Erikson on Development in Adulthood Carol Hren Hoare.2001-12-13 Erik Erikson (1902-1994) was one of the most eminent and prolific psychologists of the 20th century. Over his long career he published a dozen books, including classics such as *Childhood and Society*; *Identity, Youth, and Crisis*; and *Young Man Luther* . He was awarded the Pulitzer Prize and the National Book Award in 1970 for his biography *Gandhi's Truth*. It was also in 1970, when he retired from Harvard University, that Erikson began to rethink his earlier theories of development. He became increasingly occupied with the conflicts and challenges of adulthood--a shift from his earlier writings on the identity crises of adolescence. For the past twenty years, Carol Hoare has written extensively on various aspects of Erikson's work. She has been aided by access to Erikson's unpublished papers at Harvard, as well as cooperation with Joan Erikson, the psychologist's wife and longtime collaborator. By reconstructing Erikson's theory of adulthood from his unpublished papers, Hoare provides not only a much-needed revision of Erikson's work, but also a glimpse into the mind of one of the 20th century's most profound thinkers.

You Were Never in Chicago Neil Steinberg.2013 Steinberg takes readers through Chicago's

vanishing industrial past and explores the city from the quaint skybridge between the towers of the Wrigley Building, to the depths of the vast Deep Tunnel system below the streets. He deftly explains the city's complex web of political favoritism and carefully profiles the characters he meets along the way. Steinberg never loses the curiosity and close observation of an outsider, while thoughtfully considering how this perspective has shaped the city, and what it really means to belong.

Visions/revisions Society of Dix-Neuviémistes. Annual Conference.2003 Selected from papers given at the first annual conference of the Society of Dix-Neuviémistes, the nineteen essays in this volume contribute diversely towards a revision and a reconceptualisation of nineteenth-century France. Many adopt interdisciplinary methodologies attentive to the interplay between literature, history, art, popular and high culture, politics and science. The wide-ranging discussion of issues such as identity, alterity, commemoration, cultural history, tensions between centre and margins, mimesis and representation, suggest that no simplistic snapshot of this century is possible. Opening with a section on the modernity of the nineteenth century, the volume continues with sections on cultural transfer, war, readings and re-readings, and concludes with two essays on questions of identity. The critical reappraisals put forward here offer us various insights into directions in which nineteenth-century French studies are heading at the turn of another new century.

Coming of Age in America .2011 Overview: What is it like to become an adult in twenty-first-century America? This book takes us to four very different places-New York City, San Diego, rural Iowa, and Saint Paul, Minnesota-to explore the dramatic shifts in coming-of-age experiences across the country. Drawing from in-depth interviews with people in their twenties and early thirties, it probes experiences and decisions surrounding education, work, marriage, parenthood, and housing. The first study to systematically explore this phenomenon from a qualitative perspective, *Coming of Age in America* offers a clear view of how traditional patterns and expectations are changing, of the range of forces that are shaping these changes, and of how young people themselves view their lives.

The Retrospective Muse Froma I. Zeitlin.2023-12-15 *The Retrospective Muse* showcases the celebrated work of Froma I. Zeitlin. Over many decades, Zeitlin's innovative studies have changed the field of classics. Her instantly recognizable work brings together anthropology, gender studies, cultural studies, and an acute literary sensibility to open ancient texts and ideas to new forms of understanding. A selection of her luminous essays on topics still timely today are collected for the first time in a volume that shows the full range and flair of her remarkable intellect. Together, these illuminating analyses show why Zeitlin's work on ancient Greek culture has had an enduring impact on scholars around the world, not just in classics but across multiple fields. From Homer to the Greek novel, from religion to erotics, from myth and ritual to theatrical performance, she expounds on some of the most important works of ancient writing and some of modernity's most significant critical questions. Zeitlin's writing still sheds light on the durable aspects of classics as a discipline, and this book encapsulates her achievement.

How to Survive a Plague David France.2016-11-29 One of Entertainment Weekly's Top 10 Nonfiction Books of the Decade A definitive history of the successful battle to halt the AIDS epidemic, here is the incredible story of the grassroots activists whose work turned HIV from a mostly fatal infection to a manageable disease. Almost universally ignored, these men and women learned to become their own researchers, lobbyists, and drug smugglers, established their own newspapers and research journals, and went on to force reform in the nation's disease-fighting agencies. From the creator of, and inspired by, the seminal documentary of the same name, How to Survive a Plague is an unparalleled insider's account of a pivotal moment in the history of American civil rights.

