RE: Reading the Postmodern Robert David Stacey.2011-01-14 It would be difficult to exaggerate the worldwide impact of postmodernism on the fields of cultural production and the social sciences over the last quarter century—even if the concept has been understood in various, even contradictory, ways. An interest in postmodernism and postmodernity has been especially strong in Canada, in part thanks to the country's non-monolithic approach to history and its multicultural understanding of nationalism, which seems to align with the decentralized, plural, and open-ended pursuit of truth as a multiple possibility as outlined by Jean-François Lyotard. In fact, long before Lyotard published his influential work *The Postmodern Condition* in 1979, Canadian writers and critics were employing the term to describe a new kind of writing. *RE: Reading the Postmodern* marks a first cautious step toward a history of Canadian postmodernism, exploring the development of the idea of the postmodern and debates about its meaning and its applicability to various genres of Canadian writing, and charting its decline in recent years as a favoured critical trope.

Fashion, Dress and Post-postmodernism José Blanco F.,Andrew Reilly.2021-01-28 Scholars have argued that postmodernism is dead and that we are entering into a new era that some have labelled altermodernism, digimodernism, performatism, and post-postmodernism. This book expands on the nascent scholarship of post-postmodernism to highlight how dress, fashion, and appearance are reflections of this new age. The volume starts with a discussion of fashion, subjectivity, and time and an analysis of temporality, technology, and fashion in post-postmodern times. Later chapters analyse the work of design houses and mass producers such as Vetements, Gucci, and Uniqlo whose products align with post-postmodern aesthetics, hyperconsumption, and hypermodern branding. The book looks at diverse geographic and identity markers by discussing post-postmodernism and the religio-politico-cultural questions in South Asian Muslim fashion, image and identity presentation in queer social networking apps, and by exploring fashion designer Tom Ford's output as a movie director. Two chapters discuss the post-postmodern fashion exhibition with analyses of recent exhibitions and an in-depth look at the work of exhibition maker Judith Clark. The final chapter is written by members of The Rational Dress Society, a counter-fashion collective that makes JUMPSUIT, an experimental garment to replace all clothes. *Fashion, Dress, and Post-postmodernism* is a companion to research on relationships between post-postmodernism, fashion, and dress, and the go-to resource for researchers and students interested in these areas.

International Postmodernism Hans Bertens,Douwe W. Fokkema.1997-02-20 Containing more than fifty essays by major literary scholars, *International Postmodernism* divides into four main sections. The volume starts off with a section of eight introductory studies dealing with the subject from different points of view followed by a section that deals with postmodernism in other arts than literature, while a third section discusses renovations of narrative genres and other strategies and devices in postmodernist writing. The final and fourth section deals with the reception and processing of postmodernism in different parts of the world. Three important aspects add to the special character of *International Postmodernism*: The consistent distinction between postmodernity and postmodernism; equal attention to the making and diffusion of postmodernism and the workings of literature in general; and the focus on the text and the reader (i.e., the reader's knowledge, experience, interests, and competence) as crucial factors in text interpretation. This comprehensive study does not expressly focus on American postmodernism, although American interpretations of postmodernism are a major point of reference. The recognition that varying literary and cultural conditions in this world are bound to produce endless varieties of postmodernism made the editors, Hans Bertens and Douwe Fokkema, opt for the title *International Postmodernism*.

The Illicit Joyce of Postmodernism Kevin J. H. Dettmar.1996 For nearly three quarters of a century, the modernist way of reading has been the only way of reading Joyce - useful, yes, and powerful but, like all frameworks, limited. This book takes a leap across those limits into postmodernism, where the pleasures and possibilities of an unsuspected Joyce are yet to be found. Kevin J. H. Dettmar begins by articulating a stylistics of postmodernism drawn from the key texts of Roland Barthes, Mikhail Bakhtin, and Jean-Francois Lyotard. Read within this framework, *Dubliners* emerges from behind its modernist facade as the earliest product of Joyce's proto-post-modernist sensibility. Dettmar exposes these stories as tales of mystery, not mastery, despite the modernist earmarks of plentiful symbols, allusions, and epiphanies. *Ulysses*, too, has been inadequately served by modernist critics. Where they have emphasized the work's ingenious Homeric structure, Dettmar focuses instead upon its seams, those points at which the narrative willfully, joyfully overflows its self-imposed bounds. Finally, he reads *A Portrait of the Artist* and *Finnegans Wake* as less playful, less daring texts - the first constrained by the precious, would be poet at its center, the last marking a surprising retreat from the constantly evolving, vertiginous experience of *Ulysses*.

