Awakening Victory Michael E. Silverman.2011-10-10 In August 2006, many senior U.S. officials thought America had lost the war in Iraq, as the senior U.S. Marine Corps intelligence officer there wrote that control of al Anbar Province, the seat of the raging Sunni insurgency, was irrevocably lost to the insurgents. During that time, there were over 100 attacks per day against U.S. military and Iraqi forces in al Anbar, and al Qaeda in Iraq had planted their flag in the provincial capital, Ramadi, declaring it the capital of their new "Islamic State of Iraq." In January 2007, as a spearhead of the newly decided "Surge," the 3rd Battalion, 69th Armored Regiment deployed to Ramadi as part of the 3rd Infantry Division, the first regular Army unit to deploy to Iraq for a third time. The battalion and its parent brigade went to work in a campaign that will be seen as the D-Day of the Global War on Terror. Starting by clearing al Qaeda from the city of Ramadi and replacing them with legitimate locally raised and trained Iraqi police—while simultaneously fostering the tribal movement known as the "Awakening Councils"—the brigade began to have tremendous success. By April 2007, attacks within Ramadi went from twenty per day to one or two per week. By mid-summer 2007, attacks in the entire province were down 90 percent from 2006. Furthermore, the "Awakening" had swept through the rest of Iraq, leading to the best security situation seen since 2003. The 3rd Battalion, 69th Armored, was the only battalion to participate in this campaign from start to finish. Moreover, many of the US successes came directly from this unit's work. Awakening Victory tells the story of this incredible campaign through the eyes of the commander of the 3rd Battalion, who was right in the thick of the fight. The book also provides a description of the Iraqi insurgency—particularly al Qaeda in Iraq—that offers the depth and texture which are currently lacking in most Americans' perceptions of the war. It describes the battalion's actions, including incidents previously unknown to the public, but it is not merely another blood-and-guts war story. The author uses the actions of his battalion to describe a paradigm shift that occurred, while in a totally foreign culture, yet allowed for a move from a war of bombs and bullets to one of partnership and ideas. The author, Lt. Col. Michael E. Silverman (ret) is a political scientist and historian by education and has extensive experience in both warfare and Middle Eastern affairs, including a tour as an advisor to a Saudi Arabian infantry battalion in Riyadh. Silverman served a two-year detail to the Central Intelligence Agency at their Langley headquarters between his last two tours in Iraq. There he was privy to the Director's Weekly Iraq Briefing, a working group that discussed issues on the war, many of which ultimately found their way into the President's Daily Briefing. Well-versed in international affairs and world religions, he writes with the authority of someone who has both been blown-up by an IED and helped to shape US strategic policy for the Global War on Terror. In this book he describes, from the very front line, the exact turning point where the United States turned a supposedly failed war into a possibly enduring success.

The Road Cormac McCarthy.2007-03-20 WINNER OF THE PULITZER PRIZE • NATIONAL BESTSELLER • A searing, post-apocalyptic novel about a father and son's fight to survive, this tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful (San Francisco Chronicle). • From the bestselling author of *The Passenger* A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, each the other's world entire, are sustained by love.

Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.

Richard Jaeckel, Hollywood's Man of Character Gene Freese.2016-04-06 Character actor Richard Jaeckel worked five decades in Hollywood alongside the industry's biggest names. Noted for tough-guy portrayals, he appeared in such classic westerns and war films as *Sands of Iwo Jima* (1949), *The Gunfighter* (1950), *3:10 to Yuma* (1957), and *The Dirty Dozen* (1967). Bringing strength and integrity to his roles, he was nominated for a Best Supporting Actor Oscar for *Sometimes a Great Notion* (1970). A World War II veteran and Merchant Marine, he was respected in the surfing and fitness communities for his ageless athleticism. His performance as Turk in *Come Back, Little Sheba* (1952) was groundbreaking for iron-pumping actors wanting to be taken seriously for their dramatic abilities. This revealing portrait of the life of a working character actor covers Jaeckel's noteworthy career through each of his film and television appearances, from *Guadalcanal Diary* (1943) to *Baywatch* (1994).