Visions and Revisions Robert Burr,Barry Wallenstein.2001-10-04 This anthology takes a unique approach to the process of poetry. Each poem included in the book is followed by at least one earlier draft or version of that poem. The reader is thus able to explore the development of the poet's vision and to make a variety of historical, aesthetic, and intellectual comparisons. The poets represented have been chosen both on the basis of the aesthetic strength of their work and on the grounds of the availability of previous versions of their work. The inclusion of a number of selections by poets

ranging from Dickinson and Yeats to Larkin, Plath, and P.K. Page allows readers to focus in some depth on the work of these poets. Though the anthology makes no claim to present a selection fully representative of different eras, regions, or poetic styles, the inclusion of a miscellany as a final chapter adds a substantial measure of breadth to the anthology. Each chapter includes brief commentary by the editors, and questions follow each set of poems.

Greenville Dale Peck. 2015-03-03 Inspired by a troubled family history, this “book of grace and dignity . . . will be around for a long, long time” (Colum McCann, author of *Let the Great World Spin*). In this “terrific” novel, award-winning author Dale Peck recounts the childhood of his father, Dale Peck Sr. (Jonathan Safran Foer). Raised in poverty with seven brothers and sisters in suburban Long Island, terrorized by an abusive mother, Dale Sr.’s life changes when his alcoholic father dumps him at his uncle’s dairy farm in upstate New York. There, he begins to thrive, finding real love and connection with his Uncle Wallace and Aunt Bess. But ultimately, he is unable to outrun the chaos and violence of his old life.

The Wagon and Other Stories from the City Martin Preib. 2010-04-15 Martin Preib is an officer in the Chicago Police Department—a beat cop whose first assignment as a rookie policeman was working on the wagon that picks up the dead. Inspired by Preib’s daily life on the job, *The Wagon and Other Stories from the City* chronicles the outer and inner lives of both a Chicago cop and the city itself. The book follows Preib as he transports body bags, forges an unlikely connection with his female partner, trains a younger officer, and finds himself among people long forgotten—or rendered invisible—by the rest of society. Preib recounts how he navigates the tenuous labyrinths of race and class in the urban metropolis, such as a domestic disturbance call involving a gang member and his abused girlfriend or a run-in with a group of drunk yuppies. As he encounters the real and imagined

geographies of Chicago, the city reveals itself to be not just a backdrop, but a central force in his narrative of life and death. Preib's accounts, all told in his breathtaking prose, come alive in ways that readers will long remember.

It features four analysis papers that consider the coming of age theme, each using different critical lenses, writing techniques, or aspects of the theme. Spontaneous Generation Robert L. Henninge.2006-02-08 *Spontaneous Generation* is a story about coming of age in the Sixties (which, of course, oozed into the Seventies)—an American story, both individual and collective, about love and politics, mirrors and passages. I began writing it in 1972, while it was still happening thick and fast ... and didn't get around to finishing it until 2005, when I'd reached the age at which remembering becomes easier than doing. The story concerns a girl stuck in right field, a descent into an outhouse, male hair, Free Air, flag tattoos, and what happens to

things we think we've gotten rid of.

Dirty Waters R. J. Nelson.2016-10-31 R. J. Nelson, hired in 1987 to clean up rampant corruption on Chicago's waterfront, writes about his experiences, including the angry constituents, prying journalists, shell-shocked employees, and how he made it his personal mission to become a public servant who worked for the common good and followed the spirit--if not always the letter--of the law.

The Garden of Lost and Found Dale Peck.2015-08-18 A man inherits a valuable piece of Manhattan real estate, leading to unexpected consequences, in this "strange and wonderful novel" (Joseph O'Neill, author of *Netherland*). James Ramsay is twenty-one years old and he has just inherited a building in New York City. After the death of his estranged mother, he finds that he is now the owner of No. 1 Dutch Street—a five-story brownstone near the World Trade Center. As James takes up residence there, trying to figure out his next move, he gets to know the only other

tenant: an elderly black woman named Nellydean. Under a mounting tide of taxes, James finds himself faced with a stark choice: He can sell the building for a small fortune—which will mean not only turning Nellydean out of the only home she’s known for more than forty years, but also forfeiting his only remaining connection to his mother. Then Nellydean’s niece shows up, looking for a place for herself and her unborn child—and an older man becomes smitten with James, even as James’s health begins to fail. Prize-winning author Dale Peck’s fiction has been called “terrific” by Jonathan Safran Foer, and Michael Cunningham described his voice as “like an angel chewing on broken glass.” In *The Garden of Lost and Found*, he maps a tangled network of sexual, familial, and financial complications, over which hangs the specter of 9/11, and “tells the quintessential New York story with his delicious style and piercing ability to move” (Martha McPhee, author of *Gorgeous Lies*).

Martin and John Dale Peck. 2015-02-10 Dale Peck’s debut is a tour de force in which Martin and John find each other again and again: in a trailer park, a high-end jewelry store, a Kansas barn, and later, in New York City, living under the shadow of the AIDS epidemic. Though their names remain the same, their identities are constantly shifting, creating a fractured view of loss and desire in the early years of the AIDS crisis. Vaulting through self and history, *Martin and John* is one of the most remarkable novels to emerge from an America ravaged by disease, and one of the finest and most complex love stories of the ’90s. *Martin and John* is the first volume of *Gospel Harmonies*, a series of seven stand-alone books (four have been written) which follow the character of John as he attempts

to navigate the uneasy relationship between the self and the postmodern world.