Postmodern Literature Ian Gregson.2004

Derivative Lives Virginia Newhall Rademacher.2022-07-14 The title of this book, *Derivative Lives*, alludes to the challenge of finding one's way within the contemporary market of virtually limitless information and claims to veracity. Amid this profusion of options, it is easy to feel lost in spaces of uncertainty where biographical truth teeters between the real and the imaginative. The title thus also points to the prolific market of biographical novels that openly and intentionally play in the speculative space between the real and the fictional. Drawing on theories of risk and uncertainty, *Derivative Lives* considers the surge in biofiction in Spain and globally, relating literary expression to concepts such as circumstantiality, derivatives, speculation, and game studies.

Critifiction Raymond Federman.1993-10-21 This book examines how, beginning in the 1960s up to the present, a new type of fiction was created in America, but also in Europe and Latin America, in response to the cultural, social, and political turmoil of the time. The author has coined the term *Surfiction* for this New Fiction. Written in an informal, provocative style, by an internationally known practitioner, these essays examine the cultural, social, and political conditions that forced serious writers to reflect (often within the work itself) on the act of writing fiction in the modern world. The entire book can be read as a manifesto for the present and future of the new fiction. This book is the first in the SUNY series in *Postmodern Culture*, edited by Joseph Natoli.

Postmodern/Postwar and After Jason Gladstone,Andrew Hoberek,Daniel Worden.2016-07 Within the past ten years, the field of contemporary American literary studies has changed significantly. Following the turn of the twenty-first century and mounting doubts about the continued explanatory power of the category of "postmodernism," new organizations have emerged, book series have been launched, journals have been created, and new methodologies, periodizations, and thematics have redefined the field. *Postmodern/Postwar—and After* aims to be a field-defining book—a sourcebook for the new and emerging critical terrain—that explores the postmodern/postwar period and what comes after. The first section of essays returns to the category of the "post-modern" and argues for the usefulness of key concepts and themes from postmodernism to the study of contemporary literature, or reevaluates postmodernism in light of recent developments in the field and historical and economic changes in the late

twentieth and early twenty-first centuries. These essays take the contemporary abandonments of postmodernism as an occasion to assess the current states of postmodernity. After that, the essays move to address the critical shift away from postmodernism as a description of the present, and toward a new sense of postmodernism as just one category among many that scholars can use to describe the recent past. The final section looks forward and explores the question of what comes after the postwar/postmodern. Taken together, these essays from leading and emerging scholars on the state of twenty-first-century literary studies provide a number of frameworks for approaching contemporary literature as influenced by, yet distinct from, postmodernism. The result is an indispensable guide that seeks to represent and understand the major overhauling of postwar American literary studies that is currently underway.

The Routledge Introduction to American Postmodernism Linda Wagner-Martin.2018-10-03 The Routledge Introduction to American Postmodernism offers readers a fresh, insightful overview to all genres of postmodern writing. Drawing on a variety of works from not only mainstream authors but also those that are arguably unconventional, renowned scholar Linda Wagner-Martin gives the reader a solid framework and foundation to reading, understanding, and appreciating postmodern literature since its inception through the present day.

The Postmodern Simon Malpas.2005 Simon Malpas investigates the theories and definitions of postmodernism and postmodernity, and explores their impact in such areas as identity, history, art, literature and culture. In attempting to map the different forms of the postmodern, and the contrasting experiences of postmodernity in the Western and developing worlds, he looks closely at: * modernism and postmodernism * modernity and postmodernity * subjectivity * history * politics. This useful guidebook will introduce students to a range of key thinkers who have sought to question the contemporary situation, and will enable readers to begin to approach the primary texts of postmodern theory and culture with confidence.

