Wollstonecraft.2017-05-10 A Vindication of the Rights of Woman - With strictures on political and moral subjects is an unchanged, high-quality reprint of the original edition of 1794. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

## **A Vindication of the Rights of Woman** Mary

Wollstonecraft.2015-09-20 Writing in an age when the call for the rights of man had brought revolution to America and France, Mary Wollstonecraft produced her own declaration of female independence in 1792. Passionate and forthright, A Vindication of the Rights of Woman attacked the prevailing view of docile, decorative femininity, and instead laid out the principles of emancipation: an equal education for girls and boys, an end to prejudice, and for women to become defined by their profession,

not their partner. Mary Wollstonecraft's work was received with a mixture of admiration and outrage - Walpole called her 'a hyena in petticoats' - yet it established her as the mother of modern feminism. **Vindication of the Rights of Woman** Mary Wollstonecraft.2019 A Vindication of the Rights of Woman (Vintage Feminism Short Edition) Mary Wollstonecraft.2015-03-05 Discover Wollstonecraft's classic feminist text in an abridged, digestible form. WITH AN INTRODUCTION BY ZOE WILLIAMS The term

feminism did not yet exist when Mary Wollstonecraft wrote this book, but it was the first great piece of feminist writing. In these pages you will find the essence of her argument - for the education of women and for an increased female contribution to society. Her work made the first ripples of what would later become the tidal wave of the women's rights movement. Rationalist but revolutionary, Wollstonecraft changed the world for women. Vintage Feminism: classic feminist texts in short form

*A Vindication of the Rights of Woman, with Strictures on Political and Moral Subjects - Mary Wollstonecraft* Mary

Wollstonecraft.2020-09-05 written by the 18th-century British proto-feminist Mary Wollstonecraft, is one of the earliest works of feminist philosophy. In it, Wollstonecraft responds to those educational and political theorists of the 18th century who believed that women should not receive a rational education. She argues that women's education ought to match their position in society, and that they are essential to the nation because they raise its children and could act as respected companions to their husbands. Wollstonecraft maintains that women are human beings deserving of the same fundamental rights as men, and that treating them as mere ornaments or property for men undermines

the moral foundations of society.

A Vindication of the Rights of Woman, with Strictures on Political and Moral Subjects Mary Wollstonecraft.1891

*The Vindications: The Rights of Men and The Rights of Woman*

Mary Wollstonecraft.1997-06-16 The works of Mary

Wollstonecraft (1759-1797) ranged from the early Thoughts on the Education of Daughters to The Female Reader, a selection of texts for girls, and included two novels. But her reputation is founded on A Vindication of the Rights of Woman of 1792. This treatise is the first great document of feminism—and is now accepted as a core text in western tradition. It is not widely known that the germ of Wollstonecraft's great work came out of an earlier and much shorter vindication—A Vindication of the Rights of Men (1790), written in the context of the issues raised by the French Revolution. This edition, which follows the model of other Broadview Editions in including a range of materials that help the reader to see the work in the context of its era out of which it emerged, is arranged chronologically, opening with Wollstonecraft's "other vindication." It also includes a wide range of other documents in appendices, as well as a comprehensive and authoritative introduction, chronology, and full index.

A Vindication of the Rights of Woman Mary

Wollstonecraft.2020-01-26 Why is this version of A Vindication of the Rights of Woman: with Strictures on Political and Moral Subjects special? Contains: The original book A biography of the author A detailed historical review of feminism A Vindication of the Rights of Woman: with Strictures on Political and Moral Subjects (1792), written by British proto-feminist Mary Wollstonecraft, is one of the earliest works of feminist philosophy. Wollstonecraft refers to those 18th-century social and political thinkers who did not believe women should provide fair schooling. She argues that women should have education commensurate with their position in society, claiming that women are essential to the nation because they educate their children

and could be companions to their husbands rather than mere wives. Instead of viewing women as ornaments of culture or goods to be sold in marriage, Wollstonecraft insists that they demand the same human rights as men.

*Vindication of the Rights of Woman* .2008

*A Vindication of the Rights of Woman (with Strictures on Political and Moral Subjects)* Craft "MARY WOLLSTONE ".2021-05-26 This volume brings together extracts of the major political writings of Mary Wollstonecraft in the order in which they appeared in the revolutionary 1790s. It traces her passionate and indignant response to the excitement of the early days of the French Revolution and then her uneasiness at its later bloody phase. It reveals her developing understanding of women's involvement in the political and social life of the nation and her growing awareness of the relationship between politics and economics and between political institutions and the individual. In personal terms, the works show her struggling with a belief in the perfectibility of human nature through rational education, a doctrine that became weaker under the onslaught of her own miserable experience and the revolutionary massacres.

**A Vindication of the Rights of Woman , with Strictures on Political and Moral Subjects - Illustrated** Mary

WOLLSTONECRAFT.2017-08-26 After considering the historic page, and viewing the living world with anxious solicitude, the most melancholy emotions of sorrowful indignation have depressed my spirits, and I have sighed when obliged to confess, that either nature has made a great difference between man and man, or that the civilization, which has hitherto taken place in the world, has been very partial. I have turned over various books written on the subject of education and patiently observed the conduct of parents and the management of schools; but what has been the result? A profound conviction, that the neglected education of my fellow creatures is the grand source of the misery I deplore; and that women in particular, are rendered weak and wretched by a variety of concurring causes, originating from one hasty conclusion.

Wollstonecraft. 2019-11-12 It would be an endless task to trace the variety of meannesses, cares, and sorrows, into which women are plunged by the prevailing opinion that they were created rather to feel than reason, and that all the power they obtain, must be obtained by their charms and weakness. —Mary Wollstonecraft Composed in 1790, Mary Wollstonecraft's seminal feminist tract *A Vindication of the Rights of Woman* broke new ground in its demand for women's education. *A Vindication* remains one of history's most important and elegant manifestos against sexual oppression. In her introduction, renowned socialist

feminist Sheila Rowbotham casts Wollstonecraft's life and work in a radical new light.
