher education system in Texas will likely meet these challenges if current trends and patterns continue. It identifies the kinds of changes needed to realign higher education in Texas with these demands. Specifically, we recommend that the Texas Higher Education Coordinating Board rethink its underlying goals, missions, and priorities, as well as differentiate more clearly among the missions of different parts of the higher education system. Such a fundamental effort will require a new effort for achieving the Texas higher education vision. Because of the special concern for the Texas higher education system to meet the future needs for health care professionals, we conducted a separate analysis focusing on health care education programs, including those for physicians, nurses, and allied health professionals.

The Alcalde .1995-01 As the magazine of the Texas Exes, The Alcalde has united alumni and friends of The University of Texas at Austin for nearly 100 years. The Alcalde serves as an intellectual

crossroads where UT's luminaries - artists, engineers, executives, musicians, attorneys, journalists, lawmakers, and professors among them - meet bimonthly to exchange ideas. Its pages also offer a place for Texas Exes to swap stories and share memories of Austin and their alma mater. The magazine's unique name is Spanish for mayor or chief magistrate; the nickname of the governor who signed UT into existence was The Old Alcalde.

Texas A&M University Kingsville Cecilia Aros Hunter,Leslie Gene Hunter.2000-07-01 When the South Texas State Teaches College first opened its doors 75 years ago, there was only one academic building in the middle of a cotton field, no paved roads, dormitories, or even a cafeteria. Today, the Javelinas boast a proud tradition, distinguished alumni, and an unmatched passion for education. As it looks toward the certain trials of the future, Texas A&M-Kingsville shines with promise, confident in the knowledge that no obstacle is too great that the Javelina cannot triumph over. Robert B. Cousins, who had served as the Texas State Superintendent of education in South Texas, was given the mission of training teachers in South Texas to raise the standards of education and prepare the

future leaders of tomorrow. Through 75 years, Texas A&M-Kingsville has overcome five name changes, lackluster state financing, and fiscal prejudices, to create a premier university in a rural, bilingual, and multicultural region.

Assessing Basic Academic Skills in Higher Education Richard T. Alpert, William P.

Gorth, Richard G. Allan. 2013-04-03 Addressing the growing concerns about reading, math, and writing skills of freshman-level students, this volume provides different perspectives and approaches to the assessment of basic academic skills in higher education. The book provides an in-depth investigation into the Texas Academic Skills Program (TASP). More generally, the book provides insights into the construction of testing programs and their evaluations. The development and implementation of testing programs is discussed by outstanding educators involved and will be of great value to program administrators, policymakers, deans and faculty members of colleges, state legislators, and educational professionals working directly with institutions of higher learning.

Designing State Higher Education Systems for a New Century Richard C. Richardson.1999
The authors explain how various state governance structures influence the way priorities for higher education are established. Based on a study conducted by the California Higher Education Policy Center, now The National Center for Public Policy and Higher Education, this study examines whether existing state higher education structures are adequate given the economic, social, and technological challenges of the 1990s and the first decades of the 21st century. The study also explored whether these structures are prepared to handle the changing student population as well as what appears to be an unprecedented period of increased demand for higher education in some states. The book contains comparative case studies of higher education systems in seven large and diverse states: California, Florida, Georgia, Illinois, Michigan, New York, and Texas.

Oversight Hearing on the Reauthorization of the Higher Education Act of 1965 United States. Congress. House. Committee on Education and Labor. Subcommittee on Postsecondary Education.1992 In one of a series of hearings held in communities around the nation on the reauthorization of the Higher Education Act of 1965, the Subcommittee on Postsecondary Education met to hear testimony from higher education administrators in the state of Texas on Titles III and IV of the Act which concern minority access to higher education and support for historically black colleges and universities. Included in the testimony were such aspects of these Titles as federal regulation of aid to proprietary schools, student loan programs, and educating the work force. The witnesses included Comer Alden of The San Antonio College of Medical and Dental Assistants; Adolfo R. Barrera of Southwest Texas State University; Julius W. Becton of Prairie View A&M University; Dee Bednar of the Texas State Department of Education; Doris Blocker, student, Houston

Community College System; Garth Davis of the University of Texas at Austin; Ronnie J. Davis, Jr., Council of Student Organizations, Prairie View A&M University; Michael Gallegos, student, Houston Community College; Charles Green of the Houston Community College; William Harris of Texas Southern University; Herbert Hayre of the National Education Association; Joseph L. McCormick of the Texas Guaranteed Student Loan Corporation; Joseph T. McMillan of Houston-Tillotson College; Erica Moshay, student; and Arturo Pacheco of the University of Texas at El Paso. Prepared statements are included along with letters and supplemental material that includes a report by the Joint Interim Committee on Proprietary Schools submitted to the Texas legislature. (JB)

I'm Dr. Red Duke Bryant Boutwell. 2018-09-05 James Henry "Red" Duke Jr., MD, was an icon of twentieth-century medicine, a pioneer and visionary, and a lifelong son of Texas who, far from forgetting his roots, reveled in them. Bryant Boutwell's entertaining and meticulously researched biography of Red Duke, based on years of interviews with Duke and his family, friends, and colleagues as well as painstaking exploration of both public archives and personal papers and effects, not only pays tribute to a great surgeon and his influence but also crafts a detailed and intimate portrait of the man behind the larger-than-life television image. Not only did Duke found the Life Flight air ambulance service that helped place Memorial Hermann Hospital and the Texas Medical Center at the forefront of the nation's trauma units, he also advanced the use of media communications for reaching the public with both common-sense and cutting-edge health information. His famous tagline—"From the University of Texas Health Science Center in Houston . . . I'm Dr. Red Duke"—delivered in the deadpan drawl of a Texan, could be heard in countless homes during the broadcast of the local evening news during the 1980s and 1990s. Beyond these accomplishments, Duke was an Eagle Scout, an ordained minister, a medical missionary, a

conservationist, a hunting guide, and a tank commander. Featuring a wealth of previously unpublished images that help to chronicle Duke's life and storied career, I'm Dr. Red Duke opens with a foreword by fellow Houstonian George H. W. Bush, who calls Duke "one of the brightest Points of Light Barbara and I have had the privilege to know."