Supplanting the Postmodern David Rudrum,Nicholas Stavris.2015-09-24 For more than a decade now a steadily growing chorus of voices has announced that the 'postmodern' literature, art, thought and culture of the late 20th century have come to an end. At the same time as this, the early years of the 21st century have seen a stream of critical formulations proclaiming a successor to postmodernism. Intriguing and exciting new terms such as 'remodernism', 'performatism', 'hypermodernism', 'automodernism", 'renewalism', 'altermodernism', 'digimodernism' and 'metamodernism' have been coined, proposed and debated as terms for what comes after the postmodern. *Supplanting the Postmodern* is the first anthology to collect the key writings in these debates in one place. The book is divided into two parts: the first, 'The Sense of an Ending', presents a range of positions in the debate around the demise of the postmodern; the second, 'Coming to Terms with the New', presents representative writings from the new '-isms' mentioned above. Each of the entries is prefaced by a brief introduction by the editors, in which they outline its central ideas, point out the similarities and/or differences from other positions found in the anthology, and suggest possible strengths and limitations to the insights presented in each piece.

Modernism/Postmodernism Peter Brooker.2014-09-25 The concepts of 'Modernism' and 'Postmodernism' constitute the single most dominant issue of twentieth-century literature and culture and are the cause of much debate. In this influential volume, Peter Brooker presents some of the key viewpoints from a variety of major critics and sets these additionally alongside challenging arguments from Third World, Black and Feminist perspectives. His excellent Introduction and detailed headnotes for each section and essay provide an indispensable guide to interpreting the many different opinions, and prove to be valuable contributions in their own right.

Defining Literary Postmodernism for the Twenty-First Century Matthias Stephan.2019-04-25 This book presents a definition of literary postmodernism, using detective and science fictions as a frame. Through an exploration of both prior theoretical approaches, and indicators through characteristics of postmodernist fiction, this book identifies a structural framework to both understand and apply the lessons of postmodernism for the next generation. Within a growing consensus that the postmodern era has passed, this book examines the different conceptions of postmodernism and posits a meaningful definition, one which can provide the foundation for future literary expression. This theory is then applied to genre fiction, particularly detective fiction and science fiction, demonstrating that postmodernism is found in the structure, rather than questions posed about literary expression. Finally, Matthias Stephan considers post-postmodern movements, and how they can be expressed given this definition of literary postmodernism, moving forward to the twenty-first century.

"Do You Consider Yourself a Postmodern Author?" Rudolf Freiburg.1999 This book presents a collection of twelve interviews with eminent English contemporary writers held during a period of four years. The book allows an illuminating insight into a very lively and thought-provoking literary culture, stirred not only by recent ideas of postmodernism but also by the manifold issues of nationality, culture, and gender subjected to permanent redefinitions towards the end of the twentieth century. The interviews with Peter Ackroyd, John Banville, Julian Barnes, Alain de Botton, Maureen Duffy, Tibor Fischer, John Fowles, Romesh Guneseckera, Tim Parks, Terry Pratchett, Jane Rogers, and Adam Thorpe cover topics such as the relationship between writer and public, the role of the literary tradition, the relevance of contemporary literary theory for the production of literature, images of nationality, intertextuality, changes in the attitude towards language and meaning, and the reception of literary texts by critical reviewers and literary critics.

Postmillennial Trends in Anglophone Literatures, Cultures and Media Soňa Šnircová.2019-02-08 The book offers a collection of papers that draw on contemporary developments in cultural studies in their discussions of postmillennial trends in works of Anglophone literature and media. The first section of the book, "Addressing the Theories of a New Cultural Paradigm", comprises ten essays that present, respectively, performatist, metamodernist, digimodernist, and hypomodernist readings of selected texts in order to test the usefulness of recent theories in explorations of the new paradigm in literary, media and food studies. The papers cover a wide variety of genres, including the novel, the film, the documentary, the cookbook, the food magazine, and the food commercial, and present a number of themes which shed light on the nature of the new paradigm. The second part of the volume, "Mapping the Dynamics of a New Sensibility", offers a wider perspective and presents seven papers that search for evidence of a new sensibility in selected examples of postmillennial texts. These contributions move beyond the frameworks of the theories explored in the first part in order to offer new perspectives in the contributors' respective fields of interest.

Beyond Postmodernism Klaus Stierstorfer.2003 After the veritable hype concerning postmodernism in the 1980s and early 1990s, when questions about when it began, what it means and which texts it comprises were apt to trigger heated discussions, the excitement has notably cooled down at the turn of the century. Voices are now beginning to be heard which seem to suggest a new episteme in the making which points beyond postmodernism, while it remains at the same time very uncertain whether what appears as newness is not rather a return to traditional concepts, theoretical premises, and authorial practices. Contributors to this volume propose to explore new openings and recent developments in anglophone literatures and cultural theories which engage with issues seen to be central in the construction of a postmodern paradigm, but deal with them in ways that promise new openings or a new Zeitgeist.