Visions and Revisions Dale Peck.2015-04-07 “A coming-of-age tale for both the gay community at large and a nation coming to terms with that community’s place in American society” (The Boston Globe). Part memoir, part extended essay, *Visions and Revisions* is a foray into the period between 1987, when the AIDS Coalition to Unleash Power (ACT UP) was founded, and 1996, when medical advances transformed AIDS from a virtual death sentence into a chronic manageable illness. Offering a sweeping, collage-style portrait of a tumultuous era, this book takes readers from the serial killings of gay men in New York, London, and Milwaukee, through Dale Peck’s first loves upon coming out of the closet, to the transformation of LGBT people from marginal, idealistic fighters to their present place in a world of widespread, if fraught, mainstream acceptance. Named as one of 2015’s best nonfiction books by Flavorwire, the narrative pays particular attention to the words and deeds of AIDS activists, offering a street-level portrait of ACT UP and considerations of AIDS-centered fiction and criticism of the time—as well as intimate, sometimes elegiac portraits of artists, activists, and HIV-positive people Peck knew. Peck’s fiery rhetoric against a government that sat on its hands for the first several years of the epidemic is tinged with the idealism of a young gay man discovering his political, artistic, and sexual identity. The result is “a flinty-eyed look into the heart of the H.I.V. epidemic, from the late 1980s until the development of protease inhibitors and combination therapies in the mid-1990s [and] a compelling snapshot of the social activism that defined the era” (The New York Times Book Review).

Friends Disappear Mary Barr.2014-10-30 In 1974, middle-schooler Mary Barr and a dozen of her friends—boys and girls, black and white—sat for a photograph on a porch in Evanston, Illinois.

Barr's book, both history and ethnography, emerges from her thinking about this photograph and its deep background. Using government documents, newspaper articles, and census data, Barr provides a history of Evanston with a particular emphasis on its neighborhoods, its schools, and its families. Barr also tracked down all of the living people in her photograph and interviewed them about their experiences in Evanston and beyond. Ultimately, Barr comes to better understand the stories—and the lies—people tell about their communities, as well as the ways that inequality begets inequality, both in a historical sense and in the daily lives of her far-flung friends.

Coming of Age Sean Phelan.2009-10-14 Maynard and Seamus. Sea and May. Wolfman and Sundance. This is a story that can, May and will change the World! This is a story told by a Child full of Silence and Peace. This is a story of two young people driving away from the Rock-like locus of Youth, while still retaining part of Youth's Golden Vision in their rearview mirrors (and dashboard Sun visor). This is a story that concerns the Search for God and Self, which one finds, at the end of the Odyssey, are All One in the same sacred place. This is a cautionary tale that concerns America's Sunday-morning's-everyday-for-all-I-care youths, and their quick, cynical, unfulfilling, and inevitable descent into solipsistic/nihilistic adulthood. This is a story that reminds that Youth (and, perhaps, America) is a bildungsroman that must topple before being reborn. This is a bittersweet, tragic comedy of Transformation, in which the changes in Maynard and Seamus mirror a coming cultural Revolution. This is a story of Truth planted firm - born of Fire, surrounded by Water and spread by Air. This is a story of Jungian, (and near Almagestian), breadth, full of Music and Movement and Love and Faith. This is a story whose Time has come. . . . Maynard and Seamus. Sea and May. Wolfman and Sundance. This is a story that can, May and will change the World!

Coming of Age Movies Georgi Krastev,Gary McShane,Oliver T..2011-08-01 I am a fan of Coming of

Age movies. Over the years, I've found there is a dearth of good reference books on the genre. So I've decided to write one, both to provide a readily available resource for fellow fans of this genre (who may be looking for guide to films they'd like to view) and, secondly, to preserve the many reviews I've written over the years on my blog: theskykid.com. This is primarily a book of reviews of films in the Coming of Age genre. But the book also contains several interviews with some of the most notable of Coming of Age filmmakers of our age. Their insights into the making of films is something I wanted to share with fans of the genre.

The Law of Enclosures Dale Peck. 2015-05-19 This portrait of a marriage across the decades is “an astonishing work of emotional wisdom” (The New York Times). Beatrice and Henry—the parents of the protagonist of Dale Peck’s debut novel, Martin and John—are first drawn together when the teenage Henry is battling a brain tumor he believes will soon claim his life. But forty years later they’re still a couple, in a story that moves from Long Island to the Finger Lakes of upstate New York, and from love to hate and back again. Peck bisects the story of Henry and Beatrice’s marriage with a stunning fifty-page memoir about his own father, mother, and three stepmothers—which combines with the primary narrative to build an unforgettable and deeply moving book about the ways that family both creates and destroys us.