From Modernism to Postmodernism Lawrence E. Cahoone.2003-02-04 This revised and expanded second edition of Cahoone's classic anthology provides an unparalleled collection of the essential readings in modernism and postmodernism. Places contemporary debate in the context of the

criticism of modernity since the seventeenth century. Chronologically and thematically arranged. Indispensable and multidisciplinary resource in philosophy, literature, cultural studies, social theory, and religious studies.

Narrative Worlds and the Texture of Time Rosemary Huisman.2022-09-30 This book brings together a model of time and a model of language to generate a new model of narrative, where different stories with different temporalities and non-chronological modes of sequence can tell of different worlds of human - and non-human - experience, woven together (the 'texture of time') in the one narrative. The work of Gerald Edelman on consciousness, J.T. Fraser on time, and M.A.K. Halliday on language is introduced; the categories of systemic functional linguistics are used for detailed analysis of English narrative texts from different literary periods. A summary chapter gives an overview of previous narrative studies and theories, with extensive references. Chapters on 'temporalization' and 'spatialization' of language contrast the importance of time in narrative texts with the effect of 'grammatical metaphor', as described by M.A.K. Halliday, for scientific discourse. Chapters on prose fiction, poetry and the texts of digital culture chart changes in the 'texture of time' with changes in the social context: 'narrative as social semiotic'.

After Postmodernism Christopher K. Coffman, Theophilus Savvas.2020-12-17 Several of American literature's most prominent authors, and many of their most perceptive critics and reviewers, argue that fiction of the last quarter century has turned away from the tendencies of postmodernist writing. Yet, the nature of that turn, and the defining qualities of American fiction after postmodernism, remain less than clear. This volume identifies four prominent trends of the contemporary scene: the recovery of the real, a rethinking of historical engagement, a preoccupation with materiality, and a turn to the planetary. Readings of works by various leading figures, including Dave Eggers, Jonathan Franzen, A.M. Homes, Lance Olsen, Richard Powers, William T. Vollmann, and David Foster Wallace, support a variety of arguments about this recent revitalization of American literature. The chapters in this book were originally published as a special issue of the journal *Textual Practice*.

A Postmodern Reader Joseph Natoli, Linda Hutcheon.1993-06-29 These readings are organized into four sections. The first explores the wellsprings of the debates in the relationship between the postmodern and the enterprise it both continues and contravenes: modernism. Here philosophers, social and political commentators, as well as cultural and literary analysts present controversial background essays on the complex history of postmodernism. The readings in the second section debate the possibility or desirability of trying to define the postmodern, given its cultural agenda

of decentering, challenging, even undermining the guiding "master" narratives of Western culture. The readings in the third section explore postmodernism's complicated complicity with these very narratives, while the fourth section moves from theory to practice in order to investigate, in a variety of fields, the common denominators of the postmodern condition in action.

Postmodernism in Pieces Matthew Mullins.2016-07-01 Postmodernism in Pieces performs a postmortem on what is perhaps the most contested paradigm in literary studies. In the wake of a critical consensus proclaiming its death, Matthew Mullins breaks postmodernism down into its most fundamental orthodoxies and reassembles it piece by piece in light of recent theoretical developments in Actor-Network-Theory, object-oriented philosophy, new materialism, and posthumanism. In the last two decades postmodernism has collapsed under the weight of the very phenomena it set out to deconstruct: language, whiteness, masculinity, class, the academy. Recasting these categories as social constructs has done little to alleviate their material effects. Through detailed analyses of everyday objects in novels by Leslie Marmon Silko, Toni Morrison, Jonathan Lethem, John Barth, David Foster Wallace, Don DeLillo, and Julia Alvarez, Mullins argues that what makes fiction postmodern is its refusal to accept social explanations for problems facing a given culture, and its tendency instead to examine everyday things and people as constituent pieces of larger networks. The result is a new story of postmodernism, one that reimagines postmodernism as a starting point for a new mode of literary history rather than a finish line for modernity.

The Politics of Postmodernism Linda Hutcheon.2003-12-16 This classic text remains one of the clearest and most incisive introductions to postmodernism. Perhaps more importantly, it is a compelling discussion of why postmodernism matters. Working through the issue of representation in art forms from fiction to photography, Linda Hutcheon sets out postmodernism's highly political challenge to the dominant ideologies of the western world. A new epilogue traces the fate of the postmodern over the last ten years and into the future, responding to claims that it has, once and for all, 'failed'. Together with the new epilogue, this edition contains revised notes on further reading and a fully updated bibliography. This revised edition of *The Politics of Postmodernism* continues its position as essential reading.

Postmodern Postures Daniel Cordle.2017-03-02 In 1996 the physicist Alan Sokal planted a hoax article in the journal *Social Text*, mimicking the social constructionist view of science popular in the humanities, and sparked into life the 'science wars' which had been rumbling throughout the 1990s. *Postmodern Postures* puts this contemporary controversy into the context of earlier debates about the 'two cultures', between F.R. Leavis and C.P. Snow, and Mathew Arnold and T.H. Huxley. Through an interrogation of interdisciplinary approaches to literature and science, and a discussion of the arguments surrounding postmodern culture, the book formulates a literary critical methodology for literature/science criticism, highlighting both the benefits and the limitations of attempts to link the two cultures. Three case studies, focused through the issues of knowledge, identity and time, put this methodology into practice, showing how ideas resonate through the culture between literature and science.

Modernism, Postmodernism, and the Short Story in English Jorge Sacido.2012 How can the short story help to redefine modernism, postmodernism and their interrelationship? What is the status of the short story in modern literary history? These are the central questions that the essays collected in this volume try to answer from different perspectives through readings of short fiction in English and accounts of the genre's theorisations. The essays by a group of international scholars tackle theoretical issues that are central in approaches to both movements such as periodisation, autonomy, high vs. popular literature, totality vs. fragmentation, surface vs. depth, ot

You Might be Able to Get There from Here Mark F. Frisch.2004 This book details the immense impact that Jorge Luis Borges has had on the thinking and writing of the twentieth century and how many have misunderstood that impact. It highlights how his symbols, techniques, parody, irony, and artful ambiguity in his fiction, essays, and poems force us to question what we can know with certainty, what is real and what is dream,

and who we are, and thus define what has become the core of the postmodern vision. The book explores Borges's distinctly Latin American postmodern pluralism. It details how this pluralism has informed the postmodern discussions of the self, love, history, feminism, and politics, and has influenced writers in the U.S. and Latin America. Throughout, it argues that the Argentine writer avoids the nihilism and chaos of a radical relativism that many have come to associate with postmodernism. Rather, his vision affirms values and a search for positive knowledge. Mark Frisch is Associate Professor in the Department of Modern Languages and Literatures at Duquesne University.

Writing History as a Prophet Elisabeth Wesseling.1991-01-01 This is a postmodernist history of the historical novel with special attention to the political implications of the postmodernist attitude toward the past. Beginning with the poetics of Sir Walter Scott, Wesseling moves via a global survey of 19th century historical fiction to modernist innovations in the genre. Noting how the self-reflexive strategy enables a novelist to represent an episode from the past alongside the process of gathering and formulating historical knowledge, the author discusses the elaboration of this strategy, introduced by novelists such as Virginia Woolf and William Faulkner, in the work of, among others, Julian Barnes, Jay Cantor, Robert Coover and Graham Swift. Wesseling also shows how postmodernist writers attempt to envisage alternative sequences for historical events. Deliberately distorting historical facts, authors of such uchronian fiction, like Thomas Pynchon, Ishmael R. Read, Salman Rushdie and Gunter Grass, imagine what history looks like from the perspective of the losers, rather than the winners.

From Modernism to Postmodernism Lawrence E. Cahoone.1996-01 This outstanding volume provides an unparalleled collection of the essential readings of modernism and postmodernism. Motivated by the assumption that students cannot appreciate postmodernism without first understanding the development of modernity, this anthology puts contemporary debate in the context of the criticism of modernity since the seventeenth century. Chronologically and thematically arranged, the book is the ideal text for students and general readers alike. Its breadth and depth of coverage ensure that it will be an indispensable and multidisciplinary resource in philosophy, literature, cultural studies, social theory, and religious studies.

Succeeding Postmodernism Mary K. Holland.2013-04-25 While critics collect around the question of what comes after postmodernism, this book asks something different about recent American fiction: what if we are seeing not the end of postmodernism but its belated success? *Succeeding Postmodernism* examines how novels by DeLillo, Wallace, Danielewski, Foer and others conceptualize threats to individuals and communities posed by a poststructural culture of mediation and simulation, and possible ways of resisting the disaffected solipsism bred by that culture. Ultimately it

finds that twenty-first century American fiction sets aside the postmodern problem of how language does or does not mean in order to raise the reassuringly retro question of what it can and does mean: it finds that novels today offer language as solution to the problem of language. Thus it suggests a new way of reading antihumanist late postmodern fiction, and a framework for understanding postmodern and twenty-first century fiction as participating in a long and newly enlivened tradition of humanism and realism in literature.

The Bloomsbury Introduction to Postmodern Realist Fiction T.V. Reed.2021-03-25 Postmodern realist fiction uses realism-disrupting literary techniques to make interventions into the real social conditions of our time. It seeks to capture the complex, fragmented nature of contemporary experience while addressing crucial issues like income inequality, immigration, the climate crisis, terrorism, ever-changing technologies, shifting racial, sex and gender roles, and the rise of new forms of authoritarianism. A lucid, comprehensive introduction to the genre as well as to a wide variety of voices, this book discusses more than forty writers from a diverse range of backgrounds, and over several decades, with special attention to 21st-century novels. Writers covered include: Kathy Acker, Chimamanda Ngozi Adiche, Julia Alvarez, Sherman Alexie, Gloria Anzaldua, Margaret Atwood, Toni Cade Bambara, A.S. Byatt, Octavia Butler, Angela Carter, Ana Castillo, Don DeLillo, Junot Diaz, Jennifer Egan, Awaeki Emezi, Mohsin Hamid, Jessica Hagedorn, Maxine Hong Kingston, Ursula K. Le Guin, Daisy Johnson, Bharati Mukherjee, Toni Morrison, Vladimir Nabokov, Tommy Orange, Ruth Ozeki, Ishmael Reed, Eden Robinson, Salman Rushdie, Jean Rhys, Leslie Marmon Silko, Art Spiegelman, Kurt Vonnegut, and Jeannette Winterson, among others.

Transcending the Postmodern Susana Onega, Jean-Michel Ganteau.2020-03-04 *Transcending the Postmodern: The Singular Response of Literature to the Transmodern Paradigm* gathers an introduction and ten chapters concerned with the issue of Transmodernity as addressed by and presented in contemporary novels hailing from various parts of the English-speaking world. Building on the theories of Transmodernity propounded by Rosa María Rodríguez Magda, Enrique Dussel, Marc Luyckx Ghisi and Irena Ateljevic, inter alia, it investigates the links between Transmodernity and such categories as Postmodernity, Postcolonialism and Transculturalism with a view to help define a new current in contemporary literary production. The chapters either follow the main theoretical drives of the transmodern paradigm or problematise them. In so doing, they branch out towards various issues that have come to inspire contemporary novelists, among which: the presence of the past, the ascendance of new technologies, multiculturalism, terrorism, and also vulnerability, interdependence, solidarity and ecology in a globalised context. In so doing, it interrogates the ethics, aesthetics and politics of the contemporary novel in English.

From Modernism to Postmodernism Gerhard Hoffmann.2005 *Postmodern Studies; American Literature; 20th Century; Cultural Theory; and Aesthetics*.

Early Postmodernism Paul A. Bové.1995 In the decade that followed 1972, the journal *boundary 2* consistently published many of the most distinguished and most influential statements of an emerging literary postmodernism. Recognizing postmodernism as a dominant force in culture, particularly in the literary and narrative imagination, the journal appeared when literary critical study in the United States was in a period of theory-induced ferment. The fundamental relations between postmodernism and poststructuralism were being initially examined and the effort to formulate a critical sense of the postmodern was underway. In this volume, Paul A. Bové, the current editor of *boundary 2*, has gathered many of those foundational essays and, as such, has assembled a basic text in the history of postmodernism. Essays by noted cultural and literary theorists join with Bové's contemporary preface to represent the important and unique moment in recent intellectual history when postmodernism was no longer seen primarily as an architectural term, had not yet come to describe the wide range of culture it does now, but was finding power and place in the literary realm. These essays show that the history of postmodernism and its attendant critical theories are both more complex and more deeply bound

with literary criticism than often is acknowledged today. Early Postmodernism demonstrates not only the significance of these literary studies, but also the role played by literary critical postmodernism in making possible newer forms of critical and cultural studies.
